GUIDANCE CHANGES

(Replace) Paragraph 4.10.3.1. to read: When a second retest (third attempt) is authorized, the retest will be accomplished between the start of AS300 class and 28 February of that year. NOTE: The overall intent is that a cadet could potentially test twice in their sophomore year and once in the first/second semester of their junior year.

(Replace) Paragraph 4.10.3.1.1. to read: To accomplish a second retest (third attempt) an AFROTC Form 22 waiver package will be initiated by the Detachment Commander and routed through the Region Commander to AFROTC/RRFP for AFPC Testing Office’s final approval/disapproval. Include the items in the below paragraph, as well as the standard required documents when submitting the AFROTC Form 22 waiver request. The AFROTC Form 22 waiver needs to be submitted no earlier than 60 days prior to the proposed retest date, and the cadet must have 150 days between the previous failed test and the retest.

(Replace) Paragraph 4.10.3.1.1.1. to read: To be considered for a second retest (third attempt), the cadet will be required to provide proof (e.g. college transcript) of at least one college level course (with a passing score) in a subject relevant to the portion of the AFOQT failed. For example, if the cadet failed the verbal portion of the AFOQT, the cadet would be required to complete a college-level English course and show proof it was completed/passed before a waiver will be considered. AFROTC/RR recommends that the Detachment require the cadet to take similar preparation steps prior to their first retake (second attempt), either a college level course, standardized preparation course, or tutoring.

(Delete) Paragraph 4.10.3.1.1.2. which reads: Cadet will be required to write a memorandum indicating why he/she should be allowed an opportunity for a second retest.
This instruction implements various Air Force instructions supporting AFPD 36-20, *Accession of Air Force Military Personnel*. It establishes the life cycle for cadets from initial contact through commissioning or disenrollment. Violation of provisions set forth in paragraphs 13.4, 13.5, 13.11, and 13.15 by AECP/NECP students may result in punishment under Article 92 of the UCMJ. This instruction requires collecting and maintaining information protected by the Privacy Act of 1974. The authorities to collect and maintain the records prescribed in this publication are 10 U.S.C. 2103-2107, 2110, and 8013. System of Records Notices F036 AETC I, *Cadet Records*, and F036 AETC J, *Four-Year Reserve Officer Training Corps (AFROTC) Scholarship Program Files*, apply. Refer to Chapter 7, *Cadet Personnel Action Request*, for guidance on requesting waivers to policies and/or processes prescribed in this publication. Units subject to guidance in this publication may develop implementing publications to supplement policies/processes prescribed herein. Certifying and Approving authorities of implementing publications must ensure that local guidance does not conflict with nor is less restrictive than guidance contained within this publication. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of in accordance with the Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Refer recommended changes and/or corrections to this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*, through your chain of command. This instruction applies to Senior AFROTC Regions and Detachments. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

**SUMMARY OF CHANGES**

This publication has been substantially updated and must be reviewed in its entirety. Some changes include:
(Chapter 1) Commanders, at all levels, and detachment cadre must ensure compliance with DODI 1304.33, *Protecting Against Inappropriate Relations During Recruiting and Entry-Level Training*. Region Commanders must review investigative disenrollment packages prior to submission to HQ/AFROTC; not required for non-investigative disenrollments. Clarifies Recruiting Flight Commander responsibilities and establishes new suspense dates for submission of draft and final recruiting plans. Identifies information required for HSSP scholarship presentations. Deletes accounting and inventory requirements for educational materials.

(Chapter 2) Personal checks may no longer be used to pay for college fairs/conferences. Removed requirement for RDAs to maintain a TDY expense log via Extranet. The use of university vehicles for official AFROTC recruiting is prohibited.

(Chapter 3) Annual textbook allowance for scholarship cadets decreased from $900 to $600. Provides verification information for accrediting engineering, architecture, Meteorology/Atmospheric Science and non-engineering technical majors. Only Math, Physics or Chemistry courses are allowed to fulfill the Math/Physical Science requirement for scholarship cadets. Removes requirement for HSSP applicants to complete and submit a resume. HSSP applicants must not have attended a post-secondary institution, including academy prep schools, to be eligible for HSSP. Recommends HSSP applicants bring an activities sheet or resume to interview, but does not require it to complete the interview. 5th Year entitlements are authorized for all cadets pursuing BS degrees in Computer Science. The Computer Science degree does not have to be accredited by ABET, however, the degree must be Computer Science (i.e., cannot be Information Systems, Computer Technology, etc.). Clarifies eligibility requirements for scholarship cadets requesting additional term(s) of entitlements. Cadets must carry a normal academic load of at least 12 semester/quarter hours per term (including AFROTC courses). Outlines detachment responsibilities for payment or termination of scholarship entitlements. Summer term GPAs are not considered when activating scholarships, regardless of how many hours are taken.

(Chapter 4) The English Comprehension Level (ECL) Test/Oral Proficiency Interview (OPI) option only applies to the Verbal portion of the AFOQT and cannot be used as a substitute for failing scores on the Quantitative portion of the test. Special Students are not required to complete the AFROTC Form 20. Removed reference to AF Form 883, *Privacy Act Statement*. AF Form 883 is obsolete. The Request and Consent for Release of Student Records (Attachment 49) replaces this form. Cadets in enlisted commissioning programs must complete an AFROTC Form 35, *Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials*. Non-rated cadets must commission by age 31 (up to age 35 with waiver). An AFROTC Form 4 is NOT required for cadets who fail to report a civil involvement resulting in a disenrollment investigation. Cadets have the opportunity to provide a statement in the disenrollment investigation process. HSSP applicants are NOT required to complete Sections I through III on the AF Form 2030 prior to the medical examination. A cadet who has a dependent incapable of self-care and is single, divorced, separated or married to a military spouse, must have an approved Family Care Plan for enlistment and commissioning. Detachment Commanders are authorized to approve Family Care Plans. Subsections also changed. Cadets may take the AFOQT during their freshman year in college, however, they should be aware that the test was designed for 3rd-year college students and counseled on the number of authorized attempts. Cadets must wait 150 days (vs. 180 days) after the previous AFOQT attempt for test
preparation purposes. Detachment Commanders may submit a Form 22 waiver package to HQ AFROTC requesting a second retest (third attempt) for cadets failing the AFOQT. Specific requirements annotated in subsections. Second-time AFOQT verbal and/or quantitative failures result in scholarship suspension, pending authorization of a second retest (third attempt). Failing the AFOQT is not a disqualifier for PSP, but cadets must have taken the AFOQT to compete for PSP. Applicants are authorized PT and LLAB participation provided the detachment has, at a minimum, a sports physical on file. Non-contract cadets awarded an EA, but who have unsatisfactory AFOQT scores, will be placed in pursuing status until the cadet achieves passing scores or is disenrolled. Detachment commanders may request a DOC/DOG change to an earlier month within the same fiscal year via Trouble Ticket if the new DOC is more than one year from the date of submission and the change does not result in less than two years in the POC. The effective date of a CE annotated on an AFROTC Form 16 will be the date the grade/CE was earned. Three total CEs awarded to a scholarship cadet will result in scholarship termination, but not necessarily an investigative disenrollment. This rule applies as long as all three CEs were not awarded as a GMC cadet, or, all three CEs were not awarded as POC cadet (Table 4.1). All acts of plagiarism require an investigation at the detachment level. Detachment Commanders will determine if initiating a Disenrollment Investigation (DI) is required, per this instruction (Table 4.2.). The result of failing a Qualifying Fitness Review (QFR) is a Conditional Event. Failure of a second QFR results in another CE and requires a DI.

(Chapter 5) Outlines procedures for cadets who become pregnant. Subsections added.

(Chapter 6) A PFA completed at FT may be used to satisfy fitness requirements for enlistment provided contracting occurs within 10 workdays before or after the start of the fall term. Detachments may only take action to resolve correctable erroneous enlistments through the standard waiver process. A “Conditional Waiver” may be granted normally lasting no longer than six months from the time the error is identified or by 30 June of the cadet’s commissioning fiscal year, whichever is sooner.

(Chapter 8) Revised weight components for PSP Order of Merit (Table 8.1). Non-Line (Nursing) Selection Process. Suspend scholarships for cadets with Nurse EAs who are not accepted into a certified nursing program or are dropped from a certified nursing program, pending reapplication and acceptance into a certified nursing program. Terminate scholarships upon request and acceptance of a non-tech EA.

(Chapter 9) Rated Order of Merit weight components (except AFOQT-Nav, PCSM and AFOQT-ABM) are determined by the AFROTC/CC (Table 9.2).

(Chapter 10) AF funds may not be used to purchase non-AF awards. Annual award team categories (Large, Medium, Small) are determined annually based on the number of detachments required to represent 1/3 of AFROTC in each category (Table 10.1).

(Chapter 11) AS100 cadets who FSIE remain active cadets until their effective date of disenrollment or the end of the term, whichever is earlier. Failure to Maintain Officer Accession Standards (FMOAS). Officer accession standards are those standards required to be eligible for a commission. Disenrolled cadets who do not meet officer accession standards may still qualify to serve in their enlisted grade and be called to EAD. If a cadet desires EAD, the Investigating
Officer must include a memorandum signed by the cadet stating that desire. Only investigative disenrollment actions must be coordinated through the region prior to submission to AFROTC/RRFD. Non-investigative disenrollment actions do not require region coordination.

(Chapter 12) AFROTC will ensure all cadets classified into 13N1, 21M1I/N and 31P1 are properly pre-screened prior to commissioning. Detachment PRP monitor must ensure any cadet(s) classified as a 13N1 will have an adjudicated TS clearance prior to commissioning. Cadets are authorized two attempts at the QFR. Cadets who fail their first QFR will be counseled via AFROTC Form 16 and receive a CE. If they pass the retake, NO disenrollment investigation is required based on the QFR CE, provided they meet all other commissioning requirements. In the event a second QFR is required, a detachment cadre member will monitor or administer the QFR to ensure cadets perform quality repetitions. GLP and OYCP cadets must pass a state Bar Exam, to be called to EAD in the judge advocate career field. Failure to pass a state Bar Exam will require a GLP or OYCP cadet to serve on EAD in a non-JAG line AFSC in the initial grade of second lieutenant. Detachments are no longer required to submit a copy of the Memorandum of Instruction to HQ AFPC/DPSIP.

(Attachment 12) Summer and Mini Terms are not be used as TGPAs for scholarships and contracting eligibility.

(Attachment 13) Cadets are NOT required to report parking tickets. Driving with suspended or revoked license; or, without license is considered a Category 4 involvement. (Attachment 13).

(Attachment 18) Various changes made within Pre-enlistment and Separation Policy Briefing for clarity.

(Attachment 21) SAT Equivalency (SAT-E) Chart. SAT-E equivalency scores revised.

(Attachment 41) Added Nursing category procedures contained in this attachment.

(Attachment 43) Specifies using commissioning date on the Commissioning Reserve Appointment Letter.

(Attachment 49) Request and Consent for Release of Student Records (in lieu of AF Form 883, Privacy Act Statement).

The Detachment/CC evaluation will be done by the next highest ranking AFROTC instructor or competent university employee.

1.2.6.5. Be accountable for the proper conduct and safe execution of all Practical Military Training (PMT). Detachment/CCs may delegate responsibility for ensuring proper conduct and safe execution to any detachment staff member, willing military member associated with the Host University or detachment, or trained personnel responsible for the training activity. PMT activities will always have on-site supervision. For PT, reference AFI 36-2905_AFROTCSUP, Fitness Program.

1.2.6.11. If applicable, approve in writing cadets holding the same cadet wing position for two consecutive rotation periods.

1.2.6.12. Appoint an officer as the Operations Flight Commander (OFC) in writing.

1.2.6.34.1. Appoint a cadre member as the certifying official for the ROTC Monthly Status and Payment Report (257 Report). This may be any detachment member appointed by the detachment commander. The certifying official signs the report within 30 days of preparation stating that cadets have been paid correctly, possible discrepancies have been identified, and that aggressive action will be taken to correct any deficiencies. The intent is to verify that cadets have been paid correctly or if there are discrepancies, to annotate what actions have been/will be taken to correct the discrepancy. Attach any related trouble tickets to the signed 257 report.

1.2.6.34.2. Appoint a cadre member as an internal auditor for cadet pay. This person may be any detachment officer or NCO appointed by the detachment commander. The internal auditor signs the 257 report within 30 days of preparation and is responsible for ensuring monthly internal audits are performed on each cadet receiving payments using a local tracker, the 257 Report, and DFAS lookups as necessary.

1.2.6.34.3. Sign the ROTC Monthly Status and Payment Report (257 Report) within 30 days of preparation stating that cadets have been paid correctly, possible discrepancies have been identified, and that aggressive action will be taken to correct any deficiencies.

1.2.7.1.2. Ensure all LLAB lesson objectives are presented each academic year.

1.2.7.1.3. Maintain LLAB attendance records and documentation showing accomplishment of lesson objectives based on the calendar year in which the academic year ends. Retain attendance records for current and previous academic year (with EFC if desired), and lesson objective documentation for current academic year for one calendar year following the end of the academic year. For
example: if attendance records ended in May for spring 2013, keep the records until December 31, 2014.

1.2.7.1.4. Approve all operations orders.

1.2.7.1.5. Ensure a merit/demerit system is not used.

1.2.7.1.6. Provide cadets access to a LLAB syllabus at the beginning of each term. This may be a written or electronic version.

1.2.7.2. Teach the purpose and intent of the Honor Code to all cadets each year IAW LLAB Curriculum (T-507 & T-508). The Honor Code states, “We will not lie, steal or cheat nor tolerate among us anyone who does.” Examples of Honor Code violations include giving or receiving aid on an assignment when not permitted, intentionally wearing unearned ribbons or badges, and failure to report another cadet who has violated the Honor Code.

1.2.7.3. Ensure cadets treat each other with proper dignity and that hazing, discrimination, sexual harassment, or other forms of maltreatment do not occur. Refer to the Holm Center Training Manual located on the Holm Center Curriculum Webpage on the Holm Center Restricted Website.

1.2.7.4. Ensure cadet publications are current.

1.2.7.5. Designate leadership positions in the cadet wing. Ensure each cadet officer serves at least one term in a qualifying leadership position. Cadets may, with the approval of the commander pursuant to paragraph 1.2.6.16, satisfy this requirement by holding officer-equivalent positions in student organizations. Retain documentation for one calendar year after the cadet officer is commissioned or is eliminated from the program.

1.2.8. Recruiting Flight Commanders (RFC).

1.2.8.1. Work closely with the RDAs, ALOs, Gold Bar Recruiters, local Air Force recruiters, and other RFCs to achieve recruiting objectives and to avoid duplication of effort. Support the AFROTC National Recruiting Strategy (NRS) by conducting regular recruiting events which are specifically tailored to NRS markets and focus areas with an emphasis on diversity goals. Identify and recruit quality prospects from host and cross-town colleges/universities, area high schools, and Air Force installations located within their AOR (area of responsibility).

1.2.8.2. Develops an annual detachment recruiting plan covering 1 September to 31 August to meet local and national recruiting needs.

1.2.8.2.1. Detachments will submit a draft plan to their supporting RDA by 1 July.

1.2.8.2.2. Detachments will submit a final signed plan to their supporting RDA by 1 September.
1.2.8.3. Use WINGS Contact Management to enter and manage qualified recruiting leads and associated correspondence. Retain leads until prospects are not eligible or not interested in any Air Force program.

1.2.8.4. Develop Advertising and Promotion materials in support of local recruiting efforts. Gain annual approval from AFROTC/DOR for all locally produced material.

1.2.8.5. Ensure completion of recruiting training for all detachment personnel and cadet recruiting team members every spring and fall term starting with the beginning of the fall term. RFCs will ensure training is documented for all personnel.

1.2.8.6. Ensure updates to detachment and university information on AFROTC.com website within 30 days of change.

1.2.8.7. Review detachment and cross-town information quarterly and provide updates to HQ AFROTC/DOR.

1.2.8.8. Coordinate HSSP scholarship presentations in AOR utilizing all members of the recruiting team.

   1.2.8.8.1. Provide the presenter’s name to the school, verify school ceremony details, and forward applicable information to the responsible RDA.

   1.2.8.8.2. Provide ceremony details, scholarship details, and sample presentation speech to the presenter.

1.2.8.9. Conduct Center of Influence (COI) Events (reference para 2.3.7).

1.2.9. Detachment Education Flight Commanders (EFC).

   1.2.9.1. Conduct the In-Service Training (IST) program IAW HOLMCENTERI 36-2601.

   1.2.9.2. Retain a record of in-service training meetings for each academic year, to include attendance and topics covered for one calendar year following the end of the academic year. For example: in-service training records for academic year 2012/2013 will be maintained until December 31, 2014.

   1.2.9.3. Ensure new instructors who did not attend the AFROTC Instructor Course are familiar with AFROTC educational principles and policies presented during the most recent summer’s program. Use handouts from a recent attendee or contact Holm Center/CR for student materials. Document training until the instructor attends the appropriate instructor course or is reassigned.

   1.2.9.4. Conduct at least one session annually to review the items addressed below. Resource materials for these items are located in the Faculty Development section of the Holm Center Curriculum Web page.
1.2.9.4.2. AFROTC training procedures and policies in the Holm Center Training Manual.

1.2.9.4.2. AFROTC Form 48, *Planned Academic Program*, preparation and maintenance procedures.

1.2.9.4.3. AFROTC Form 16 procedures.

1.2.9.4.4. Cadet record and student management roster (SMR) review procedures.

1.2.9.4.5. Drill and ceremonies evaluation procedures.

1.2.9.4.6. Cadet uniform wear and grooming standards.

1.2.9.4.7. Fitness standards and Physical Fitness Assessment (PFA).

1.2.9.5. Review each instructor's course syllabus and gradebook for compliance with requirements.

1.2.9.6. Review one exam by each instructor per academic year to assess effectiveness in testing lesson objectives. Retain review comments and test reviewed for one calendar year following completion of the academic year. Example: if you reviewed an exam in April 2013, you would keep the test and comments until December 31, 2014.

1.2.9.7. Maintain EOT survey/critique program. This program will consist of, as a minimum, all university EOT surveys/critiques and the Holm Center Curriculum Division EOT survey, which is to be given at the end of the spring term. The Detachment/CC may administer other EOT surveys/critiques at his or her discretion. The EFC will review the results of all EOT surveys/critiques as part of their annual in-service training requirements. During the review, the EFC will identify and document issues needing resolution and annotate actions taken in an effort to meet Air University's "closed-loop" assessment requirements. Retain EOT survey/critique results for one calendar year following completion of the academic year. Example: If EOT surveys were completed in April 2013, keep the results/surveys until December 31, 2014.

1.2.9.8. Include course descriptions in catalogs of host institutions and affiliated school campuses when practical. For individual AS course descriptions, refer to the course descriptions found in the Holm Center Catalog on the Holm Center Curriculum Web page. NOTE: For planning purposes, this is an annual document that will be republished on or about 1 August each year.

1.2.9.9. Monitor retention of academic records to ensure the following items are on file in the detachment:

1.2.9.9.1. Instructor training and evaluation data IAW HOLMCENTERI 36-2601.

1.2.9.9.2. A syllabus for each AS and LLAB course offered. Syllabi should include attendance policy for cadets and academic-only students. Retain for one calendar year
following the end of the academic term. Example: if the term ends in May 2013, keep the syllabus until December 31, 2014.

1.2.9.9.3. If Holm Center/CR lesson plans are not used, then detachment-generated lesson plans must be retained until revised (electronic copy will suffice). Once revised there is no requirement to maintain the old lesson plan. All detachment-generated lesson plans must still accomplish the lesson objectives found in the original Holm Center lesson plan.

1.2.9.9.4. A master copy of each examination. Retain until revised. Once revised, there is no requirement to maintain the old examination.

1.2.9.9.5. AS class and LLAB instructor grade books or similar documents must contain attendance records, scores for all graded items, points or percentages earned by students for each graded item, and a final course grade for each student. Retain the grade book for the current academic year in the active file plan and the grade book for the previous academic year in the inactive file plan unless the college or university requires a longer retention period.

1.2.9.10. Brief the Detachment/CC on university rules regarding academic records and instructor training which are more demanding than the requirements of this instruction.

1.2.9.11. To the extent practical, work with the RFC and Knowledge Operations Manager (KOM) to coordinate internet links between cross-town institutions and detachment websites.

2.2.4. Detachment-Level Recruiting. Recruiting Flight Commanders (RFC) manage detachment activities to recruit in-college, high school, and enlisted members in the local area. Recruiting emphasis generally shifts between these markets based on the time of year with scholarship deadlines, college orientation, and class registration schedules. All detachment personnel bear the responsibility to support efforts across all three markets.

2.2.5. Lead Management. WINGS and other nationally produced contact rosters (such as HSSP) can facilitate lead generation and management. Use and release of this information is restricted.

   2.2.6.5.2. Cross-town Four-Year Universities
   2.2.6.5.3. Cross-town Community Colleges
   2.2.6.5.4. Top 10 Feeder High Schools

2.2.6.6. Time-Phased List of Events

2.2.6.7. Points of Contact

2.2.7. Detachment Web Pages. The easiest and most effective means of advertising is through a web page. RFCs should make every effort practical to host a detachment-specific site on their university server.

2.2.7.1. Detachments must coordinate their web pages through HQ AFROTC/DORM and 42 ABW/PA for annual approval. All changes to Detachment web pages within the approved annual cycle must be resubmitted to HQ AFROTC/DORM for approval. Dets are responsible for web page maintenance. The AFROTC Public Web-site Checklist is found on the AFROTC restricted web-site, at https://hq.afoats.af.mil/.

2.2.7.2. Detachment web pages will have a link to the AFROTC web page at http://www.afrotc.com.

2.2.7.3. Scholarship information is not permitted on detachment web pages unless it covers specific college/university subsidies.

2.2.8. Locally-Developed Ads and Print Media. Both the RFC and Detachment/CC must review all locally-developed recruiting material for accuracy of content and obtain artwork approval from HQ AFROTC/DORM prior to initial production of new media, and all reworked media. Locally-developed ads and print media must be reviewed annually by HQ AFROTC/DORM. Use the following guidelines and restrictions to develop or revise locally-developed material.

2.2.8.1. Printing Sources. All printing must be procured through the Document Automation & Production Service (DAPS) unless a waiver is granted. DAPS is the only agency that can approve a waiver. The waiver process is detailed in AFI 64-117. If a waiver is granted, printing may be obtained locally using the GPC. All projects must first
be approved by HQ AFROTC/DORM before printing. Send printed copy with changes, text copy, or a rough layout via email to HQ AFROTC/DORM.

2.2.8.2. RFCs should also order/utilize AFROTC-produced brochures and posters from the AFROTC X-Net.

2.2.8.3. All locally-developed advertisement/marketing materials must clearly display the Air Force symbol and contact information. The symbol must remain proportional when sizes change.

2.2.9. Broadcast Media. Radio and TV are very valuable when trying to reach a targeted market. Products are furnished by AFRS to AFROTC/DORM and can be distributed upon request by the RFCs to radio and TV stations.

2.2.9.1. Public Service Announcement (PSA) Radio Spots. PSA radio spots can be ordered through AFRS (call commercial 210-565-0522, DSN 665-0522, Fax 210-565-0868). The RDA or RFC can contact the radio station to request PSA airtime.

2.2.9.2. TV PSA Spots. TV PSA spots cannot be purchased by local AFROTC detachments. Each quarter, current generic AFPSA products are produced by AFRS and sent directly to TV stations throughout the country. The TV PSA spots are 60, 30, 15, and 10 seconds in length and cover a wide variety of subjects.

2.2.9.3. All detachment-specific broadcast media must be approved by HQ AFROTC/DORM prior to release.

2.2.10. Promotional Items. Promotional items can provide a constant, tangible reminder of AFROTC. Promotional items purchased must be clearly marked with the AFROTC logo and contact information. If AF Symbol is used on any marketing materials, it must clearly display the AF Symbol and contact information. The symbol must remain proportional when sizes change. (See http://www.trademark.af.mil for guidance on use of AF Symbol). Detachments will include as much of their local contact information as is reasonably possible (e.g., local telephone number and/or detachment website) given the item type and size.

2.2.10.1. HQ AFROTC/DORM provides each RDA and each detachment with promotional items with DOR contact information. All items are distinctively marked with the Air Force or AFROTC logo. These items are available on a quarterly basis through the Recruiting X-Net. Only make one order per cycle, taking care to optimally execute annual budget. Split orders will not be permitted.

2.2.10.2. RFCs may also elect to spend recruiting O&M funds to purchase detachment-specific promotional items. However, A&P and O&M funds cannot be used to purchase the following:

2.2.10.2.1. Awards of any kind.

2.2.10.2.2. Uniform items of any kind for cadets or cadre.
2.2.10.2.3. Computers and computer accessories or equipment.

2.2.10.2.4. Any single item over $25 without HQ AFROTC/DORM approval.

2.2.10.2.5. Recruiting material orders (brochures). Make item requests to HQ AFROTC/DORM via X-Net.

2.2.11. Center of Influence (COI) Events. A COI is a planned event where meals or snacks appropriate for the occasion are served to provide a setting for Air Force personnel to make a recruiting presentation. COI funds will be provided to sustain these programs. The true value of a prospective applicant COI is demonstrated by how many people enroll in AFROTC, which may not be immediately evident. The COI program is not a protocol fund to reward people for past support.

2.2.11.1. Event Planning. Determine specific recruiting objectives for the event and whom to invite to achieve those objectives.

2.2.11.1.1. Plan all activities at least 30 days before the event to allow enough time to overcome problems and to provide a professional event. Select a time that does not conflict with social events, sports activities, etc. Detachments must adhere to all end-of-year funds obligation and execution deadlines. HQ AFROTC/DORT is the approval authority for all COI events. COI events must be obligated (event planned with a specific date and X-Net approval) NLT 31 May otherwise funds will be pulled by Holm Center on 1 Aug.

2.2.11.1.2. Request funding for the event through X-Net at least 15 days before the event. All requests for a waiver must be submitted to HQ AFROTC/DORT before submitting the request in X-Net. The RFC or RDA must annotate the HQ AFROTC/DORT approver on the X-Net submittal. Approval or disapproval of the event will be distributed via X-Net.

2.2.11.1.3. Once an approval is secured, the requestor will make payment for food, drinks, gratuity or college fair via the detachment or RDA GPC. If the vendor does not accept the GPC, make every effort to secure another vendor. If no other vendor is available, contact HQ AFROTC/DORT for assistance.

2.2.11.1.4. Negotiate COI events only with vendors agreeing not to charge for no-shows. If a vendor will not agree to this, and the RFC or RDA still believes this is the best offer, contact HQ AFROTC/DORT for a waiver via X-Net.

2.2.11.1.5. Complete the after-action portion of the COI request via X-Net no later than 5 duty days after the COI event. Any deviations from the original request must be annotated in the after-action portion.

2.2.11.2. COI Funds Management. COI funds are exclusively for consumable items (i.e., food and beverages excluding alcoholic beverages), gratuity expenses and college
fairs. Complimentary alcoholic beverages cannot be, or appear to be, offered. COI funds cannot be used to pay for things such as plates, napkins, cups, plastic ware, charcoal, skate rental, greens fees, etc. Title 10 USC, Section 520c specifies small meals and drinks (no alcohol) at recruiting functions are permitted. Small meals are not sit-down meals at a steak house, pasta restaurant, etc.

2.2.11.2.1. There are only two categories of COI attendees:

2.2.11.2.1.1. Lead – person eligible for the Air Force program being presented.

2.2.11.2.1.2. Guest – person not eligible for the Air Force program being presented. These are most often persons with direct influence over qualified students, e.g., counselors, instructors, school officials, parents/guardians.

2.2.11.2.2. Events may not exceed $500 in total cost, $8 per lead, or $25 per guest.

2.2.11.3. AFROTC has been granted authority to allow AFROTC recruiting personnel (Detachments/RDAs) permission to use their Government Travel Card (GTC) to pay for COIs and college fairs while on planned, official travel and only as a last resort. HQ AFROTC/DOR must be contacted in advance for approval, loading of funds and specific instructions.

2.2.11.4. Waiver Process. Under certain circumstances, the standards established for COI events may not meet the needs of the event.

2.2.11.4.1. Excessive Cost Waiver: At the discretion of the Detachment/CC, COI events may exceed the $500 maximum cost. Waivers for these events must be pre-approved by the Detachment/CC prior to COI AO approval. Failure to provide Detachment/CC approval will delay the waiver process.

2.2.11.4.2. General Waivers: All other waivers will be evaluated on a case-by-case basis.

2.2.11.5. Attendance. An organized guest attendance roster must be used at COI events. Collect name and business contact information as a minimum. Personal information such as a social security number is not collected on this roster. When soliciting information subject to the Privacy Act of 1974, the following statement must be read, given, or shown to persons signing in:

2.2.11.5.1. “We will be happy to provide you more information about Air Force opportunities as authorized by Title 10 U. S. C. 503 and governing directives for AFRS. The information solicited will be used to determine eligibility and to allow follow-up contact. The routine use of this information will be for Air Force recruiting purposes only. Providing the information is voluntary; however, failure to provide sufficient information may prevent action on your inquiry.”

2.2.11.5.2. Do not have more than one military member or AFROTC cadet for every three civilian guests. In general, more value for the COI dollar is gained
without spouses. If the spouse of an influencer is included, count them as a civilian guest. When a military member's spouse attends, count them as a military representative subject to the one-to-three ratio. AFROTC cadets who are not on contract do not count as prospective applicants.

2.2.11.5.3. Limit military personnel to those with a role in the COI event, i.e., detachment cadre, RDAs, AFRS, reserve or guard personnel, and military guest.

2.2.11.6. After-Action Reports (AAR). The RDA or RFC who sponsors the event must document follow-up actions concerning leads who attended a COI within 5 business days of the event. The AAR is entered electronically through the X-Net. The RDA or RFCs must also maintain the sign-in roster of each event for the duration of the current and previous academic years of the event.

2.3. Recruiting Resources.

2.3.1. Managing Recruiting Funds. This section covers areas where RDAs and detachments may utilize funds for recruiting purposes: COI/College Fairs (CFs), O&M, and A&P items. These funds are provided annually by HQ AFROTC/DOR specifically for recruiting purposes.

2.3.2. Each respective funding source must be obligated and executed annually per DOR guidance. Funds not obligated by the designated date will be recovered by HQ AFROTC/DOR for use in support of national recruiting and marketing initiatives. Funds are not considered executed until they have been officially charged to the GPC. Likewise, funds are not considered fully obligated until they have been added to the GPC holder’s ACCESS Online account log. Waivers can be requested from HQ AFROTC/DOR.

2.3.3. COI/CF funds are NOT considered obligated until they have been officially approved via the X-Net request procedure. Detachment spend plan submissions to Regional Resource Advisors must include proof of X-Net approval for COI/CFs and must be added to the cardholder’s ACCESS log before they are considered officially obligated. A&P funds are not officially obligated until they have been approved via the X-Net. Funds are not considered executed until they have been officially charged to the GPC.

2.3.4. Funds approved in X-Net and not charged on the GPC must be annotated on the GPC cardholder’s ACCESS log before the HQ AFROTC/DOR-designated date to be considered for official obligation.

2.3.5. GPC Procedures. This method allows RDAs and detachments to interact personally with vendors to ensure maximum flexibility. O&M funds will be executed through the GPC, however all A&P funds will be executed by the HQ AFROTC/DORM.

2.3.5.1. HQ AFROTC/DOR with the assistance of Holm Center/SDF will issue guidance and ensure completion of initial/refresher GPC training for RDAs. Detachment personnel will receive overview training during their initial visit to Maxwell AFB.
2.3.5.2. Single purchase limit may not exceed $3,000 for commodities and $2,500 for services.

2.3.5.3. Detachments and RDAs must comply with all GPC guidance and procedures established by HQ AFROTC/DORM and those generated by the Maxwell AFB contracting squadron GPC program section, and AFI 64-117, *Air Force Government-Wide Purchase Card (GPC) Program*. Contact HQ AFROTC/DORM personnel when questions arise.

2.3.6. O&M Funds. O&M funds are used primarily to support administrative functions pertaining to recruiting operations (e.g., postage). Detachment and RDA O&M funds are expended utilizing their respective GPCs. Cardholder procedures must be adhered to by all recruiting personnel.

2.3.7. COI/CF Funds. COI/CF funds are used to enhance recruiting operations by hosting events designed to promote AFROTC opportunities to prospective cadets and influencers. These funds may also be available to fund recruiting personnel attendance at college/career fairs. Contact the COI/CF manager for approval.

2.3.7.1. Detachment and RDA COI/CF funds are executed using their respective GPCs.

2.3.7.2. COI/CF funds will not be used to support retention activities for existing cadets.

2.3.8. Advertising and Promotion (A&P).

2.3.8.1. The RDA or RFC will contact the vendor and arrange for services. Ensure the vendor does not perform work until authorized by HQ AFROTC/DORM. Most states will exempt the federal government from paying taxes on purchases. Ask vendors to exempt the purchase. If individual states do not exempt federal purchases from taxes, include it as a separate line item in the request.

2.3.8.2. The RDA or RFC is responsible for ensuring the product will meet the needs of the Air Force. If possible, obtain a proof of the product before HQ AFROTC/DORM purchases the product in quantity. Ensure telephone numbers and website addresses are correct. RDAs and RFCs are responsible for proofing all promotional items prior to ordering in quantity.

2.3.8.3. HQ AFROTC/DORM will approve all purchases via X-Net, contact the vendor directly to arrange payment and have the item(s) shipped to the location given to the vendor by the requestor.

2.3.8.4. All marketing funds must be obligated by 1 Jun annually and executed by 15 Sep annually.

2.4. Travel and Temporary Duty (TDY) Management.

2.4.1. General Service Administration (GSA) Vehicle. GSA vehicles are for official use only. Reporting of vehicle mileage is required by GSA IAW AFI 24-301_AFROTCSUP,
Vehicle Operations. Contact the Vehicle Control Officer (VCO) or Vehicle Control Non-Commissioned Officer (VCNCO) with specific questions.

2.4.2. The RDA is responsible for AFROTC recruiting outside the sphere of influence of individual detachments. The detachment’s sphere of influence is defined as “the local area that does not require the use of per diem for travel.”

2.4.3. RFCs conduct official travel for recruiting utilizing the GSA as the primary means of transportation. When conducting recruiting events, the first means of travel RFCs must use is the GSA vehicle, rather than a POV for out-and-back recruiting efforts.

2.4.4. Detachments can request the use of travel funds from their RDA for recruiting activities. If approved by the RDA, the cost of detachment travel is deducted from the RDA’s allocation. The traveler(s) must adhere to the procedures for TDYs and travel conducted on behalf of the RDA.

2.4.4.1. If HQ AFROTC/DORR concurs with the travel request, then DTS will be used for all order processing. The member bears total responsibility for individual access to DTS at home station. Member must ensure the DTS order is routed through the HQ AFROTC/DOR routing list for approval.

2.4.4.2. Upon travel completion, the requestor is required to submit their Travel Voucher through DTS within 5 days of completion of travel. During September travel vouchers must be submitted within 2 days of travel completion. All travel expenses will be charged against the RDA’s budget. Requestor must report the voucher settlement amount to the RDA for account reconciliation. The requestor will be unable to travel under any other authorization until all actions are complete from the previous travel.
CHAPTER 3 – AFROTC SCHOLARSHIPS PROGRAMS

3.1. Purpose.

3.1.1. The AFROTC Scholarship Program is designed solely to support the overall AFROTC mission to recruit and retain students to meet United States Air Force officer production requirements. The program provides an incentive to attract and retain high quality individuals whose academic specialties, leadership potential, and personal and physical qualities meet Air Force accession objectives. The OPR for this chapter is AFROTC/RRU.

3.2. General Information.

3.2.1. This chapter provides guidelines for the administration of the AFROTC Scholarship Program for AFROTC Detachments. AFROTC/RRU administratively manages the application and selection policies and procedures for all AFROTC scholarship programs. AFROTC/RRF administratively manages all scholarship cadets upon enlistment and activation, regardless of source of the scholarship.

3.2.2. Annually, the AFROTC/CC will approve a scholarship program that specifies the number, types and qualification requirements for Commander’s Scholarship, Express, Foreign Language Express, Historically Black Colleges and Universities, Hispanic Serving Institutions, In-College and High School Scholarship Program scholarships.

3.2.3. All scholarship cadets will major in an academic discipline identified as either “mandatory” or “desired” to qualify for an Air Force Specialty Code as listed in the Air Force Officer Classification Directory or in an approved foreign language. The desired/mandatory list is available on the Registrar section of the Holm Center Restricted webpage.

3.4. Scholarship Programs.

3.4.1. The AFROTC scholarship program consists of three main parts: the High School Scholarship Program (HSSP), the In-College Scholarship Program (ICSP), and the Enlisted Commissioning Program (ECP).

3.4.2. The High School Scholarship Program Section (AFROTC/RRUC) administers the HSSP. The HSSP provides 3- and 4-year scholarship offers to high school seniors and graduates who have no full-time college experience. Students who have participated in a joint high school/college credit program prior to high school graduation may still apply via the HSSP program. Applicants must meet all eligibility requirements.
3.4.3. The In-College Scholarship Program Section (AFROTC/RRUE) administers the ICSP. The in-college programs outlined in this chapter include scholarships from 2 to 3.5 years in length targeted to college students pursuing undergraduate degrees. Students must meet all eligibility and applicable nomination requirements. Scholarship money will not be used for graduate degrees without prior approval of AFROTC/RR. Cadets should be prepared to activate their scholarship offers during the first term of the next academic year, unless noted otherwise.

3.4.4. The Enlisted Commissioning Programs Section (AFROTC/RRUE) administers the ECP to include 2- to 4-year scholarships for active duty Air Force enlisted members. Eligibility and nomination procedures for enlisted programs are covered in AFI 36-2013, Officer Training School (OTS) and Enlisted Commissioning Programs (ECPS), and http://www.au.af.mil/au/Holmcenter/AFROTC/EnlistedComm/EnlistedCommissioning.asp.

3.5. Types of Scholarships.

3.5.1. AFROTC/RR has established the following types of scholarships to be used only at AFROTC-affiliated schools:

3.5.1.1. Type 1 scholarship. Provides full tuition and fees (with no cap on tuition and authorized fees) and $600 per year for textbooks.

3.5.1.2. Type 1U scholarship. An upgrade from a high school Type 2 offer in a critical technical major.

3.5.1.3. Type 2 scholarship. Provides up to $18,000 per year (up to $9,000 per semester or up to $6,000 per quarter) towards tuition and fees and $600 per year for textbooks. At schools where tuition and authorized fees are over the scholarship cap, students are liable for the difference even if the tuition is below the cap when the student starts at the school, but then increases above the cap during the student’s academic program.

3.5.1.4. Type 3 scholarship (ICSP only). Provides up to $9,000 per year (up to $4,500 per semester or up to $3,000 per quarter) towards tuition and fees and $600 per year for textbooks. At schools where tuition and authorized fees are over the scholarship cap, students are liable for the difference even if the tuition is below the cap when the student starts at the school, but then increases above the cap during the student’s academic program.

3.5.1.5. Type 6 scholarship (ICSP only). Provides up to $3,000 per year (up to $1,500 per semester or up to $1,000 per quarter) towards tuition and fees and $600 per year for textbooks. At schools where tuition and authorized fees are over the scholarship cap, students are liable for the difference even if the tuition is below the cap when the student starts at the school, but then increases above the cap during the student’s academic program.

3.5.1.6. Type 7 scholarship (HSSP only). Provides full tuition and fees at the in-state rate and $600 per year for textbooks. The Type 7 selectee must attend a school where he/she qualifies for the in-state tuition rate.
3.5.1.6.1. Type 7 selectees are not allowed to attend a higher cost institution and pay the difference. If the annual tuition and fees increase after the scholarship has been awarded due to inflation adjustments, AFROTC will continue to pay the full in-state amount.

3.5.1.6.2. HSSP selectees who want to attend a school where annual tuition and fees exceed the in-state rate can convert a 4-year Type 7 offer to a 3-year Type 2 offer with HQ AFROTC/RRUC approval prior to enrollment in AFROTC. If a 4-year Type 7 selectee converts to a 3-year Type 2, the student must attend the same academic institution as a freshman (and complete AS100 academics and LLAB) where they intend to activate the scholarship. They must also meet scholarship activation requirements at the end of their freshman year. **NOTE:** Cadets cannot contract/activate 3-year Type 2 scholarships until the AS200 year and therefore are completely liable for all tuition and fee expenses the first year.

### 3.6. Scholarship Grade Point Average (GPA) Requirements

Cadets must have a TGPA and CGPA of 2.5 or higher to be nominated for and to activate a scholarship (Exception: 4-year HSSP cadets activating scholarship the freshman year without a college GPA yet). After scholarship activation, cadets must maintain a 2.5 TGPA to remain in good academic standing. If TGPA falls below 2.5, award a conditional event (CE) (reference Table 4.2 of this instruction).

### 3.7. Scholarship Age Limits

3.7.1. The minimum age for activation of an AFROTC scholarship is 17.

3.7.2. By law, scholarship recipients must be under age 31 as of 31 December of the calendar year during which commissioning is scheduled. Title 10, USC Section 2107 does not provide for waivers.

3.7.2.1. If a change in date of commissioning (DOC) places the recipient into a new calendar year (CY) that exceeds this age restriction, terminate the scholarship immediately.

### 3.8. Tuition, Technical and Foreign Language Majors Data

3.8.1. All Tuition, Technical and Foreign Language Majors Data (including ICSP, HSSP) are used in two ways: (1) To record the annual in-state and out-of-state tuition for each host and cross-town institution, and (2) to record the approved technical and foreign language majors in which AFROTC awards scholarships at each institution. The annual in-state/out-of-state tuition costs allow AFROTC/RRUC, the detachment, and the applicant to determine if a 4-Year Type 7 selectee can attend a particular institution indicated on the selectee's Indorsement Letter (see para 3.11.3). With notification of a 4-Year Type 7 scholarship offer, AFROTC/RRUC will ask the selectee to submit the Indorsement Letter indicating whether they will accept the 4-Year Type 7 offer or convert it to a 3-Year Type 2 offer. The Technical and Foreign Language Majors Data will determine whether or not a selectee with a scholarship offer in a technical degree can attend the particular school indicated on the selectee's Indorsement Letter. Detachments will review
and update annual in-state/out-of-state tuition costs (including general fees) and approved technical and foreign language degrees for each host and cross-town institution. Data for the next year needs to be provided/updated in WINGS, NLT 1 September each year so high school applicants know the costs for their first year in AFROTC. If there are any changes after 1 September, please ensure data is updated immediately in WINGS and notify RRUC.

NOTE: "Approved" technical majors can be found on the www.afrotc.com website and on the Holm Center restricted website, AFROTC Registrar section. Accredited engineering majors are listed on ABET Technology Commission website while architectural majors accreditation must be verified through National Architectural Accrediting Board (NAAB) website. Meteorology/Atmospheric Science (8FYY) majors must be reviewed at least every five (5) years by AFIT/ENEL. Non-engineering technical majors are approved if the university is accredited and the conferred degree is a Bachelor of Science, not a Bachelor of Arts. Reference paragraph 3.30 for specific degree accreditation requirements.

3.8.2. All scholarship cadets (except nurses) activating scholarships in Academic Year 2012 and beyond will successfully complete either 12 semester/18 quarter hours of a single foreign language or 24 semester/36 quarter hours of math and/or physics and/or chemistry before they graduate/commission. To “successfully complete” this requirement a cadet must earn a minimum of a “C- in each respective class.” The decision of whether to complete the foreign language or the Math/Physics/Chemistry requirement is the cadet’s. Failure to complete this requirement prior to commissioning may result in loss of scholarship and disenrollment from the AFROTC program. NOTE: Nursing students are exempt from this requirement because their major corresponds directly to a needed AFSC.

3.8.3. Prior to scholarship activation and during term counseling sessions, counsel scholarship cadets on the requirement to complete applicable Math/Physics/Chemistry or foreign language requirements prior to commissioning. Ensure each student signs the Scholarship Program Statement of Understanding (Attachment 6) at the start of the freshman year or prior to activating the scholarship. Review this requirement with the cadet each term during term counseling sessions. File the Statement in Section II of the cadet’s UPRG.

3.8.3.1. The Academic Plan for Math/Physics/Chemistry or Foreign Language Requirement will be used to supplement the AFROTC Form 48 (See Attachment 7). The top portion of the page will be signed as soon as practical after the first four columns (to include “Total”) are completed, but not later than the end of the first AS100 term (normally fall). All Math/Physics/Chemistry or foreign language course work will be entered prior to the cadet and cadre instructor signing the statement. During each term review, the statement will be reviewed with the cadet. Indicate which term the cadet successfully completed each required course. Once this is annotated, the cadre instructor and the cadet will initial the statement appropriately.

3.8.3.2. Upon the cadet completing all required Math/Physics/Chemistry or foreign language courses, a cadre instructor will certify the plan at the bottom. The plan will be filed in Section II of the cadet’s UPRG and will remain a permanent part of the cadet’s UPRG. NOTE: Since the cadet is responsible for completing and signing the statement of
understanding, failure to accomplish term reviews or review the statement is not a reason for a request to retain scholarship if the cadet does not appear to be on track to complete these requirements prior to commissioning. If a cadet appears to be failing to meet this requirement, suspend the scholarship until the cadet corrects the situation.

3.9. High School Scholarship Program (HSSP).

3.9.1. The primary purpose of the AFROTC HSSP is to attract high quality high school seniors (or high school graduates who have not attended college as full-time students) to AFROTC. The HSSP targets primarily students interested in pursuing engineering, scientific/technical and foreign language degrees. Normally, some scholarships are also available each year to students pursuing non-technical degrees. The annual allocation of scholarships—total number, types, and academic categories—is based on fiscal considerations and Air Force officer production goals for AFROTC. The HSSP provides 4-Year Type 1, 4-Year Type 1U, 4-Year Type 2, and 4-Year Type 7 scholarships. Students receiving 4-Year Type 7 scholarships have the option of converting to a 3-Year Type 2 scholarship.

3.9.2. AFROTC/RRUC administratively manages the HSSP application and selection process and maintains primary scholarship administrative responsibility until contracting occurs. After contracting into AFROTC and scholarship activation, AFROTC/RRF manages HSSP scholarship administrative responsibility.

3.9.3. HSSP Application and Information. The HSSP is announced annually through the Air Force ROTC website at www.afrotc.com. This website contains information regarding eligibility requirements, application procedures and an on-line application. Students must use the on-line application.

3.9.4. HSSP Detachment Handbook. AFROTC/RRU will update and post the handbook on the Holm Center restricted website (under Registrar) no later than 1 August each year. The handbook contains information and procedures for the current HSSP cycle as well as historical data on the HSSP. The handbook specifies a structured interview process that must be followed by detachment cadre and admissions liaison officers.

3.9.5. HSSP Rosters. The following rosters are located on the Admissions Liaison Officer (ALO) website (ALOweb) and Holm Center restricted website (under Registrar) for use by HQ AFROTC, detachment and recruiting personnel administering the HSSP.

3.9.5.1. Detachment Interview Roster (DIR). This roster contains the names of eligible HSSP applicants who are awaiting their scholarship interview. AFROTC/RRUC assigns new eligible applicants to a detachment for administrative purposes through the DIR based on the applicant’s home zip code. This roster is updated Monday-Friday from August to April and is located on the ALOweb.

3.9.5.2. Board Results Rosters. There are three rosters posted to the website following each board - select, non-select, and re-board. These rosters are updated two weeks after each board. Do not send congratulatory letters to non-selects or re-boards.
3.9.5.3. Letter of Admission (LOA) Roster. This roster contains HSSP selectees who have returned to AFROTC/RRUC their LOA from the AFROTC-affiliated university they plan to attend. The roster includes type, length and the academic area of the scholarship offer. This roster is updated every Thursday from March to October.

3.9.5.4. Decline Roster. This roster contains HSSP selectees who have declined the AFROTC scholarship offer. This roster is updated weekly from March to October and is posted to the RR section of the Holm Center restricted website.

3.10. HSSP Process and Timelines.

3.10.1. To be considered for scholarship selection, all students must apply, gain eligibility and complete a scholarship interview as outlined below. The interview is the most critical aspect of the HSSP selection process. The goal for completion of the interview is 30 days after notification.

3.10.2. The Application Period. The HSSP application period varies but historically runs from 1 June to 1 December each year.

3.10.3. Basic Eligibility Criteria and Deadlines. Upon receipt of an application, AFROTC/RRUC will determine the applicant’s status, i.e., eligible or ineligible, and notify the applicant accordingly. Applicants must submit all required application items listed on-line at www.afrotc.com by the published deadlines. To become eligible for scholarship consideration, applicants must:

3.10.3.1. Submit the results of the ACT or SAT college entrance examination. Test scores must be attained in one testing session (i.e., test scores from different dates cannot be combined) and in a standard testing environment.

3.10.3.2. Submit high school transcript(s) for grades 9 through 11.

3.10.3.3. Must attain a minimum un-weighted CGPA of 3.0 (as measured at the end of the junior year in high school) and achieve either a minimum SAT total score of 1180 (verbal and math components only) or a minimum ACT composite score of 26.

3.10.3.4. Complete and submit the Physical Fitness Assessment (PFA) and PFA Letter of Certification.

3.10.3.5. Complete and submit the Extracurricular Activity Sheet.

3.10.3.6. Submit high school counselor's certification with attached transcripts.

3.10.3.7. Be 17 years of age or older at time of the scholarship activation and enlistment.

3.10.3.8. Be a United States citizen or able to obtain citizenship by the last day of the first term of their freshman year for 4-year offers or the first term of their sophomore
year for 3-year offers. NOTE: Cadets cannot contract/activate scholarship until becoming a US citizen.

3.10.3.9. Must not have attended a post-secondary institution/academy prep school as a full-time student, except as part of high school coursework. For purposes of administering the HSSP, US Air Force Academy Preparatory Schools are considered post-secondary institutions. Students who have participated in a joint high school/college credit program prior to high school graduation may still apply via the HSSP program (these students may even apply after receiving an Associate Degree, as long as they were never a full-time student at a post-secondary institution).

3.10.3.10. Since variances between detachments, universities, and high schools can generate unexpected consequences, AFROTC HSSP scholarships will continue to be 4-year offers. As such, a 4-year Type 7 HSSP recipient wishing to convert to a 3-year Type 2 offer may not activate his/her award during their first year of college despite the fact that he/she anticipates having only 3 years (or less) remaining towards a baccalaureate degree. After completing academic requirements for his/her baccalaureate degrees while completing training requirements for AFROTC, cadets may request to apply remaining scholarship entitlements towards graduate courses or they may be eligible to commission no more than one term early. Scholarship money will not be used for graduate degree courses without prior approval of AFROTC/RR. Cadets cannot take the 5th-year of entitlement (for SAF approved 5-year majors), condense their baccalaureate degree academics, and use scholarship entitlements during the fifth year for master level work. Once AFROTC classes and baccalaureate degree requirements are complete, the cadet must commission.

3.10.3.11. Active duty Airmen without any full-time college may apply for HSSP if they have established a date of separation and meet the eligibility requirements for the HSSP outlined above. If they intend to separate early from the military, they must apply through the ECP (see paragraph 3.4.4).

3.10.4. The Scholarship Interview. Qualified applicants are scheduled for a personal interview with a detachment near their home of record zip code, generally the nearest detachment. To change the venue requires exceptional circumstances--AFROTC/RRU must approve any such requests prior to the interview. In cases where the venue has been changed, the applicant will be ineligible for the Commander’s Scholarship (CS) for HSSP scholarship unless the change in venue was initiated by AFROTC.

3.10.4.1. Detachment/CC Responsibilities. The Detachment/CC will:

3.10.4.1.1. Manage the college scholarship interview program through the Detachment Scheduling Official (DSO).

3.10.4.1.1. The goal for submitting the interview to RRUC is within 30 days of posting on the interview roster.

3.10.4.1.2. Schedule an officer to conduct the applicant interview. Only active duty cadre officers and Admissions Liaison Officers (ALO) may conduct interviews.
Second lieutenants are not allowed to conduct HSSP interviews. Detachment/CCs are required to conduct a portion of the interviews for their detachment in order to maintain proficiency and oversight of the HSSP interview and selection processes.

3.10.4.1.3. Ensure officers tasked to complete interviews are familiar with AFI 36-2249, Evaluating USAF Academy (USAFA) Candidates and Air Force Reserve Officer Training Corps (AFROTC) College Scholarship Applicants, the interview checklist, and the guidance contained in the most recent HSSP Detachment Handbook.

3.10.4.1.4. Once the interviewing officer has completed the on-line AF Form 4060, USAFA Candidate Evaluation/AFROTC College Scholarship Evaluation on ALOweb, ensure the overall remarks are consistent with the ratings. Upon approval, the Detachment/CC electronically forwards the interview to HQ AFROTC/RRUC.

3.10.4.1.5. Ensure all cadre members understand that the interview is protected under the Privacy Act of 1974. HQ AFROTC will not release interview ratings and detachment personnel are not authorized to release interview ratings.

3.10.4.2. DSO Responsibilities. The DSO will:

3.10.4.2.1. Notify AFROTC/RRUC of any changes or corrections to the name, address, phone number, or Social Security number of an applicant.

3.10.4.2.2. Schedule interview appointments by telephone or in writing (reference Attachment 2) and track them. If scheduling via telephone, recommend the applicant bring a resume or activities sheet and ensure the applicant is aware of the emphasis the selection board places on accomplishments in leadership positions. If an applicant cannot be contacted, declines, fails to show or to reschedule within 10 days, check the applicable block and put a comment on the Form 4060 in ALOweb. Also, when scheduling an interview, highly encourage a parent or guardian to attend with the applicant. This does not bear directly on the interview, but provides the family the opportunity to discuss program dynamics with the detachment staff.

3.10.4.3. Interviewing Officer Responsibilities. The interviewing officer will:

3.10.4.3.1. Prior to conducting the interview, review AFI 36-2249, this instruction, the interview checklist and guidance contained in the HSSP Detachment Handbook.

3.10.4.3.2. Explain scholarship types, lengths, activation procedures and requirements, payment process and retention standards to family and the interviewee.

3.10.4.3.3. Review academic major choices and school priority with applicant and ensure any changes are reported to HQ AFROTC/RRUC. NOTE: Encourage applicants to list ONLY degrees they intend to pursue.

3.10.4.3.4. After dismissing family members, have applicant complete and sign the AFROTC Form 35 and AF Form 2030 IAW the guidance below. DO NOT complete
these forms in the presence of the parents so the applicant can be honest. Advise the applicant that any further civil involvement(s), alcohol-related incidents/use or drug use may result in the loss of scholarship or ineligibility for AFROTC. Brief applicants that pre-contracting misconduct may result in loss of scholarship offers. This includes the time between submitting background information to AFROTC and enrolling/contracting as cadets. Explain that applicants who intentionally withhold information may forfeit their scholarship.

3.10.4.3.4.1. Brief applicants that AFROTC policy is to withdraw the scholarship offer for students who failed to disclose civil involvements and drug or alcohol abuse that occurred prior to the HSSP interview. These scholarships are considered obtained under fraudulent circumstances since the student failed to obtain a required waiver. AFROTC policy is also to withdraw scholarship offers for students who use drugs after being briefed on the AF drug and alcohol policy during this interview process.

3.10.4.3.4.2. AFROTC may waive subsequent drug use or alcohol abuse for program continuation but without the HSSP scholarship. Contact AFROTC/RRU for waiver guidance.

3.10.4.3.4.3. Brief applicant on DODI 1304.33, Protecting Against Inappropriate Relations During Recruiting and Entry-Level Training. Provide applicant with contact information that can be used to notify someone if they believe cadre has acted improperly. Have applicant complete DD Form 2983.

3.10.4.3.5. Detachments will use AFROTC Form 2030, Air Force ROTC Applicant Drug and Alcohol Abuse Certificate, to explain the Air Force policy on drug and alcohol abuse. Have the applicant complete the AF Form 2030. Emphasize to the applicant that any drug use (including marijuana) after the date of the interview is considered post-orientation and will render him/her ineligible for the Air Force.

3.10.4.3.5.1. If the applicant indicates previous use of marijuana, amphetamines, barbiturates, or non-prescription anabolic steroids, continue the interview. Have the applicant provide complete details by answering the questions listed on page 2 of the AF Form 2030. Ensure the applicant answers each question for each occurrence. For example, if the applicant says he used marijuana two times, then the applicant should answer the questions for each occurrence. Ensure the applicant and witness certification blocks are completed.

3.10.4.3.5.2. If the applicant has indicated use of other illegal drugs or narcotics, to include, but not limited to, cocaine, club drugs, crack, hallucinogens, and opiates, have the applicant complete the AFROTC Form 2030. Terminate the interview and inform the applicant that he/she is ineligible—waivers will not be considered. Forward the completed form to HQ AFROTC/RRUC.
3.10.4.3.6. Brief applicants on the AFROTC weight, Body Mass Index (BMI) limits and provide a current copy of the AFROTC physical fitness standards. Enter the applicant’s current height and weight in the appropriate section on the AF Form 4060. Do not calculate the BMI. The interviewer must include comments on the applicant’s fitness level and potential ability to meet and maintain AFROTC weight and fitness standards.

3.10.4.3.7. Electronically forward the AF Form 4060 to the Detachment/CC via ALO web. Upon the Detachment/CC’s approval, upload in WINGS or scan/email the AFROTC Form 35, Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials (with AFROTC Forms 4 and 14 if affidavit and corroboration is required), and AF Form 2030, \textit{USAF Drug and Alcohol Abuse Certificate}, to HQ AFROTC/RRUC. Instructions on how to upload documents in WINGS is located in the detachment guidebook and on the ALOweb site.

3.11. HSSP Scholarship Selection Boards.

3.11.1. The boards are conducted in a fashion similar to AF promotion boards and are comprised of three-member panels. The panels are typically comprised of AFROTC Detachment commanders and ALOs. AFROTC/RRUC will normally release official board results within two weeks of the conclusion of each board and notify each applicant of his/her board result. For specific board dates, refer to the HSSP Detachment Handbook.

3.11.2. Scholarship Selection Letter. Each scholarship selectee will receive a congratulatory letter signed by AFROTC/RR.

3.11.3. The Indorsement Letter and Checklist of Actions. Selectees will be asked to complete the Indorsement Letter and furnish a copy of their letter of admission by 31 May. The Checklist of Required Actions for Scholarship Designees provides information about the scholarship offer, tuition and other financial benefits, as well as actions the selectee must successfully complete to activate the scholarship.

3.12.1. Detachments are also responsible for the following actions:

3.12.1.1. Selectee Contact. The gaining detachment will make contact with every selectee as their names appear on the LOA roster.

3.12.1.1.1. The gaining detachment should use this contact as an opportunity to help the applicant with the university admission and housing process and to ascertain the status of the DoDMERB physical. If a detachment is asked by a scholarship selectee for assistance in resolving a medical disqualification, the detachment may coordinate with DoDMERB.

3.12.1.1.2. The LOA Roster should be referenced in regards to the selectee’s offered academic major. If the offered academic major is a technical degree and
not Air Force-approved (e.g., Accreditation Board for Engineering and Technology (ABET)) or not offered at the detachment’s host or cross-town institutions, advise the selectee and notify HQ AFROTC/RRUC immediately. Technical degrees are listed at www.afrotc.com (Scholarships/High School Scholarships/Schools and Majors) or the Holm Center restricted website under AFROTC Registrar.

3.12.2. Scholarship Authorization. In July of each year, RRUC will transfer the scholarship winners in WINGS to the detachment referenced in the LOA. The scholarships will reflect as “Awarded” in the scholarship tab. The awarded scholarship in WINGS is the scholarship authorization; there is no need to maintain a WINGS printout or a copy of the LOA roster in the cadet UPRG.

3.12.3. Commander’s Scholarship (CS) for HSSP. If the AFROTC/CC approves an HSSP CS, then each Detachment Commander will have one CS offer to award to HSSP applicants. The objective of the CS for HSSP is two-fold: (1) Increase the acceptance rate of HSSP selectees by making 4-Year scholarship offers as early as possible in the student’s search for a college/university and funding, and (2) provide Detachment Commanders a powerful tool to recruit high quality students to their detachments to help establish and maintain a solid leadership core for the cadet wing. To ensure HSSP CS are being offered to high quality students, offers can only be made to students whose SAT or ACT scores meet or exceed the scores listed in the Detachment Guidebook. These minimum scores are based on statistics from the previous year, or as designated by AFROTC/CC. The test score standard must be met in the appropriate category for the CS offer: technical, non-technical, nurse, and foreign language.

3.12.3.1. All HSSP CS scholarships are 4-year offers. The offer is a Type 1 scholarship for technical majors and a Type 2 scholarship for non-technical and foreign language majors.

3.12.3.2. All potential nominees must be listed on the DIR. Upon completion of the interview, but not later than two weeks following the interview, the Detachment Commander must determine whether the applicant should be offered an HSSP CS.

3.12.3.3. Detachment Commanders cannot tender an HSSP CS to an applicant who:

3.12.3.3.1. Has already met an HSSP board.

3.12.3.3.2. Whose SAT/ACT scores are not equal to or greater than the criteria in the Detachment Guidebook in the appropriate category: technical, foreign language, or non-technical; If the applicant wants to attend the host school or an official cross-town school of the interviewing detachment, the Detachment Commander can tender an HSSP CS offer. The student must verbally accept the commander’s offer within two weeks of the scholarship interview but no later than 28 February each year. If more time is needed, contact AFROTC/RRUC.

3.12.3.4. Once the interviewee has verbally accepted the offer, the Detachment Commander will submit the AF Form 4060 and the HSSP CS nomination letter identifying the CS nominee to AFROTC/RRUC. Do not submit the interview form until
after the interviewee has accepted or declined the HSSP CS offer. The AF Form 4060 is required in case the applicant decides to turn down the HSSP CS offer later.

3.12.3.5. If an applicant declines the CS offer, the detachment can nominate another applicant provided they have not met an HSSP Board.

3.12.4. If the applicant wants to attend a school not affiliated with the interviewing detachment, the interviewing Detachment Commander can, at his/her discretion, contact the desired institution's Detachment Commander and recommend the use of the latter's HSSP CS offer for the applicant. The decision, and responsibility, to tender the offer in a timely manner rests solely with the second Detachment Commander. If the second Detachment Commander offers the CS and it is verbally accepted, he/she will coordinate with the interviewing Detachment Commander who will submit the normal interview forms to AFROTC/RRUC along with the HSSP CS nomination letter which identifies the applicant as a nominee from the second detachment (see Attachment 5). The time from interview to submission of HSSP CS nomination letter should not exceed two weeks without AFROTC/RRUC approval. Delays deprive the applicant the opportunity to compete on a scholarship board should they decline the CS.

3.12.5. Upon receipt of the interview results and HSSP CS nomination letter from the Detachment Commander, AFROTC/RRUC will notify the applicant of his/her selection via letter. The applicant will indorse the letter and return to AFROTC/RRUC.

3.12.6. If the applicant accepting a HSSP CS offer decides at a later date to attend a different school affiliated with a different detachment, the HSSP CS offer will be withdrawn and the applicant may compete on the next available HSSP board. If this occurs before the 28 February deadline, the detachment will coordinate the declination with HQ AFROTC/RRUC, and the Detachment Commander can then offer the HSSP CS to another applicant who has not met a board no later than 28 February.

3.13. DoDMERB Certification of Scholarship Physicals. Periodically, AFROTC/RRUC will provide a listing of HSSP scholarship selectees to DoDMERB. DoDMERB will then schedule the physical examination for each selectee and send the certification of the exam to HQ AFROTC/RRUC.

3.14. Medical Waiver Procedures. HQ AETC/SGPS is the waiver authority for all AFROTC physical exams, including scholarship exams. DoDMERB may automatically process a disqualified scholarship physical for waiver based on guidance from AETC/SGPS unless the applicant declines waiver consideration.

3.15. In-College Scholarship Program (ICSP).

3.15.1. The ICSP is designed to help AFROTC meet officer production goals. ICSP is flexible by design, allowing AFROTC to tailor programs to meet specific officer production needs. The availability of in-college scholarships and incentives is directly linked to production goals, higher headquarters-directed budget considerations and the number of annual scholarship activations from the HSSP and enlisted commissioning programs. The ICSP consists of a series of discrete, computer-based, order of merit-driven selection
boards in which nominated cadets compete. With the exception of the Commander’s In-College Scholarship (CICS), cadets compete in the ICSP on a national basis. Annually, the AFROTC/CC will determine which, to what extent, and with what constraints ICSP programs will be active. Possible ICSP programs include Express Scholarship Program, Foreign Language Scholarship Program, Historically Black Colleges and Universities Scholarship Program, Hispanic Serving Institution Scholarship Program, Nurse Scholarship Program and Commander’s Program (Two-Year Detachments). Once contracted, cadets are no longer eligible for ICSP programs.

3.15.2. Prior to nomination, detachments will:

3.15.2.1. Ensure the nominee meets the scholarship eligibility requirements and completes all required actions.

3.15.2.2. Ensure every 3-year nominee for the ICSP will complete all General Military Course (GMC) requirements before entering the POC. Nominees who can complete the GMC through concurrent GMC enrollment or accreditation may apply for a 3-year scholarship. \textbf{Note:} Concurrent enrollment in both the GMC and POC is not authorized.

3.15.2.3. Nominate for applicable scholarship in WINGS. This requirement also applies to walk-on nominees for ICSP Phase 2.

3.15.3. Withdrawing Nomination or Offer. Detachments will monitor performance between nomination and activation. Instruct nominees to inform detachment personnel of anything that may affect their scholarship eligibility or activation. If, at any time during this period, a nominee or selectee fails to maintain eligibility and activation standards, withdraw the nomination or offer. Document the withdrawal on an AFROTC Form 16 and update WINGS.

3.16. ICSP Eligibility Requirements.

3.16.1. To be nominated for a scholarship through ICSP, a cadet must meet the following eligibility requirements:

3.16.1.1. Must have a CGPA of 2.50 or higher

3.16.1.2. Must have a TGPA of 2.50 or higher and have been full-time that term.

3.16.1.2.1. Grades from summer terms and mini-sessions are counted for CGPA, but not for TGPA requirements.

3.16.1.3. Once a scholarship is activated, a cadet is not eligible for ICSP. Cadets who have lost their scholarship and are permitted to continue in the AFROTC program may compete for another ICSP after going at least one term without a scholarship. In addition, cadets on an activated scholarship cannot “exchange” their current scholarship for a “better” offer (e.g., a cadet on a Type 3 scholarship in Electrical Engineering cannot exchange it for a Type 2 Express Scholarship). The following exceptions apply:
3.16.1.3.1. A contracted AS100 cadet may terminate his/her HSSP scholarship in writing, be disenrolled, and still be eligible to compete for an ICSP. Include the letter of declination in the cadet’s UPRG. Counsel the cadet via AFROTC Form 16 that, if selected, the cadet must go one academic term (fall, winter, or spring) without scholarship funding prior to activation.

3.16.1.3.2. An AS100 HSSP scholarship designee may decline his/her current offer in writing and compete for an ICSP. For example, a 3-Year Type 2 HSSP selectee in a technical major may want to compete for a non-technical scholarship via the ICSP. Include the letter of declination in the cadet's UPRG. Counsel the cadet via AFROTC Form 16 that the original offer cannot be reinstated if he/she is not selected for an ICSP scholarship.

3.16.1.4. Meet AFROTC membership requirements prior to nomination.

3.16.1.5. Meet the AFROTC height/weight (BMI) or Body Fat standards.

3.16.1.6. Meet the AFROTC PFA requirements.

3.16.1.7. Meet the scholarship age requirements.

3.16.1.8. Have a qualified DoDMERB physical examination.

3.16.1.9. Be a U.S. citizen or able to obtain U.S. citizenship by the end of the projected term of activation. **NOTE:** A scholarship cannot be activated until citizenship is attained. Cadets possessing dual citizenship cannot activate a scholarship or be contracted until they meet the requirements of paragraph 6.4.

3.16.2. Present and formerly contracted members of any officer-commissioning program or Service Academy cadets, to include members who leave during their summer training prior to beginning their freshmen year or who attend an academy prep school, must obtain a waiver from AFROTC/RRFA prior to nomination.

3.16.3. Cadets under contract in another service ROTC program or any Service Academy, and ANG/AFRES personnel, must obtain a conditional release from their organization prior to nomination.

3.16.4. Active duty personnel (including those from other Services) will not be nominated for ICSP until they have been discharged. **NOTE:** All DD Forms 214, *Certificate of Release or Discharge from Active Duty*, must be verified by AFROTC/RRFA.

3.16.5. Review and approve the AFROTC Form 48, or equivalent. Ensure courses listed (including electives) satisfy degree requirements for academic major of nomination.

3.16.6. Ensure the academic major is on the desired/mandatory list located on the Holm Center restricted site under the Registrar section.
3.16.7. GMC cadets with a suspended or temporarily inactivated scholarship as a result of a disenrollment action are ineligible to re-compete for further scholarship since they are still in contract status.

3.17. Commander’s In-College Scholarship (CICS) Program.

3.17.1. CICS helps AFROTC meet production goals by allowing Detachment/CCs to award scholarships to cadets who they believe have outstanding officer potential and have minimum qualifying SAT-E scores.

3.17.2. CICSs are 2.5-, 3-, or 3.5-year offers and CICS cadets are not authorized a freshman option as prescribed in Chapter 12. A nominee for a CICS must be an active AS100, AS200, or AS250 in good academic standing during the fall term (and winter term, if applicable). Ensure CICS nominees SAT-E scores are greater than or equal to 1180. The cadets must otherwise meet the scholarship requirements listed in paragraph 3.16.

3.17.3. For freshmen receiving a 3.5-year scholarship offer, counsel them via Form 16 that they are not eligible for FSIE, aka “the freshman option.”

3.17.4. The scholarship should be offered based on an applicant's demonstrated officer potential. As a guide, measures of aptitude, work ethic, leadership ability, bearing, verbal skills, fit with Air Force culture and personal fitness point to officer potential.

3.17.5. Scholarships will be awarded using the approved Desired and Mandatory academic majors listed on the Holm Center restricted website under the Registrar section.

3.18. In-College Scholarship Program (ICSP) Phases 1 and 2. Nominees for the ICSP boards will normally compete for 2-, 2.5-, 3-, or 3.5-year scholarships.

3.19.1. ICSP is a computer-based, order of merit-driven selection board in which nominated cadets compete on a national basis. ICSP is driven by Air Force accession requirements.

3.19.2. AFROTC/RRU will notify detachments via ARMS to submit their qualified ICSP nominees using WINGS. The nomination window will be open as determined by HQ AFROTC/RR.

The nomination process consists of two steps: (1) rank order all cadets within their AS year, and (2) nominate only eligible non-scholarship cadets by AS year.

3.19.2.1.1. The Detachment/CCs will rank-order all of their current cadets by AS class (AS500 cadets will be ranked with the AS200/250 cadets, since they will be attending field training and POC together), whether competing or not, from #1 to end (or last). Do not include special students. WINGS will compute the
Relative Standing Score (RSS) based on the Detachment/CC Ranking (DCR) and the class size. Detachment/CCs should rank cadets based on their officer potential.

3.19.2.1.2. Do not submit nominees for the scholarship if you do not want them to receive a scholarship.

3.19.3. The Detachment/CC will establish procedures to interview and/or evaluate each nominee to help establish the appropriate cadet ranking. Each nominee should be evaluated in terms of the "whole-person" concept, focusing on demonstrated leadership and officer potential, motivation to serve, physical fitness and overall academic performance. The Detachment Commander Ranking (DCR) and subsequent Relative Standing Score (RSS) is a critical aspect of the selection process.

3.20. Commander’s Scholarship (CS) (Two-Year Detachments).

3.20.1. Cadets at Two-Year Detachments are ineligible for ICSP because they have no GMC classes from which to nominate cadets. Therefore the commander of each Two-Year Detachment may nominate two Type 2 scholarships each year. Do not nominate “walk-ons” who have not had the opportunity to demonstrate military potential. Detachment/CCs will submit nominations on separate AFROTC Form 22s to HQ AFROTC/RRFP (requesting an EA and the Type 2 Two-Year detachment CS). Scholarships cannot be activated until approved by HQ AFROTC/RRFP via the AFROTC Form 22.

3.20.2. Scholarship nominees must:
   3.20.2.1. Meet all nomination requirements.
   3.20.2.2. Be an AS300 cadet with an EA.
   3.20.2.3. Have been fully evaluated by the Detachment/CC on the “whole person” concept.
   3.20.2.4. Have a Scholastic Aptitude Test Equivalency (SAT-E) equal to or greater than 1180.

3.21. Express Scholarship Program (EXSP).

EXSP is a computer-based, order of merit-driven selection board in which nominated cadets compete on a national basis. EXSP is driven by critical Air Force accession requirements and may be suspended at any time. AFROTC/RRU will announce the requirements, applicable academic majors, and deadlines via ARMS.

3.21.1. Express scholarships may be tied to an FY, as well as an academic major or officer accession shortfall, for example, CSO or RPA.

3.21.2. Nominees for EXSP must:
3.21.2.1. Meet all eligibility requirements prior to nomination to include a certified DoDMERB.

3.21.2.2. Meet a critical Air Force officer accession requirement as announced by HQ AFROTC/RRU, for example Electrical Engineering

3.21.2.3. Be a non-contract cadet at time of nomination in a specified major and able to graduate in a specific fiscal year-group as announced by HQ AFROTC/RRU.

3.21.3. Review the academic plan of each nominee carefully and ensure his/her academic plan is realistic. AFROTC/RRU highly discourages nominating students who will require 18 or more credit hours each term in upper division courses to meet the FY commissioning requirement. These cases will likely result in a request for an extension of the DOC/DOG into the next FY, which will result in loss of their scholarship.

3.21.4. Detachment/CCs will submit their nomination via WINGS.

3.21.5. EXSP scholarships MUST remain in their fiscal year of graduation. Terminate EXSP scholarships for cadets who cannot graduate in their contracted fiscal year, unless approved by AFROTC/RRU. Submit approval requests through AFROTC Form 22; however, approval of additional entitlements will be the exception and only considered for cases outside of the cadet’s control.

3.22. Historically Black Colleges and Universities (HBCU) Scholarship Program.

3.22.1. The HBCU program provides the host and cross-town HBCUs with a strong recruiting tool to attract qualified students. Students attending an HBCU may be eligible for a 2- to 3.5-year scholarship. Once activated, these scholarships cannot be transferred to a non-HBCU. If a host HBCU has a cross-town agreement with a non-HBCU institution, cadets attending the non-HBCU are not eligible for HBCU scholarships. HBCU Scholarship program is a computer-based, order of merit-driven selection board. The official list of HBCUs is maintained on the United States Department of Education (Office of Civil Rights Enforcement) website at http://www.ed.gov/about/offices/list/ocr/edlite-minorityinst.html.

3.22.2. Nominees must meet all nomination requirements for ICSP.

3.22.3. Nominees attending 2-year HBCU schools (Community Colleges) may be awarded an HBCU scholarship while attending a community college / junior college if the host school is also a HBCU and a cross-town agreement is in-place that stipulates that all community college / junior college classes will be accepted at the host (HBCU) institution. Also reference Paragraph 4.29.2.5.4. for information regarding transferring from 2-year HBCU to a non-HBCU senior institution.
3.23. **Hispanic Serving Institutions (HSI) Scholarship Program.**

3.23.1. The HSI program provides host and cross-town HSIs with a strong recruiting tool to attract students. Students attending an HSI may be eligible for a 2- to 3.5-year scholarship. HSI scholarship program is a computer-based, order of merit-driven selection board. Once activated, these scholarships cannot be transferred to non-HSIs. To be considered for an HSI scholarship, the university must be a Title V grant winner. The institutions must be awarded Title V grants to receive HSI designation for AFROTC. The HSI program provides host and cross-town HSIs with a strong recruiting tool to attract qualified students.

3.23.2. Nominees must meet all nomination requirements for ICSP.

3.23.3. Nominees attending 2-year HSI schools (Community Colleges) may be awarded an HSI scholarship while attending a community college / junior college if the host school is also an HSI and a cross-town or consortium agreement is in-place that stipulates that all community college / junior college classes will be accepted at the host (HSI) institution. Also reference para 4.29.2.5.4., for information regarding transferring from 2-year HSI to a non-HSIU senior institution.

3.23.4. These universities are considered HSIs for AFROTC only while they have current Title V grants. Det commanders need to ensure the Title V grants are active.

3.24. **Cadet Training Assistant Scholarship (CTAS).**

3.24.1. The CTAS is a scholarship earned by contracted cadets who have demonstrated successful completion of leadership assignment as a Cadet Training Assistant (CTA) at AFROTC field training, as long as they meet ROTC academic and military retention standards. CTAS may be recouped if a cadet is disenrolled. CTAS is not authorized to cadets with a suspended scholarship. Non-contract cadets are not authorized CTAS payments, but they may serve as a CTA. The CTAS can be used to supplement conventional scholarship, e.g., pay over the cap of an established scholarship. CTAS can only be paid for the academic year immediately following the summer a cadet performed CTA duty. The CTAS is limited to tuition, fees and books. The award is limited to a maximum of $2,000 and when combined with other active scholarships (incrementally, up to $1,000/semester or $666/quarter) can be paid up to the maximum cost (combined tuition, fees and books) and only applies to an unpaid balance in the student’s tuition/books account. CTAS cannot be combined into one term. It must be divided up to $1,000/semester or $666/quarter, no exceptions. If a cadet is unable/ineligible to use the supplement in the fall, any remaining supplement may be used the following term(s) if retention standards are met IAW Chapter 4 of this instruction. CTAS for tuition must reflect on the tuition invoice. CTAS for textbooks are processed in WINGS and paid directly to the student. If the CTA is sent home from FT at any time for disciplinary reasons, then coordinate with AFROTC/RRU prior to CTAS activation. Based on the reason the CTA was sent home and the recommendation of the FTU/CC, the scholarship offer may be withdrawn.
3.24.2. Scholarship age restrictions apply.

3.24.3. Cadets who will enter into extended status are only eligible for the CTAS if they are in a SAF-approved 5-year major.

3.24.4. Scholarship Cadets. The cadet must sign a memorandum containing the following statement: “I understand that CTAS is a supplement to normal scholarship entitlements and, like other scholarship entitlements, may be recouped should I fail to commission.” Maintain the memorandum in the UPRG. There is no requirement to forward this letter to HQ AFROTC.

3.24.5. Non-Scholarship Cadets. Initiate a contract change page and update the scholarship type to “CTAS” and the length to 2 Semesters/3 Quarters prior to processing the tuition invoice.

3.24.6. CTAS will be loaded by HQ AFROTC/RRUE and the money will be added to tuition estimates in WINGS.

3.24.7. Cadets receiving a scholarship that covers the entire cost of their tuition and fees are not authorized to receive CTAS. They may, however, utilize CTAS to cover any book costs above the amount authorized by their scholarship. If the CTAS will be utilized to pay for any textbooks, the detachment must collect receipts for all textbooks from the student prior to authorizing an increase in textbook entitlements. The detachment must keep copies of these receipts in the cadet’s UPRG for the duration of the cadet’s AFROTC membership.

3.24.8. The CTAS may be used for summer tuition provided the summer session is after CTA duty and all POC standards are met. CTAS funding for summer coursework must be approved via AFROTC Form 22 package to AFROTC/RRFA.

3.24.9. Ensure the cadet understands the impact the CTAS payment might have on their Montgomery GI Bill (MGIB) eligibility prior to acceptance via counseling. The CTAS is considered “scholarship funding” for MGIB purposes (reference Title 38, USC Section 3011(c) (3) (B), for further information on MGIB education benefits eligibility). Cadets are eligible for the MGIB if they receive $3,400 or less in scholarship benefits in any one year on scholarship.

3.24.10. Late replacements for CTAs will be added to the scholarship list as vetted by region commanders. Region commanders will notify AFROTC/DOX of any changes to CTA duty.

3.25. ICSP Nurse Scholarships.

3.25.1. ICSP Nurse scholarship cadets must be pursuing a nursing major and planning on acceptance into a nursing program at a school where the major is accredited by either the National League of Nursing (NLN) or the Commission on Collegiate Nursing Education (CCNE). Detachment commanders must counsel nurse candidates on this policy via AFROTC Form 16.
3.25.2. ICSP Nurse scholarship cadets who fail to gain acceptance into the certified nursing program will lose their scholarship and will have to request a non-technical EA to remain in AFROTC.

3.26. Scholarship Action Dates. Scholarships can only be activated during normal school terms, i.e. not during summer or mini-sessions. For exceptions, see Chapter 6, paragraph 6.9.

3.27. Temporary Inactivation / Reactivation of Scholarships.

3.27.1. The purpose of temporary inactivation is to protect government funds in situations that may result in scholarship suspension or termination, or in disenrollment from AFROTC.

3.27.2. Temporarily inactivate a scholarship whenever a cadet’s scholarship continuation, or a cadet's retention in AFROTC, is in jeopardy. Examples of such situations include, but are not limited to, serious civil involvements, significant changes in medical status, or conduct that is incompatible with military service. The temporary inactivation date is the date the commander decided to inactivate the scholarship (this date can be a date prior to the date the cadet was counseled and signed the AFROTC Form 16). Once the issue is resolved, reactivate the scholarship, suspend, terminate, or disenroll, as appropriate.

3.27.3. If the cadet's scholarship is reactivated, the reactivation date is the day after the original temporary inactivation date. Thus GMC cadet stipend would not be adversely impacted.

3.28. Suspending Scholarships.

3.28.1. Scholarships must be suspended when directed by AFROTC instructions. In addition, the Detachment/CC or AFROTC/RR may direct suspension of a scholarship even though current instruction directs less severe action. That is, the Detachment/CC may suspend a scholarship any time a cadet's actions warrant suspension.

3.28.2. Once a scholarship is suspended, it is suspended for the entire term. Each suspension results in an unfunded term for the cadet. If AFROTC has already been obligated for the suspended term (e.g., suspension occurred after the 45th day of the fall term), the next term will be unfunded. If another CE occurs during an already suspended term, and if that CE directs another suspension, the detachment must suspend the scholarship for another term.

3.28.3. If the suspension occurs after the 45th day (fall term only) or after the pecuniary liability date (all other terms), the financial impact of the suspension will take effect the following term. The suspension date, however, will be the day of the infraction, or, if already temporarily inactivated, the last day of the term of host institution classes. NOTE: For cadets in their final term of entitlement, the tuition payment for the current term is not affected if the suspension occurs after the pecuniary liability date.

3.28.4. Scholarship suspensions require loss of funds for a full term. The lost funds cannot be recovered at a later date and the suspended term counts toward total authorized
entitlements. After one term in suspended status, a cadet’s scholarship may be reinstated IAW retention standards.

3.29. Scholarship Termination.

3.29.1. The Detachment/CC or HQ AFROTC may direct termination of a POC cadet’s scholarship for failure to meet standards, or when a suspension is not considered to be in the best interest of the Air Force.

3.29.2. When Chapter 4, Table 4.1 or other circumstance requires termination of a POC cadet's scholarship, the detachment must terminate the scholarship and initiate an investigation for disenrollment. POC cadets will continue to receive a stipend while still an active member of AFROTC. Stipend will be terminated even though disenrollment has not been finalized if a POC cadet stops attending, or is removed from, AS classes. (See HOLMCENTERI 65-101, The AFROTC Cadet Payment Programs).

3.29.3. When Chapter 4, Table 4.1 or other circumstance requires termination of an AS100 or AS200 cadet's scholarship, the detachment must temporarily inactivate the scholarship and initiate an investigation for disenrollment. GMC cadets will not receive stipend payments when their scholarship is suspended or terminated. (See HOLMCENTERI 65-101).

3.29.3.1. By law, GMC cadets may be on contract only if on scholarship.

3.29.4. The Detachment/CC must initiate scholarship termination for the following conditions:

3.29.4.1. When directed by HQ AFROTC.

3.29.4.2. Death of the cadet.

3.29.4.3. When a scholarship cadet voluntarily removes himself/herself from the scholarship program (e.g., declines or relinquishes the scholarship, etc.).

3.29.5. The Detachment/CC will temporarily inactivate the scholarship for the following:

3.29.5.1. When a scholarship cadet changes academic major without approval.

3.29.5.2. When a scholarship cadet transfers to a different school without approval.

3.29.5.3. When a scholarship cadet indicates intent not to complete the GMC, to attend FT, or to enter/complete the POC. Counsel the cadet via an AFROTC Form 16, obtain a written statement from the cadet, and file both in the cadet's UPRG.

3.29.5.4. When a scholarship cadet expends all of his/her scholarship entitlements, completion date is the last day of the term.

3.29.6. For all other scholarship termination actions refer to Chapter 4, Table 4.1.
3.30. Academic Degree Accreditation Requirements.

3.30.1. All accreditation requirements are based on AFI 36-2005, Appointment in Commissioned Grades and Designation and Assignment in Professional Categories—Reserve of the Air Force and United States Air Force, and AFI 36-2101, Classifying Military Personnel (Officer and Enlisted). In order to qualify for technical scholarship funding, a cadet’s degree program must be judged by the Air Force Personnel Center as qualifying a cadet to be accessed into a technical AFSC and accredited as below:

3.30.1.1. Engineering majors must be accredited by the Engineering Accreditation Commission (EAC), which is a commission that acts under the Accreditation Board for Engineering and Technology (ABET). See www.abet.org to validate the status of the program at a specific school.

3.30.1.1.1. Many ABET-accredited engineering programs offer options or concentrations under an ABET-accredited “umbrella” program. In many cases, these options are not ABET-accredited (e.g., an ABET-accredited General Engineering degree that offers three non-certified options in electrical, mechanical, and computer engineering, respectively). “Options” or “emphasis areas” under a broader-titled degree that is ABET-accredited are considered accredited only for the actual degree tendered by the institution. For example, if an ABET-accredited General Engineering program offers an option in electrical engineering, but the degree tendered by the university is a Bachelor of Science in General Engineering (Electrical emphasis), the student will be considered in “General Engineering” for AFROTC purposes.

3.30.1.1.1.1. For Engineering, Architecture, Pharmacy, and Nursing, if a degree is not accredited, the cadet will NOT qualify for SAF 5th year entitlements.

3.30.1.1.1.2. Non-ABET-accredited Engineering, and Architecture programs will NOT be approved as technical degrees for AFROTC. Cadets will compete for non-technical or rated enrollment allocations and non-technical scholarships.

3.30.1.2. The program must be separately accredited by ABET for any “emphasis” or “option” programs to qualify under their unique title for AFROTC purposes.

3.30.1.2. The following majors must be properly accredited, without exception, by the listed agencies:

3.30.1.2.1. Meteorology/Atmospheric Science (8FYY) majors must be reviewed at least every five (5) years by AFIT/ENEL to validate accreditation of the program. The major must be reviewed by AFIT immediately if any program changes occur that may impact the program accreditation. Detachments must submit review requests directly to AFIT/ENEL, 2950 Hobson Way, Wright-Patterson AFB OH 45433. To initiate the periodic review, send the host/crosstown university’s course catalogue and descriptions to ENELGradEdDivision@AFIT.edu. AFIT/ENEL will return the completed evaluation directly to the detachment.
Detachments will retain the completed evaluation received from AFIT and suspense next review. AFIT/ENEL can be contacted at commercial (937) 255-2259 ext. 3003 or DSN 785-2259 ext. 3003.

3.30.1.2.2. Architecture (2CAY) majors accredited by the National Architectural Accrediting Board (NAAB).

3.30.1.2.3. Nursing (7EAI, 7EAY, 7EYY) majors accredited by the National League of Nursing (NLN) or the Commission on Collegiate Nursing Education (CCNE). In addition, nursing majors accredited by the Department of Education approved boards are also acceptable.

3.30.1.2.4. Pharmacy (7ABV) majors accredited by the American Council on Pharmaceutical Education (ACPE).

3.30.1.2.5. Physical Therapy (7ABO) majors accredited by the Commission on Accreditation in Physical Therapy Education.

3.30.1.2.6. Occupational Therapy (7ABK) majors accredited by the Accreditation Council for Occupational Therapy (ACOTE).

3.30.1.3. All other majors must be offered by schools that are accredited by one of the six regional accrediting associations and listed in the current Accredited Institutions of Postsecondary Education Directory (published by the American Council on Education), or the latest edition of the Higher Education Directory (published by Higher Education Publications, Inc.), or any other education publication which clearly indicates regional accreditation. It is the responsibility of each AFROTC detachment to review and verify the proper accreditation of its schools’ academic programs under this policy.

3.30.1.4. Detachments associated with schools accredited by the appropriate agency will maintain documentation (course catalog, departmental letter, etc.) identifying the accreditation and review it at least every five (5) years. Annotate this review via a memo for record and maintain it in the files until the next review.

3.30.1.5. Majors not addressed by an accredited agency (such as unique or combination majors) may be sent to HQ AFROTC/RRU for approval. Requests should include all coursework requirements. Include comparisons to similar accredited majors at the same institution.

3.31. Additional Terms of Entitlements.

3.31.1. The purpose of additional entitlements is to fund cadets in the 5th year of an undergraduate academic major provided the SAF has approved the major for 5th-year funding. AFROTC Form 88, Extended Terms of Scholarship Entitlements Acknowledgement and Certification, is the source document for additional scholarship entitlements and the associated Active Duty Service Commitment (ADSC). Additional term funding is authorized only after completion of the last AS classes and only for 5-year SAF-approved
majors. Initiate the AFROTC Form 88 Section I the day of, but prior to, enlistment (except as indicated in the note below) for scholarship cadets in a SAF-approved 5-year undergraduate major who are activating either a 4-yr or 3.5-yr scholarship. Completing Section I of the AFROTC Form 88 does not automatically qualify a cadet for additional terms of entitlements. Cadets cannot take the 5th year of entitlement (for SAF-approved 5-year majors) to condense their baccalaureate degree academics and use scholarship entitlements during the fifth year for graduate-level work. Once AFROTC classes and baccalaureate degree requirements are complete, the cadet should commission. NOTE: When a scholarship cadet enlists as an 0GYY or other non-tech major and later changes major to a SAF-approved 5-year major, initiate Section I of the AFROTC Form 88 the day of, but prior to, completing the change page to the contract.

3.31.2. Extended scholarship entitlements are additional scholarship entitlements added on to a 4-year HSSP scholarship. Extended entitlements are limited to 5 total years of entitlements (10 semesters or 15 quarters). Activation of extended scholarship entitlements incurs an additional ADSC and requires the AFROTC Form 88.

3.31.3. Adjusted scholarship entitlements are additional scholarship entitlements granted to cadets with scholarships of less than 4 years and will incur an additional ADSC if the entitlements exceed 8 semesters / 12 quarters. Adjusted entitlements that exceed the 4 years (8 semesters / 12 quarters) of entitlements require the AFROTC Form 88 and an additional ADSC will be incurred.

3.31.4. Eligibility for additional term(s) of entitlements requires the following of scholarship cadets:

3.31.4.1. Already be enrolled in a SAF-approved 5-year academic major listed in Attachment 8.

3.31.4.2. Be certified by the Detachment/CC as requiring more than 4 years with the normal academic load (including AFROTC courses.) A normal load is at least 12 semester/quarter hours per term (15 hours is recommended), or the institutional requirement for full-time student status.

3.31.4.3. Have a CGPA of at least 2.5 at time of award.

3.31.4.4. Not exceed the maximum age limits to receive scholarship funds.

3.31.4.5. Continue in full-time student status during the 5th year, except for the final term before graduation/commissioning.

3.31.5. The Detachment/CC must notify AFROTC/RRUE via letter that they have awarded additional entitlements to a qualifying cadet. Eligible candidates must be submitted prior to the completion of their original scholarship award, usually during the spring term of the AS400 year.

3.31.5.1. Prepare a letter with the following information identified: Cadet’s name, EMPLID, length of scholarship, and the number of terms granted.
3.31.5.2. Cadets who extend past 4 years (8 semesters / 12 quarters) of entitlements must complete AFROTC Form 88, Section II, Cadet Acceptance, no earlier than 10 days prior to the cadet entering the first day of classes of the 5th academic year. Complete Section III, Termination of Extended Scholarship Entitlements, when entitlements are terminated and forward it along with the commissioning documents.

3.32. Scholarship Entitlements.

3.32.1. Scholarship entitlements are limited to the number of terms prescribed in the scholarship authority source document or the number of terms required to complete AS academic requirements, whichever occurs first, unless additional terms are awarded. The number of terms authorized is limited to a maximum of 4 academic years (8 semesters or 12 quarters) for 4-year program members, 3 academic years (6 semesters or 9 quarters) for 3-year program members or 2 academic years (4 semesters or 6 quarters) for 2-year program members. Any half-year scholarship offers equate to only one additional term (1 semester or 1 quarter).

3.32.2. Scholarship entitlements end upon completion of AS course requirements, unless additional terms are authorized in paragraph 3.31.

3.32.3. When additional terms of entitlements are authorized, the number of terms of scholarship entitlements authorized may not exceed 1 academic year after the completion of AS classes.

3.33. Funding for Summer School and Mini-Sessions.

3.33.1. Funding for these courses is not programmed in the student's authorized terms of entitlements. Funding approval must be received from AFROTC/RRUE prior to the start of the summer term (no exceptions). All cadets should be counseled on the ramifications of attending these courses. Funding for mandatory classes required for degree completion and only offered during the summer does not equal a normal term of entitlement. In other words, it does not subtract from terms of entitlements already programmed; however, when added with funding already expended on the cadet during the current fiscal year, summer funding cannot exceed the annual cap for the cadet’s scholarship type, unless specifically approved by AFROTC/RRF.

3.33.2. Funding for summer school and mini-sessions is only authorized when attendance is mandatory for all students in that major or school and the coursework is only offered in the summer. Classes and/or sessions cannot take place at a different school than the one the cadet attends. Tuition and fees for the current academic year combined with the cost for requested summer entitlements cannot exceed the annual limit based on the scholarship type.

3.33.2.1. Funding for summer courses are authorized when the academic major requires year-round attendance (e.g., some nursing programs).

3.33.2.2. The detachment may request funding for mandatory courses by submitting a Form 22 request to RRFA. Include the scholarship type and the amount AFROTC spent on tuition and fees for the current academic year by term.
3.33.3. Courses offered during the normal school year but need to be taken by the cadet to maintain their DOC/DOG or lighten their academic load will not be funded.

3.33.4. Some universities require a minimum mandatory summer attendance with no specific courses required. Such requirements are not covered by scholarship.

3.34. **Authorized Tuition and Fee Entitlements.**

3.34.1. These are limited to tuition and fees associated with required and elective courses. A required course is a prerequisite for further advancement in the cadet's contracted major. An elective course is one required to meet graduation requirements, but where the cadet has latitude in actual course selection. For a required course, AFROTC will also pay mandatory institutional fees that are incurred by all students. AFROTC will not pay fees not authorized by the Education Service Agreement (ESA) or personal fees not required of all students. AFROTC will only pay fees for an elective course when it is clearly academic in origin. The Detachment/CC determines if the course directly contributes to officer development and it is in the best interest of the Air Force and signs the commander statement (reference Figure 3.1.) to indicate these conditions have been met.

3.34.2. Reimbursement is authorized for tuition and the following fees:

3.34.2.1. Registration and matriculation fees.

3.34.2.2. Laboratory fees and non-refundable deposits.

3.34.2.3. Cost of special fees and computer time. NOTE: Reimbursement of computer time is not authorized if it is related to student research.

3.34.2.4. Cost of a College Level Examination Program (CLEP) test that replaces a required course if the test is passed and accepted for credit toward degree requirements by the institution. Student must be on scholarship at the time of the test.

3.34.2.5. Costs of a course taken to meet AFROTC requirements.

3.34.2.6. Costs of course overloads are authorized, but are limited to:

3.34.2.6.1. Those required for reasonable progress toward degree completion.

3.34.2.6.2. Those that result from prerequisite requirements.

3.34.2.6.3. Those required as a result of changes in curriculum made by the institution.

3.34.2.6.4. Institutional transfers for the purpose of initial scholarship activation.

3.34.2.6.5. Scholarship continuation resulting from detachment inactivation.

3.34.2.6.6. Courses missed due to an injury or illness. Institutional authorities and the Detachment/CC must approve the absence.
3.34.2.7. Fees for health, student activity, athletic, library, student union, student publication costs, and similar fees required of all students enrolled in the institution. Payment of university health fees is authorized if it is mandatory for all students whether or not they have alternative insurance. If the university provides an option to either pay a university health fee or maintain their own private insurance, then payment of such fees are authorized if the cadet chooses the university’s plan.

3.34.2.8. Graduation, diploma, and cap and gown fees. NOTE: Fees must be billed through the university.

3.34.2.9. Cost of transportation required of all students.

3.34.2.10. Costs for up to 5 distance learning/correspondence courses per academic year. A distance learning course (non-traditional academic class that includes a method of direct interaction among students and instructor) must be accepted and/or offered by the cadet’s host institution and begin/end within the academic term.

3.34.2.11. Authorized classes for which AFROTC has not paid previously.

3.35. Tuition and Fees Not Authorized.

3.35.1. Detachments must advise scholarship applicants or cadets that reimbursement is not authorized to defray costs of the following programs or services listed:

3.35.1.1. Payment for any type of flying course where a cadet “gets into the air” or has additional fees associated with actual flying activities, such as aircraft rental or instructor time. Cadets may take these courses if they meet degree requirements but they will pay the extraordinary fees (i.e., all costs associated with flying training must be paid by the student). If these costs are combined with tuition and fees, they must be itemized and the cadet becomes responsible for their payment.

3.35.1.2. Special expenses associated with field trips.

3.35.1.3. Expenses for optional projects, personal equipment (including personal computers), and supplies.

3.35.1.4. Special fees for social activities.

3.35.1.5. Yearbooks.

3.35.1.6. Gym lockers and laundry fees.

3.35.1.7. Courses not required by the catalog as a degree requirement. Detachments must ensure that cadet academic plans accurately reflect required courses for degree completion. Courses that do not count as a requirement or elective toward overall degree completion in the contracted major are not authorized for payment by AFROTC.
3.35.1.8. Equipment, equipment rental, and material costs, and those scholarship restrictions identified in the reenlistment briefing.

3.35.1.10. Costs of course overloads resulting from:

3.35.1.10.1. Courses not required for a degree.

3.35.1.10.2. Failures, incompletes, withdrawals, add/drop, etc.

3.35.1.10.3. Changes in academic major.

3.35.1.11. Transfers made at the discretion of the individual.

3.35.1.12. Penalties or fines for late registration or makeup examinations.

3.35.1.13. Additional costs associated with term abroad studies or similar programs.

3.35.1.14. Payment of suspended or inactivated terms.

3.35.1.15. Cost of repeat or remedial courses previously attempted as a scholarship cadet. Retaken courses count toward full-time status, but may NOT be funded.

3.35.1.15.1. If the institution bills by the course or course hour, the scholarship cadet pays for all remedial or repeat courses.

3.35.1.15.2. If the institution has a fixed fee for full-time students, the cadet must take enough new classes to equal the minimum load required to attain full-time student status or must pay on a prorated basis for remedial or repeated classes. For example, if at least 12 hours is required to attain full-time student status at a fixed cost of $10,000 per term, the Air Force will pay the full cost for the cadet who takes 12 hours of new courses and 3 hours of remedial or repeat classes for a total of 15 hours. On the other hand, a cadet who takes 9 hours of new classes and 6 hours of remedial or repeated classes will receive only 9/12 of $10,000 fee ($7,500). For capped scholarships, figure 9/12 of TOTAL tuition for the term. If the result is more than the capped amount, pay the capped amount. If the result is less than the capped amount, pay the lesser amount. The cadet must pay the difference. For example, if a Type 2 scholarship cadet takes 10 new credit hours and 3 repeat credit hours, 10/12 of $10,000 is $8,333. The cadet would receive the normal $7,500 scholarship. If the cadet takes 8 new credit hours, 8/12 of $10,000 is $6,667. Pay only $6,667 of the $7,500 scholarship.

3.35.1.16. Costs of parking fees.

3.35.1.17. Additional academic expenses not authorized as scholarship entitlements and identified in the pre-enlistment briefing.
3.35.1.18. Costs incurred obtaining a professional license to include certification or exam fees.

3.35.1.19. Cost of immunizations and malpractice insurance, even though required of students.

3.35.1.20. Additional fees associated with a recreational-type elective course (e.g., equipment rental fee for a scuba course, equipment rental fees/lift tickets for a skiing course), even if the institution directly bills them.

3.35.1.21. **NOTE:** When a refund is due to the government from either a student or the university, the check or money order should be made out to Defense Finance and Accounting Service (DFAS) and forwarded along with a letter of explanation, to include the cadet's name, EMPLID, SSN, term, and fiscal year from the detachment to Holm Center/SDFA, ATTN: Scholarship Clerk, 130 W. Maxwell Blvd, Maxwell AFB AL 36112-5937.

3.36 Textbook Reimbursement Entitlement for Scholarship Program. Cadets on scholarship will receive an annual flat rate for textbooks. AFROTC/RR will determine the flat-rate textbook amounts each academic year and any changes in rates will be forwarded to the detachments by separate letter. **NOTE:** The annual flat rate amount for textbooks will be paid each term. Cadets attending semester schools will receive one-half of the annual amounts each term. Cadets attending quarter schools will receive one-third of the annual amount each term. Flat rate textbook reimbursements will not be made for summer terms. Textbook payments are not authorized when the scholarship is not active (e.g., suspended or completed). Procedures for textbook reimbursement are outlined in the WINGS User Guide.

3.37. Payment or Termination of Scholarship Entitlements.

3.37.1. Provide institutions a list of cadets who are expected to receive scholarship payments prior to each term and notify them of any scholarship suspension, termination or temporary inactivation to include the effective date. Each notification must include the Educational Service Agreement (ESA) number.

3.37.2. Ensure WINGS reflects the cadet’s correct scholarship status. When institutions receive notification, they are authorized to either claim reimbursement (as prescribed in the ESA) or terminate the university’s incentives associated with a cadet’s scholarship status. Review procedures in regarding temporary inactivation, suspension and termination. If a prorated share of tuition is due as of a termination date, ensure the institution is advised the cadet is responsible for any excess tuition.

3.37.3. Ensure the invoice submitted by the institution is reduced to the prorated amount. Tuition and fee payments may not be authorized for the Fall term if the scholarship or incentive is temporarily inactivated, suspended or terminated prior to the close of business on the 45th day from the school start date. Temporarily inactivated scholarships or incentives reactivated before the end of the term will be paid.
3.37.4. Ensure cadet is counseled via AFROTC Form 16 on changes in his/her scholarship status.

3.38. **Non-Duplication of Financial Aid Programs.** Most federal assistance programs have a duplication clause that prohibits receipt of educational benefits from more than one source. A scholarship selectee receiving such benefits should check with the agency concerned to determine whether the duplication clause applies. Students may receive scholarship entitlements and Veterans Administration benefits simultaneously. Scholarship recipients should inform their financial aid offices that they are on AFROTC scholarships. If tuition, fees, or any part thereof are paid by any source, (e.g., a state scholarship that will pay tuition), AFROTC will not duplicate payment.

3.39 **45-Day Rule.** The 45-day requirement applies only to the fall term. All scholarship tuition, fees, and textbooks must be billed against the next fiscal year as of the 45th calendar day of institutional classes. Scholarship cadets must be enrolled in AFROTC and in an active status at close of business on the 45th day of classes (at each school) or after but not later than the last day of the term at the institution of attendance in order for AFROTC to pay tuition and fees. The 45-day rule applies to each institution a cadet attends if the institution charges for the course or courses. Scholarships that have not been activated by the last day of the term will be withdrawn, unless a prior waiver is obtained from HQ AFROTC/RRFA.

3.40. **Tuition Entries into WINGS.**

3.40.1. The office of primary responsibility (OPR) for this paragraph is AFROTC/RRU.

3.40.2. Detachments must enter into WINGS estimated costs for tuition, fees, and laboratory expenses (ascertained from the institutional Bursar or Comptroller) for each academic term of the current academic year. Report all active, temporarily inactivated, and awarded scholarship cadets. Tuition estimates must be entered for all terms for cadets anticipated to activate during current academic year. Data entered is used to verify membership, estimate budget requirements, and to monitor scholarship costs.

3.40.3. Enter estimates for each term of the current AY by 1 September. Do not include cadets in extended status unless Section II of the AFROTC Form 88 is completed (cadets receiving more than 4 years of scholarship entitlements only) or the additional entitlements memorandum is completed. Provide the memorandum to AFROTC/RRUE who in turn, will load the additional terms of entitlements in WINGS.

3.40.4. For new scholarship appointments, enter estimates for each term of the current AY within 5 workdays of the activation.

3.40.5. Any changes to the original estimate must be made within 5 workdays of the change. Examples of changes are:

3.40.5.1. Approved additional terms of scholarship entitlements not previously reported.

3.40.5.2. Deleted term due to suspension, non-attendance, transfer, or scholarship termination.
3.40.5.3. If there is an estimate in the system for a cadet who will not be paid for a term (e.g., temporarily inactivated cadets who have not been reinstated by the time the term has ended) access the Tuition Estimates Update screen in WINGS and check the “Billed in Full” box.

3.40.6. Include graduation fees in the scholarship estimate for the applicable term of entitlement up to, and not to exceed, the annual scholarship cap IAW the scholarship type.

3.40.7. AECP/NECP Students. Estimates for the following fall term must be entered by the end of the previous spring term since their tuition is paid with current FY funds and they do not require the 45-day waiting period.

3.41. Processing Scholarship Invoices for Reimbursement.

3.41.1. The Detachment/CC is responsible for establishing procedures for verifying and approving institutional invoices for scholarship reimbursement before submitting them to Holm Center/SDFA for payment. No cadet can be submitted for payment until they are in an active status. The Detachment/CC is responsible for contacting the appropriate institution officials when invoices are not received for processing within 60 days after the beginning of the first term of the academic year or 30 days after the beginning of subsequent terms. Detachments must maintain records of attempts to obtain invoices from institutions.

3.41.2. The following guidelines will ensure accurate scholarship processing.

3.41.2.1. Upon receipt of the institutional invoices contact Holm Center/SDFA for a Bill ID. Date stamp and annotate on invoice “Detachment XXX received on XXXX.”

3.41.2.2. Verify each invoice. Ensure students listed are contracted and in an active scholarship status.

3.41.2.3. Ensure each academic term total tuition and fees for a cadet under a capped scholarship do not exceed the maximum cost threshold established for the academic term being billed. The approved maximum term cost thresholds are:

3.41.2.4. Ensure no portion of the invoice has been previously submitted for payment.

3.41.2.5. Ensure charges do not include unauthorized expenses; e.g., repeat courses, flight operations, personal equipment or services. (Some fees may not be authorized for payment even if the fees are charged to all students taking the same course.)

3.41.2.6. Ensure invoice prices agree with rates contained in applicable university publications or correspondence. Verify each line item to ensure proper pricing. Before authorizing payment for out-of-state tuition, verify the student does not qualify for in-state tuition. All invoices must be on “letterhead” from the university that is billing for the tuition and fees. If a cross-town does not have an Educational Service Agreement (ESA), the billing institution is the host school. If changes are necessary, contact the institution for a new invoice with a current date.

3.41.2.7. Ensure the invoice is from the institution where payment is to be sent. The invoice cannot be from one school with payment to another. Invoices from cross-town schools without an ESA must be forwarded to the host institution and the host institution will bill for expenses. As part of the ESA, the host institution will bill and reimburse the third party once payment is received.

3.41.2.8. Ensure all cadets listed on the invoice are in WINGS. Do not include payment for cadets whose scholarships are temporarily inactivated or suspended in WINGS.

**NOTE:** If, as of the Pecuniary Liability Date (the date the government is liable for the tuition bill) the cadet scholarship is in an active status, tuition must be paid.

3.41.2.9. Ensure a staff member reviews all invoices for scholarship cadets and compares the curriculum or number of credit hours specified on the invoice with the cadet's AFROTC Form 48. In cases where curriculum and credit hour information is not provided, control scholarship entitlements by maintaining an updated academic plan and conducting personal interviews with the cadet. Use this management control to ensure:

3.41.2.9.1. The cadet is maintaining full-time student status.

3.41.2.9.2. The cadet is following the academic plan.

3.41.2.9.3. Payments are not made for unauthorized courses.

3.41.2.9.4. The cadet's in-state or out-of-state tuition rate is accurate and out-of-state tuition rates are not paid for any student entitled to in-state tuition rates.

3.41.2.10. Ensure the correct ESA number appears on ALL invoices.

3.41.2.11. The invoice is certified for payment by the Detachment/CC signing the Commander’s Statement (do not change the wording of the statement in Figure 3.1), as required by DFAS DE 7010.5. Invoices received by Holm Center/SDFA without this
statement will be returned to the detachment. Maintain this statement on a separate sheet of paper and reference the invoice/invoices being paid.

3.41.2.11.1. Detachments have 5 calendar days to process an invoice; Holm Center/SDFA has 5 calendar days to process an invoice; and DFAS has 18 calendar days to make payment.

3.41.2.11.2. When putting date received in the Commander’s Statements, calculate from the current date to figure when the payment can be made. If the expected pay date is during the term, the received date is the date Holm Center/SDFA or the detachment first received the invoice. The accepted date may be the same date as the received date or may be a later date, but no more than 5 days after the received date. (If detachment received invoice prior to Holm Center/SDFA, then the received date would be the date the detachment received it.)

3.41.2.11.3. If the expected pay date is after the term will end, the received date must be the last day of the term. The accepted date may be the same date as the received date or may be no more than 5 days after the received date.

3.41.2.11.4. Ensure invoice number assigned by WINGS is listed on each page of the invoice as “Payee Number” (must read “Payee Number XXXXXXXXX”).

3.41.2.11.5. Ensure term start and stop dates are listed on each page of the invoice.

3.41.3. Charges on the invoice for each cadet are entered in WINGS by accessing the “Build Invoice” screen. The Build Invoice snapshot screen from WINGS must be sent with the invoice and SF 1034, Public Voucher for Purchases and Services Other Than Personal, for processing at HQ AFROTC.

3.41.4. Holm Center/SDFA must have a breakdown of charges for each course and fee unless the institution charges by a flat rate (reference Attachment 9). The invoice must be a consolidated invoice when submitted for payment. An example of an invoice was attached to the contract provided to the university. If a university is not following the guidance provided, ask them to adopt the invoice format.

3.41.5. Tuition payments are made by electronic funds transfer (EFT).

3.41.6. Holm Center/SDFA will notify the detachment when Central Contractor Registration (CCR) needs to be updated. This updates/validates the university’s banking information. NOTE: CCR information must be active and updated once a year by the university by accessing www.ccr.gov.

3.41.7. Submit the invoice, the Build Invoice screen shot from WINGS, and the SF 1034 (reference Attachment 10) to Holm Center/SDFA. Payee's name and address must appear exactly as indicated on the invoice. The university name must be on the first line. NOTE: When making corrections on the school invoice, draw one line through the item to be corrected, make the change, and initial each change. DO NOT use correction fluid,
correction, tape, etc., to make changes, as the voucher will be rejected by DFAS. Invoice amounts can be decreased, but cannot be increased.

3.41.7.1. Distribute approved invoice, Build Invoice screen shot from WINGS, Commander’s letter, and SF 1034 as follows:

3.41.7.1.1. Send the SF 1034, the university invoice and all documentation sent by the university to support the invoice by secure email to tuition.voucher@us.af.mil along with the Build Invoice screen shot from WINGS by the suspense date. Weekends and holidays do count. Detachments should always have a backup to process tuition vouchers in the event the primary tuition NCO is on leave/TDY. **NOTE:** DO NOT send completed tuition packages directly to DFAS.

3.41.7.1.2. Ensure the invoice number on the Build Invoice screen from WINGS is the same as the invoice number entered in the Payee's Account Number block on the SF 1034. The invoice number is generated automatically when invoices are created in WINGS. Send a copy of the Build Invoice screen from WINGS to the school so they will be able to identify payment when the EFT is received.

3.41.8. Establish and maintain an accounting record file. Use files as a reference to verify the billing, or portion of it, if it has not previously been paid. The file must include voucher number, voucher date, invoices, and supporting documentation.

3.41.8.1. Allow 4 weeks after the invoice is sent to Holm Center/SDFA, then check in WINGS to see if the invoice has been paid. Obtain the date paid and the voucher number from WINGS by accessing either the “Bill Log” or build invoice screen from WINGS (reference the WINGS Users Guide for detailed instructions). Transfer the date paid and voucher number to the file copy of the SF 1034.

3.41.8.2. Maintain accounting records for one full CY year after cadet's participation in AFROTC ends.

3.41.9. Detachment personnel will run a Billed in Full report at least once every 2 weeks starting the 60th day after classes start in the fall term and 30 days after classes start for all other terms until every cadet is completely paid for all terms.

3.41.9.1. Contact university to request an invoice for any cadet listed on the Not Billed in Full report that should be paid.

3.41.9.2. Select the Billed in Full box in WINGS for those cadets not entitled to payment.

3.42. Travel Authorization and Allowances.

3.42.1. All HSSP scholarship cadets are authorized PCS travel allowance for travel actually performed to activate a scholarship. If a student travels to the detachment with full
Intent to activate the scholarship, regardless of whether the scholarship is eventually activated or not, the student is authorized the travel allowance. Reimbursement for such travel may not exceed the distance from selectee's permanent place of residence, school, or duty station at the time of appointment to the institution of enrollment. Prepare a cadet travel order which includes the authority and citation for travel allowances. The student does not need to have the scholarship activated before filing the voucher. Although, HSSP 3-yr Type 2 scholarship winners do not activate the scholarship until becoming a sophomore, they must process applicable travel vouchers upon arrival at the university as a freshman. Do not wait until the cadet activates the scholarship.

3.42.2. Detachments must provide selectees residing outside the continental United States (CONUS) with travel orders and instructions on how to use them before their travel date. These orders authorize the cadet to travel via government transportation on a space-A required basis. The cadet may obtain a transportation request from any transportation officer. In the event government transportation is not available, he/she must obtain a statement to that effect from the transportation officer at the port of embarkation or from the United States air attaché in their country. If the travel is performed at the cadet’s expense using commercial air (economy class) or commercial ship (minimal first-class accommodation), they may claim reimbursement for the actual cost (travel must be on a United States-flagged carrier). Submit certification of non-availability of government transportation, together with receipts for actual costs of commercial travel, with claims for reimbursement. Selectees traveling to the CONUS by government or commercial carrier may elect to continue travel from the point of arrival in the CONUS to the institution by either commercial or private conveyance.

3.42.3. Detachments will assist claimants in filing DD Form 1351-2, Travel Voucher or Subvoucher. The Detachment/CC or designated representative must sign the "Approving Officer Signature" block verifying the information and forward the voucher with three copies of the travel order to the finance office at the support base within 30 calendar days after travel is completed.

3.42.4. HSSP scholarship recipients, whose scholarship appointments are later terminated, not including completion of entitlements, are authorized terminal travel allowance from the institution to their home of record. The cadet must disenroll from the institution and actually perform the travel to their home of record. No action is required if the departing cadet does not desire to claim terminal travel allowance.

3.43. Scholarship Pre-Activation Actions.

3.43.1. Reference Chapter 6 for general enlistment procedures. Detachment/CC should neither enlist selectees nor activate scholarships until the selectee is briefed on military appearance, dress, and grooming standards. In instances where there is an evident lack of motivation, unsuitability for military training, or other sufficient reason to question selectee's entry into AFROTC, withhold scholarship activation pending final determination of suitability. Document the scholarship activation delay on an AFROTC Form 16.
3.43.2. Verify the DoDMERB certification is in the cadet’s UPRG before the cadet’s scholarship is activated.

3.43.3. Brief all scholarship selectees that receipt of scholarship funding may affect their eligibility for MGIB benefits after entry onto active duty.

3.44. Scholarship Activation Standards.

3.44.1. Cadets must meet all AFROTC membership requirements. In addition, the standards below must be met for a selectee to activate a scholarship (except as noted).

3.44.2. Scholarship selectees must have a TGPA and a CGPA of 2.50 or higher for scholarship activation (4-year HSSP selectees activating in the fall term of the freshman year are exempt from this requirement). Summer terms (while not funded), will be used in calculating CGPA. TGPA will be the GPA earned in the previous full-time term. Summer term GPAs are not considered when activating scholarships, regardless of how many hours are taken.

3.44.3. ICSP selectees must have completed at least one term of full-time, graded college-level work.

3.44.4. Must be in good academic standing as defined by the university the cadet is attending. Detachments must verify good academic standing using procedures/criteria established by the university (e.g., academic probation or warning listed on current transcripts, internal links with registrar databases).

3.44.5. Scholarship selectees must have a current DoDMERB certification or a waiver approved by HQ AETC/SGPS.

3.44.6. Pass the PFA and meet the AFROTC weight/BMI standards. NOTE: 4-Year HSSP cadets contracting during the fall semester are not required to pass the PFA prior to contracting. See Table 3.2.

3.44.7. AFOQT. Reference paragraph 4.10 for AFOQT requirements.

3.44.8. Cadets unable to activate by last day of term. If the scholarship has not been activated by the last day of the expected activation term, withdraw the offer. For cadets unable to activate due to a pending DoDMERB certification, but who have met all other activation requirements, request a waiver from AFROTC/RRFA. If AFROTC/RRFA grants an extension, then the offer must be activated by the last day of the next term; if not, withdraw the offer. Counsel the cadet via AFROTC Form 16. EXCEPTION: Cadets have until 31 Dec to meet weight/BMI standards. If still failing by 31 Dec, withdraw the offer.

3.44.9. In cases where the cadet was unable to activate a scholarship by the last day of the term, HQ AFROTC/RRFA may consider requests for retroactive payment of tuition for the previous term once the scholarship has been activated. Counsel cadets that such approval is not guaranteed, and is at the discretion of HQ AFROTC based on funding constraints, the needs of the Air Force, and the reason for late activation.

CHAPTER 4 – ENROLLMENT OF SENIOR AIR FORCE ROTC CADETS
ELIGIBILITY AND APPLICATION REQUIREMENTS

4.1. General Information.

4.1.1. This section provides eligibility and application requirements for AFROTC cadets. It covers entrance and eligibility requirements common to both the General Military Course (GMC) and the Professional Officer Course (POC). The OPR for this chapter is AFROTC/RRF.

4.1.2. Detachment personnel should be recruiting the best and brightest for the AF based on all AFROTC standards. Although this chapter outlines the minimum standards for AFROTC membership, Detachment Commanders have the authority to set higher standards to accommodate limited detachment resources at their schools. Meeting minimum qualifications does not necessarily justify keeping a cadet in AFROTC or supporting the cadet for an EA. Just because someone may meet the minimum standards does not necessarily mean they should be accepted for commission through AFROTC. For example, an applicant that has a CGPA of 2.5 during his sophomore year is less likely to compete well in PSP or complete the academic requirements outlined for AFROTC cadets. It may be prudent to dismiss these cadets sooner rather than providing false hope when historical data shows they will not complete the program. Another example is PFA scores. Some Detachment Commanders have set a higher PFA standard than the minimum to qualify for submission for an EA since PFA scores can decrease by several points during summer FT at Maxwell AFB.

4.2. General Membership Eligibility.

4.2.1. The core competency of AFROTC is to recruit and train individuals working on their first undergraduate degree. Individuals with a previously completed undergraduate or graduate degree are expected to pursue an AF commission through OTS.

4.2.2. Cadets who complete their undergraduate degree before completing AFROTC are authorized to take graduate courses as long as the period of the graduate work does not exceed 50 percent of their time in the POC.

4.2.2.1. Cadets cannot apply scholarship funds towards graduate level coursework without express AFROTC/RRFP approval via an AFROTC Form 22 package. These waivers will be the exception and only for hard-to-fill academic majors.

4.2.2.2. Without prior approval, scholarship funding must terminate once the original undergraduate degree is completed.

4.2.2.3. Counsel these cadets via AFROTC Form 16 that there is no guarantee that they will finish a graduate degree. They will commission as soon as AS classes and FT are completed.

4.2.3. Students seeking to enter AFROTC to complete a second undergraduate degree or a graduate degree must have approval from AFROTC/RR for program entry. Major
considerations for approval by AFROTC/RR will be majoring in critical technical majors identified on the restricted website, O&D criteria (reference Figure 4.1) and 3.0 CGPA. AFROTC will not accept any applicant who has already completed a graduate degree. Cadets entering AFROTC with a previous degree are not eligible for scholarship monies unless they are pursuing a hard-to-fill accession degree requirement as determined by HQ AFROTC/RR. Funding for these degrees must be approved by AFROTC/RRF via an AFROTC Form 22 package.

4.2.4. Each individual must:

4.2.4.1. Be a full-time undergraduate student enrolled at an accredited college that hosts an AFROTC Detachment or a university or junior college having a cross-town agreement or consortium arrangement established according to HOLMCENTERI 36-2014, AFROTC Enrollment and Relations with Host/Non-Host Institutions, Including Crosstown and Consortium Agreements.

4.2.4.2. Participate in both AS classes and LLAB while enrolled in school to be considered a GMC or POC member. Completed GMC and POC members will participate in AFROTC activities as determined by the Detachment Commander.

4.2.4.3. Be age 14 or older (Reference paragraph 4.4. for maximum age limits).

4.2.5. GPA Requirements. All previous college coursework attempted must be used to calculate the ROTC CGPA. Cadets must have a CGPA of 2.0 or greater to join AFROTC. Reference Attachment 12 for GPA minimums for contracting, scholarship nomination and activation, and the POC Selection Process (PSP).

4.2.6. Family members or relatives of AFROTC cadre are not allowed to enroll at the detachment where the cadre member is assigned.

4.3. Application Records.

4.3.1. The detachment will establish a cadet Unit Personnel Record Group (UPRG) folder to maintain forms and other records. File the documents in the following sections: Section I, Guidance Records, Correspondence, and Orders; Section II, Evaluation Instruments; Section III, Records of Membership; and Section IV, Medical.

NOTE 1: Students enrolled in the AS class and taking the course for credit only are required to have a WINGS record created and are not required to complete an AFROTC Form 20, Application for AFROTC Membership. Enrollment in both the AS class and LLAB implies an intent to commission and as such warrants the establishment of an application/WINGS record.

NOTE 2: Non-scholarship GMC applicants are required to complete, and the detachment is required to maintain (at a minimum), the AFROTC Forms 20 and 35, Sports Physical (if no qualified medical examination), the AF Form 2030, the DD Form 2005, the Request and Consent for Release of Student Records and the Drug Demand Reduction MOU. Cadets will remain in “Applicant” status in WINGS until
all enrollment paperwork is complete and appropriate waivers are obtained. Upon completion of all enrollment paperwork and securing of all required waivers, cadets can be placed in “Active” status in WINGS. All enrollment documentation must be completed prior to scholarship nomination or prior to PSP nomination (whichever occurs first).

4.3.2. Each applicant will complete the following:

4.3.2.1. AFROTC Form 20, Application for AFROTC Membership, used to screen applicants for membership into AFROTC. After the AFROTC Form 20 is complete, update the cadet’s information into WINGS.

4.3.2.2. AFROTC Form 35, Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials, is used to document civil involvements and counseling of cadets who have civil involvements. Detachments must still accomplish the AFROTC Form 35 for recertification on the day of and prior to enlistment (reference chapter 4.5.3). For HSSP winners, the AFROTC Form 35 from the HSSP interview will be placed in the UPRG with the new Form 35. It does not replace the requirement to accomplish a Form 35 during application or enlistment.

NOTE: For all cadets in the enlisted commissioning programs, the AF Form 56, Application & Evaluation for Training Leading to a Commission in the United States Air Force, will replace the AFROTC Form 20. Cadets will still need to complete the AFROTC Form 35, Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials, HQ AFROTC will forward the AF Form 56 to detachments for filing in the UPRG.

4.3.2.3. DD Form 93, Record of Emergency Data.

4.3.2.4. AFROTC Form 500, Restrictions on Personal Conduct in the Armed Forces, is used to provide cadets with policy on personal conduct.

4.3.2.5. Request and Consent for Release of Student Records (Attachment .

4.3.2.6. DD Form 2005, Privacy Act Statement – Health Care Records (2 copies; one for applicant and one for record).

4.3.2.7. AF Form 2030, USAF Drug and Alcohol Abuse Certificate [not required for Scholarships for Outstanding Airmen to ROTC (SOAR), Airmen Scholarship Commissioning Program (ASCP), and POC Early Release Program (POC-ERP); reference AFI 36-2013, Officer Training School (OTS) and Enlisted Commissioning Programs (ECPS)].

4.3.2.8. AF Form 3010, USAF Statement of Understanding for Dependent Care Responsibility.

4.3.2.9. Air Force Dependency Policy Statement of Understanding (Attachment 14).
4.3.2.10. Detachment personnel must verify US citizenship by reviewing the original and filing a copy of the birth or naturalization certificate (if applicable). Cadets must also reveal whether they are dual citizens. Annotate on the copy “verified with original document” and date/sign the file copy.

4.3.2.11. Social Security Card. Annotate on the copy “verified with original document” and date/sign the file copy.

4.3.2.12. Drug Demand Reduction Program (DDRP) MOU (Attachment 11). NOTE: When contracting and new student orientation occur on the same day, the AF Form 1056, AFROTC Contract, is the source document for the DDRP and the MOU is not required.

4.3.2.13. DD Form 2983, Recruit/Trainee Prohibited Activities Acknowledgment.

4.3.3. Completed by Detachment personnel: AFROTC Form 26, AFROTC Cadet Record Inventory Section 1 – 4, is used to inventory applicable administrative documents. AFROTC Form 63, AFROTC Enrollment / Enlistment Checklist, is used to document AFROTC membership eligibility.

4.3.4. Initiate a new record for previously disenrolled cadets when there is a break in participation. Retain the original UPRG, for one year. If a cadet returns to AFROTC program and meets all eligibility criteria for entry, re-accomplish the following forms: AF Form 2030, AF Form 3010, AFROTC Form 500, AFROTC Form 63.

4.4. Age.

4.4.2. Minimum age for:

4.4.2.1. Program entry is 14.
4.4.2.2. Enlistment is 17.
4.4.2.3. Commissioning is 18.

4.4.3. Maximum age limits:

4.4.3.1. Cadets in a rated category must commission before their 29th birthday to allow AFPC time to schedule appropriate training class prior to age 30 (a cadet normally enters into training 8-12 months after commissioning). Age restriction for rated duty is not waiverable.

4.4.3.2. Non-rated cadets must commission by age 31 (up to age 35 with waiver).
4.4.4. When submitting cadets for enrollment allocations, ensure that they will meet the age limits IAW paragraphs 4.4.1 and/or 4.4.2.

4.4.5. Age waivers non-rated are restricted to high quality cadets. Detachment Commanders may waive the maximum age restriction for applicants who meet one of the academic Outstanding and Deserving (O&D) criteria (see Figure 4.1) and can be commissioned prior to age 34. Submit a WINGS trouble ticket for waiver updates within Detachment Commander authority. HQ AFROTC/RRF may waive those applicants who do not meet the O&D criteria and can be commissioned prior to age 34, however waivers will only be approved for exceptional candidates. Submit age waiver requests via AFROTC Form 22.

4.4.5.1. HQ AFPC may waive the maximum age restriction for individuals scheduled to commission after age 34 but prior to age 35 (commissioning only). Title 10 USC, Section 8355 prohibits commissioning or active duty entrance after age 35, except for nurses, who can commission up to age 42.

4.5. Adverse Involvements with Civil, Military, or School Authorities.

4.5.1. Officer candidates must be morally and financially sound. When there are questions concerning an applicant’s suitability, the Detachment Commander may consider waiver of the prior unsuitable incident or request a waiver through AFROTC/RRF IAW the guidance below. The procedures and documents listed below will facilitate administrative processing of involvements and provide tools for evaluating character traits for officer candidates. AFROTC cadets are not subject to UCMJ jurisdiction, therefore Article 31 of the UCMJ does not apply nor does the constitutional prohibition against compelled self-incrimination for the purpose of entry into the program. AFROTC cadets will continue to use the AFROTC Form 35 and AFROTC Form 4.

4.5.2. Civil Involvement Guidance for AFIT, AECP, and NECP students. AFIT, AECP and NECP students are not cadets. They are active duty members and fall under UCMJ authority. Under Article 31, UCMJ, compulsory self-incrimination is prohibited. No military member may interrogate, or request any statement from a person suspected of an offense unless the suspect is advised of their Article 31 rights and waives those rights. Investigative actions for AECP and NECP students will mirror those for any other active duty member. They may not be required to report civil involvements on an AFROTC Form 35, Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials, and AFROTC Form 4, Affidavit Civil Involvement, because such reporting requirements violate Article 31, UCMJ. Although they fall under UCMJ authority, they can be dismissed from the AECP/NECP program for failing to meet academic requirements, active duty requirements or commissioning standards.
4.5.3. The AFROTC Form 35 is the basic document used to record cadet civil involvements.

4.5.3.1. Upon application to AFROTC, the Detachment Commander or their designated representative must initially counsel applicants that they are required to report all involvements with civil, military or school authorities, regardless of the severity, disposition, or the date of the involvement. If doubt exists as to the need to list an involvement, it must be listed to preclude future question regarding omissions.

4.5.3.2. Any offense, violation of law or ordinance, or any other incident causing adverse involvement or contact with civil, military, or school authorities as an adult or juvenile is an involvement for AFROTC purposes and must be reported. This includes violations of school honor code; prior-service UCMJ/Article 15 actions; and administrative discharge, demotion, or letters of reprimand while in government or military service. Any adverse involvement affecting a cadet or an applicant for membership in AFROTC, regardless of the outcome or date of the offense, must be considered under this section to determine whether the involvement disqualifies the applicant for enlistment or continuation in the AFROTC program. Once initially certified, the individual's AFROTC Form 35 becomes a permanent record; do not alter or re-accomplish it for any reason. Subsequent involvements must be added to the original AFROTC Form 35. Add additional AFROTC Forms 35 as needed.

4.5.3.3. Cadets must report all involvements regardless of final disposition. When a single incident results in more than one offense, consider each charge a separate involvement and list on the AFROTC Form 35 as a separate entry. A finding of not guilty or advice by an attorney or court official to consider the record as clear does not constitute authority to omit the involvement from the AFROTC Form 35. This includes involvements that resulted in state-sealed records or expungement relief with respect to juvenile records.

4.5.3.3.1. When listing events on the AFROTC Form 35, have cadets provide details to show the significance of the event. For example, when listing speeding, the cadet MUST indicate the speed he/she was traveling and the speed limit. This gives the Detachment Commander and reviewing authorities a clear picture of the cadet’s behavior.

4.5.3.4. The Detachment Commander must sign all AFROTC Forms 35 that list civil involvements.

4.5.3.4.1. A completed AFROTC Form 35 without ANY involvements listed does NOT require the Detachment Commander’s signature. In this instance, any cadre member may sign the AFROTC Form 35.

4.5.4. Brief the cadet that they must continue to report all subsequent civil involvements to the detachment within 72 hours after the initial involvement occurs. For involvements that occur during school break periods of more than 72 hours, the individual may wait to report the involvement NLT 72 hours after their return to classes following the break. **NOTE:** The disposition information must be updated within 72 hours of final disposition.
4.5.4.1. Late reporting of civil involvements, when voluntarily reported by the cadet, does not constitute "failure to report." Detachment Commanders may award a CE for failure to report within the 72 hour timeframe; however failure to report within 7 days is considered excessively late and should result in a CE. Have the individual enter the involvement on the AFROTC Form 35 and prepare an AFROTC Form 4, describing the incident and the reason it was not reported if an individual fails to report an involvement within the required timeframe due to an “honest” oversight. Attach the AFROTC Form 4 to the AFROTC Form 35. NOTE: AFROTC/RRF waiver approval for the underlying civil involvement is only required if the conduct is not within the Detachment/CC's waiver authority (reference Table 4.2).

4.5.4.1.1. If the failure to report the incident was an effort to minimize the impact of the civil involvement by showing the reduced charge obtained through a plea bargain or other court action, consider this a failure to report and issue a CE for failure to report in a timely manner and counsel the cadet via the AFROTC Form 16. Have the cadet complete the AFROTC Form 35 and prepare an AFROTC Form 4, describing the incident and the reason it was not reported.

4.5.4.1.2. The Detachment Commander can initiate a disenrollment investigation if he/she believes the failure to report the involvement in this case constitutes an integrity violation or is a culmination of other failures to meet military retention standards.

4.5.4.2. If a cadet failed to report an involvement in an effort to deceive detachment personnel, this is considered an integrity violation, and the cadet must be investigated for disenrollment. Have the cadet enter the involvement on the AFROTC Form 35. If the cadet is a non-contract cadet, have the cadet prepare an AFROTC Form 4. A contract cadet will have the opportunity to provide a statement during the disenrollment investigation process.

4.5.5. AFROTC Form 4, Affidavit Civil Involvement. When required, the individual must prepare an AFROTC Form 4 based on the involvement originally cited by the law enforcement agency, not the lesser offense, if the charge is reduced. AFROTC Form 4 is used to get an account of the what, when, how and where of any civil involvement. Multiple involvements may be explained in a single affidavit; however, each separate charge must be clearly addressed. Affidavits must be subscribed and sworn to before a detachment officer or another official authorized to administer oaths and filed in the cadet’s UPRG. Affidavits are required to explain any involvement listed in Attachment 13, Category 4 or any civil involvement that requires an AFROTC/RRF waiver.

4.5.5.1. For alcohol-related incidents, the AFROTC Form 4 must include the amount consumed, over what period of time, the time between last consumption and the civil involvement, field sobriety test results, blood alcohol content, breathalyzer results, etc.
4.5.5.2. For drug-related incidents, the AFROTC Form 4 must include dates and circumstances surrounding each occurrence, total number of times used, specific drug or combination of drugs used, effects produced, and a description of any residual effects.

4.5.6. Corroboration and AFROTC Form 14, *Law Enforcement Inquiry*. The cadet must give express, written consent for all necessary corroboration for civil involvements of cadet applicants. The AFROTC Form 14 supports this purpose.

4.5.6.1. Corroboration of Involvements. Obtain statements from civil, military, or school authorities describing the officially recorded facts and disposition using the AFROTC Form 14. Follow up by tracer, letter, or telephone conversation if statements are not made available in response to initial written requests. Place initial requests and all records of follow-up action in the cadet’s UPRG. If corroboration is not available and a waiver is required, the cadet’s statement will be used in lieu of corroboration. If the laws of the state where the involvement occurred prohibit the release of corroboration and the reply from the local authorities to the corroboration request states the specific law, make an entry in the remarks section of the AFROTC Form 35 citing the appropriate authority (e.g. ARS 1127).

4.5.6.2. Record of Corroboration. Corroboration must be obtained through police authorities. If this is not possible, obtain a certified copy of the court records whenever a police agency refuses to corroborate the circumstances surrounding a charge. The court proceedings are a matter of public record and cannot be withheld except in a few cases where a first-offender law is applied.

4.5.6.3. Costs. The cadet is responsible for any expenses associated with obtaining required records. If necessary, the cadet should contact the clerk of the court and request the certified copies, pay all fees, and have the document sent directly to the detachment. In most cases, individuals are able to obtain their own records that have been sealed under a first-offender law. If court records are not available, attach correspondence addressing this situation to the waiver request. Letters from prosecutors or clerks of court explaining disposition of charges are satisfactory. Letters from defense counsel on behalf of the applicant or cadet are not adequate corroboration.

4.5.7. If any discrepancy exists between the entries on the individual's AFROTC Form 35, the AFROTC Form 4, and the AFROTC Form 14, allow the individual an opportunity to explain, in writing, before further action is taken. Attach a copy of the individual's explanation to the AFROTC Form 35. If it appears there has been an attempt to conceal the seriousness of an involvement, the Detachment Commander must initiate an investigation for disenrollment (contracted) or dismissal (non-contract).

4.5.8. Waiver of Civil Involvement.

4.5.8.1. A total of 10 independent civil involvements, or five independent civil involvements within the previous 18 months, is unacceptable for entry or retention in AFROTC. Additionally, Detachment Commanders should not continue to waive a series of significant involvements of a similar nature. For example, if a cadet continues to
receive speeding tickets for clearly excessive speeds that represents willful disregard for the law, retention in AFROTC would not be appropriate since the individual in question has not modified their behavior after counseling.

4.5.8.2. Detachment Commanders have waiver authority for non-criminal involvements and for minor misdemeanor criminal involvements listed in Attachment 13. Any involvements not listed in or not similar in nature to those listed in Attachment 13 must be forwarded to AFROTC/RRF for waiver consideration via AFROTC Form 22. To determine the waiver authority for an adverse involvement, the offense should be characterized as it was charged in the original indictment, complaint, notification, or other charging document, even if a less serious offense is ultimately adjudicated. For example, a DUI charge that is later reduced to Careless Driving may not be waived by the Detachment Commander. Contact Holm Center/JA if in doubt about the misdemeanor or felony classification of a criminal charge. If no charges were filed or the case was dropped, Detachment Commander can waive involvement (category 4 or 5) as long as corroboration was requested and documented.

4.5.8.3. Detachment Commanders should contact HQ AFROTC/RRFP if they have any concerns in interpreting whether or not an involvement is waiverable and if the proposed waiver action is consistent with similar actions across AFROTC.

4.5.8.4. Detachment Commanders may not waive involvements listed in Attachment 13, Category 4, until they have examined any available evidence (including police reports) and/or the court or administrative report. Once corroboration is received, the Detachment Commander can make a determination on whether to grant the waiver. The cadet MUST notify the Detachment Commander once the Category 4 involvement has been resolved. “Resolved” is defined as conviction, acquittal, dismissal of charges, placement into a pretrial diversion program, dismissal after compliance with imposed conditions, or final determination of action by an administrative authority. Once the case is resolved, the Detachment Commander must document that the original waiver decision still stands on the AFROTC Form 35. If the Detachment Commander no longer supports a waiver based on court resolution, initiate a disenrollment investigation (contracted) or dismissal (non-contract). Examples of changes in the original waiver decision can include new information that came out in the final court proceedings, significant court-levied restitution, etc.

4.5.8.5. Detachment Commanders must base their waiver decisions on the original event triggering the civil involvement, not necessarily the adjudicated results of the case. Detachment Commanders must base their decisions on their independent determination of the facts, based upon the evidence available to them. Acquittal, dismissal of charges, nolle prosequi, expunged record or pretrial diversion does not negate the significance of the underlying conduct. Consider the following mitigating circumstances in detachment decisions: immaturity attributable to age at the time of the offense, isolated nature of the conduct, circumstances surrounding the offense, and transitory conditions contributing to the conduct (divorce, serious illness or death in immediate family, etc.).
4.5.8.6. Cadets may not be contracted until all civil involvements have been resolved via the appropriate waiver authority. Except for completion of community service, suspended sentences, and restraint for non-waiverable offenses, a 3-month waiting period is required prior to contracting a cadet following termination or completion of parole, probation (supervised or unsupervised), suspended sentence, or any period of confinement or restraint (legally imposed restrictions, such as confinement, suspended sentence confinement, parole, probation (supervised or unsupervised), work detail, pretrial confinement, restrictions from freedom of movement, periods of imposed community service, or required reporting to probation officer or other official.

4.5.8.7. For all civil involvements which require a waiver from AFROTC/RRF, detachments must obtain corroboration, (e.g., police reports, charging documents indictment, ticket, etc.) and court disposition documents (court record of conviction, dismissal, etc.). See paragraph 4.5.6. above.

4.5.8.8. Cadets pending AFROTC/RRF evaluation for adverse involvements are not eligible for scholarship activation, enlistment, enrollment allocation, FT attendance or commissioning until waivers are approved and the commander signs the AFROTC Form 35.

4.5.8.9. Whenever a waiver of a civil involvement is granted, counsel/document on the AFROTC Form 35. Cadets must initial the counseling statement on the AFROTC Form 35.

4.6. Alcohol Use and Abuse.

4.6.1. AFROTC enforces a strict alcohol use and abuse policy.

4.6.2. Unlawful possession or consumption of alcohol; including Minor in Possession (MIP). Detachment Commanders may waive ONE incident of unlawful possession or consumption to include “Minor in Possession,” or its local equivalent that was the result of a civil involvement for GMC and POC cadets. Waiver for this incident must not involve any other charge, like using a false ID to obtain the alcohol. A CE MUST be issued with the Detachment Commander waiver if the event occurred while the cadet was contracted in the AFROTC program. If the event occurred prior to entry in the program, no CE is warranted but the Detachment Commander can grant the appropriate waiver. The waiver of a pre-AFROTC MIP charge counts toward the one incident waiverable by the Detachment Commander. All waivers must be appropriately documented on the AFROTC Form 35 and the cadet must be counseled via the AFROTC Form 16 that future alcohol-related incidents will result in investigation for disenrollment or dismissal from AFROTC if a waiver is not granted by AFROTC/RRF. (Reference paragraph 4.5.5.1, Attachment 13 and Table 4.2)

Cadets (GMC or POC) who self-report a minor in possession that did not result in a civil involvement will receive a CE and stern warning that any future alcohol-related incidents will result in dismissal or investigation for disenrollment; Detachment Commander waiver is also required.
4.6.3. All alcohol-related incidents, other than those described in paragraph 4.6.2, require a AFROTC/RRF waiver.

4.6.4. Purchase of alcohol for a minor. The purchase of alcohol for a minor, supplying alcohol to a minor, or taking no action to stop the supplying of alcohol to a minor in situations under their control (example: hosting party at their house/apartment, bringing alcohol to tailgate and not controlling it thereby allowing minors to obtain alcohol) will require an AFROTC/RRF waiver. Issue a CE and submit waiver request to HQ AFROTC/RRFP. Should the waiver not be approved, non-contract cadets will be released from AFROTC and contract cadets will be investigated for disenrollment.

4.6.5. Alcohol Related Incidents. When considering the severity of any alcohol-related incident, the following circumstances WILL NOT be waived.

4.6.5.1. Excessive Blood Alcohol Content (BAC). AFROTC policy defines excessive BAC as .12 or higher. If the individual refused to submit to a breathalyzer test, BAC level will be based on information provided in the incident report.

4.6.5.2. Incidents where person lost consciousness.

4.6.5.3. Incidents where the individual was hospitalized for medical treatment.

4.6.5.4. Incidents that include violence, resisting arrest, not cooperating with authorities.

4.6.5.5. Incidents that include property damage of any kind or injury to another person.

4.6.6. Multiple alcohol-related incidents will be reviewed very closely when considering waiver requests. Multiple events that show an increase in alcohol use/abuse will not be waived. Alcohol incidents prior to coming to AFROTC will be considered in making the waiver decisions for multiple alcohol-related incidents, as well as those occurring while members of AFROTC. For example, if a Detachment Commander has waived a MIP charge and the cadet later receives a DUI, a waiver is not warranted as the cadet has shown poor judgment with respect to alcohol and has not learned from the first event.

4.6.7. Detachment Commanders must look closely at the charge, corroboration, and cadet statement. On a few occasions, authorities may charge an individual with a higher/lesser charge which will not include the charge of an alcohol-related incident. However, when reading the corroboration or student statement the fact that the individual was under the influence of alcohol can be determined. This is considered an alcohol-related incident for AFROTC waiver consideration. List it as such on the AFROTC Form 35. For example, a cadet may be charged with trespassing. This would be the charge initially listed on the AFROTC Form 35. After obtaining corroboration, the police report says the individual was also inebriated. This event is now considered an alcohol-related incident for waiver consideration and must be identified as such on the AFROTC Form 35, even if waiverable by the Detachment Commander.
4.6.8. Detachment Commanders may waive only those alcohol-related involvements listed in Attachment 13. Detachment Commanders may deny waiver consideration or submit waiver requests to AFROTC/RRFA via AFROTC Form 22, as they deem appropriate (reference AF Form 2030, definition of terms section, for a description of alcohol abuse).

4.6.9. Voluntarily Reported Alcohol Abuse. Whenever a cadet voluntarily reports chronic alcohol abuse, independent of an involvement that must be recorded on an AFROTC Form 35, determine whether to dismiss (non-contract) or investigate for disenrollment. Do your best to help them with their problem, starting with counseling services available at the university.

4.6.10. Independent Evidence of Alcohol Abuse. When evidence of chronic alcohol abuse is brought to the attention of the Detachment Commander by a third party, contact Holm Center/JA for advice on the appropriate course of action based on assessment of evidence and allegations.

4.7. AFROTC Substance Abuse, Hemp Derivative and Drug Demand Reduction Policy.

4.7.1. Drug Abuse Orientation. AFI 44-121, Alcohol and Drug Abuse Prevention and Treatment (ADAPT) Program, is the basic directive that prescribes the drug abuse policy.

4.7.1.1. The general rule is that applicants are not eligible for service in the Air Force if they have ever used, possessed, manufactured, or distributed any illegal drugs. The Air Force also has a policy that precludes its members from using any hemp derivative. Brief each applicant upon completion of the AFROTC Form 20 on the United States Air Force Drug Abuse Policy. Use the AF Form 2030 to screen applicants and cadets for drug abuse and, as a minimum, explain each item on the AF Form 2030, especially the fact that any future use (also known as post-orientation) is disqualifying (non-waiverable). During the HSSP interview, detachments will use the AF Form 2030 to screen high school scholarship applicants.

4.7.1.2. Ensure the applicant understands the importance of listing required information when completing the AF Form 2030. Revealing pre-orientation drug use later, even if it were originally waiverable, may result in disenrollment or dismissal from AFROTC based on fraudulent entry.

4.7.2. Drug Demand Reduction Program (DDRP). HQ AFROTC executes the Department of the Air Force’s Zero Tolerance policy on illicit drug use and will enhance cadets’ training experience by introducing them to the DDRP. Therefore, all cadets pursuing a commission are subject to random drug testing any time after program entry during the school year or at FT. Accordingly, they are required to sign a DDRP MOU (Attachment 11) upon program entry. **NOTE:** When contracting and new student orientation occur on the same day, the AF Form 1056 is the source document for the DDRP program and the MOU is not required.

4.7.2.1. Failure to Comply/Report. Unless an authorized excusal exists, failure to comply or report for a mandatory urinalysis test will be considered an unauthorized absence and will result in individual command-directed screening or
dismissal/disenrollment from the AFROTC program. Additionally, administrative action in the form of a CE may result.

4.7.2.2. Positive Testing. Any individual testing positive on a urinalysis test will be investigated for disenrollment or dismissed from the AFROTC Program IAW Chapter 11 of this instruction. All appeals will follow normal guidance.

4.7.3. AF Form 2030 Initial Preparation. HSSP applicants will complete the AF Form 2030 during their interview. The AF Form 2030 will be maintained in WINGS and forwarded to RRUC with the interview.

4.7.4. Evaluation of Drug Use or Abuse. When an applicant has indicated any illicit drug usage on the AF Form 2030, the following procedures apply:

4.7.4.1. Individual Evaluation Request. Have the applicant provide a handwritten statement in the Remarks Section of the AF Form 2030 concerning the circumstances of each drug use occurrence. If necessary, continue on a separate page and attach it to the cadet’s AF Form 2030 that will be filed in the UPRG. On the top and bottom of each page of the handwritten statement, print or stamp “FOR OFFICIAL USE ONLY,” and treat as Privacy Act information.

4.7.4.2. As a minimum, have applicants include the following for each illicit drug use occurrence:

4.7.4.2.1. Dates and circumstances surrounding each occurrence. Include specific reasons for the incidents and total number of times used. NOTE: Taking a total of 8 “inhalations” during an around-the-circle smoking game is ONE incident, not eight.

4.7.4.2.2. Specific drug or combination of drugs used.

4.7.4.2.3. Describe any residual effects.

4.7.4.2.4. Indicate current feelings toward usage and whether or not applicant would use them again.

4.7.4.2.5. Include any other information that would be helpful in evaluation of waiver.

4.7.4.2.6. Sign and date the statement.

4.7.5. Drug Use Waivers.

4.7.5.1. Waivers are permitted only for qualified applicants whose pre-application drug usage was limited in frequency and scope and unlikely to recur.

4.7.5.2. Detachment Commander Waivers. Detachment Commanders may waive use of marijuana provided no civil involvement other than possession and was limited in frequency as defined below.
4.7.5.2.1. Use limited to 5 times or less. Detachment Commander may waive use of marijuana or synthetic cannabinoids provided no civil involvement other than possession.

4.7.5.2.2. Use the applicant’s statement, along with a personal interview, to determine if the requirements are met. The Detachment Commander will sign and date statements. For AFROTC policy for HSSP recipients, see paragraph 4.8. Authorize program entry by annotating in the remarks section of the AF Form 2030 with the following statements:

4.7.5.2.2.1. “Pre-application limited experimental use of marijuana or synthetic cannabinoids unlikely to recur. I waive the use and grant program entry.”

4.7.5.2.2.2. “Member has been briefed and agrees to abide by Air Force policy regarding the prohibited use of illegal drugs. Program entry is authorized.”

4.7.5.3. The Detachment Commander may decide not to grant a waiver for substance abuse.

4.7.5.4. Waivers for drug use beyond the authority of Detachment Commanders may be submitted to AFROTC/RRF.

4.7.5.4.1. AFROTC/RR may consider granting a waiver for use of other drugs as outlined in AFI 36-2002, *Regular Air Force and Special Category Accessions*. Currently, use of amphetamines, barbiturates, or anabolic steroids may be waived. No other drugs (to include using someone else’s prescription) will be considered for a waiver.

4.7.5.4.2. HQ AFROTC/RRFP will not consider waiver requests for the illegal use or possession of more than one drug or grant waivers for manufacturing or distribution.

4.7.5.4.3. If an applicant indicated on their statement that they did not know the substance they were using was an illegal drug, the Detachment Commander may submit a waiver request to AFROTC/RRF even though the drug is not on the list of waiverable drugs. Be certain the applicant includes on the AF Form 2030 an explanation of why they did not know they were ingesting an illegal drug and what residual effects or flashbacks they have experienced. The intent of this paragraph is to consider a waiver for individuals who were unknowingly drugged by someone else. It is not intended to waive “I knew it was a drug, but I did not know which drug.”

4.7.5.4.4. Independent Evidence of Drug/Hemp Use. When evidence of an applicant’s/cadet’s drug/hemp usage is brought to the attention of the Detachment Commander by a third party, the Detachment Commander must contact Holm Center/JA for advice on the appropriate course of action based on assessment of evidence and allegations. After consulting with Holm Center/JA, the following actions apply:
4.7.5.4.4.1. Gather and verify available independent evidence.

4.7.5.4.4.2. The Detachment Commander will counsel the applicant/cadet via AFROTC Form 16 that evidence has been received of alleged drug/hemp usage.

4.7.5.4.4.3. The Detachment Commander will ask the applicant/cadet for an explanation. Document all comments.

4.7.5.4.4.4. If the applicant/cadet admits the alleged drug/hemp usage, dismiss (non-contract) or investigate for disenrollment. If the applicant/cadet denies the alleged drug/hemp usage, contact Holm Center/JA to evaluate the evidence for possible dismissal. Closely monitor retained cadets.

4.7.5.5. Drug Abuse or Use of Hemp Derivative after Orientation.

4.7.5.5.1. Cadets are not eligible for enlistment or commissioning if they use illegal drugs as defined in AFI 44-121, Alcohol and Drug Abuse Prevention and Treatment (ADAPT) Program, or use of hemp derivatives or synthetic cannabinoids (e.g. “Spice), following orientation to the Air Force Drug and Alcohol Abuse Policy as documented on the AF Form 2030. This is not waiverable. Prescription drug use without a prescription is also considered illegal drug use and will result in disenrollment.

4.7.5.5.2. Contract Cadets. Conduct a disenrollment investigation on a cadet who violates this policy. Initiate the investigation for failure to maintain military retention standards and ascertain all facts and circumstances pertaining to the violation. Do not request a waiver of the disenrollment process (reference Chapter 11,).

4.7.5.5.3. Non-contract Cadets: Drop or place in Special Student Status any cadet who violates this Air Force Policy. Counsel cadets via AFROTC Form 16 for failure to maintain military retention standards.

4.7.5.5.4. Following orientation, drug use brought to the attention of the Detachment Commander by a third party must be reviewed and a course of action assessed. Contact Holm Center/JA for guidance.

4.8. Drug Use and/or Alcohol Use/Abuse or New Civil Involvements Waivers for High School Scholarship Program (HSSP) Recipients.

4.8.1. Detachment Commanders cannot waive drug use or alcohol use, Category 4 or 5 civil involvements identifying alcohol or drug use or abuse on the AF Form 2030 and AFROTC Form 35 for HSSP recipients. These waivers must come to AFROTC/RRU for approval. The rationale is to ensure the scholarship was not obtained through fraudulent means by failing to identify drug use during the scholarship interview.

4.8.2. AFROTC policy is to withdraw the scholarship offer for students who failed to properly disclose civil involvements and for drug or alcohol abuse that occurred prior to the
HSSP interview. These scholarships are considered obtained under fraudulent circumstances since the student failed to obtain a required waiver.

4.8.3. Drug use or alcohol abuse after the scholarship interview is considered “post orientation” since the AF Form 2030 is certified during the interview. IAW the AF Form 2030, Section III, Paragraph II, “any drug use (including marijuana) or any alcohol abuse as described above, FROM THIS DATE FORWARD, renders me ineligible for the Air Force”. Therefore, scholarship offer is withdrawn and applicant is not eligible for AFROTC.

4.9. Family Members.

4.9.1. For a definition of “family member,” refer to AFI 36-2908, Family Care Plans.

4.9.2. AFROTC Applicants or non-contract cadets with family members incapable of self-care. AFI 36-2011, AFROTC Program, requires all contracted members to meet AF enlistment standards in AFI 36-2002, Regular Air Force and Special Category Accessions.

4.9.2.1. Enlistment- An AFROTC cadet who has a dependent incapable of self-care and is single, divorced, separated or married to a military spouse, must have an approved Family Care Plan completed IAW AFI 36-2908, Family Care Plans, before enlistment.

4.9.2.1.1. AFROTC cadets with more than two dependents under the age of 18 who are incapable of self-care are not eligible for enlistment.

4.9.2.1.2. Waivers may be requested to permit accession of applicants with up to one additional dependent (maximum total of three dependents under the age of 18 who are incapable of self-care) for enlistment. Dependency waiver authority may be delegated no lower than the respective AFROTC Region Commander. Applicants must provide a detachment commander approved family Care Plan IAW AFI 36-2908 prior to approval of any dependency waiver.

4.9.2.2. Commissioning- There are no dependency restrictions for AFROTC cadets so long as a cadet who has a dependent incapable of self-care and is single, divorced, separated or married to a military spouse, has a current and approved Family Care Plan completed IAW AFI 36-2908, Family Care Plans, prior to and as of the day of commissioning.

4.9.2.3. Waiverable. A waiver may be considered for an applicant wishing to enlist in pay grade E-3 or lower who is married to a civilian spouse, has two or more family members incapable of self-care, and is normally ineligible for enlistment. Waiver authority is AFROTC/RR.

4.9.3. Detachment Commanders are authorized to approve Family Care Plans in accordance with paragraph 4.9.2. Detachment Commanders must counsel the contract cadet according to AFI 36-2908 and ensure the cadet fully understands the Air Force policy on the relationship between family care responsibilities and accomplishment of military duties, both in peacetime and during contingency operations. Ensure that the Family Care Plan is reasonable and usable. For example, listing another cadet as a care provider is not reasonable
since the other cadet is also required to attend AS classes and LLab at the same time the cadet with dependent(s) must attend.

4.9.3.1. Cadets will complete and maintain an AF Form 357, Family Care Certification IAW AFI 36-2908. The AF Form 357 must reflect time spent in AFROTC. Additionally, cadets must annotate the dependency situation on the AF Form 3010 (signed/dated by the cadet and an AFROTC representative). NOTE: Attachment 14, Statement of Understanding, must be recertified by cadet and an AFROTC representative at time of enlistment (or any time change in dependency status occurs).

4.9.3.2. The Detachment Commander, if satisfied with the cadet’s family care arrangements, prepares and signs the following statement: “The applicant’s family care arrangements are valid and will adequately cover the time period the applicant spends in AFROTC. File statement in Section I of the UPRG. If the Detachment Commander is not satisfied with the validity of the cadet’s family care arrangements, the commander will initiate a disenrollment action for failure to maintain military retention standards or det drop.

4.9.4. Ensure that all applicants and cadets complete and recertify the AF Form 3010 and Air Force Dependency Policy Statement of Understanding (Attachment 14) at the appropriate times, (e.g., upon application, just prior to enlistment, prior to commissioning, and any time a change in dependency status occurs).

4.10. Air Force Officer Qualifying Test (AFOQT) Requirements.

4.10.1. The minimum scores required to commission are Verbal-15 and Quantitative-10. AFOQT scores are percentiles, so a score of 15 in the verbal portion means the person was in the bottom 15 percent of people taking the test.

4.10.2. Timing. All cadets must take the AFOQT NLT 31 December of their AS200 year, however, cadets are discouraged from taking the AFOQT prior to their sophomore year in college. The AFOQT was designed for 3rd-year college students and students in their freshman year typically have taken fewer college-level courses in preparation for the test. Cadets who elect to test in their freshman year should be counseled beforehand on the limited number of authorized attempts.

4.10.3. Retests: Cadets may retest at least 150 days after the previous attempt (for test preparation). The second test (or first retest) can be taken no earlier than the sophomore year.

4.10.3.1. When a second retest (third attempt) is authorized, the retest will be accomplished between the start of AS300 class and 31 December of that year. NOTE: The overall intent is that a cadet could potentially test twice in their sophomore year and once in the first semester of their junior year.

4.10.3.1.1. To accomplish a second retest (third attempt) an AFROTC Form 22 waiver package will be initiated by the Detachment Commander and routed through AFROTC/RRFA for AFPC approval/disapproval. Include the below items as well as
the standard required documents when submitting the Form 22 waiver for consideration.

4.10.3.1.1.1. To be considered for a second retest (third attempt) the cadet will be required to provide proof of at least one college level course (with a passing score) in a subject relevant to the portion of the AFOQT failed or at least one SAT/ACT preparatory course following the last AFOQT failure (Example, cadet failed the verbal portion of the AFOQT; cadet will then be required to complete a college level English course and show proof it was completed/passed before a waiver will be considered) or a minimum of 24 hours of one-on-one tutoring in a subject relevant to the portion of the AFOQT failed. Ideally, the cadet should have taken similar preparation steps prior to their first retake.

4.10.3.1.1.2. Cadet will be required to write a memorandum indicating why he/she should be allowed an opportunity for a second retest.

4.10.4. Scholarships. Scholarships previously activated are not affected by first-time AFOQT verbal and/or quantitative failures. Second-time AFOQT verbal and/or quantitative failures will result in scholarship suspension.

4.10.5. POC Selection Process (PSP). Failing the AFOQT is not a disqualifier for the POC Selection Process (PSP), but cadets awarded an EA will not attend FTU (they will be deferred) or enlist (contract) until AFOQT qualified. Cadets must have AFOQT scores to be eligible to compete for PSP.

4.10.5.1. Exception: Cadets contracted as freshmen, i.e. before taking the AFOQT, are already enlisted, but will not be able to attend FTU until AFOQT qualified.

4.10.6. ICSP/CICS Nomination and Contracting/Enlistment. Cadets who achieve failing verbal or quantitative AFOQT scores are ineligible for scholarship nomination, award, activation or contracting into the POC. Cadets in this situation, upon POC entry, will be placed in pursuing status for one semester. Cadets placed in pursuing status for failing AFOQT scores must pass the AFOQT NLT the 31 December of the AS300 year or be “Det Dropped”, unless a waiver is granted.

4.10.7. Contracted cadets. Contract cadets who do not pass the AFOQT prior to 31 December of their AS300 year must be investigated for disenrollment and are subject to recoupment or call to EAD.

4.10.8. Re-testing for Rated Categorization. Historical data show a significant increase in the pilot composite score (10-25 percentile points) for cadets who re-took the AFOQT prior to the rated categorization board. Based on these results, AFROTC/RR authorizes a voluntary retest of the AFOQT for cadets who desire rated categorization and who have only taken the AFOQT once. Retesting of these cadets is highly encouraged but not mandatory.

4.10.8.1. For cadets who barely passed the verbal or quantitative portions of the AFOQT the first time place their qualification at risk if they retake the AFOQT. Taking this test a second time to improve their rated scores opens up the possibility that the
AFOQT verbal or quantitative score might drop below the required verbal or quantitative minimums for program entry. Counsel cadets on the risks before allowing the retest.

4.11. Special Testing Requirements for Non-Native English-Speaking Cadets

4.11.1. Cadets must demonstrate adequate English proficiency before entering the POC and before commissioning. Once a cadet passes the AFOQT, no further language comprehension or proficiency tests are required. If the AFOQT is not passed after two attempts, cadets must take the Defense Language Institute's (DLI) English Comprehension Level (ECL) Test and the Oral Proficiency Interview (OPI) and meet the criteria in Figure 4.2. Cadets must attempt the AFOQT twice before being administered the ECL and OPI. The ECL/OPI option applies ONLY to the Verbal portion of the AFOQT and cannot be used as a substitute for failing scores on the Quantitative portion of the test. Additionally, cadets who have not met the criteria in Figure 4.2 by 90 days prior to commissioning will be investigated for disenrollment.

4.11.2. This section applies only to cadets who have failed the AFOQT twice, who speak English as a Second Language (ESL) and have attended American schools less than five years. Using a second language in the home does not necessarily qualify a student for ESL consideration. Before 90 days prior to DOC/DOG, these cadets must take the ECL and OPI and meet the commissioning criteria in Figure 4.2. Cadets who have not met this criteria will be investigated for disenrollment.

4.11.2.1. ECL Test. Applicants may be referred to the nearest Military Enlistment Processing Station (MEPS) or other agency possessing ECL testing capability. Detachments must limit the ECL testing of cadets to one administration per year.

4.11.2.2. OPI Test. Detachments may schedule a telephonic OPI by contacting the DLI English Language Center at Lackland AFB, TX. Tests are accomplished at no cost to the cadet or detachment.

4.12. Waiver of Disenrollment from Previous Officer Training.

4.12.1. The Detachment Commander may approve waivers for former AFROTC cadets who received a recommendation for future officer training on the DD Form 785, *Record of Disenrollment from Officer Candidate-Type Training*, section IV, blocks 1, 2 or 6.

4.12.1.1. When waiver is granted by the Detachment Commander, document on an AFROTC Form 16 and place in the UPRG.
4.12.1.2. For previously disenrolled AFROTC cadets, contact HQ AFROTC/RRFP to reactivate the cadet’s record in WINGS.

4.12.2. Any cadet who resigns or is eliminated from another commissioning source for an honor code violation, regardless of the recommendation on the DD Form 785 or DD Form 214 will not be allowed to compete for an EA without a waiver. Waiver requests are submitted to AFROTC/RRF through the normal AFROTC Form 22 process; however, AFROTC/CC is the waiver authority.

4.12.3. AFROTC Region Commander is the approval authority for all other waivers of previous disenrollments. In addition to the required attachments, include a copy of the DD Form 785, Record of Disenrollment From Officer Candidate-Type Training; a handwritten and signed statement by the applicant stating the reason for disenrollment; and DD Form 214, Certificate of Release or Discharge from Active Duty, (if previously enlisted or at a Service Academy). A USAFA cadet with an ADSC must provide proof of release from the ADSC from the SAF and HQ AFPC/DPAAES to the Detachment Commander for inclusion in the request.

4.12.3.1. Former Service Academy Cadets. The following statement must be included in their handwritten statement: “I certify that I had no honor code incidents, involvements or resignation in lieu thereof.”

4.12.4. Maintain a copy of all previous DD Forms 4, Enlistment/Reenlistment Document Armed Forces of the United States, of cadets disenrolled from Service Academies or ROTC programs in the cadet’s UPRG. All DD Forms 4 are forwarded to HQ AFPC at time of commission and a Date Initially Entered Military Service (DIEMS) is established.

4.13.1. Applicants who were prior service members of any branch of the armed forces must have their prior service verified prior to granting membership to verify reenlistment eligibility. This verification is accomplished using the DD Form 214.

4.13.2. All DD Forms 214 must have eligibility verified by AFROTC/RRFA (except as indicated in paragraph 4.13.4.). For verification, submit the DD Form 214, Copy 4 (member copy) to HQ AFROTC/RRFA via email to afrotc.rrfa@us.af.mil.

4.13.3. If an applicant has a disqualifying Re-Enlistment (RE) code, you may terminate the application or submit a waiver via AFROTC Form 22 to AFROTC/RRFA. Include a copy of the DD Form 214 and a statement from the individual explaining the reason for release or discharge. If the applicant was discharged for hardship, they must furnish proof of the termination of the condition existing at the time of discharge. NOTE: If the member’s copy of the DD Form 214 cannot be furnished, be sure to include the following information: full name, SSN or service number, date of discharge, and component. As a minimum, the request must include:

4.13.3.1. A personal statement that the hardship no longer exists.
4.13.3.2. Statements by members of the community who are familiar with the hardship conditions confirming the hardship no longer exists.

4.13.3.3. A statement of understanding that another hardship discharge may not be granted for similar reasons if hardship was due to chronic illness of parent or parent-in- law or other immediate family member.

4.13.4. DD Form 214 that does not need to be verified:

4.13.4.1. Active Reserve or Guard members conditionally released for the specific purpose of entering AFROTC.

4.13.4.2. Members entering AFROTC through Enlisted Commissioning Programs (ECP) (Reference AFI 36-2013).

4.13.4.3. While DD Form 214 is not required for enlistment, it must be requested after enlistment in the ORS. This will ensure that all appropriate forms are included in the UPRG for commissioning purposes or in the event that discharge or disenrollment actions become necessary. Guard members with less than 90 consecutive days on EAD will not have a DD Form 214.

4.14. AFROTC Form 48, Planned Academic Program, or Equivalent.

4.14.1. The academic plan is designed to ensure each applicant meets graduation and program completion requirements in a realistic manner while maintaining two years in the POC and within the fiscal year of commissioning indicated on the AF Form 1056. A sound, realistic academic plan is critical to ensuring academic success, is the source document for a cadet’s projected graduation date, and guides the cadet and detachment staff to that graduation.

4.14.1.1. The detachment may develop or use a locally-developed academic program guide in lieu of the AFROTC Form 48. If used, this optional plan must meet the requirements as defined in this section. Detachment personnel must ensure the cadet’s academic program is realistic.

4.14.1.2. Once the academic plan is established, at a minimum, all cadets must have their academic plan reevaluated and recertified by their academic advisor every fall term. This will ensure the cadet is on schedule with their established graduation/commissioning date. The AFROTC Form 48 is not complete until it is certified by a university official.

4.14.1.3. Applicants and cadets wishing to pursue a commission must have a completed academic plan by the end of their first term in AFROTC, prior to competing for a scholarship, or prior to PSP, whichever occurs earlier. This includes the 3-year Type 2 scholarship freshmen who will not activate scholarships until the beginning of their sophomore year.
4.14.1.4. All cadets must have a university-approved/certified academic plan prior to contracting. Exception: 4-yr HSSP cadet activating a scholarship in the fall of the freshman year.

4.14.1.5. Detachment personnel must enter required cadet data into WINGS for all cadets taking AFROTC courses at the time of enrollment.

4.14.1.6. Use the academic plan to determine the appropriate AS class for a cadet. For example, a cadet may have enough hours to be classified as a sophomore with the university, but still have four years remaining to graduate based on his academic plan. In this case, place the cadet in AS100. This increases scholarship opportunities and allows the cadre more time to evaluate the cadet’s officership potential.

4.14.1.7. Completion of the AFROTC Form 48 is a combined responsibility. AFROTC requires support of the university counselor in assisting with the building of a realistic academic plan. The cadre should review the academic plan to make sure it is realistic and achievable based on the student’s past academic performance. Compare the academic plan with the university catalog for the academic degree and discuss with the university counselor if necessary. The ultimate responsibility for a realistic academic plan falls on the student. The cadet should understand their own academic abilities.

4.14.2. Entry into the POC is programmed to permit concurrent completion of degree and commissioning requirements. The individual must program two academic years of full-time study remaining in an accredited degree granting institution upon entry into the POC. The number of credit hours required for full-time student status during any term is the minimum number specified in the institutional catalog. If the institution does not specify a full-time enrollment, HQ AFROTC specifies a minimum of 12 hours for undergraduate level courses and 9 hours for graduate level courses, including AFROTC courses.

4.14.2.1. Time spent in a period of non-attendance (PNA) may be counted as part of the two academic years in those cases when concurrent POC enrollment is authorized.

4.14.2.2. Do not submit applicants for POC membership whose academic programs show they will require a total of more than 1 academic year in completed status.

4.14.3. Individuals whose academic programs show they will require more terms to complete degree requirements than the number for which they are entitled to scholarship benefits, or who will have more than 2 academic years remaining upon POC entry, will be programmed for a period of completed status not to exceed one academic year. PNA is not authorized in lieu of completed status.

4.14.4. See Attachment 15 for instructions on completing the AFROTC Form 48.

4.14.5.1. Retain the complete academic plan in the cadet UPRG. Corrections and revisions are acceptable. Make course changes by adding the new course and lining out or erasing the changed course. NOTE: An AFROTC Form 48 is only considered “complete” when all previously completed course work has been incorporated into the new plan.

4.14.5.1.1. When requesting a new major through AFROTC/RRFA, do NOT discard the old academic plan until the new major has been approved and a new “complete” academic plan has been obtained.

4.14.5.1.2. When releasing the academic plan to the cadet for university reviews, be sure to make a copy, just in case it is lost.

4.15.5.2. Reevaluation of academic plan. Once the academic plan is established, at a minimum, all cadets must have their academic plan reevaluated and recertified by their university academic advisor every fall term. During fall reevaluations, the academic advisor will review the entire academic plan to ensure the cadet is still on schedule to receive a degree and to graduate as indicated on the academic plan or make any necessary changes. Upon reevaluating the academic plan, the academic advisor will sign/date in the “remarks” section of the academic plan in the appropriate fall term the review is conducted.

4.15.5.3. Re-accomplishment of academic plan. A cadet is only required to complete a new academic plan when he/she changes academic major, institutions, or requires a DOG and/or DOC change into a new fiscal year. A reaccomplished academic plan will include previous coursework and detachments will annotate previous cadre term reviews and academic advisor fall term reviews.

4.14.5.4. All scholarship cadets (except Nurses) must accomplish the Academic Plan for Foreign Language or Technical Requirements For Scholarship Cadets (Attachment 7) to supplement the AFROTC Form 48.

4.15. Special Student.

4.15.1. Special students may enroll in AFROTC classes for academic course credit only. They are not to be issued a uniform and do not participate in LLAB, PT or PMT events. Do not enroll a cadet who is pursuing a commission into POC classes without an enrollment allocation. Detachments may enroll cadets pursuing a commission, but not yet qualified to be an active cadet, as applicants. Applicants are authorized PT and LLAB participation provided the detachment has, at a minimum, a sports physical on file.

4.15.2. The following items apply to Special students:

4.15.2.1. They are not authorized to compete in any selection program.

4.15.2.2. They will not receive an EA.

4.15.2.3. They will not be enlisted.
4.15.2.4. They will not be commissioned.

4.15.2.5. They will not be administered the Oath of Allegiance (AFROTC Form 20, page 2).

4.16.1. Non-US citizen students are considered applicants if they intend to pursue a commission. No action is required to remove a student from the program who fails to obtain US citizenship except to update a “Det Drop” in WINGS.

4.16.2. Immigrants, regardless of their country of origin, who have been lawfully admitted for permanent residence, pursuing citizenship in the United States and have in their possession an Immigration Form I-551, Permanent Resident Card, may participate as applicants. Counsel the cadet, via the AFROTC Form 16, to ensure that there is no misunderstanding that being approved to participate in AFROTC (GMC or POC levels) is no guarantee that an EA will be available when citizenship is obtained (see paragraph 4.16.4.1.).

4.16.3. Non-immigrant students (students not intending to establish permanent residence in US), who have been lawfully admitted in the United States and have enrolled and been accepted at host university may participate in AFROTC academic classes as special students. Individuals in this status have acknowledged that they do not intend to apply for US citizenship.

4.16.4. Non-US citizen applicants participating in AFROTC may compete for an EA and FT attendance IAW the following guidelines:

4.16.4.1. Provided the applicant can obtain US citizenship within 12 months after PSP. Place cadets who received an EA and successfully complete FT in pursuing status until receipt of US citizenship. Counsel these cadets that failure to obtain citizenship will result in loss of EA and that satisfactorily completing requirements for citizenship is their responsibility. AFROTC/RRFP will not grant EA changes to next FY to cover delays in obtaining citizenship. Have the applicant sign the following Statement of Understanding on an AFROTC Form 16 in order to compete for PSP without proof of citizenship:

4.16.4.1.1. “I understand that I am within the 12-month point for applying for my citizenship. I also understand that I cannot apply for citizenship until 90 days prior to my citizenship eligibility date. I am competing for an AFROTC enrollment allocation based on this timeframe. I will file for my citizenship 90 days prior to my eligibility. I will provide copies of my citizenship package to the Detachment Commander when filed. If I do not file the package at the 90-day point of my citizenship eligibility date, my enrollment allocation will be withdrawn. If I do not receive my citizenship, my enrollment allocation will be withdrawn.” Non-US citizens cannot be contracted until citizenship is received and verified. Failure to receive US citizenship will result in loss of EA.
4.17. Military Status. AFROTC membership does not confer active duty military status upon cadets. While contract cadets are inactive reservists in the Individual Ready Reserve, they are in civilian status and are not subject to the provisions of the Uniform Code of Military Justice. Status as cadets and reservists can make cadets eligible for certain benefits, such as limited use of morale, welfare, and recreation activities, reimbursement for travel to and from some AFROTC training events, and Air Force-funded medical care for injuries related to AFROTC training. It does not make the cadet eligible for legal services, including support in disenrollment investigations.

4.18. GMC Membership.

4.18.1. Eligible (applicant and active) students who formally participate in AS100 and/or AS200 classes and LLAB while enrolled in school may be members of the GMC and are GMC cadets. Cadets may be members of the GMC as a non-scholarship or scholarship cadet. GMC membership does not guarantee scholarship activation or POC entry.

4.18.2. Enroll cadets into the appropriate AS class level based on the time they have remaining to complete AFROTC and their degree, not necessarily how the university classifies the student. For example, a walk-on cadet is classified by the university as a junior due to the number of class hours completed but still has six semesters remaining until his DOC/DOG. This cadet should be enrolled as an AS250 cadet. Use the academic plan to help you determine the length of time remaining to graduation. DO NOT automatically use the university classification for the student.

4.18.3. Non-scholarship cadets:

4.18.3.1. Remain members of the GMC until they voluntarily withdraw, are dismissed, are placed in Special Student status, or enter the POC.

4.18.3.2. Not selected for an enrollment allocation may continue in both AS classes and LLAB until completion of the AS200 year.

4.18.4. Scholarship cadets remain members of the GMC until they enter the POC or are disenrolled.

4.18.5. Completed GMC (AS500) cadets are non-contract cadets who have completed all GMC requirements and desire to remain in the program for future POC selection consideration. AS500 cadets do not attend AS classes (Exception: SMCs where ROTC classes are mandatory) but must participate in LLAB to a level determined by the Detachment Commander. AS500 cadets are eligible for scholarship nomination and award only if scholarship entitlements are programmed to be activated upon entering the POC.

4.18.6. GMC Counseling. As a minimum, administer term counseling to all non-contract GMC cadets upon program entry and every fall term. GMC cadets on scholarship must be counseled each term.
4.19. GMC Membership Duration.

4.19.1. The GMC normally covers two academic years. However, the Detachment Commander may authorize dual enrollment in the GMC (AS250) if necessary for timing to allow 2 full years in the POC. NOTE: Concurrent enrollment in the GMC and POC is NOT authorized.

4.19.2. Cadets must complete all of the GMC academics prior to FT attendance.

4.20. GMC Accreditation.

4.20.1. If a cadet requests GMC accreditation, the Detachment Commander may accredit the GMC for successful completion of military training as indicated below (counsel cadet on AFROTC Form 16):

4.20.1.1. Cadets with four or more years of academics remaining are ineligible for GMC accreditation without prior AFROTC/RRF approval via AFROTC Form 22 package. If approved, complete memorandum indicating length and type of accreditation granted signed by the Detachment Commander and file in cadet’s UPRG.

4.20.1.2. Military Service. The Detachment Commander may accredit up to the entire GMC for any verified periods of honorable service of 180 consecutive days or more, on extended active duty for training in enlisted status, and where a break in service is less than three years. Time spent in enlisted status while enrolled in an officer-commissioning program qualifies only if the individual was already in enlisted status when they entered that program.

4.20.1.3. High School JROTC. Certification of successful completion of the applicable phases of junior ROTC of any United States Armed Forces (including National Defense Cadet Corps Training) is necessary before granting credit for this type of training. AFJROTC Form 310, AFJROTC Certificate of Completion, or AF Form 1256, Certificate of Training, is the only acceptable documents to verify successful completion of AFJROTC. Similar certificates from the other services or high school transcripts may be used to verify junior ROTC completion in another service. Attach proof of completion to the AFROTC Form 20 and place it in the cadet’s UPRG. The Detachment Commander may grant accreditation as follows:

4.20.1.3.1. Three or four years of junior ROTC is considered equal to one year of the GMC. Normally, this is 2 semesters, 3 quarters, or an equivalent number of academic terms that comprise a maximum of one academic year.

4.20.1.3.2. Two years of junior ROTC is considered equal to one academic term of GMC.

4.20.1.3.3. No credit is given for less than 2 years of junior ROTC.

4.20.1.4. Military High School Junior ROTC (JROTC). The Detachment Commander may accredit the GMC, or portions of the GMC, based on previous JROTC training of
any United States Armed Forces component at a military school. Use the AFJROTC Form 310 to verify completion of 3 or 4 years of AFJROTC. Use the AF Form 1256 along with the individual's military high school transcript, to verify completion of 2 years of AFJROTC at a military school. Similar certificates from the other services or high school transcripts may be used to verify junior ROTC completion in another service. Attach proof of completion to the AFROTC Form 20 and place it in the cadet’s UPRG. After verification of training, Det CC may grant equivalent credit as follows:

4.20.1.4.1. Four years of military school JROTC training is considered equal to the entire GMC.

4.20.1.4.2. Three years of military school JROTC training is considered equal to 3 semesters, 4 quarters, or an equivalent number of academic terms which comprise a maximum of 1 1/2 academic years.

4.20.1.4.3. Two years of military school JROTC training is considered equal to either year of the GMC.

4.20.1.4.4. No credit is given for less than 2 years of JROTC training at a military school.

4.20.2. Senior ROTC (College-Level). The Detachment Commander may accredit, on a term-for-term basis, as much of the GMC as is considered equivalent to previous training received in the senior division of Army or Naval ROTC. Before granting credit for Army or Naval training however, the Detachment Commander will correspond with the appropriate professor of military science (PMS) or professor of naval science (PNS) to ensure Army or Naval records indicate the individual is a satisfactory candidate for AFROTC training based on their past ROTC training. Applicants who have completed only the first or basic FT program of Army or Naval ROTC may be accredited the entire GMC.

4.20.3. Service Academy. The Detachment Commander may accredit, on a year-for-year or term-for-term basis, as much of the GMC as is considered equivalent to previous training at a Service Academy (Army, Navy, Air Force, Coast Guard, or Merchant Marine) or a service academy preparatory school.

4.20.4. Civil Air Patrol (CAP) Awards. The Detachment Commander may accredit portions of the GMC for receipt of a CAP award. Obtain a copy of the certificate of award from the individual, attach it to the AFROTC Form 20, and place it in the cadet’s UPRG. Only the highest award is accredited. The awards are not cumulative.

4.20.4.1. The Carl A. Spaatz Award (may be shown as Phase 4) or the Ira C. Eaker Award is considered as being equal to three semesters, four quarters, or an equivalent number of other academic terms that comprise a maximum of 1 1/2 academic years.

4.20.4.2. The Amelia Earhart Award is considered equal to either year of the GMC.
4.20.4.3. The Billy Mitchell Award is considered equal to any academic term of the GMC.

4.21. Leadership Lab (LLAB) Grade Failures and Field Training Results.

4.21.1. LLAB Grade Failures and PFA. All cadets must attempt the PFA. If a contract cadet receives a failing score on the PFA it does not constitute a failure of LLAB, but does warrant a CE. If a cadet meets all attendance requirements, but fails to attempt the PFA, they will fail LLAB. Waiver requests to retain cadets in AFROTC in spite of LLAB failure must be submitted via AFROTC Form 22 to AFROTC/RRFA.

4.21.1.1. EXCEPTIONS: Contract cadets on medical recheck status unable to take the PFA during the term, and non-contract cadets who have a bona fide medical excuse lasting through the end of the term. For cadets on medical recheck status, refer to guidelines in Chapter 5 and AFROTC Sup to AFI 36-2905.

4.21.1.2. Failure to Meet Standards (Contract) or Make Satisfactory Progress (Non-Contract).

4.21.1.2.1. For contract cadets, the following events constitute a failure to meet AFROTC fitness standards: failure to pass any official PFA or failure to meet PT attendance requirements for the term.

4.21.1.2.2. For non-contract cadets, the following events constitute a failure to make satisfactory progress: failure to attempt an official PFA during any term; three consecutive semesters or five quarters with PFA failures; and/or failure to meet PT attendance requirements for the term.

4.21.2. Counseling requirements for cadets selected for FT.

4.21.2.1. Prior to FT attendance, counsel on a AFROTC Form 16 all cadets competing for an EA that their retention in AFROTC is dependent on satisfactorily completing FT. Cadets who do not satisfactorily complete FT are not permitted to enter the POC or enroll in AS300 class (EXCEPTION: SMC may enroll in AS300 academic course only as required by the university). Award a CE to all contract cadets who are removed from FT with prejudice, (e.g., self-initiated elimination, inability to pass the PFA, honor code violations, failure to adapt to the military environment, etc.) place them in AS500 status (which has no academic portion), and ensure they continue to attend LLAB until the disenrollment is resolved. Withdraw their current EA. Temporarily inactivate scholarship until receipt of an AFROTC/RR decision. Non-contract cadets removed from FT with prejudice will be “Det Dropped from AFROTC.

4.21.2.1.1. Cadets removed from FT with prejudice may be considered for retention and FT deferral on a case-by-case basis. Temporarily inactivate scholarship until a final determination has been made.
4.21.2.1.2. If the cadet was scheduled to be commissioned upon completion of FT, take immediate action to extend the DOC and notify AFPC of possible delay.

4.21.2.1.3. Retention and deferral requests are initiated by the Detachment Commander and routed through the respective Region Commander via the AFROTC Form 22.

4.21.2.1.3.1. If the Region Commander non-concurs, the deferral process ends and the cadet will be investigated for disenrollment.

4.21.2.1.3.2. If the Region Commander concurs, the request is submitted to HQ AFROTC/DO for coordination within AFROTC/DO and AFROTC/RR for final determination by AFROTC/CC.

4.21.2.1.4. Unsatisfactory/Marginal Ratings: Cadets returning from FT who meet one of the following criteria in any area on the Field Training Performance Report will be made an AS500 and will be investigated for disenrollment (contract cadets) or Det Dropped (non-contract cadets). Cadets who meet this criteria are ineligible to re-compete for a new EA in the following PSP cycle.

4.21.2.1.4.1. Cadets who receive two or more unsatisfactory ratings.

4.21.2.1.4.2. Cadets who receive one unsatisfactory rating and two or more marginal ratings.

4.22. Professional Officer Course (POC). The POC consists of AS300 and AS400 classes and LLAB. The POC is the third and fourth years of the 4-year program or the first and second years of the 2-year program. The POC entry date is the first day of institutional classes at the beginning of the POC. Update POC entry date retroactively to the first day of institutional classes in the term the cadet began participating in AS300 or AS400 classes. NOTE: Cadets properly deferred for FT may be eligible for enlistment if otherwise qualified and should wear the AS200 rank until FT is completed.

4.23. POC Membership.

4.23.1. Students who have met all eligibility requirements, have an enrollment allocation, and attend POC classes and LLAB while enrolled in school (or have a PNA authorized), are members of the POC.

4.23.2. Cadets become POC members on the first day of host institutional classes.

4.23.3. POC scholarship cadets who lose their scholarship due to inability to meet scholarship academic retention standards (reference paragraph 4.32) may remain POC members if they continue to meet cadet retention standards or as directed by HQ AFROTC.
4.24. **POC Membership Duration.**

4.24.1. The POC consists of two full academic years. An individual remains a POC member until disenrolled (or Det Dropped for non-contract) or commissioned. All cadets must be commissioned in their contracted FY within 30 days after completion of POC and academic degree requirements and upon meeting all other requirements (medical, NCLEX, etc.). AFROTC/RRF must approve delays in commissioning that result in change of FY.

4.24.2. Concurrent Enrollment – AS450 Cadet. The Detachment Commander may authorize a POC member to enroll concurrently in two POC courses for a maximum of 1 academic term, provided the period between the cadet's entry into the POC and graduation is not reduced to less than 2 academic years and provided the cadet is/was participating in an authorized PNA program (reference paragraph 4.37). Reference AFROTC 36-2010 for completion of LLAB goals during the period of concurrent enrollment. **NOTE:** Concurrent enrollment in the GMC and POC is NOT authorized.

4.23.3. Cadets must complete the full two years in the POC. Requests to commission early (less than two years in the POC) require AFROTC/RRF approval and will be granted only in exceptional cases.

4.25. **POC Entrance Requirements.**

4.25.1. The cadet must successfully complete the GMC (as applicable), have a POC EA and attend FT (or be properly deferred).

4.25.2. All applicants for the POC must complete and pass all of the GMC academics prior to FT attendance.

4.25.3. Cadets on academic probation must be placed in pursuing status (unless already contracted with a scholarship).

4.25.4. Cadets must meet minimum CGPA requirements to compete for an EA (reference Attachment 12 and Chapter 8 of this instruction). Non-contract cadets must have both a TGPA and CGPA of 2.5 to contract into the POC. Upon successful completion of FT, non-contract cadets are placed in pursuing status for one semester to meet the TGPA and CGPA standards, if either GPA is substandard. Failure to meet the GPA standards within one semester will result in dismissal. Contract cadets are not authorized to attend FT while undergoing a disenrollment investigation unless the detachment commander is recommending retention in the AFROTC program.

4.25.4.1. At those schools that do not specify a term and/or CGPA for good standing or without a grading system convertible to a numerical grade, the Detachment Commander must ensure the individual meets GPA standards as defined in Attachment 12. Because CGPA is a factor for competitive boards like scholarships, PSP, and rated categorization, cadets attending these universities will not be able to compete for those programs. They can, however, attend AS classes as a Special Student while in good standing with their university, provided that the university has a cross-town/consortium agreement with the detachment host university.
4.25.4.2. If a transfer student is in good academic standing, the student may be admitted into the POC. If a transfer student is not in good academic standing, submit a waiver request to AFROTC/RRF. Adverse action is not necessary if institutional policy places all transfer students in probation status for the first term.

4.25.5. For scholarship academic requirements, reference paragraph 4.32 of this instruction.

4.25.6. Noncontract cadets awarded an EA but unsatisfactory AFOQT scores will be placed in pursuing status until the cadet achieves passing scores or is disenrolled.

4.26. Accreditation of POC.

4.26.1. Detachment Commanders may accredit, on a term-for-term basis, up to 1 year of the POC for equivalent training during the last 2 years of a Service Academy or during the last 2 years of the senior division of Army or Naval ROTC.

4.26.2. When considering POC accreditation, only credit as little as necessary. Place the new cadet in AS class corresponding to DOC. For example, if a Navy ROTC cadet has had 300-level classes, but requires 2 years to complete a degree, place the cadet in AS300 class. This will allow for two full years of AFROTC experience in POC.

4.26.3. Submit requests via AFROTC Form 22 to AFROTC/RRFA for accreditation of the following:

4.26.3.1. One additional POC term for a former Service Academy cadet who was disenrolled from the academy after successful completion of the first half of the senior year. Former academy cadets must complete at least 1 semester or 2 quarters in the POC to be commissioned through AFROTC.

4.26.3.2. One additional POC term for a former senior division Army or Naval ROTC cadet who was disenrolled after successful completion of at least one academic term of the final year of senior division ROTC. Former Army or Naval ROTC cadets must complete at least 1 semester or 2 quarters in the AFROTC POC to be commissioned through AFROTC. If an ROTC cadet from another service has not spent a minimum of 1 semester or 2 quarters in the AFROTC POC, then the cadet must use the procedures contained in Chapter 12 of this instruction (AF Appointment of ROTC graduates from another Service).

4.27. Pursuing Student.

4.27.1. Pursuing students are non-contract POC members who:

4.27.1.1. Hold an EA.

4.27.1.2. Have attended FT or have been properly deferred.

4.27.1.3. Are temporarily ineligible to enlist because of a condition that is expected to be corrected within one academic term.
4.27.1.3.1. Exception: Guard and Reserve members wishing to retain that status may remain noncontract cadets until approximately 30 days prior to commissioning with a Conditional Release (DD Form 368, *Request for Conditional Release*) from their unit commander valid through the expected contracting date.

4.27.1.4. Have enrolled in AS300 or 400 class and LLAB.

4.27.1.5. Are full-time students.

4.27.2. Detachment Commanders may authorize POC applicants a maximum of one term of pursuing status.

4.27.3. Pursuing status is effective the first day of host institution classes.

4.27.4. Pursuing students must be enlisted into the POC either within 1 academic term or within 10 workdays of the next term. If unable to enlist, an extension may be requested through the AFROTC Region Commander.

4.27.5. Time spent in Pursuing status applies toward the two academic years of the POC.

4.27.6. Pursuing students are not entitled to subsistence allowance or retroactive payment if later contracted.

4.27.7. Use the AFROTC Form 16 to counsel and place cadets in Pursuing status and to place cadets on a consecutive term of Pursuing status if approved by the Region Commander. Ensure effective dates are accurately reflected on the AFROTC Form 16. If not enlisted or approved for a second term of pursuing status, “Det Drop” the cadet from WINGS and notify AFROTC/RRFA that the EA is no longer needed.

4.28. Extended and Completed Cadets (AS700, AS800, and AS900).

4.28.1. AS700 and AS800 are Extended cadets who have successfully completed all AS classes but have not yet finished degree requirements.

4.28.1.1. An AS700 is a non-scholarship cadet. AS700 cadets may receive up to 900 days of stipend if in a SAF-approved 5-Year major.

4.28.1.2. An AS800 is a scholarship cadet in a SAF approved 5-Year major who is still eligible for additional scholarship entitlements and stipend.

4.28.1.3. Extended cadets must continue to participate in LLAB at a level determined by the Detachment Commander, maintain AFROTC military and academic retention standards, and continue to receive a term review each term.

4.28.1.4. Extended cadets are authorized only 1 academic year in extended status—no exceptions.
4.28.1.5. An extended cadet is entitled to certain cadet benefits (for example, space available travel).

4.28.1.6. Corps participation requirements for extended cadets are contained in AFROTCI 36-2010.

4.28.1.7. Use the AFROTC Form 16 to place cadets in extended status.

4.28.4. Completed cadets (AS900) have completed all AFROTC and graduation requirements and are awaiting commissioning due to a delay. The most common cause for AS900 status is a nurse awaiting their NCLEX.

4.28.2.1. AS900 cadets are not required to attend AS classes or LLAB.

4.28.2.2. AS900 cadets DO need to complete all pre-commissioning requirements on time.

**4.29. Transfer of AFROTC Cadets.**

4.29.1. Transfer of GMC Cadets.

4.29.1.1. Inter-Service Transfer. A non-scholarship GMC cadet may transfer to Army or Naval ROTC if accepted by the PMS or PNS. Update a “Det Drop” in WINGS. A member of the Army (AROTC) or Naval (NROTC) equivalent of the GMC may transfer to the GMC if qualified for membership. Add them to WINGS for proper accountability.

4.29.1.2. Scholarship GMC Cadet Inter-Service Transfer. Since GMC cadets are only contracted when on scholarship, AFROTC/RRF must approve conditional release of contract cadets to AROTC or NROTC. Submit requests for conditional release via AFROTC Form 22 to AFROTC/RRFA and include the written letter of acceptance from the PMS or PNS. If approved, the cadet may enlist in AROTC or NROTC and their AFROTC scholarships will be terminated.

4.29.1.2.1. Complete the non-investigative disenrollment case file (reference Chapter 11).

4.29.1.2.2. Stop pay according to HOLMCENTERI 65-101, *AFROTC Cadet Payment Programs*.

4.29.1.3. Contract cadets accepted to the USAFA are automatically approved for conditional release from AFROTC pending enlistment at USAFA. Upon verification of enlistment, the following actions are required:

4.29.1.3.1. Complete the non-investigative disenrollment case file (reference Chapter 11).

4.29.1.3.2. Stop pay according to HOLMCENTERI 65-101, *AFROTC Cadet Payment Programs*. 
4.29.1.4. AFROTC Transfer. Non-scholarship GMC cadets may transfer to another AFROTC detachment. The gaining detachment will request all pertinent cadet records and a recommendation for continued membership. The losing detachment completes the transfer by updating WINGS.

4.29.1.4.1. If a cadet elects to transfer to another school hosting AFROTC before being contracted, the following procedures apply:

4.29.1.2.4. The EA transfers with the student.

4.29.1.4.3. The losing detachment completes the transfer by updating WINGS.

4.29.2. Scholarship Cadet Transfers. General Policy. Scholarship cadets or selectees may not transfer between institutions without prior approval of the losing Detachment Commander. If the losing detachment determines a cadet has already transferred to another school prior to obtaining approval, the losing detachment will immediately temporarily inactivate the scholarship and investigate for disenrollment.

4.29.2.1. The school to which the cadet wants to transfer must be affiliated with AFROTC.

4.29.2.2. For scholarship cadets in technical majors, the transfer school must have an approved program in the same major.

4.29.2.3. The cadet must complete an academic plan and have this plan approved by the new detachment and institution prior to the losing Detachment Commander authorizing the transfer request.

4.29.2.4. If the transfer moves the DOC/DOG into a different fiscal year, the losing Detachment Commander must request approval of the change and the transfer via an AFROTC Form 22 package to AFROTC/RRFA.

4.292.5. If a transfer is approved, an activated scholarship will be capped at the tuition rate of the lower cost school regardless of the scholarship type. (For example, if a cadet starts at a school with tuition of $5,000 per year and then transfers to one with tuition at $12,000 per year, the scholarship is capped at $5,000 per year). Exception: If the transfer involves a GMC scholarship selectee, he/she may activate a scholarship while attending a 2-year junior or community college, provided the following:

4.29.2.5.1. The GMC selectee’s academic plan must reflect attendance at both schools. The academic program must be authorized under a formal matriculation agreement (frequently known as “2+2” agreements) between the community/junior college and the senior institution and be listed in the catalog of either institution as a transfer program. Under these agreements, all courses from the community/junior college transfer to the senior institution and meet degree or graduation requirements for a 4-year degree. In addition, the community/junior college must have a cross-town or consortium agreement with AFROTC and the senior institution.
4.29.1.5.2. The GMC cadet must sign a statement agreeing to transfer to the 4-year baccalaureate degree granting institution as reflected in the approved academic plan and which is affiliated with the same AFROTC detachment as the community/junior college the cadet attends. This transfer request is consummated with the student activating the scholarship at the community/junior college. No AFROTC Form 22 action is required.

4.29.2.5.3. The tuition will be capped at the programmed 4-year institution’s cost.

4.29.2.5.4. If the scholarship is dependent upon the status of the 2-year institution (e.g., HBCU), and the 4-year institution is not the same status, then the scholarship will be lost upon transfer. These cadets may compete during ICSP Phase 2--this is an exception to the normal policy that does not permit current scholarship cadets to compete. The cadet will not be disenrolled at the conclusion of the AS200 year since they will be eligible for POC entry after successful completion of FT (or appropriate deferral). Suspend scholarship and terminate upon POC entry. Upon entry to an AFROTC-affiliated 4-year institution, the AF Form 1056 will be changed to reflect the loss of the HBCU/HSI scholarship, and, if applicable, activation of a new ICSP scholarship. Loss of an HBCU/HSI scholarship under these circumstances will not normally result in adverse action (e.g., recoupment) unless specific details warrant such action.

4.29.2.6. If a transfer is approved, the losing detachment will:

4.29.2.6.1. Prepare a statement of scholarship and subsistence entitlements received and include it with the records forwarded to the gaining detachment.

4.29.2.6.2. Forward the cadet’s UPRG to the gaining detachment. Do not allow the cadet to hand carry the UPRG.

4.29.2.6.3. Ensure WINGS is updated to reflect the transfer.

4.29.2.6.4. If notified by the gaining detachment that the cadet did not enroll in AS classes, initiate an investigation for disenrollment. Although the cadet UPRG may have been forwarded to the gaining detachment, absolute responsibility and control for continued participation in the AFROTC program is vested with the losing detachment. Any administrative action relative to a cadet’s continued participation remains the responsibility of the losing detachment until the gaining detachment submits the necessary changes.

4.29.2.7. When notified of a pending transfer, the gaining detachment will:

4.29.2.7.1. Request the losing detachment forward the cadet’s UPRG.

4.29.2.7.2. Verify that losing Detachment Commander approved a request for transfer in writing.
4.29.2.7.3. Notify the losing detachment in writing of a cadet’s enrollment status in AFROTC classes on the first day of institutional classes.

4.29.2.7.4. Update WINGS. Ensure “School of Primary Attendance” is updated.

4.29.7.2.5. Each term of scholarship entitlements, ensure that the transferred cadet is receiving scholarship money at the properly capped amount.

4.29.3. National Student Exchange (NSE). Contract cadets may transfer from one detachment to another to participate in NSE with the concurrence of both the losing and gaining commanders. Participating cadets are limited to exchange terms only between institutions with affiliated AFROTC programs. Scholarship cadets assume responsibility for any costs, including tuition and fees, which are over and above those they would have incurred through normal enrollment at the losing institution. The student shall complete a statement of understanding in the format outlined in Figure 4.3. Upon completion of the NSE program, the cadet will transfer back to the original detachment.

Figure 4.3. National Student Exchange (NSE) Program Statement of Understanding.

NATIONAL STUDENT EXCHANGE (NSE) PROGRAM

STATEMENT OF UNDERSTANDING

I, (Cadet’s Name), acknowledge that any costs associated with the National Student Exchange, including tuition and fees, which are over and above those I would have incurred at (Losing Detachment), become my personal responsibility.

4.29.4. Transfer of POC Cadets

4.29.4.1. Inter-Service Transfer:

4.29.4.1.1. Transfer from the AROTC or NROTC to AFROTC. A contracted AROTC or NROTC cadet may transfer to AFROTC subject to the written approval of the PMS or PNS and the AFROTC Detachment Commander. Prior to transfer, forward requests for an EA via AFROTC Form 22 to AFROTC/RRFA and include a copy of the conditional release from NROTC or AROTC.

4.29.4.1.2. Transfer from AFROTC to AROTC, NROTC, or USAFA. AFROTC/RRF must approve conditional release of contract cadets to AROTC and NROTC. Submit requests via AFROTC Form 22 to HQ AFROTC/RRFP and include the written acceptance from the PMS or PNS. If HQ AFROTC approves the
conditional release, the cadet may enlist in AROTC or NROTC. Contract cadets accepted to the USAFA are automatically approved for conditional release from AFROTC pending enlistment at USAFA. Upon verification of enlistment, the following actions are required:

4.29.4.1.2.1. Complete the non-investigative disenrollment case file in accordance with Chapter 11.

4.29.4.1.2.2. Stop pay according to HOLMCENTERI 65-101.

4.29.4.1.2.3. Notify AFPC/DPSIP if an AFROTC Form 53, Cadet Assignment Preference Worksheet, has been submitted.

4.29.4.1.3. Transfer of Extended Cadets. An extended cadet may transfer to or from AFROTC in order to accept a direct appointment and commission as directed by Chapter 12.

4.29.4.2. Transfer of POC cadets between AFROTC detachments. Non-scholarship POC cadets may transfer between detachments with the agreement of both commanders.

4.29.4.2.1. Actions by the losing detachment:

4.29.4.2.1.1. Upon receipt of notification from the gaining detachment that the cadet is attending institutional and AFROTC classes, the following actions are required:

4.29.4.2.1.2. Provide the gaining detachment with a statement of subsistence entitlement received.

4.29.4.2.1.3. Forward the cadet’s UPRG to the gaining detachment.

4.29.4.2.1.4. Update WINGS.

4.29.4.2.1.5. If notified by the gaining detachment that the cadet did not enroll in an AS class, LLAB, and institutional classes as a full-time student, initiate a disenrollment investigation.

4.29.4.2.1.6. If the transfer moves the DOC/DOG into a different fiscal year, the losing Detachment Commander must request approval of the change and the transfer via an AFROTC Form 22 package to AFROTC/RRFA.

4.29.4.2.2. Actions by the gaining detachment:

4.29.4.2.2.1. Review the new academic plan and verify the cadet has been accepted by the institution in the academic major in which the cadet is currently contracted. Use of college academic advisors to verify the academic plan is highly encouraged.
4.29.4.2.2. Verify with the losing detachment that the fiscal year of commissioning indicated on the AF Form 1056 is consistent with the DOG and DOC indicated on the academic plan and can be met at the institution.

4.29.4.2.2.3. Ensure the cadet is enrolled in an AS class, LLAB, and institutional classes as a full-time student.

4.29.4.2.2.4. If a cadet does not enroll in an AS class, LLAB, and institutional classes as a full-time student in the currently contracted academic major by the first day of institutional classes, notify the losing detachment. Responsibility and control for the continued participation in the AFROTC program is vested with the losing detachment. Any administrative action relative to a cadet’s continued participation remains the responsibility of the losing detachment.

4.29.4.2.2.5. Update WINGS. Ensure “School of Primary Attendance” is updated.

4.30. Cadet Counseling Requirements and Term Reviews.

4.30.4. General. Counseling provides the means to review performance and to ensure a cadet understands retention and scholarship standards, scholarship entitlements (if applicable), and the consequences should these standards not be met. These sessions provide an opportunity to mentor the cadet, identify positive performance areas, review deficiencies in the cadet’s performance as they relate to contracting eligibility or scholarships, and to motivate the cadet to take action to improve performance. Counseling provides the necessary documentation trail should adverse actions such as dismissal (det drop), scholarship suspension, termination, or disenrollment from AFROTC become necessary. Use the AFROTC Form 16 to document each counseling session. Term reviews are counseling.

4.30.5. For any situation that could adversely affect a cadet’s continuation in the program, or place a cadet’s scholarship or stipend in jeopardy, the detachment must take immediate action to notify and counsel the cadet. Use all means available to contact the student and document these attempts in the UPRG. It is especially important when issuing a Conditional Event to counsel immediately so the rehabilitative qualities can take effect and government financial liability for tuition is suspended immediately if warranted. A CE for poor grades in the spring term is of diminished value if the detachment waits until fall term counseling to tell the cadet that their scholarship is at risk if the fall term grades are poor. Detachments also cannot wait until the 45th day of the fall term or the 1st day of the spring term to tell the cadet that they will not be funded that term due to multiple CEs, substandard GPA, or suspended scholarship. Pecuniary liability commences on the 45th day of the fall term and the first day of winter/spring terms.

4.30.6. Detachment personnel MUST review grades at the end of each term (quarter or semester) to ensure AFROTC academic standards are met and award appropriate CEs during a counseling session. Do not wait for Midterm Counseling. See previous paragraph regarding adverse situations.
4.30.7. Detachment Pay Monitor must initial and Detachment Commander must sign all AFROTC Forms 16s affecting tuition or stipend.

4.30.8.1. Counseling must occur for scholarship activation, declination, temporary inactivation, suspension, reactivation, and termination (if applicable), (reference Chapter 3).

4.30.8.2. Cadets who decline their scholarship, before or after activation, must sign a statement on an AFROTC Form 16 declining the scholarship. Include the statement in the cadet’s UPRG.

4.30.8.3. Ensure each cadet currently in a SAF-approved 5-year major, who obtains approval for a major change, understands that scholarship entitlement ends upon completion of AFROTC classes (AS400), unless their new major is also a SAF-approved 5-year major and they are approved for extended entitlements.

4.30.9. Ensure each cadet currently in a SAF-approved 5-year major, who obtains approval of a major change to a non-SAF-approved 5-year major, understands that stipend is restricted to 600 days in the POC and, therefore, will possibly terminate before completion of degree.

4.30.10. Midterm reviews. Officers must counsel each contract cadet at least once each fall term and at least once each winter or spring term. Term counseling for non-contract cadets is highly encouraged but not mandatory. The thoroughness and accuracy of term reviews are important in determining a cadet’s academic progression. Complete midterm reviews by the midpoint of the term. If midterm grades are accessible, perform counseling within two weeks after grades are received.

4.30.10.1. During midterm reviews for all cadets, officers will:

4.30.10.1.1. Ensure a cadet understands academic, military, and medical retention standards, and the consequences should these standards not be met.

4.30.10.1.2. Review the cadet’s performance during the most recently completed term, as well as progress during the cadet’s tenure in AFROTC. Mentor the cadet, identify positive performance areas, review deficiencies in the cadet’s performance as they relate to contracting eligibility or scholarships, and motivate the cadet to take action to improve performance. If the cadet’s performance is deficient, the counselor must document and recommend specific actions and provide a plan for improvement.

4.30.10.1.3. Ensure each cadet understands that changing an academic major must be coordinated with cadre; cadre must pre-approve major changes for cadets. Failure to do so may result in diminished opportunities for an EA or scholarships, scholarship termination, withdrawal of the scholarship offer, or disenrollment from AFROTC.
4.30.10.1.4. Ensure each cadet understands that transferring to another college or university must be pre-approved by the losing Detachment Commander (ref. para 4.29) and, for a scholarship cadet, the tuition will be capped at the rate of the lower cost institution.

4.30.10.1.5. Verify commissioning FY and academic major annotated on the AF Form 1056 matches information listed on the Student Management Roster (SMR) and the academic plan. Crosscheck that the university transcript shows the same major.

4.30.10.1.6. Conduct an AFROTC Form 48 Academic Plan Review.

4.30.10.1.6.1. Cadet’s first term in AFROTC. Review the draft Form 48 and advise the cadet as necessary on how to complete the form and obtain a university official’s signature. If the Form 48 has been university-approved in Block 4, sign in Block 5, AFROTC official review, to complete the initial Form 48. Don’t forget to date the signatures.

4.30.10.1.6.2. Cadet’s second term in AFROTC. Review the Form 48 to confirm university certification in Block 4. If none exists, verify that there is a memorandum stating that the academic advisor refused to sign IAW Attachment 15. If no memo exists, inquire with the cadet the reason for the missing signature. If there is a memo, cadre should use the university catalog for the academic degree to assist with the review to ensure Form 48 courses satisfy graduation requirements. Sign Block 5 if not already done in order to complete the initial Form 48.

4.30.10.1.6.4. Cadet’s third and subsequent terms. Follow the procedures below:

4.30.10.1.6.4.1. Review the cadet’s academic performance towards meeting degree requirements during the previous term and annotate the cadet’s academic plan. Using the cadet’s grade report or transcript, ensure the cadet has made acceptable academic progress, annotate the "Credit Hours Completed" (if no credit is given for a class enter "0"), and any "deviations." Use the "deviations" block to identify academic plan deviations normally resulting from substandard academic performance. Enter "F" for course failure (or equivalent), "I" for incomplete, "W" for course withdrawals, or “NC” for course not creditable towards degree requirements. If a cadet receives an "F" (or equivalent) in or withdraws from a required course, add the course to a future term and strike through it in the previous term. Since the entry is self-explanatory, no remarks are required. If a course change results from other factors, such as classes are full, student prefers to take a different class than originally planned, etc., simply line through and enter the new course. Do not enter deviation codes for such entries.

4.30.10.1.6.4.2. Review the cadet’s academic plan for the current term. Ensure the cadet is enrolled in the courses listed on the academic plan and that the
cadet is a full-time student. Term reviews are considered complete when the "Student" and "Reviewer" enter their signatures (in ink) in the applicable blocks of the academic plan for the current term and an AFROTC Form 16 is signed. Maintain the transcript or grade report used during this review in the cadet’s UPRG until a more current transcript is received.

4.30.10.3. During midterm reviews for all scholarship cadets, officers will:

4.30.10.3.1. Ensure a cadet understands academic, military, and medical standards for scholarship retention, and the consequences should these standards not be met. Reference Table 4.1 and 4.2.

4.30.10.3.2. Ensure each freshman HSSP cadet or selectee (4-year or 3-year) understands that he/she must complete the academic plan NLT the last day of the first term of their freshman year.

4.30.10.3.3. Ensure each scholarship cadet understands that summer school and mini-sessions are not normal terms of entitlement. Substandard performance in such coursework could adversely affect scholarship retention if CGPA falls below standards.

4.30.10.3.4. Counsel all scholarship cadets seeking an EA that if they do not compete favorably in PSP, an investigation for disenrollment will be initiated. Meeting minimum scholarship retention standards does not guarantee the cadet an EA.

4.31. Scholarship Retention Standards. Cadets must maintain scholarship retention standards in order to be in good academic standing in AFROTC. These standards include, but are not limited to, minimum TGPA of 2.5 and full-time student status. Any course failures, or course grades which require retaking the course for degree credit are handled in accordance with Table 4.2. NOTE: Except where otherwise indicated, these standards also apply for summer terms and mini-sessions when funded by AFROTC.

4.32. Academic Retention Standards.

4.32.1. Cadets must maintain academic and military retention standards as specified below:

4.32.1.1. Academic retention standards are those minimum institutional grade requirements and AFROTC grade requirements needed for retention in the AFROTC program or retention of a scholarship. Failure to meet academic retention standards could result in an investigation for disenrollment.

4.32.1.2. For minimum GPA and grade requirements for scholarship cadets refer to Attachment 12. All GMC cadets (scholarship and non-scholarship) must meet military and academic retention requirements for the PSP prior to submission for an EA (Attachment 12 and Chapter 8).
4.32.1.3. At institutions where transfer credits and/or AS classes are not recognized as part of the GPA, complete the GPA calculation.

4.32.1.4. Grade Requirements.

4.32.1.4.1. Cadets must receive a grade of “C-” or better in AS classes and LLAB. If LLAB is graded on a Pass/Fail system, cadets must receive a passing grade. When the cadet receives a grade of "D" or "F" in AS class or LLAB, the cadet must be investigated for disenrollment (contract cadets) or dismissed from the program (non-contract cadets). Cadets who fail AS class and/or LLAB are not authorized to return to AFROTC.

4.32.1.4.2. Contract cadets who receive a final grade of “F” or the institutional equivalent in a single academic term are not maintaining AFROTC academic retention standards and must receive a CE. See paragraph 4.38 and Table 4.2. NOTE: In situations where the Detachment Commander feels further information regarding the failure is warranted, AFROTC Form 704, Academic Performance Inquiry, may be used to obtain information from academic instructors regarding the AFROTC cadet’s academic efforts in courses in which academic standards have not been met.

4.32.1.4.3. For contract cadets only, any grade which requires a course to be retaken for degree accreditation is considered an “F equivalent.” For example, if a grade of “D” in a senior-level core course is not acceptable for the degree and must be retaken, it is a failure to maintain academic standards (reference Table 4.1 and 4.2). Additionally, if a cadet fails a class needed to meet a requirement and has to repeat a class of any type to meet that requirement, even if another class is taken, then issue a CE. NOTE: A CE is not required for courses taken during summer or mini-sessions not funded by AFROTC; however, summer and mini-session GPAs will be computed into the AFROTC CGPA. Multiple course failures which occur during the same semester warrant only one CE.

4.32.1.4.4. Incomplete Grades. For contract cadets only, an "I" (incomplete) or its equivalent (e.g., “DF,” Deferred) is a failure to meet academic standards and warrants a CE. In the rare cases where the “I” is the result of circumstances beyond the cadet’s control, for example poor weather for flying classes or not enough flyable aircraft for all students, the CE should be waived. Incompletes due to insufficient classroom performance or missing homework or exams definitely warrant a CE. In all cases, monitor the “I” until there is resolution and a final grade has been awarded. Even if the class is completed with a passing grade, the CE still stands. Counsel via AFROTC Form 16.

4.32.1.4.5. Summer or mini-session terms are not considered a “regular” term unless scholarship payment is authorized. Detachments will review and take action any time a cadet receiving summer entitlements fails to meet applicable academic standards (reference Table 4.1 and 4.2).
4.32.1.4.5.1. Do not issue a CE for these terms unless the cadet received scholarship payment for that term.

4.32.1.4.5.2. For scholarship activation, the summer or mini term cumulative GPA must be used to determine scholarship activation. For example, a cadet has an HSSP 3-year Type 2 scholarship with fall term activation, but their freshman spring term CGPA is below 2.5 due to a poor first term in college, then this scholarship cannot be activated. If the cadet completes a summer term and brings their CGPA above the 2.5 requirement, scholarship activation is authorized in the fall term. Conversely, if a scholarship cadet recipient has a CGPA of 2.50 at the end of the spring term, completes a summer term which drops the CGPA below 2.50, the scholarship cannot be activated at that time.

4.32.1.4.6. Timely grade changes based on mistakes or a reevaluation by an instructor should be accepted. Commanders should not consider grade changes done after a cadet’s initial failure to complete academic responsibilities. In such cases, use the initial grade to determine appropriate actions. Also, use the initially-issued GPA for the next term. For subsequent terms, use the GPA on the transcripts. Document all grade changes and maintain in the cadet’s records for the life of the UPRG.

4.32.1.4.7. AFROTC will not recognize GPAs based on non-traditional grading programs such as "forgiveness," "grade substitution," or "grade exclusion" rules. For example, some institutions may allow students to drop low or failing grades without calculating them into the TGPA or CGPA. Others may allow the student to retake a class and recalculate the GPAs based only on the new grade(s). AFROTC factors ALL college grades into the CGPA.

4.32.1.4.7.1. Detachments will use all postsecondary course grades in determining a cadet’s qualifications for program entry, retention, scholarship, enrollment allocation, and special categorization boards. Detachments will calculate term TGPA and CGPA based on all college courses taken. Documentation for these calculations must be maintained in the cadet record for the duration of the cadet’s tenure in AFROTC.

4.32.1.4.7.2. For cadets transferring in from another university, detachments will calculate the CGPA to include all previously attempted course work whether or not accepted for transfer credit. Be careful NOT to include graded transfer credit twice. For example, a cadet transfers in from another university. The new university accepts 20 of the cadet’s 50 hours in transfer and includes the grade on the new university’s transcript. Do NOT include those 20 hours of graded transfers a second time. Some universities just give credit for the class without associating a grade with it. In such a case, all 50 hours would be calculated into the AFROTC CGPA.

4.32.1.4.8. Non-Line Cadets. Pre-health and dental candidates must maintain a CGPA of 3.30 or higher based on a 4.0 scale in their major to maintain their non-line EA.
Detachments must request a category change for cadets who do not meet CGPA requirement. If HQ AFROTC/RRFP cannot allocate a tech or non-tech EA to the cadet, the Detachment Commander must initiate an investigation for disenrollment.

4.32.1.4.9. All GPAs are based on the A = 4.00 scale. When applying GPA standards throughout this instruction, use the most recent TGPA and cumulative ROTC-calculated CGPA. If AFROTC course grades are not included, calculate the GPAs to include them.

4.32.1.4.10. Advance placement credit may not be used to recalculate GPA unless the course was taken at an accredited college or university and a letter grade was awarded.

4.32.1.4.11. Round all GPAs to the nearest hundredth if they are reported to more significant digits by the institution (e.g., 2.495 rounds to 2.50 and 2.494 rounds to 2.49).

4.32.1.4.12. Full-Time Student. GMC / POC members must be full-time students at the host school or a combination of the host school and an institution having a cross-town or consortium arrangement (except during summer terms). The number of credit hours required for full-time student status during any academic term is the minimum number specified in the institutional catalog. **NOTE:** A cadet is NOT required to maintain full-time status their final term.

4.32.1.4.12.1. If the institution does not specify a full-time enrollment, AFROTC specifies a minimum of 12 hours of undergraduate level courses or 9 hours of graduate level courses except during summer terms, including AFROTC courses.

4.32.1.4.12.2. Failed courses do not constitute dropping below full-time status.

4.32.1.4.13. Non-Traditional Courses. Correspondence, independent study, TV, internet, or other means of non-traditional courses may count toward the minimum number of credit hours which must be taken to qualify as a full-time student. AFROTC places great emphasis on the classroom environment. Detachment Commanders must monitor the use of non-traditional courses to ensure cadets are maximizing the traditional course opportunities. To make a determination, the detachment must verify:

4.32.1.4.13.1. Course is accepted, accredited, and graded by the university the cadet is attending.

4.32.1.4.13.2. Not more than five non-traditional courses in any one academic year.

4.32.1.4.13.3. Cadets cannot take more than three non-traditional courses in any single term without AFROTC/RR waiver.
4.32.1.4.14. Audit courses do not count toward the minimum number of credit hours that must be taken to qualify as a full-time student.

4.32.1.4.15. Classes taken at an institution that does not have a cross-town or consortium agreement may count toward full-time student status if the university is an accredited institution and the cadet/applicant is properly registered for AFROTC classes at the host institution.

4.32.1.4.16. Repeat coursework counts toward full-time student status. **NOTE:** AFROTC will NOT pay for courses repeated.

4.32.1.4.17. If a contract cadet fails to maintain full-time student status prior to their final term, award a CE as prescribed in Table 4.2.

### 4.33. Date of Graduation (DOG) and Date of Commission (DOC).

4.33.1. Cadets must commission in the fiscal year (FY) stated on their AF Form 1056. When a cadet cannot meet a scheduled DOG and DOC for any reason, the detachment must take immediate action to change the DOG and DOC or investigate for disenrollment. **NOTE:** Detachments must notify AFPC when a DOC/DOG change occurs after submission of the AFROTC Form 53 (reference Chapter 12).

4.33.2. Prior to submitting a contracted cadet for an EA, the Detachment Commander may approve a DOC/DOG change into a new fiscal year provided doing so does not put the cadet in completed status for more than one year and does not change the FY of a major predicated on the specific FY (e.g., EXPRESS scholarships). During this same period, Detachment Commanders may approve an initial change from an 0GYY (General Studies) scholarship, awarded through ICSP, to a specific major as declared by the cadet. Detachment Commanders will ensure that WINGS reflects the correct DOC/DOG or major prior to submitting the cadet for an EA. Post-PSP DOC/DOG changes to a new fiscal year require an AFROTC Form 22 to AFROTC/RRFP. Once a major is changed from 0GYY to a specific major, any additional major changes must comply with procedures established below. For approved changes, update the AF Form 1056 change page to reflect the new major and/or FY (see Attachment 17).

4.33.3. If a cadet already has an EA, the Detachment Commander may approve a DOC/DOG change delay to a later date in the same fiscal year. DOC/DOG changes to an earlier month within the same fiscal year and within one year of DOC must be approved by AFROTC/RRF to ensure that the cadet is properly scrolled for commissioning. If the new DOC is more than one year from the date of submission, detachment commanders may request the change via Trouble Ticket, providing the change does not result in less than two years in the POC. (Reference Chapter 3 for scholarship entitlements and AFI 36-2013 for POC-ERP students).

### 4.34. Academic Major.

4.34.1. Cadets must graduate in the academic major stated on their AF Form 1056. When cadets cannot continue in their contracted academic major or when cadets desire to
change academic majors, including cadets requesting major changes after submitting for an EA, the following apply:

4.34.1.1. Detachment Commanders can approve major changes from non-technical to non-technical within the programmed fiscal year. If the request would move the projected DOC/DOG into a different fiscal year, the commander must submit an AFROTC Form 22 to AFROTC/RRFA. The exception to this authority is when the initial non-technical major was a pre-requisite for a scholarship (e.g., Nurse or Foreign Language scholarships).

4.34.1.2. If the cadet is a scholarship cadet, the new major must be on the list of approved majors for scholarships.

4.34.1.3. Detachment Commanders can approve major changes from non-technical to technical within the programmed fiscal year. If the request would move the projected DOC/DOG into a different fiscal year, the commander must submit an AFROTC Form 22 to AFROTC/RRFA.

4.34.1.4. Detachment Commanders can approve major changes from technical to technical within the programmed fiscal year for non-scholarship cadets. Submit a WINGS Trouble Ticket requesting the change.

4.34.1.5. Any major change not within the Detachment Commander’s approval authority requires approval prior to the cadet changing majors. Submit an AFROTC Form 22 to AFROTC/RRFA.

4.34.1.6. Upon approval of a major change request, verify WINGS has been updated and if not, forward the change via a trouble ticket through WINGS.

4.34.1.7. Non-Line ONLY. Any non-line cadet requesting an academic major change that will alter the status of their present or upcoming contracted category or DOC/DOG must be approved by AFROTC/RRF via an AFROTC Form 22 request.

4.34.1.8. Detachments must notify AFPC when a DOC/DOG change occurs after submission of the AFROTC Form 53 (reference Chapter 12).

4.34.2. Scholarship Cadet Academic Major Changes. This section applies only to scholarship cadets and selectees. All HSSP scholarship cadets must declare their academic major NLT the first day of their AS200 classes. Technical academic majors (as indicated on the original scholarship offer) must remain technical. Non-technical majors can remain non-technical or may be switched to technical.

4.34.2.1. When they wish to request an academic major change, scholarship selectees fall into four main categories. Follow the procedures based on the appropriate category.

4.34.2.1.1. Category 1: HSSP Scholarship Selectee, Prior to Start of Classes Freshman Year. The cadet must formally request a change via letter to AFROTC/RRUC. They must present a formal approval response from
AFROTC/RRUC to their detachment prior to activating their scholarship and signing a contract (AF Form 1056).

4.34.2.1.2. Category 2: HSSP Scholarship Selectee, After Start of Classes but Prior to Scholarship Activation. The cadet must follow the same guidelines as Category 4 cadets.

4.34.2.1.3. Category 3: Scholarship Cadets on Contract or With an EA. If an ICSP scholarship selectee has not yet activated their scholarship, but they have received an EA, or if a scholarship cadet (regardless of scholarship source) has activated their scholarship and they are now on contract, they will follow the guidelines in this category. Detachment Commanders will adhere to the following guidelines when considering academic major changes within this category, as described in the following paragraph:

4.34.2.1.3.1. A cadet’s request to change majors from a SAF-approved 5-year major to a non-SAF-approved 5-year major must be approved through AFROTC/RRFA. If approved, counsel the cadet via AFROTC Form 16 that scholarship funding will end upon entering completed status.

4.34.2.1.3.2. Ensure the cadet completes an academic plan in the new major prior to Detachment Commander approval of the major change or submission of the request to AFROTC/RRFP.

4.34.2.1.3.3. Detachment Commanders can approve major changes from non-technical to non-technical within the programmed fiscal year. The new major must be on the list of approved majors for scholarships, i.e. mandatory or desired for line officer AFSCs. If the request will move the projected DOC/DOG into a different fiscal year or if the cadet’s scholarship is specifically tied to a major (e.g. FLEX, Nurse, Foreign Language, Critical Technical, etc.), the commander must submit an AFROTC Form 22 and receive written approval from AFROTC/RRF.

4.34.2.1.3.4. Detachment Commanders can approve major changes from non-technical to technical within the programmed fiscal year. If the request will move the projected DOC/DOG into a different fiscal year, the commander must submit an AFROTC Form 22, and receive approval from AFROTC/RRF. NOTE: Detachments should call AFROTC/RRFA to request cadet’s categorization be updated in WINGS from “Officer (N)” to “Officer (T).”

4.34.2.1.3.5. Detachment Commanders can approve major changes from technical to technical within the programmed fiscal year. If the request will move the projected DOC/DOG into a different fiscal year or if the scholarship is specifically tied to a major or DOC/DOG (e.g., EXPRESS, FLEX, Critical Technical, Foreign Language, etc.) the commander must submit an AFROTC Form 22, and receive approval from AFROTC/RRF. After successful completion of their Freshman year, HSSP scholarship cadets may
switch to an approved in-college technical major. The list of approved in-college technical majors is available on the Registrar section of the Holm Center restricted website. The request must be made prior to AFSC classification. If after the start of AFSC classification, submit an AFROTC Form 22 to AFROTC/RRFA to request approval.

4.34.2.1.3.6. Any major change not within the Detachment Commander’s approval authority requires approval from AFROTC/RRF prior to the cadet changing majors, including all requests to switch from a technical major to a non-technical major. Specify in the request whether the major change, if approved, would also move the projected DOC/DOG into a different fiscal year. Include the old and the new academic plans with the request.

4.32.2.1.3.7. Upon approval of a major change request, verify that WINGS has been updated. If not, forward the change via a trouble ticket through WINGS.

4.32.2.1.4. Category 4: ICSP Scholarship Selectee, Prior to EA and Scholarship Activation. Cadets must notify their detachment staff and complete all pertinent documentation, especially the academic plan. Formal approval is not required for non-tech to non-tech major changes on the approved list except for foreign language; however, tech to non-tech major changes must be approved by HQ AFROTC/RRUC. The length of the ICSP scholarship offer will not change even if the DOC/DOG changes because the length is predicated on the completion of AS400 classes. The major change could impact the scholarship offer, so the detachment staff should consider and counsel the cadet on the potential impacts to change their academic major.

4.32.2.1.5. Scholarship cadets must graduate in the academic major stated on their AF Form 1056. Either the Detachment Commander or HQ AFROTC/RRFP must approve all major changes prior to the cadet changing majors. If the detachment determines the cadet has, or may have, already changed majors prior to approval, the detachment will immediately temporarily inactivate the scholarship.

4.35. EA/Category.

4.35.1. Cadets must be commissioned in the category stated on their AF Form 1056.

4.35.2. Additional academic retention standards are required for cadets to retain certain categories. Cadets not meeting the following requirements after award will lose their respective category and must re-compete once eligible. All individuals who lose their category are re-categorized to “Officer Candidate.”

4.35.2.1. Pre-Health/Dentistry. Cadets categorized as Pre-Health/Dentistry MUST maintain a CGPA of 3.30 to maintain their pre-health/dental EA. Detachments must request a category change for cadets who do not maintain CGPA minimums. If AFROTC/RRF cannot allocate a tech or non-tech EA to the cadet, the Detachment Commander must initiate an investigation for disenrollment.
4.35.2.2. Biomedical Science Corps (BSC)/Nursing. Cadets categorized in the BSC or Nurse category must maintain good academic standing with the institution.

4.35.3. Changes in category require coordination with AFROTC/RRFA. Update the AF Form 1056 using the changes page (reference Attachment 17).

4.36. **Period of Non-Attendance (PNA) for Contract Cadets Only.**

4.36.1. PNA is a period of authorized absence from school and/or AS classes and LLAB. Detachment Commanders may authorize up to one term of PNA for mandatory academic absences only (e.g., student teaching requirements, nursing school clinicals, etc.). Adjust academic plan to reflect dual enrollment for one term, if required, to ensure scheduled commissioning date is maintained.4.36.2.1. Approval for any other situation should be requested through AFROTC/RRFA via an AFROTC Form 22, with the exception of church missions which can be handled via trouble ticket. For longer PNAs like church missions, be sure that the DOG is updated in WINGS.

4.36.2. Use the AFROTC Form 16 to document PNA status. Counsel the cadet to maintain standards while in PNA status. Cadets PNA for more than one year for non-academic reasons (e.g., 2-year church mission), must be contacted in writing once a term.

4.37. **Term Abroad Program.**

4.37.1. Term Abroad refers to terms in which AFROTC is normally offered and therefore represents a potential interruption in AFROTC training. These programs broaden AFROTC cadets experience and help support Air Staff efforts to support an expeditionary Air Force in terms of cultural awareness and language proficiency. The Detachment Commander may approve a term abroad which is mandatory for a degree; however, HQ AFROTC/RR waiver is required if the term abroad is not mandatory and/or extends beyond one term. Cadets attending a term abroad course of study must be placed in Term Abroad status in WINGS.

4.37.2. Detachments must maintain phone/email contact with cadet for duration of overseas study. Term counseling must be completed while the cadet is abroad. Ensure the host institution has signed off on the academic plan approving the term abroad as part of the degree curriculum.

4.37.3. Cadet must make-up missed AS classes and meet all LLAB requirements. This is usually done by dual enrollment.

4.37.4. Coursework must fulfill contracted degree requirements.

4.37.5. Participation must not alter the projected DOC/DOG.

4.37.6. Scholarship costs will be capped at those costs the cadet would have had at the host institution. The student is responsible for any other costs. The student shall complete a statement of understanding in the format outlined in Figure 4.4. Counsel cadet
via AFROTC Form 16 that he/she must maintain retention standards (e.g., fitness, weight, civil involvement, drugs, etc.).

4.37.6.1. There is no Air Force allowance for travel, room, board, or any other costs incurred by the term abroad program.

4.37.6.2. The period of study may not exceed one academic term, unless approved by HQ AFROTC/RRF.

4.37.7. Cadets are not authorized term abroad in final term unless approved by HQ AFROTC/RRF.

Figure 4.4. Term Abroad Program Scholarship Cadet Statement of Understanding.

TERM ABROAD PROGRAM

STATEMENT OF UNDERSTANDING FOR SCHOLARSHIP CADETS

I, (Cadet’s Name), acknowledge that any costs associated with the Term Abroad Program, including tuition and fees, travel, room, board or any other costs incurred by the Term Abroad Program which are over and above those I would normally incur at (Institution Enrolled) are my personal responsibility.

(Signature) (Date) (Signature of Detachment Representative)
(Include Rank and Service)

4.38.1. A CE is official documentation of a failure to maintain AFROTC retention standards.

4.38.2. Detachment Commanders should issue CEs in an effort to adjust cadet behavior and to warn the cadet they are not meeting AFROTC academic or military retention standards. Issue CEs to contract and non-contract cadets per the guidance below. Counsel the cadet via AFROTC Form 16 on the deficiency that resulted in the CE. CEs may be issued any time, regardless of term, a cadet fails to meet a retention standard or if the Detachment Commander deems warranted (e.g., excessive counseling). If a cadet fails to maintain two separate retention factors in a single term, document each incident on a separate AFROTC Form 16. These count as two separate CEs. Reference Tables 4.1 and 4.2 for matrix and schedule for CEs.

4.38.2.1. Contract Cadet CEs. Contract cadets (scholarship and non-scholarship) who fail to maintain retention standards must receive a CE. Scholarship termination or initiation of a disenrollment investigation does not eliminate the requirement to issue the CE. A decision to retain a cadet receiving a fourth, or additional CE does not
diminish AFROTC’s right to cite the deficiencies as grounds for subsequent disenrollment. ACADEMIC CE EXCEPTION: If a cadet receives more than one failing grade (to include “I” incomplete) in a given term or the term GPA drops below 2.5 as a result of the failing grades in that term, count as only one CE. On the other hand, an “F” grade and less than full-time student status are separate failures and warrant two CEs.

4.38.2.2. Non-Contract Cadet CEs. Detachment/CCs reserve the option to issue CEs to non-contract cadets. This should be considered the most severe warning/counseling for a non-contract cadet. Detachment Commander-issued CEs to non-contract cadets should not be included in the count of CEs that initiate the disenrollment process.

4.38.3. HQ-Directed CE. HQ AFROTC can direct a CE to contract and non-contract cadets. If HQ AFROTC directs a CE to a non-contract cadet, it should not be included in the count of CEs that begins the disenrollment process.

4.38.4. Conditional Probation. HQ AFROTC may direct a CE with probation period for contract and non-contract cadets.

4.38.4.1. Should a non-contract cadet violate the terms of the probation, dismiss them from the AFROTC program. This does not require HQ AFROTC approval, but must be documented on AFROTC Form 16.

4.38.4.2. Should a contract cadet violate the terms of probation, investigate for disenrollment.

4.38.5. Documentation. Use the AFROTC Form 16 to counsel the cadet and to document the award of the CE. Update WINGS. The date of event is the effective date of the CE unless otherwise directed. If a retention failure occurs or is identified after the last day of host institution classes, then the effective date will be the date the grade/CE was earned. If additional time is required for documenting or determining the requirement for a CE, the effective date will be the date of the event that led to the CE.

4.38.6. Timing. For maximum rehabilitative effect, CEs should be awarded and documented as soon after earned as possible. The rehabilitative effect is reduced significantly if a cadet is not given a CE for spring term grades until November during the fall term mid-term counseling. It is especially critical when a scholarship suspension (no funding) will result from the CE.

4.38.7. Rescinding a CE. Rescission of CEs is an absolute exception and rarely warranted. Region Commanders may rescind a CE only when it was erroneously issued or when serious mitigating circumstances are revealed after the CE is issued. This is specifically NOT for CEs that change in nature after the initial characterization of the event. (I.E. DUI pleads down to lesser offense)
4.39. **Probation.**

4.39.1. HQ AFROTC may direct probationary periods with waiver approvals (for example, with a civil involvement waiver approval) or with a disenrollment investigation. The terms of the probation will be outlined with the HQ AFROTC response. For probation resulting from a disenrollment investigation, see Chapter 11.

4.39.2. Probation Offer. A cadet offered waiver approval with probation is allowed to continue in the AFROTC program. The cadet must agree to and meet the terms of the probation. Counsel the cadet on their probationary requirements via AFROTC Form 16. Failure to meet the terms of the probation will result in dismissal from the AFROTC program for non-contract cadets and a disenrollment for contract cadets. The terms of the probation can include, but are not limited to, a period of time for watching behavior, civil involvement or alcohol restrictions, alcohol/drug/sexual awareness training class to be paid at the students expense, loss of previously awarded competitive selections (e.g., rated categorization), and/or any other action AFROTC believes will help change or improve cadet behavior.

4.39.3. Non-Contract Cadet Probation. Should a non-contract cadet violate the terms of probation for any reason, dismiss the cadet and withdraw the EA (if awarded). Accomplish “Det Drop” in WINGS. HQ AFROTC will not consider additional waiver requests for non-contract cadets who violate the terms of the probation.

4.39.4. Contract Cadet Probation. Only in rare circumstances will a contract cadet be granted probation with a waiver request. For contract cadets, a disenrollment investigation will be directed and probation may be the outcome of that investigation. For probation resulting from a disenrollment investigation, see Chapter 11.

4.40. Military Retention Standards.

4.40.1. Military retention standards are those standards expected of officer candidates to include, but not limited to, moral character, bearing and behavior, physical fitness, professional conduct and relationships, appearance, meeting contracted retention standards, and other standards as prescribed by Air Force directives. Failure to meet any military retention standard may result in dismissal or investigation for disenrollment.

4.40.2. Undesirable Character Traits:

4.40.2.1. Cadets must not possess traits that interfere with their effectiveness and performance as officer candidates. Character traits and personal attributes that detract from the traditional officer values of self-discipline, pride, loyalty, integrity, commitment, and esprit de corps will not be tolerated in cadets.

4.40.2.2. Undesirable character traits are learned attitudes and perspectives, which are difficult to “unlearn.” Examples include dishonesty, racism, bigotry, gender chauvinism, etc.

4.40.3. Physical Fitness, Body Mass Index (BMI) and Body Fat. Contract cadets and cadets competing for an EA must successfully meet appropriate physical fitness requirements IAW AFI 36-2905, *Fitness Program*, and AFI 36-2905, AFROTC Supplement, and paragraph 4.42. Additionally, scholarship cadets must meet BMI and body fat standards. Refer to Table 4.2 for contract cadets who fail to meet prescribed standards. A cadet who receives a CE during the semester for failure to meet weight/body fat standards is required to meet the standards within 30 days into the next term or be det dropped or investigated for disenrollment.
4.41. Other Retention Standards.

4.41.1. This section includes other standards that make a cadet ineligible for a commission. Examples include: claim to be a conscientious objector; refusal to accept assignment or duties involving the use of nuclear weapons or combat; inability to successfully complete a National Agency Check, etc.

4.41.2. AFROTC members are prohibited from actively participating (active participation includes publicly demonstrating or rallying, fund raising, recruiting and training members, organizing, or leading) in the following types of organizations:

4.41.2.1. Those supporting supremacist causes or advocating illegal discrimination, based on race, creed, color, sex, religion, national origin, or ethnic group.

4.41.2.2. Those advocating the use of force or violence, or otherwise engaging in efforts to deprive individuals of their civil rights.

4.41.2.3. Mere membership in these types of organizations, while discouraged, is not prohibited.

4.42. BMI and Body Fat Standards.

4.42.1. BMI and body fat determinations remain part of accession physical standards and are used as entry criteria for AFROTC consistent with DoDI 1308.3, DoD Physical Fitness and Body Fat Programs Procedures, and AFRSI 36-2001, Recruiting Procedures for the Air Force. Conduct BMI checks on all cadets within 15 days prior to enlistment or scholarship activation. If over BMI, conduct body fat measurement in accordance with DoDI 1308.3. The maximum body fat standard is 20% for males and 28% for females.

4.42.2. Non-contract GMC cadets must meet BMI or body fat standards prior to enlistment, scholarship activation, and/or FT attendance.

4.42.3. Do not send cadets to FT if they are over their BMI and body fat at the end of the spring term prior to FT. Contact AFROTC/DO to remove their FT assignment and AFROTC/RRFA to remove their EA. No waivers will be granted.

4.42.4. Contract cadets are responsible for maintaining BMI and/or body fat standards. Cadets must meet Air Force BMI or body fat standards in order to activate and/or retain an AFROTC scholarship, meet the PSP selection board, to attend and complete FT, and to remain in good standing as a member of the POC through commissioning.

**NOTES:** This table is not all-inclusive but provides guidance on the most common CEs.

Note 1. If a cadet receives more than one failing grade (to include “I” incomplete) in the given term OR the TGPA drops below 2.5 as a result of failing grades in that term, only count as one CE. This rule does not apply to low TGPA and failing to maintain full-time student status, which would result in two CEs.

Note 2. Detachments will not award a CE for PFA failures that occur while at FT. Detachments will not award a CE for PFA failures for 4-Yr HSSP cadets (fall semester only) unless still failing as of 31 Dec.

Note 3. Do not issue a CE for summer terms unless the cadet received scholarship payment for that term.
CHAPTER 5 – MEDICAL ADMINISTRATION

5.1. General Information. This chapter covers the medical requirements for contracting a cadet (enlistment) and commissioning into the Air Force. Medical examinations can be obtained through the Department of Defense Medical Examination Review Board (DoDMERB), a Military Entrance Processing Station (MEPS), or military treatment facilities (MTF). For additional information refer to the AETC/SGPS ROTC Cadet Medical Processing Guide (CMPG). The OPR for this chapter is HQ AFROTC/RRF.

5.2. DoDMERB Physicals. DoDMERB is the centralized certifying authority for entry (scholarship) physicals and a DoDMERB physical is required for scholarship activations. Certified DoDMERB physicals are good for scholarship activation, field training attendance, POC entry and commissioning (non-rated and non-specialty only). DoDMERB physicals are scheduled through their website at https://dodmets.com, and a user guide is available on this website. HQ AETC/SGPS serves as the action office following initial DoDMERB certification, regardless of medical action addressed, and will accomplish all subsequent recertification. The initial DoDMERB determination of “MEETS” or “DOES NOT MEET” medical accession standards is based on DoDI 6130.3, Medical Standards for Appointment, Enlistment, and Induction into the Armed Forces. If the DoDMERB determination is “DOES NOT MEET” medical accession standards, then a medical waiver is normally considered by AETC/SGP automatically based on AFI 48-123, Medical Examinations and Standards, unless the cadet requests not to pursue the waiver. The CMPG provides additional information on the AETC/SGP case review process.

5.3. MEPS Physicals.

5.3.1. MEPS is a certifying authority for POC entry physicals (non-scholarship), field training attendance, and commissioning physicals (commission certification ONLY). MEPS physicals are scheduled by detachment personnel through the local MEPS unit. When requesting a MEPS physical, detachments should request a commissioning physical. Check with the MEPS facility for any local policies or procedures that the cadets must follow. Common medical forms used by MEPS include DD Forms 2807-2, Medical Prescreen of Report of Medical History, 2807-1, Report of Medical History, and 2808, Report of Medical Examination. MEPS will require medical records for any illness listed by the cadet on medical forms. Physicals certified by MEPS are annotated “Qualified” for commissioning in item 74a, page 3 of DD Form 2808 (NOT stamped).

5.3.2. Commissioning physicals accomplished and “qualified” at MEPS are considered certified for commissioning purposes for any cadet requiring a “commission-only” certified physical. Do not forward to AETC/SGPS for certification.

5.3.3. MEPS is not the certifying authority for changes in a cadet/applicant's medical status following initial MEPS qualification. Once initially qualified by MEPS, HQ AETC/SGPS becomes the reviewing and certifying authority for any subsequent medical condition/illness.
5.4. **Initial Flying Class/Medical Flight Screening (IFC/MFS) Physicals.** IFC/MFS physicals are for pilot, RPA, and top pilot alternate candidates. These cadets will receive an IFC/MFS examination conducted by the USAF School of Aerospace Medicine (USAFSAM) located at Wright-Patterson AFB, OH. IFC/MFS physicals are scheduled by the detachment through WINGS. AETC/SGP certifies IFC/MFS physicals.

5.5. **Military Treatment Facility (MTF) Physicals.**

5.5.1. MTFs may provide entrance physicals for ECP cadets and will perform commissioning physicals for cadets selected into non-IFC/MFS rated physicals (FCIA, FCIII, ABM, etc.) and non-rated (13XX) positions. Cadets must be categorized/selected for the position prior to requesting a physical examination appointment with the MTF. Cadets will hand-carry any supporting medical documents maintained at the detachment so they may be available for review by the MTF personnel and copies uploaded into the Physical Exams Processing Program (PEPP) as required. This will ensure all the documents needed for review and certification by HQ AETC/SGPS are available.

5.5.2. Non-IFC/MFS rated physicals. Detachments will schedule the appointment at the MTF and request that all cadets receive an Adaptability Rating Medical Assessment (ARMA) for ATC, MOD, as well as for flying. This will save time if the cadet is re-categorized after the physical is completed and certified by SGPS.

5.5.3. Non-rated (13XX) physicals. Detachments will schedule the appointment at the MTF and request Adaptability Rating for Space and Missile Operations Duty (ARMOD) evaluation, RAT and color vision included for certification. Air Traffic Control AFSCs must have a RAT and Adaptability Rating for Air Traffic Control (AR-ATC), and Depth Perception results on the SF88 prior to certification. Cadets selected for missile career field must have a certified commissioning physical with a Missile Crew Duty certification. ARMOD and RAT test results must be annotated on the DD Form 2808, *Medical Record – Report of Medical Examination*, prior to certification by HQ AETC/SGPS. Cadets selected for ABM must receive a certified FCIII physical stamped “ABM.” If the applicant is found disqualified or requires a medical waiver, ensure the MTF enters the case into the Aeromedical Information Management Waiver Tracking System (AIMWTS).

5.6. **Validity Periods.**

5.6.1. Physicals are valid for a limited period of time depending on the purpose of the exam.

5.6.2. Accession Physicals (for enlistment purposes). IAW AFI 48-123, DoDMERB, MEPS, and MTF physicals are valid for 24 months from the date of exam for accession. This applies to all cadets contracting. In addition, contracting cannot occur until the examination has been certified by DoDMERB, MEPS, or AETC/SG (waivers or MTF exams). Update the physical exam expiration date in WINGS to 24 months from the date of exam and then, after a cadet enlists, adjust the expiration date to 48 months from the certification date.

5.6.2.1. ECP cadets must be enlisted within 24 months of the date on their AF Form 422, *Physical Profile Serial Report*. 
5.6.2.2. Field Training (FT). To attend FT, the cadet must have certified, qualified DoDMERB, MTF, or MEPS physical stamped with a date of exam within 48 months (regardless of contract status) of the FT start date. NOTE: ECP cadets may use the AF Form 422 for FT attendance.

5.6.3. Commissioning Physicals. After enlistment, AETC/SGPS automatically extends accession physical validity to 48 months from the certification date for DoDMERB, MEPS or MTF physicals. Accession physicals remain valid until, and may be used for, commissioning unless there is a change in medical status or a specialized examination is required for an AFSC. An extension certification or stamp is not required, it is automatic if there is no break in service. Exception: If a cadet is disenrolled and returns/continues, a new physical will be required for FT attendance and/or POC entry if the exam is more than 48 months old.

5.6.3.1. For commissioning purposes, FCIII, ATC and MOD medical examinations are valid for 24 months from the date of examination (as annotated in item 6 of DD Form 2808, Report of Medical Examination). FCI/IA/IIU (pilot, combat systems officer, RPA) commissioning medical examinations are valid for 48 months from the date of examination. Schedule the individual for the highest level of physical examination commensurate with the individual's category (AFSC).

5.7. Detachment Responsibilities.

5.7.1. Ensure cadets have the properly certified physicals for contracting or commissioning.

5.7.2. Limit contact with DoDMERB and HQ AETC/SGPS. Detachments are authorized to contact DoDMERB and HQ AETC/SGPS only when a significant problem or question exists. Routine telephone calls hamper timely processing of physicals. Routine status checks can be made by accessing the DoDMERB web site at https://DoDMERB.tricare.osd.mil. Detachments will follow the chain of command using guidance in the CMPG to contact AETC/SGPS.

5.7.3. Schedule cadets or applicants for a physical as soon as the commander believes the individual is a viable candidate for the program. NOTE: Cadets must not be scheduled for a physical until they have completed the AF Form 2030. See Attachment 16 for general physical exam timelines. Allow at least 60-90 days from the date of examination for processing.

5.7.4. Obtain medical examinations directly from DoDMERB for applicants who have completed a physical within the last 24 months for another program. In such cases, forward a request via email to DoDMERB requesting the information.

5.7.5. Counsel cadets via AFROTC Form 16. All cadets who have had a physical administered must be counseled on their responsibility to report changes in medical status. Specifically, cadets must report any medical treatment (to include prescription medication other than birth control), illness, injury, or other change in medical status, including pregnancy. Process all reported changes in medical status as specified in paragraphs 5.12 and 5.13. For additional information refer to the CMPG. NOTE:
Failure by a cadet to report a change in medical status will be considered a civil involvement with military authorities and handled in accordance with paragraph 4.5.

5.7.6. Update all certified medical physicals in WINGS.

5.8. Preparation of Cadets for Physicals.

5.8.1. Some physicals require cadets to take action prior to their exams. Cadets should refer to their NCOs and treatment facilities for guidelines. Specific requirements for commissioning physicals include:

5.8.1.1. Dental Treatment. All active orthodontic treatment must be completed before a cadet can be medically certified for commissioning. Ensure orthodontic appliances are removed prior to a cadet’s commissioning examination. FCI/IA/IU physical examinations will not be submitted with dental cavities until a statement from the dentist that corrections have been made has been received. Pilot, RPA, and CSO cadets who require correction of dental cavities must have this condition corrected within 2 months of notification (notification from dentist) or risk loss of rated categorization. NOTE: Cadets failing to meet this requirement should be issued a CE for Failure to Maintain Military Retention Standards (FTMMRS). Upon issuing the CE, contact HQ AFROTC/RRF to determine if the rated allocation will be removed.

5.8.1.2. Contact Lenses. Cadets scheduled for FCI/IA/IU/FCIII physicals are restricted from wearing hard lenses 90 days before the examination and soft lenses 30 days before the examination. To permit an accurate refraction evaluation, cadets who fail to remove contact lenses within these timeframes will be sent home from WPAFB and will be issued a CE for FTMMRS. NOTE: Upon issuing the CE, contact AFROTC/RRFA to determine if the rated allocation will be removed.

5.9. Potentially Qualified for Rated Duty

5.9.1. Potentially Pilot Qualified (PPQ), Potentially RPA Qualified (PRPQ), Potentially CSO Qualified (PCQ), Potentially ABM Qualified (PAQ).

5.9.2. For rated categorization nomination purposes, cadets are required to have their current physical screened using WINGS. Follow the procedures in the WINGS User Guide. It is important that detachments update this at least 12 months from categorization to identify any cadets who may require corneal refractive surgery (CRS) in order to qualify. Optimal time frame for CRS is immediately after entering the POC. See CMPG on CRS procedures. A physical screened as PPQ/PRPQ/PCQ/PAQ applies for rated categorization and only indicates the “potential” of a rated certification. Cadets are still required to receive an appropriate certified flying class physical prior to commissioning. NOTE: Detachments must verify appropriate qualification/certification is present on a “Final FCI/IA/II/IU/III” commissioning physical prior to commissioning a Pilot, RPA, CSO, or ABM cadet.
5.10. Medical Commissioning Requirements.

5.10.1. All cadets must receive a commissioning physical performed by a medical officer. Schedule the commissioning physical NET 15 months, NLT 13 months prior to the cadet’s DOC. This is to ensure there is an appropriately certified “commissioning” physical on-hand at time of commissioning. If a previously completed “commissioning” physical with the required tests (e.g., Reading Aloud Test (RAT), etc.) exists and the validity period has not expired, the physical may be used to satisfy this requirement. Commissioning physicals must be certified by MEPS (“Commission” certified ONLY) or AETC/SGPS (all others) prior to commissioning. A “qualified” and “valid” MEPS examination does not require AETC/SGPS certification. The following paragraphs outline additional commissioning physical requirements:

5.10.1.1. AECP/NECP/ASCP/SOAR. Physical requirements for AECP/NECP students are contained in AFI 36-2013, Officer Training School (OTS) and Enlisted Commissioning Programs (ECPS), and Chapter 13. ASCP/SOAR cadets must meet the same commissioning physical requirements as AFROTC cadets.

5.10.1.2. Specialty Career Fields. A currently rated or designated flight surgeon must accomplish commissioning physicals for all Pilot, RPA, combat systems officer, and non-rated/rated operations (to include ATC, ABM and MOD). Please note that there are specific requirements for Special Tactics and Combat Rescue Officer (STO/CRO) Duty. Contact the local MTF for further guidance.

5.10.1.3. IFC/MFS. All IFC/MFS physicals for pilot, RPA, and top pilot alternate candidates are accomplished by USAFSAM at Wright-Patterson AFB. Detachments will schedule the appointment through WINGS as soon as a cadet is classified and follow AFROTC/RR instructions located on the Holm Center restricted webpage at: https://hq.afoats.af.mil/AFOATSOp/Mission/RR/Enrolldisenroll.asp#MedicalInformation

5.11. Medical Waiver Requests. HQ AETC/SGPS serves as medical waiver authority for cadets in all categories and year groups with one exception. The waiver authority for space/missile operations duty is AFSPC/SGP. If a waiver is approved, medical conditions must remain static for it to continue in effect. Waivers previously granted are reevaluated each time a cadet is examined. If a waiver is denied and an applicant feels that there is new evidence that shows the defect has been resolved or challenges the original determination, then a medical disqualification rebuttal request can be submitted. The process will be provided in the disqualification letter. If the rebuttal request is denied, then an Exception to Policy (ETP) request can be submitted following the guidelines in Attachment 48.

5.12. Medical Recheck Status (MRS) (Contracted Cadets only).

5.12.1. When a change in medical status occurs, the previously certified physical is temporarily no longer considered a “qualified/certified” physical. MRS allows a cadet temporarily not medically qualified to continue receiving monetary benefits while healing. Contracted Cadets who have a change in medical status must be evaluated for placement on MRS. Immediately upon notification of a change in a cadet’s medical status,
forward a request for MRS to AETC/SGPS via email. The cadet will remain on MRS until released by AETC/SGPS. NOTE: Cadets cannot commission while on MRS.

5.12.2. If the condition is considered to be minor in nature, the Detachment Commander may place the cadet on a 30-day temporary medical deferral by counseling via AFROTC Form 16. The detachment must monitor the cadet’s condition. During the deferral, the cadet must be excused from the PFA. If the condition persists beyond 30 days, forward a request to HQ AETC/SGPS for placement in MRS. A copy of the Detachment Commander’s temporary medical deferral must accompany the request for further MRS action (reference CMPG and AFI 48-123).

5.12.3. A cadet in/or pending MRS is excused from PT until the cadet’s medical condition is reviewed and the cadet is released from MRS. Once released from MRS, the cadet will enter a 45-day reconditioning period, during which time he or she may participate in PT. Counsel the cadet in writing via AFROTC Form 16 that he or she must pass the PFA no later than the 60th calendar day after removal from MRS. If the 60th day occurs during a break between terms, the MRS waives the requirement to successfully complete the PFA for the previous term. Schedule the cadet to take the first PFA of the next term. Achieving a passing score on this PFA will fulfill both the current and previous term requirements.

5.12.3.1. While a cadet cannot be forced to take the PFA during the 45-day reconditioning period, he or she may elect to take the PFA at any time after release from MRS. If the cadet waives the reconditioning period, the PFA will be official and documented as such. Counsel the cadet via AFROTC Form 16 that the PFA will be recorded as official.

5.12.3.2. MRS for administrative-type procedures does not excuse cadets from PFA requirements. For example, a cadet may be in MRS for 12 months awaiting final certification for Photorefractive Keratectomy (PRK) or Laser-Assisted In-Situ Keratomileusis (LASIK) surgery. Once they are cleared for full activity by the operating doctor, they are expected to participate in PT and PFA in spite of MRS.

5.12.3.3. Send changes in medical status directly to AETC/SGPS via email for evaluation with any medical documentation scanned and attached in PDF format for AETC/SGPS review. The email must include full name, SSAN, date contracted, medical condition warranting MRS and detachment information (phone/fax number and detachment). Faxes must be pre-authorized by AETC/SGPS.

5.12.4. AETC/SGPS may direct a period of MRS not to exceed 6 months. EXCEPTION: MRS due to pregnancy or eye surgery will exceed the normal 6 months. AETC/SGPS will specify via return email the length of time contract cadets will remain in MRS and will advise the detachment of any required actions to remove the MRS status and reevaluate the physical. Counsel the cadet via AFROTC Form 16 that he or she has been placed in MRS and that he or she has 10 calendar days to provide medical documentation or the scholarship will be temporarily inactivated until documentation has been provided. Cadets may be deferred from fitness testing (weight checks) for the period
of MRS (reference AFI 36-2905, AFROTC Sup). **NOTE:** Ensure MRS data is updated in WINGS.

5.12.4.1. MRS extensions beyond the 6-month point must be requested from AFROTC/RRFA via AFROTC Form 22. The request must be initiated prior to the expiration of the MRS. Granting the extension beyond the six month point will not occur except in rare cases. If an extension is granted, it will not exceed an additional 3 months. The request for the extension MUST include a prognosis/diagnosis from the attending physician and a get-well date within the 3-month period. If the get-well date extends beyond the 3-month period, do not submit the waiver request and initiate a medical disenrollment. If a cadet requires another extension after the previously granted 3-month extension, initiate a medical disenrollment. **NOTE:** MRS extensions may be denied and the physical is then stamped disqualified due to prolonged illness/injury.

5.12.4.2. Contract Cadets may compete for PSP but cannot attend FT or participate in AFROTC physical activities while in MRS. **EXCEPTION:** Cadets in MRS due to CRS may attend once the treating physician clears the cadet for full unrestricted duty (reference CMPG). Contact AFROTC/RRFA for field training deferral due to change in medical status. If change in medical status occurs after field training and before POC entry and enlistment, the cadet cannot be enlisted and may be placed in pursuing status. An AFROTC Form 22 must be submitted to AFROTC/RRFA for an applicant to pursue more than one academic term (reference Chapter 3 for scholarship designees who cannot enlist due to a change in medical status prior to scholarship activation).

5.12.5. Submission to AETC/SGPS for Removal of MRS. At the conclusion of the prescribed MRS period or upon presentation of medical evidence that the condition is corrected, the detachment will forward, by email (with scanned documents attached in PDF format) or mail, the physician’s statement returning the cadet to “full and unrestricted activity” and all medical documentation outlining the diagnosis, treatment and prognosis and any other forms or reports requested (in the initial email that placed the cadet in medical recheck status) to AETC/SGPS. If mailed, attach the required documentation to the AFROTC Form 46. AETC/SGPS will recertify, disqualify, or return to detachment for forwarding to AFROTC/RRFP for additional period of MRS.

5.12.5.1. If HQ AETC/SGPS removes the cadet from MRS, cadets in pursuing status and scholarship designees are eligible to enlist, provided they meet all other enlistment standards. Counsel via AFROTC Form 16 to remove contract cadets from medical recheck status. Update WINGS.

If AETC/SGPS disqualifies the medical examination, initiate a medical disenrollment for contract cadets. Counsel cadet via AFROTC Form 16 on medical disqualification.

5.13. **Change in Medical Status (Non-Contract Cadets).**

5.13.1. AETC/SGPS must reevaluate non-contract cadets who have been medically qualified or certified who have a change in medical status prior to contracting once
medical situation has been resolved. When a change in medical status occurs, the physical is no longer a “qualified/certified” physical until reevaluation is complete and the physical is recertified. Counsel cadet via AFROTC Form 16. Questionable conditions should be submitted via email with full name and SSAN to AETC/SGPS to determine if they warrant evaluation.

5.13.2. Send changes in medical status directly to AETC/SGPS via email for evaluation with any medical documentation scanned in and attached in PDF Format for AETC/SGPS review. The email will include cadet’s full name, SSAN, medical condition warranting evaluation, and detachment information (phone/fax number and detachment). Faxes must be pre-authorized by AETC/SGPS.

5.13.3. Once recertified (either Qualified or Disqualified), attach documentation to the original examination and file in cadet UPRG. Counsel cadet via AFROTC Form 16 regarding outcome of evaluation.

5.13.4. Non-contract AS200/250 cadets will follow guidance similar to contract cadets placed in MRS. Non-contract AS200 cadets who cannot attend FT due to a medical issue which has lasted longer than six months will lose their EA, but may, if they desire, become AS500 (with appropriate DOC/DOG) and compete in PSP the following year if their medical problem is resolved. These procedures apply to a single type medical problem, (e.g., broken bone). It is possible to have 2 separate medical problems which extend beyond the 6-month limitation. For example, broken ankle for 4 months then 4-month shoulder separation a month after recovering from the ankle injury. These events would be handled as two separate events. On the other hand, a shoulder separation for 4 months followed by a shoulder instability for 4 months would be considered a medical problem exceeding 6 months. Contact AFROTC/RRFA for field training deferral due to change in medical status. If change in medical status occurs after field training and before POC entry and enlistment, the cadet cannot be enlisted and may be placed in pursuing status. An AFROTC Form 22 must be submitted to AFROTC/RRFA for an applicant to pursue more than one academic term (reference Chapter 3 for scholarship designees who cannot enlist due to a change in medical status prior to scholarship activation).

5.14.1. Cadets who have a certified physical at one level of qualification may have their physical examinations upgraded by AETC/SGPS to a higher level of qualification (e.g., from commission qualified to non-rated operations, CSO, or pilot). Cadet examinations cannot be upgraded to FCI/IA prior to categorization and selection. EXCEPTION: A cadet selected for CSO duty can be scheduled for an FCI exam to ensure overall qualification in the event of category upgrade to pilot by AFROTC/RR if the host base can support the request.

5.14.2. The requirement to upgrade physicals can be minimized by ensuring all scholarship, POC, and commissioning cadets receive a physical commensurate with the position designated by AFROTC/RR and the needs of the Air Force. Provided there is
reasonable expectation that an individual can qualify for another category, an appropriate medical examination may be requested.

5.14.2.1. Review the individual's most recent examination or medical documents to determine if the physical warrants consideration. If medically certified for the new category by AETC/SGPS, send AFROTC Form 22 to AFROTC/RRFA requesting re-categorization and attach one copy of the certification.

5.14.3. When requested by HQ AFPC and upon selection of a cadet for assignment to space and missile duty, submit a valid medical examination with the AR-MOD results (obtained at MTF) to AETC/SGPS for certification. This step is completed if requested and done when the final commissioning PE was scheduled.

5.15. Cadet Pregnancy

5.15.1. Once a cadet pregnancy is reported, a contract cadet will be put on MRS immediately. The cadet will NOT be allowed to participate in any physical activities with AFROTC. Non contract cadets are not placed on MRS by HQ AETC/SGPS, but will likewise be disallowed from participating in physical activities with AFROTC.

5.15.2. Once a cadet pregnancy is reported, detachments will extend the cadet’s DOC/DOG date into the next FY to accommodate for pregnancy and six-month post-partum disqualification if the cadet is unable to commission as originally scheduled. The cadet’s DOC/DOG must be updated to no earlier than six months from the completion of pregnancy. If the cadet is contracted, detachments must submit an AFROTC Form 22 waiver package requesting a DOC/DOG change and an EA in the next FY, if necessary.

5.15.3. If the cadet has a rated slot and their DOC moves into the next fiscal year, the cadet will lose their rated slot and revert to her pre-rated EA until she is qualified for the rated board for the next FY. The cadet will be eligible to recompete for a rated slot within the next FY’s rated board.

5.15.4. Cadets who are on MRS due to pregnancy will have their MRS extended six weeks beyond the completion of the pregnancy. Send changes in medical status directly to HQ AETC/SGPS. HQ AETC/SGPS will specify the length of time contract cadets will remain in MRS and will advise the detachment of any required actions to remove the MRS and revalidate the physical. When the cadet is no longer pregnant, detachments must notify AETC/SGPS so the MRS expiration date can be adjusted.

5.15.5. Pregnant cadets will be deferred from fitness testing for the period of MRS, or MRS-equivalent time if non-contracted. Cadets can take the PFA no earlier than the conclusion of a 45-day reconditioning period after the MRS expiration. Cadets must take the PFA no later than the first reasonable opportunity after 180 days post-conclusion of pregnancy. For example: if 180 days post-pregnancy falls on a holiday or weekend, cadet must test during the following week. If 180 days post-pregnancy falls during a school break, cadet must test within the first week when classes are back in session. Cadets have the option to test before the 180-day period, but must be counseled via AFROTC Form 16 and understand it will be considered an official PFA.
5.15.6. If the cadet is non-contract, the cadet will still be allowed to attend AS classes and LLAB. The cadet will NOT be allowed to participate in any physical activities with AFROTC for the duration of the pregnancy, plus six weeks post-partum. The cadet can begin physical activities after six weeks post-partum and once cleared to return to full and unrestricted duty by her doctor, but will not be allowed to take the PFA before the conclusion of a 45-day reconditioning period after the six-week post-partum period. Cadets must take the PFA no later than the first reasonable opportunity after 180 days post-conclusion of pregnancy. Cadets have the option to test before the 180-day period, but must be counseled via AFROTC Form 16 and understand it will be considered an official PFA.

5.15.7. Non-contract cadets will not be allowed to enlist or contract until six months after the conclusion of the pregnancy. The cadet can be nominated for a scholarship, but cannot activate it until six months after the conclusion of the pregnancy. The cadet can be nominated for an EA, but will be deferred from Field Training (FT) until the following year. Additionally, cadets must meet all AFROTC membership requirements in order to enlist, contract and activate scholarships.

5.15.8. If the cadet is a completed cadet, they must take a Qualifying Fitness Review (QFR) within 30 days prior to commissioning. If the cadet elects to take the PFA sooner, she must be counseled via AFROTC Form 16 and understand it will be considered an official PFA, and she must still take a QFR within 30 days of commissioning.
CHAPTER 6 – ENLISTMENT PROCEDURES

6.1. General Information. This chapter provides guidelines for enlistment. The OPR for this chapter is HQ AFROTC/RRF.

6.2. Enlistment in the United States Obligated Reserve Section (ORS) of the Inactive Reserves. Applicants selected for POC membership or a GMC scholarship will be enlisted in the ORS before becoming a contracted member in AFROTC. Authority for AFROTC enlistment is Title 10, U.S.C. 2104 and 2107; AFI 36-2011, Air Force Reserve Officer Training Corps (AFROTC) Program; AFI 36-2002, Regular Air Force and Special Category Accessions; and AFI 36-2005, Appointment in Commissioned Grades and Designation and Assignment in Professional Categories – Reserve of the Air Force and the United States Air Force.

6.3. Eligibility to Enlist.

6.3.1. Before enlistment in the ORS, a POC applicant or scholarship designee must fulfill all eligibility requirements. All waivers of eligibility criteria must be approved prior to enlistment. Forward a waiver request via AFROTC Form 22 to AFROTC/RRFA on individuals unable to meet established standards. Detachment Commanders have the following options regarding such POC designees not meeting enlistment eligibility requirements: dismissal from AFROTC with the option to re-compete later (must withdraw EA); special student status (must withdraw EA) with the option to gain eligibility; pursuing status if the disqualifying academic factor can be realistically corrected in one academic term and the cadet has successfully completed field training or been properly deferred.

6.3.2. Do not enlist applicants unless they meet the term and cumulative GPA standards as defined in Attachment 12. Certain non-line designees must meet higher GPA requirements prior to enlisting in the applicable non-line category IAW appropriate Air Force and AFROTC instructions.

6.3.3. Do not enlist cadets who do not meet physical fitness standards (excluding 4-year HSSP designees). EXCEPTION: PFA completed at FT may be used to satisfy fitness requirements for enlistment provided contracting occurs within 10 workdays before or after the start of the fall term, but a height/weight check is still required. To prevent the requirement of a fitness retest, ensure all enlistment eligibility requirements are met prior to fulfilling any fitness testing. For more detailed requirements on scholarship cadets, refer to Chapter 3. For fitness requirements, refer to AFI 36-2905, AFROTC Supplement. For enlisted commissioning program cadets, refer to AFI 36-2013 and Chapter 13 of this instruction.

6.3.4. BMI and/or body fat determinations remain an accession standard and are used as entry criteria for AFROTC. Conduct BMI checks on all cadets within 15 days prior to enlistment or scholarship activation. If over BMI, conduct body fat test in accordance with DoDI 1308.3. Non-contract cadets must meet BMI or body fat standards prior to enlistment, scholarship activation, and FT attendance.

6.3.5. Do not enlist applicants without a certified physical examination. NOTE: A DoDMERB is required for scholarship activation enlistments.
6.3.6. Do not enlist applicants who have a failing AFOQT. The AFOQT is not a requirement for enlistment. However, if a cadet takes the AFOQT and fails to achieve passing verbal and/or quantitative scores prior to POC entry, they are ineligible to contract into the POC. Cadets in this situation will be placed in pursuing status for one semester. Cadets placed in pursuing status for failing AFOQT scores must pass the AFOQT NLT the last day of the fall Semester of the AS300 year or be “Det Dropped.”

6.4.1. Cadet must be a US citizen, either by birth or by naturalization. The applicant has burden of proof for citizenship. Substantiation must be in the form of an original or true copy (raised seal) birth certificate that has been filed through vital statistics. For all other applicants, verify the document that established citizenship and file in the cadet’s UPRG. (Reference AFRSI 36-2001, Recruiting Procedures for the Air Force).

6.4.2. Cadets with dual citizenship must sign a Statement of Understanding that they are willing to renounce the other Non-US citizenship, if requested or if mandatory to continue service.

6.5. Enlistment Age.

6.5.1. Obtain consent of a parent or legal guardian if the enlistee is a minor as defined by the law of the jurisdiction where the contract is signed. This is usually determined by the state where the applicant signs the contract, not the state in which the applicant is living or is a current resident.

6.5.2. The minimum age for enlistment is 17. An individual who is 17 years old at the time of enlistment, unless married, must have a parent or guardian’s consent on the AF Form 1056 before being enlisted. Contact Holm Center/JA for assistance if required.

6.5.3. The minimum age to sign the AF Form 1056 varies from 18 to 21 years of age, depending on the age required to enter into a legal contract as determined by the laws of the state where the applicant signs the contract. Parental consent is required if the applicant or cadet is, for the purpose of entering into contracts, considered a minor by the state in which enlistment occurs. Obtain consent by having the parent or guardian cosign the AF Form 1056. Contact Holm Center/JA to determine minimum age to enter into a contract.

6.5.4. Verification of Age. The burden of proof is upon the applicant. Detachment must physically verify the birth/citizenship paperwork to ensure it is a certified true copy (raised seal). Do not accept a cadet for enlistment until this requirement has been met. File copies of these documents in the UPRG.

6.6. Social Security Number (SSN). Each applicant must possess a SSN when enlisted. If the individual does not possess or has lost their SSN card, refer cadet to Social Security Administration. Detachment must physically verify the social security card before entering the number into WINGS. **NOTE:** Detachment must ensure verification of SSN is filed in UPRG once enlisted.
6.7. **Selective Service Number.** Each male applicant who is 18 years or older must be registered through the Selective Service System (SSS) at the time of enlistment. If enlisting prior to the age of 18, completion of the DD Form 4, *Enlistment/Reenlistment Document Armed Forces Of The United States*, constitutes registration with the SSS in accordance with the Military Selective Service Act. To obtain verification of registration, log into WINGS and click the link to selective service verification located on the extended data tab of the cadet data screen.

6.8. **Enlistment Processing.**

6.8.1. Any commissioned officer (active duty, guard, reserve, or retired) or oath administering official may enlist scholarship designees and POC applicants. Officers who resigned their commissions, and were transferred to the ORS or the non-affiliated (NARS) may not administer the oath. Refer to AFI 36-2606, *Reenlistment in the United States Air Force*.

6.8.2. Pre-Enlistment Actions. The detachment may complete all administrative actions prior to enlistment date except entering the date on and signing the AF Form 1056, DD Form 4 (Part E), and recertification of the items listed below. The date of enlistment is determined by the DD Form 4.

6.8.3. Pre-Enlistment Review of Qualifications.

6.8.3.1. Detachments will use the AFROTC Form 63, *AFROTC Enrollment / Enlistment Checklist*, AFROTC Form 48 and SMR to ensure that the individual is qualified for enlistment. For scholarship designees, the scholarship entitlement must be awarded in WINGS before contracting occurs. NOTE: HSSP entitlements are loaded by AFROTC/RRUC around July of each year.

6.8.3.2. If applicable, has cadet taken AFOQT? And if so, did cadet meet minimum passing scores (Verb:15 Quan:10) in order to enlist/contract?

6.8.3.3. On the day of, and prior to, enlistment have the applicant:

6.8.3.3.1. Recertify the AFROTC Form 35.

6.8.3.3.2. Recertify the AF Form 2030 (excluding ASCP, SOAR, and POC-ERP cadets). If drug (or hemp) abuse is reported which occurred subsequent to the original certification or was not reported upon a previous certification, the individual is normally denied enlistment. If evaluation for possible waiver is considered appropriate (for example, due to inadvertent use), the Detachment Commander may enroll the individual into the POC as a pursuing student and forward a waiver via AFROTC Form 22 to AFROTC/RRFP. For HSSP designees, see paragraph 4.8 of this instruction.

6.8.3.3.3. Recertify the AF Form 3010.
6.8.3.3.4. Recertify the Air Force Dependency Policy Statement of Understanding (Attachment 14).

6.8.3.3.5. Recertify the AFROTC Form 500.

6.8.3.3.6. To satisfy the recertification requirement for an ASCP, SOAR, or POC-ERP cadet, the cadet must “initially” complete/sign the required forms (except AF Form 2030). Since initially completing the form signifies recertification, the recertification areas of required forms are not used.

6.9. Effective Date of Enlistment.

6.9.1. The enlistment of an individual may not, under penalty of law, be postdated or predated. The actual date the individual is administered the Oath of Enlistment is the effective date of enlistment into the ORS. Extreme care must be exercised to enlist only those individuals who are fully qualified, as enlistment cannot be invalidated.

6.9.2. Enlistment must occur within 10 workdays before/after the start of host institution classes (fall term) for fully qualified cadets. For cadets not fully qualified at the start of institution classes, enlist the cadet immediately after qualification requirements are met. Since subsistence is tied to enlistment, detachments must ensure procedures exist to enlist qualified individuals in a timely manner and should not establish administrative requirements that cause extra delays.

6.9.2.1. A Detachment Commander can always delay an enlistment for cause, but the POC applicant or scholarship designee must be counseled via AFROTC Form 16 as to the reason for delay beyond 10 workdays. If not enlisted within 10 workdays after the start of host institution classes and the POC applicant meets the criteria for pursuing status, place the cadet in pursuing status. GMC scholarship designees may not be placed in pursuing status since they do not hold an EA; however, these scholarship designees must be counseled on their continuing designee status.

6.9.2.2. Under no circumstances enlist an individual more than 10 workdays before the beginning of host institution classes (fall term) and cadets cannot under any circumstances be contracted after a term ends. For cross-town/consortium schools, base first and last day of classes on the host institution’s schedule (See HOLMCENTERI 65- 101).

6.9.3. Eligible ECP selectees (ASCP, POC-ERP, and SOAR): Eligible persons must be enlisted within 24 hours of their separation date as required by AFI 36-2013, Officer Training School (OTS) and Enlisted Commissioning Programs (ECP), and AFI 36-3208, Administrative Separation of Airmen.

6.9.4. Ineligible ECP Selectees: If an ECP selectee reports to the detachment and is ineligible for immediate enlistment, the detachment must take one of the following actions:

6.9.4.1. A selectee separated/discharged from active duty concurrent with normal expiration term of service (ETS) has successfully fulfilled the required active duty
military service obligation (MSO). Therefore, the requirement to enlist the selectee within 24 hours is not a factor. To verify if discharge was concurrent with ETS, contact HQ AFPC/DPSOS. Do not enlist a selectee who does not meet appropriate enlistment requirements. Enlistment is authorized ONLY when the factors that necessitated the selectee’s ineligibility no longer exist and all necessary waivers are processed. Although the discharge does not have to be delayed if ETS coincides with MSO, the individual not contracting within 24 hours of separation is no longer qualified to contract using medical retention standards and must therefore have a certified entrance physical prior to contracting.

6.9.4.2. A selectee discharged from active duty prior to normal ETS has not fulfilled the necessary active duty MSO. Therefore, the discharge must be placed on an administrative hold until a decision can be made on enlistment. Notify HQ AFPC/DPSOS and the losing Military Personnel Section (MPS) Separations office that the discharge needs to be placed on “hold” for a specified number of days (time needed to resolve the ineligibility factor). A new discharge date is established based on the time specified to resolve actions. If the selectee meets enlistment eligibility requirements, enlist within 24 hours of the newly established discharge date. If the selectee fails to meet appropriate enlistment requirements, contact HQ AFPC and the MPS to have the selectees’ discharge papers pulled to allow the individual’s return to active duty. Anytime an ECP selectee is returned back to active duty, the detachment must contact AFROTC/RRFA.

6.10. Pre-Enlistment Briefing.

6.10.1. The day of, but prior to, each enlistment, a detachment representative must advise the cadet of their rights and obligations using the pre-enlistment briefing at Attachment 18. The pre-enlistment briefing must be maintained with the AF Form 1056 in the UPRG. The purpose of the briefing is not to recruit but to ensure complete understanding and, if candidates are unable to accept, preclude enlistment. In addition to the pre-enlistment briefing the following items must be covered:

6.10.1.1. All points of the multiple and complex forms must be covered, even if negative (such as subject to worldwide, remote duty regardless of family member or marital status), since these are the directed DoD, Air Force, AFROTC, and individual enlistment and retention standards, obligations, and conditions.

6.10.1.2. Have applicants review the forms that pertain to their membership in AFROTC as contract cadets who are mentioned during the briefing. Instruct them to review the entries on the forms for accuracy and have them refer to social security cards to ensure the respective numbers are correct.

6.10.1.3. Advise applicants to question any portion of the briefing they do not understand.
6.10.1.4. Advise applicants that after the briefing and before enlistment, a break is taken to permit them to ask questions of a private nature which they may not want to discuss or ask in the group setting.

6.11. **AF Form 1056, Air Force Reserve Officer Training Corps (AFROTC) Contract.**

6.11.1. Complete the AF Form 1056 (Attachment 17) and file the original in the cadet’s UPRG and provide a copy to the cadet. A signed AF Form 1056 is not a guarantee that a commission will be offered to the cadet.

6.11.2. Completion of the Contract. The AF Form 1056 must be executed before the individual is admitted to contract cadet status. Ensure the applicant's signature is witnessed by two adults not related to the applicant. Applicant, witnesses, and AFROTC detachment officer representative signatures are not signed until the day of, but prior to, the oath of enlistment, unless paragraph 6.11.3 applies.

6.11.3. Enlistment of Minors. If the individual is considered a minor by the state in which the enlistment occurs, obtain consent (signature) of the parent or guardian, unless the individual is married. The applicant and two adult witnesses not related to the applicant will sign the AF Form 1056 prior to consent. If the parent or guardian cosigns giving consent to enlist, a notary public must witness all applicable signatures if not in the presence of a detachment representative (officer or enlisted may witness) If consent is necessary; individual witness and parental/guardian signatures are required prior to enlistment but not required on the day of enlistment. A detachment officer representative will sign the form the day of, but prior to, the enlistment. The applicant must complete an AF Form 1056 “Changes Page” according to Attachment 17.

6.11.4. Scholarship Nomination. A POC applicant nominated for a scholarship must be completely processed for scholarship membership (possess a valid DoDMERB physical) before enlistment, but will complete the AF Form 1056 as a POC cadet if the scholarship is not awarded by the time of enlistment and the applicant does not want to enroll in pursuing status. If the applicant activates the scholarship following POC entry, the applicant must complete an AF Form 1056 “Changes Page” according to Attachment 17.

6.12. **Scholarship Activation Actions.**

6.12.1. The day the DD Form 4 and AF Form 1056 are signed will be the scholarship activation date. Scholarship entitlements cannot be paid retroactively for a term that ended before the scholarship activation date, unless approved by AFROTC/RRF via an AFROTC Form 22. NOTE: Stipends are never paid retroactively.

6.12.2. Complete Section I of the AFROTC Form 88, Extended Terms of Scholarship Entitlements Acknowledgment and Certification, for scholarship cadets in a SAF-approved 5-year undergraduate major. Section 2 of AFROTC Form 88 is used to verify extended terms of scholarship entitlements, acknowledgement, and certification.
6.12.3. Complete and process travel vouchers for HSSP freshman cadets.

   6.12.3.1. Three-year HSSP winners should complete the travel voucher and be paid as freshman although they are not eligible to contract until the AS200 year.

6.12.4. Update WINGS within 5 workdays of any scholarship action.

   6.12.4.1. Update the contracted date.

   6.12.4.2. Update the scholarship from awarded to active.

6.13.1. Accomplish enlistment by administering the Oath of Enlistment and completing the DD Form 4.

6.13.2. Complete the DD Form 4 according to instructions contained in AFI 36-2606, paragraph 5.8 and Table 5.8, Item 1.

6.13.3. Reserve Orders:

   6.13.3.1. Publication. Publish Reserve Orders through WINGS when the individual enlists or reenlists in the ORS as a POC or scholarship member.

   6.13.3.2. Distribution. Distribute Reserve Orders as follows:

      6.13.3.2.1. One copy in the cadet’s UPRG, if still maintaining hardcopy UPRGs.

      6.13.3.2.2. One copy to the cadet.

      6.13.3.2.3. One copy to the organization that granted a conditional release to permit a member of a Reserve component to enlist in the ORS.

   6.13.3.3. Protection of Privacy Act Data. If multiple cadets reflect on the same reserve order, “black out” other cadets’ personal identifying information (SSN, DOB, etc.) before filing in the cadet’s records or providing the cadet a copy.

6.13.4. Reserve ID Card. The Detachment Commander must verify eligibility or designate in writing individuals responsible for preparing and verifying a cadet’s eligibility for a DD Form 1172-2, Application for Uniformed Services Identification Card DEERS Enrollment. Reference AFI 36-3026V1_(IP), Identification Cards for Members of the Uniformed Services, Their Eligible Family Members, and Other Eligible Personnel. The member is responsible for obtaining the Reserve ID card from the support base Military Personnel Flight Customer Service branch. This requirement may be omitted if it is not reasonable to prepare the DD Form 1172-2 (e.g., cadet has no intention of getting the Reserve ID due to the distance to the support base, or if the support base does not require a DD Form 1172-2). When completing the DD Form 1172-2, under "Privileges Authorized," place a "Y" in the "EU" (exchange unlimited) and the "MWR" (morale,
welfare, and recreation) block. All other blocks must have an "N." The expiration date should be expected date of graduation. NOTE: Cadets should not attempt to obtain ID cards until 30 days after enlistment.

6.14.1. Air Force Reserve (Individual Ready Reserve (IRR), Inactive, or Standby). If the POC or scholarship applicant or scholarship designee is already a member of the Air Force Reserve, the applicant or designee must be discharged and immediately reenlisted in the ORS. This break in service must occur since POC or scholarship members do not accrue service credit for time spent in the ORS. If the member does not have a conditional release (DD Form 368, Request for Conditional Release) before contracting the detachment must coordinate with the Reserve unit and obtain approval via official memorandum for discharge and subsequent enlistment into the ORS. (If inactive Air Force Reserve, the unit is HQ ARPC). Upon enlisting scholarship and POC members, forward a copy of the applicant's DD Form 4 to HQ ARPC/DPTTS, 18420 E Silver Creek Ave, Bldg. 390 MS68, Buckley AFB, CO 80011.

6.14.2. Sister Service Reserve Components (all statuses) and the Air Force Selected Reserve (Active)/Individual Mobilization Augmentees (IMAs). If an individual is a member of a sister Service Reserve component regardless of status, a member of the National Guard, or a member of the Air Force Selected Reserve, a clearance from the service must be received before enlisting in the ORS. Request a conditional release utilizing the DD Form 368 and forward the request IAW paragraph 6.14.2.1. Complete Section I, Blocks 1-4 of the DD Form 368 and annotate the ORS enlistment NLT date (DOC minus 30 days) in Section II, Block 5. Upon receipt of approval (DD Form 368, Part II), or written notification of the clearance, the individual may enlist in the ORS if otherwise fully qualified to contract. With certain restrictions, cadets may participate concurrently in AFROTC and the Guard or Reserve based on current benefits associated with their participation. Prior to competing for an EA, applicants must secure a conditional release. Upon successful completion of FT and if the cadet meets all POC entry standards, they are authorized to enter the POC and remain in pursuing status until the valid date of the conditional release (DOC minus 30 days). Enlistment must occur NLT 30 days prior to the projected commissioning date. Cadets placed in pursuing status must meet appropriate POC military and academic retention standards, meet AS class and LLAB objectives, obtain necessary waivers as required, meet appropriate physical fitness requirements, and may compete for rated categorization. The pursuing student will not be eligible for subsistence or scholarship, to include incentive programs. HQ AFROTC may withdraw a student’s EA if retention is determined not to serve the best interest of the Air Force. If the conditional release request is disapproved, place the student in special student status. For conditional release for Marine Corps Standby Reserve, see Attachment 19.

6.14.2.1. Submit requests for clearance:

6.14.2.1.1. For a member of the National Guard to the appropriate State Adjutant General.
6.14.2.1.2. For a member of the United States Army Reserve:

6.14.2.1.2.2. Standby Reserve - US Army Regulations do not require a conditional release on a member of the United States Army Standby Reserve in order to permit enlistment in any Service. Furnish the US Army Administration Center, 9700 Page Boulevard, St Louis MO 63132-1528, a copy of the cadet’s DD Form 4 following enlistment.

6.14.2.1.3. For a member of the United States Naval Reserve:

6.14.2.1.3.1. Ready Reserve - to the detachment of assignment.

6.14.2.1.3.2. Standby Reserve - to the Commanding Officer, Naval Reserve Personnel Center, 4400 Dauphine Street, New Orleans LA 70149-7800.

6.14.2.1.4. For a member of the United States Marine Corps Reserve:

6.14.2.1.4.2. Standby Reserve - to the appropriate Marine Corps District Headquarters (Attachment 19).

6.14.2.1.4.3. USMC Platoon Leaders Course (PLC) - to the Commanding General, Marine Corps Recruiting Command, 2 Navy Annex, Washington DC 20380-1775.

6.14.2.2. When enlistment is completed, notify the agency granting the clearance via DD Form 368 by completing Part III, Notice of the Enlistment, or by letter. Furnish a copy of the cadet’s DD Form 4 and the Reserve Order announcing enlistment in the ORS and request the individual be discharged effective the day before enlistment in the ORS.

6.14.2.3. If, for any reason, the individual is not enlisted in the ORS, the agency that granted the conditional release must be notified so the conditional release can be terminated.

6.15. Reenlistment in the ORS. An applicant for POC or scholarship readmission who was previously disenrolled from the ORS must be enlisted in the ORS in the same manner as an initial enlistee.

6.16.1. Erroneous enlistments that are identified during HHQ SAVs and inspections must be immediately corrected. Detachments may only take action to resolve correctable erroneous enlistments through the standard waiver process. When approved, a “Conditional Waiver” will be granted normally lasting no longer than six months from the time the error is
identified or by 30 June of the cadet’s commissioning fiscal year, whichever is sooner. Only in extenuating circumstances will AFROTC/RR allow the waiver to extend past the 30 June date. Approval authority for erroneous enlistment conditional waivers is AFROTC/RR. Once the condition that created the erroneous enlistment has been corrected, detachments must submit a waiver package to clear the conditional waiver. Failure to take corrective action to correct the error must result in a disenrollment investigation.

6.16.2. Erroneous enlistment is one the Air Force should not have accepted, and does not involve fraud. Errors in the enlistment process occur when the Air Force does not have the true facts or does not take the correct actions.

6.16.2.1. All erroneous enlistment waiver requests require AFROTC/RRF approval via an AFROTC Form 22. Examples of Erroneous Enlistment: An erroneous enlistment exists when a cadet was enlisted who:

6.16.2.1.1. Reported an involvement on the AFROTC Form 35 correctly, the involvement required HQ AFROTC waiver, but the waiver was not obtained.

6.16.2.1.2. Was not medically qualified for enlistment.

6.16.2.1.3. Had subsequent medical determination that invalidated the initial medical certification.

6.16.2.1.4. Was a previously disenrolled member of an officer training program, required AFROTC waiver for reentry, but the waiver was not obtained.

6.16.2.1.5. Did not meet AFROTC academic standards and did not receive a waiver.

6.16.2.1.6. Had not attained the minimum age for enlistment or would exceed the maximum age for commissioning according to their established commissioning date, but did not receive a waiver from the appropriate authority.

6.16.2.1.7. Was 17 years old, unless married, or signed the AF Form 1056 before achieving legal age requirements according to the state where enlistment occurred and failed to receive parental consent.

6.16.2.1.8. Indicated conscientious objector status.

6.16.2.1.9. Was not a US citizen.

6.16.2.1.10. Had properly disclosed information on the AF Form 2030 that was either disqualifying or required an AFROTC waiver, but the waiver was not obtained.

6.16.2.1.11. Was not fully enrolled in the institution and tentatively scheduled to receive a baccalaureate degree in the contracted fiscal year (FY).
6.16.2.1.12. Failed to complete an AF Form 1056 on the day of enlistment (excluding parental consent, if required).

6.16.2.1.13. Was a member of any active or reserve component of the armed forces, except Air Force Reserve (Individual Ready Reserve (IRR), Inactive, or Standby), or Army Standby Reserve and did not have a conditional release.

6.16.2.1.14. Was a present or former commissioned officer, an officer in the Health Services and Mental Health Administration, or a member of the National Oceanic and Atmospheric Administration.

6.16.2.1.15. Had prior military service, but the DD Form 214 was not certified by AFROTC/RRF for reenlistment.

6.16.2.1.16. Entered the POC (2-year program) without successful completion of FT or AFROTC/RRF deferral of FT.

6.16.2.1.17. Had not successfully completed required prerequisite training (GMC, FT, or its equivalent) but entered the POC without a waiver from AFROTC/RRF.

6.16.2.1.18. Had been properly administered the PFA prior to enlistment, but failed.

6.16.2.1.19. Had been properly administered a BMI check prior to enlistment, but exceeded body fat standards.

6.16.2.1.20. Did not meet the required TGPA and CGPA requirement for the previous normal (non-summer or mini-)term.

6.16.2.1.21. Had a failing AFOQT score (see paragraph 6.3.6).

6.16.3. Fraudulent enlistment is one involving material misrepresentation, omission, or concealment that, if known at any time in the enlistment process, might have resulted in rejection. A fraudulent enlistment exists when a cadet was enlisted who deliberately failed to report or materially misrepresented.

6.16.3.1. Fraudulent enlistments must be investigated for disenrollment. Advise the cadet, via AFROTC Form 16 that the enlistment was not a valid enlistment as it was not authorized by existing directives and service performed during the enlistment is not creditable for any purpose. Clearly identify the disqualifying factor that made the enlistment invalid. Examples of Fraudulent Enlistment:

6.16.3.1.1. A civil involvement that happened before enlistment.

6.16.3.1.2. A previous disenrollment as a contract member of an officer training program.

6.16.3.1.3. Not in good academic standing.
6.16.3.1.4. Information on their physical exam.

6.16.3.1.5. Admission of pre-service drug use after denying such use at time of entry. This may be found out when cadet completes other required documentation such as commissioning physical, security paperwork, etc.

6.16.4. Administrative error is made on the part of the Air Force. An administrative error in the enlistment process exists when:

6.16.4.1. The cadet inadvertently failed to report an involvement that happened before enlistment.

6.16.4.2. The cadet did not properly complete the PFA prior to enlistment. Administrative error exists only if the cadet subsequently passed the PFA in the first attempt after enlistment. If they did not pass, the enlistment is erroneous and paragraph 6.16.2.1.18 applies.

6.16.4.3. The cadet did not properly have height, weight, and BMI/Body Fat (if applicable) checked prior to enlistment. Administrative error exists only if the cadet subsequently passed height, weight, and BMI/Body Fat in the first check after enlistment. If they did not, the enlistment is erroneous and paragraph 6.16.2.1.19 applies.

6.16.4.4. An ASCP, SOAR, or POC ERP cadet was not enlisted in the ORS on the day following separation from active duty according to AFI 36-3208, Administrative Separation of Airmen.

6.16.4.5. Errors occur in the preparation of the DD Form 4.

6.16.4.6. Did not initial corrections or erasures on the AF Form 1056.

6.16.4.7. The AFROTC Form 35 was not recertified on the day of, but prior to, enlistment. Administrative error exists only when the cadet recertifies and lists no additional involvements, or lists additional involvements that are waiverable by the Detachment Commander, and the Detachment Commander waives them. If involvements are listed that require HQ AFROTC/RRFP approval, then the enlistment is erroneous and paragraph 6.16.2.1.1 applies. NOTE: A separate certification is required for enlistments that occur on the date of application as these two processes are separate, distinct events.

6.16.4.8. The AF Form 2030 was not recertified at time of enlistment. (Administrative error exists only if the cadet attests to "No Change."). If the cadet recertifies and lists substance abuse, the enlistment is erroneous and paragraph 6.16.2.1.19 applies.

6.16.4.9. The cadet had prior military service and was contracted before receipt of the reenlistment code and DD Form 214 from the appropriate agency, or who was contracted based on a review of the individual's copy of the DD Form 214. If the DD Form 214 is reviewed and the cadet was not eligible for enlistment, the enlistment is erroneous.
6.16.4.10. Enlisted based on meeting all eligibility requirements (reference Chapter 3) for a fully-qualified scholarship program, but failed to properly receive HQ AFROTC/RRUE approval via WINGS. If it determined that the individual was actually not eligible to activate the scholarship at the time of enlistment, then it is an erroneous enlistment.

6.16.5. Administrative error must be corrected by the detachment holding the cadet’s records even if the cadet was enlisted at an MPS or another detachment. When the items are corrected, an MFR must be placed in section I of the cadet’s UPRG listing the errors and corrections made.

6.16.6. Correction of the DD Form 4: Correction tape must be used, no white out or strikethroughs, unless it is a date or signature and correction must be TYPED in. Correct entry, and have member and Air Force representative initial the changes. Annotate the form at the top as "Corrected Copy." If an incorrect entry is detected after submission of the DD Form 4 to AFPC, follow the guidance above and send a copy of the corrected form to AFPC along with a letter requesting they change their copy of the form. Changes in personal data, such as name changes, do not require a correction to the DD Form 4.

6.16.7. Name or SSN Changes After Enlistment and Before Commissioning. Use the following procedures to update a cadet’s records whenever a name change occurs after enlistment:

6.16.8. Cadet Responsibilities. From the nearest United States Post Office or Social Security Office, obtain and complete an SS-5, Application for a Social Security Card. Provide a reproduced copy of this form and all other documentary proof of the name change to the detachment.

6.16.9. AFROTC Detachment Responsibilities:

6.16.9.1. Update the cadet’s UPRG using locally available documentary proof (copy of marriage license, etc.). **NOTE:** Existing cadet records at the detachment such as the AF Form 1056 and DD Form 4/1 do not require correction, but the DD Form 93 must be updated.

6.16.9.2. Update WINGS.
CHAPTER 7 – CADET PERSONNEL ACTION REQUEST

7.1. General Information. The OPR for this Chapter is HQ AFROTC/RRF. This chapter explains the procedures to request waivers, or other data change requests, as specified in this instruction.

7.2. Specific Use.

7.2.1. The AFROTC Form 22, Cadet Personnel Action Request (CPAR), is currently used to request waivers, outline Detachment Commander’s disenrollment comments and recommendations, or other actions, as specified in this instruction. When available, detachments will submit CPARS in WINGS.

7.2.2. Waivers. Detachments may request waivers (e.g., CI waiver, Drug waiver, AFOQT retest waiver, etc.) for cadets and applicants who fail to meet eligibility requirements or for contract cadets who fail to maintain academic, military, or other retention standards.

7.2.3. Data Changes. Detachments may request changes to cadet data (e.g., DOC/DOG change, Major change, Category change, etc.), as specified in this instruction.

7.3. Submission Guidelines.

7.3.1. Make no commitment to the individual, even if previous conversations with HQ AFROTC personnel indicate favorable consideration.

7.3.2. Temporarily inactivate scholarships as required.

7.3.3. Submit a separate AFROTC Form 22 for each individual. The AFROTC Form 22 may contain multiple requests, but for only one individual.

7.3.4. Submit AFROTC Form 22 to AFROTC/RRFD for disenrollment actions. All others are to be sent to AFROTC/RRFA. Disposition action for all actions submitted to AFROTC/RRFA will be forwarded via email to the detachment email address. Detachments must allow 60 day for processing of disenrollment actions and 20 days (minimum) for waivers and all other requests. NOTE: If a detachment is not sure a situation requires CPAR (other than for disenrollment action), they are encouraged to contact AFROTC/RRFA.

7.3.5. Submit waiver requests to AFROTC/RRFA via email (with all supporting documentation) to afrote.rrfa@us.af.mil. Maintain a copy in the cadet UPRG for reference along with the final disposition. NOTE: ALL disenrollment packages must be mailed to AFROTC/RRFD IAW Chapter 11 of this instruction.

7.4. AFROTC Form 22 Completion. Complete instructions for the AFROTC Form 22 are located at Attachment 20. Since HQ AFROTC decisions are based on the whole-person concept, it is vital that all information shown is correct, complete, and current. If an item does not apply, enter N/A or leave blank.
7.5. **Appeals.** Whenever Detachment/CCs desire to appeal an AFROTC Form 22 that was previously disapproved by AFROTC/RRFP, they must request re-consideration directly to AFROTC/RR. Ensure the correspondence includes any additional support that may not have been included in the package. Decisions will be returned to the detachment via email or a revise Form 22 response.

7.6. **WINGS Trouble Ticket Waivers.**

7.6.1. The following actions may be approved through trouble ticket in WINGS.

7.6.1.1. FT deferral based on medical reasons. Submit request with specifics of medical reason if deferral is before departure to FT. NOTE: Cadets returned from FT for medical reasons without prejudice are not automatically deferred to FT the following summer. Detachments may request another FT assignment in the same year through HQ AFROTC/DOT provided space is available. If there are no open billets or if the cadet is unable to complete FT during the same summer, detachments must request deferral via trouble ticket in WINGS.

7.6.1.2. Period of Non-Attendance to attend mandated church missions. Include date of departure and return.

7.6.1.3. Major and DOC/DOG changes within the Detachment CCs waiver authority. NOTE: HQ AFROTC/RRFA maintains oversight of these changes to ensure scholarship entitlement is not affected.

7.6.1.4. Corrections to cadet data not correctable by detachment personnel.

7.6.2. Disapproved WINGS trouble tickets. A WINGS trouble ticket disapproval may be appealed only by submitting an AFROTC Form 22 to HQ AFROTC/RRFP.

7.7. **Cadet Notification.** Cadets must be counseled via AFROTC Form 16 on results of all disenrollment actions and waiver requests. Submit AFROTC Form 16 for disenrollment actions to HQ AFROTC/RRFD via e-mail to afrotc.rrfd@us.af.mil.
CHAPTER 8 – POC AND NON-LINE SELECTION PROCESS (PSP)

8.1. General Information. This chapter explains the purpose of enrollment allocations (EA) and establishes selection procedures for POC applicants. It also explains basic eligibility requirements common to EAs and provides an event schedule. The OPR for this chapter is AFROTC/RRF.

8.2. Purpose.

8.2.1. Cadets are selected to advance into the POC based on Air Force needs, including academic major. Selection normally occurs in the applicant’s AS200/250 year. A cadet cannot be contracted in the POC or enroll in AS300/400 classes without an EA unless they are Special Students with no intent to commission. AFROTC will consider medical and dental candidates (line-to-non-line) one year prior to commissioning (around the same time the rated boards are held).

8.2.2. Based on Air Force needs, the AFROTC/CC may direct alternate central selection boards.

8.3. PSP Eligibility Requirements.

8.3.1. Applicants must meet all eligibility requirements in Chapter 4, or have an AFROTC/RRF waiver.

8.3.2. Cadets competing for an enrollment allocation through PSP must have a CGPA of at least 2.5 on a 4.0 scale. Use the AFROTC calculated CGPA as outlined in paragraph 4.32.1.4.7. TGPA is not a factor for eligibility, although it is a factor for contracting upon entering the POC.

8.4. Schedule of Events. Estimated timeline:

8.4.1. Beginning of Fall term, but NLT November: Begin working physical examinations for cadets who may be meeting PSP board.

8.4.2. First duty day in January: Start of nomination period.

8.4.3. Second week in February: Detachment deadline for PSP inputs.

8.4.4. First week of March: PSP boards held.

8.4.5. Third week of March: PSP and non-line selection results released via ARMS.

8.5. Notification to Detachments. Detachments will be notified of selection of EA and non-line categories through WINGS in the Category Selection (CAT-SEL) field. The field will state “officer -T” if the cadet is given an EA in a technical major, “officer-N” if the cadet is given an EA in a non-technical major, “Nurse” if the cadet is given an EA for nursing, and will remain blank if not selected.
8.6. POC EAs.

8.6.1. Each applicant for an EA must meet these minimum standards:

8.6.1.1. Pass the PFA and meet standards according to AFI 36-2905, AFROTC Supplement. WINGS will use the most recent score.

8.6.1.2. Standardized testing requirements: The Air Force Officer Qualifying Test (AFOQT) is not a disqualifier for POC selection; however, the Scholastic Aptitude Test-Equivalency (SAT-E) is part of the OM used for selection. Therefore, a cadet must have at least one of the three standardized tests (AFOQT, SAT, ACT) to be competitive. Since the selection algorithm chooses the highest of the scores entered into WINGS, (only the most recent AFOQT scores can be considered), detachments should strive to enter as many as possible.

8.6.1.2.1. The SAT-E can be established using either the SAT, ACT, or the AFOQT- AA scores. The highest SAT-E will be used for OM calculation.

8.6.1.2.2. Verify the applicant’s most recent scores as they appear in WINGS and on the Student Management Roster (SMR) since this is the score of record. Contact AFROTC/RRFA if there is a discrepancy. Chapter 4 of this instruction outlines policies for a cadet who fails to achieve the minimum passing scores.

8.6.2. Ensure any waiver requests (civil involvements, age, etc.) are approved prior to nominating applicants for EAs. Use the eligibility requirements outlined in Chapter 4 of this instruction and on the AFROTC Form 63, AFROTC Enrollment / Enlistment Checklist, when considering applicants for EA.

8.6.3. Nominees must have a valid/qualified/certified physical examination prior to nomination. The physical exam data must be entered before WINGS will allow the PSP nomination. NOTE: Sports physicals may not be used for PSP nomination.

8.7. Detachment Screening Process. Screen applicants to determine their motivation toward pursuing an Air Force commission. Do not nominate unqualified or unmotivated applicants. Do not use the PSP process as a screening process for selection. That is, if detachments believe a cadet should not be enrolled in the POC, make the cut; do not use the PSP as the go/no-go decision.

8.8. POC Selection Process (PSP). Detachment Commander Ranking (DCR) and OM.

8.8.1. The DCR is an evaluation of officership potential based on performance as a cadet. Rank all eligible cadets competing for an EA. Evaluate each cadet based upon the “whole person” concept. As a guide, measures of aptitude, work ethic, leadership ability, bearing/verbal skills, fit with Air Force culture and personal fitness point to officer potential. WINGS will compute the Relative Standing Score (RSS) based on the DCR and the class size (see Table 8.1).
8.8.2. Do not award an undeserved ranking in an effort to overcome lower objective factors such as a poor GPA, PFA or standardized test score.

Table 8.1. PSP Order of Merit (OM) Factors.

NOTES:
1. The formula for calculating RSS is:
   \((1-R/C)+0.5/C)\times10\), where R=DCR and C=Class Size
2. The SAT-E is the best of the SAT, ACT or AFOQT-AA, converted to SAT-E used only for selection processing (see conversion chart at Attachment 21)

The AFROTC/CC may adjust factors and weighting

8.9.1. Cadets selected for a non-line enrollment allocation are ineligible to compete for any rated category.

8.9.2. Nurse Non-line Selection Board. All candidates majoring in Nursing will meet the Nurse PSP for a non-line EA. Cadets majoring in nursing who have not been accepted into a nursing program should be nominated for a “Nurse” EA along with those who are currently in a nursing program.

8.9.2.1. Cadets with a Nurse EA who are not subsequently accepted into a certified nursing program or who are dropped from a certified nursing program will have to request a non-technical EA from ROTC/RRFA via AFROTC Form 22. If on scholarship, they will have their scholarship suspended pending reapplication and acceptance into a certified nursing program, or terminated upon acceptance of a non-tech EA.

8.9.2.2. A “Nurse Only” EA will be awarded to those who would not have made the non-tech cutoff but who may be or have been accepted into a certified nursing program. AFROTC/RRFP will contact detachments during the data verification process to validate nursing program acceptance in order to determine the “Nurse Only” EA. Detachments may request an out-of-cycle (OOC) “Nurse Only” EA via AFROTC Form 22 for PSP non-selects who are later accepted into the certified nursing program. Nursing candidates who would not have been selected for a non-technical EA are ineligible for line consideration.

8.9.3. Nursing Program Description.
8.9.3.1. Students engaged in the pursuit of a nursing-related baccalaureate or higher degree from a National League of Nursing (NLN) or a Commission on Collegiate Nursing Education (CCNE) school of nursing or from certain schools recognized by the United States Department of Education and acceptable to the United States Air Force Surgeon General may enroll in AFROTC and commission in the United States Air Force Nurse Corps.

8.9.3.2. Detachments may obtain additional information concerning the Air Force Nurse Program by contacting HQ AFPC/DPAMN (DSN 665-3226 or (800) 531-5811).

8.10. PSP Nomination Period.

8.10.1. The nomination period normally begins the first duty day of January through the second week of February. Detachment/CCs may submit nominees anytime during this period.

8.10.2. Cadets who are pending scholarship activation, and cadets with scholarship applications pending, must be counseled, via AFROTC Form 16, that failure to receive an EA will result in withdrawal of scholarship offer.

8.10.3. For any cadet who previously completed FT successfully, submit an AFROTC Form 22 to AFROTC/RRFA requesting an EA and accreditation of FT.

8.10.4. Selection Boards and Notification to Detachments.

8.10.4.1. PSP selection boards convene at HQ AFROTC. Cadet rosters meeting the selection board will be aligned by OM. To meet the needs of the Air Force, separate boards (e.g., academic major, foreign language ability) may be considered. For a cadet to meet the board, all selection data, especially DOC/DOG and academic major, must be correct, input, received, and verified by AFROTC/RRFP prior to the established cut-off dates.

8.10.4.1.1. Cadets majoring in a foreign language may be boarded separately, but will receive a Non-Technical EA.

8.10.4.2. Check each entry to ensure all information is correct, especially DOC/DOG and academic major.

8.10.4.3. When a cadet is selected for an EA, CAT-SEL appears in WINGS. Cadets cannot be scheduled for FT without an EA. Cadets must have an EA prior to enlisting into the POC or enrolling in AS300 class, unless the cadet falls under the provisions of Special Student status (see Chapter 4). The Detachment/CC is responsible for ensuring no cadet is allowed to attend FT or enter the POC without an EA.

8.11. Actions Required by Cadets. Nursing students must provide the detachment documentation of acceptance into a certified Nursing Program. This normally occurs no later than the junior year.

8.12.1. Once the PSP board has convened, there are a limited number of OOC Line EAs available for award. Since the PSP board is the primary method for awarding EAs, OOC EAs will only be granted if there were not enough candidates selected through PSP, especially in critical majors. AFROTC/RR will provide specific guidance and minimum requirements following the PSP board on requirements for requesting an OOC EA.

8.12.2. Since 2-year detachments do not have GMC cadets to nominate for PSP, some EAs are held out for them. These detachments may request EAs for fully qualified cadets through AFROTC Form 22 to AFROTC/RRFA.

8.12.3. Cadets must be fully qualified to be eligible for OOC EA consideration and submitted to AFROTC/RRFA via AFROTC Form 22. Package must include DCR and class size.

8.12.4. For those cadets who are already in the POC who require an OOC EA because of a change in DOC/DOG, approval will be based on the availability of an EA and the reason for the change. If the change is due to academic deficiency, course failures, or other failure to maintain academic retention standards, a disenrollment investigation may be directed. If the change is due to unforeseen change(s) by the academic institution (e.g., course cancellation, course rearrangement, etc.), it is likely to be approved if OOC EAs are available.

8.13. Withdrawal/Discontinuation of EA.

8.13.1. AFROTC/RR may withdraw the EA of any cadet who fails to maintain retention standards after selection.

8.13.1.1. Contracted cadets will have to be investigated for disenrollment.

8.13.1.2. Non-contracted cadets will be Det Dropped.

8.13.2. PSP selection takes into account normal attrition. After the PSP nomination suspense and prior to the award of the EA, notify AFROTC/RRFP immediately if a nominee no longer wishes to be considered for PSP or if the Detachment/CC determines that the nominee should no longer be given consideration. This issue is time sensitive so the preferred means of notification is email. This is critical because it affords another otherwise qualified nominee an opportunity for PSP selection.

8.13.3. When a cadet with an EA leaves the program prior to FT attendance or cannot attend FT due to medical reasons, notify AFROTC/DOT and HQ AFROTC/RRFA immediately. The preferred means of notification is via a WINGS trouble ticket. This is critical as every effort is made to backfill FT positions.

8.13.4. If a non-contract cadet leaves FT or completes FT and decides not to enter (contract) into the POC, accomplish a “Det Drop”. HQ AFROTC notification is not required as this situation is factored into the normal attrition.
8.14. Cadets Not Receiving an EA during PSP.

8.14.1. For those cadets who did not receive an EA, counsel via AFROTC Form 16 to ensure they understand their options.

8.14.2. All non-selects should complete the school term in their current AS class. Their non-selection for PSP will NOT be a factor in their grade in AFROTC classes. This does not mean that the root cause of non-selection (e.g., poor class attendance, poor performance, poor timeliness, etc.) is to be ignored in their grades. Award grades fairly and equitably as spelled out in the syllabus (expectations and standards for class.)

8.14.2.1. Assure cadets that non-selection for the POC is NOT the “end of the world.” There are many DoD options still available; including re-competing for the POC the following year, applying for OTS, applying for DoD Government Service employment, or entering the Army or Navy ROTC programs.

8.14.2.2. If this is a cadet’s second opportunity to compete in PSP, then accomplish a “Det Drop”. The cadet is released without any commitment.

8.14.3. Non-selected cadets wishing to recompete for the PSP the following year, must have a DOG three years out in order to complete 2 full years in the POC if selected. They will be identified in WINGS as AS500 (completed GMC) the next fall. AS500 cadets can enroll in LLAB ONLY for the next academic year and re-compete for an EA in the next PSP cycle. Do not allow these cadets to attend AS300 classes, except for those mandatory at SMCs.

8.14.4. Contract cadets who do not receive an EA during PSP must be disenrolled from the AFROTC program. The AFROTC/CC, or designee, will determine if release or recoupment of scholarship funds will be accomplished for these contract cadets. Accomplish disenrollment actions IAW with Chapter 11.

8.14.4.1. Temporarily inactive the cadet’s scholarship to stop GMC pay on the date the disenrollment investigation is initiated (the date cadet is served with the letter of notification (AFROTC Form 10, Administrative Disenrollment Action Worksheet for AFROTC Cadets). The AF Form 1056, AFROTC Contract, clearly states, “If I am not selected for entry into the POC, I understand that I may be disenrolled from the AFROTC program.” Additionally, each AFROTC Form 16 used in counseling cadets reminds them that failure to compete favorably for an EA is a failure to maintain standards. Do not put contract cadets in AS500 status until the disenrollment investigation is complete and the cadet has been informed on the status of their disenrollment investigation.

8.14.4.2. Contracted cadets who wish to reenter AFROTC may become AS500 cadets and follow the procedures outlined below. NOTE: The Detachment/CC can waive a DD Form 785, Record Of Disenrollment From Officer Candidate – Type Training, rating of “1”, “2”, or “6” if the cadet is disenrolled from AFROTC only. Submit a Form 22 package for any requests to waive all other DD Form 785 recommendations.
8.14.5. Cadets pending scholarship activation. Cadets pending scholarship activation cannot activate their scholarship if they were not awarded an EA on this board. HQ AFROTC will withdraw the scholarship offer for these individuals. Should the cadet wish to continue in AFROTC, they may do so as an AS500. Non-contract cadets who did not receive an EA should be “Det Dropped” at the end of the current term unless they wish to recompete the following year.
CHAPTER 9 – CATEGORIZATION AND SPECIAL PROGRAMS

9.1. General: This chapter explains the categorization procedures for rated AFSCs and provides information pertaining to non-line AFSCs and other specialized officer career fields. The OPR for this chapter is HQ AFROTC/RRF.

9.2. Rated Categorization Board

9.2.1. Purpose. To categorize cadets into Pilot, Remotely Piloted Aircraft (RPA), Combat Systems Operator (CSO), or Air Battle Manager (ABM) career fields.

9.2.2. AFROTC senior officers place cadets in categories to meet Air Force officer production objectives. For officer candidates competing for a Pilot/RPA/CSO/ABM slot, categorization occurs in the FY prior to commissioning (AS300 year for 4-year program cadets and AS400 year for 5-year program cadets).

9.2.3. Eligibility Requirements.

9.2.3.1. Cadets volunteering for rated duty should understand they may be assigned to any rated categorization, i.e. pilot, CSO, RPA or ABM, for which they are qualified.

9.2.3.2. Cadets competing in the rated categorization process must have a CGPA of at least 2.5 on a 4.0 scale. TGPA is not a factor for eligibility. The ROTC CGPA must reflect all courses taken to include repeat courses, transfer credits, and those forgiven by the university.

9.2.3.3. Cadets already selected for a non-line enrollment allocation (nurse, medical, dental) are ineligible to compete for any rated category.

9.2.3.4. The selection rate for certain critical majors can be constrained in order to satisfy those Air Force accessions requirements. Cadets in critical majors are eligible to compete, but the selection rate may be less than the board average selection rate.

9.2.3.5. Cadets must be medically screened in WINGS. Pilot candidates must be PPQ, RPA candidates must be PRPQ, and CSO candidates must be PCQ, and ABM candidates must be PAQ in WINGS in order to compete.

9.2.4. Approximate Schedule of Events.

9.2.4.1. Before nomination, take medical information from the latest certified physical exam and enter it into the corresponding portions of the Pilot/Nav/RPA Screening Exam tab in WINGS. WINGS will use this information to determine whether the cadet is potentially medically qualified for pilot, RPA, CSO, or ABM.

9.2.4.2. NLT first week of January: Complete testing of Test of Basic Aviation Skills (TBAS), so Pilot Candidate Selection Model (PCSM) can be updated and entered into WINGS. PCSM score is required to compete for pilot and RPA pilot.
9.2.4.2.1. The TBAS can be taken up to two times, separated by at least 180 days.

9.2.4.3. Middle of January: Update accrued flying hours in order to ensure the PCSM score is accurate/current. PCSM score is required to compete for pilot and RPA pilot.

9.2.4.4. First week of February: Categorization board held.

9.2.4.5. Third week of February: Categorization board results announced via ARMS message and results updated in WINGS.

9.2.4.6. Last week in August: Deadline for all FT result inputs for the categorization continuation process. This is done by AFROTC/DOT.

9.2.4.7. Last week of September: Categorization continuation process, Euro-NATO Joint Jet Pilot Training (ENJJPT) selection process, and Supplemental Board completed.

9.2.4.8. First week in October: Categorization continuation process, ENJJPT, and Supplemental Board results released.

9.2.5. Non-Rated Line Cadets. AFROTC/RRFP will only categorize cadets with EA into pilot, RPA, CSO, and ABM categories. Senior year cadets who are not qualified for or do not desire these categories will retain “Officer” in CAT-SEL field on the SMR and be assigned an Air Force Specialty Code (AFSC) by the Air Force Personnel Center (AFPC) via the AFROTC Form 53, Cadet Information.

9.2.6. The pilot categorization board will convene prior to the RPA board, the RPA board prior to the CSO board, and the CSO board will convene prior to the ABM board. Cadets selected for one board will not meet the subsequent board(s).

9.2.7. Rated Categorization Requirements.

9.2.7.1. All eligible cadets may compete for a rated category slot. Cadet physicals for pilot/RPA/CSO/ABM must meet the most restrictive AFMSA standard in the pilot/RPA/CSO/ABM screen exam in WINGS for their desired category prior to submission. Meeting the medical pre-screening eligibility criteria prior to the board does not guarantee the cadet will be qualified on the appropriate flight physical; this process only establishes “potential” qualification. If a cadet does not meet AFMSA standards for the requested category in time to meet the submission deadline, consider the cadet unqualified for the category and do not nominate. If the cadet later meets AFMSA standards and wants to request pilot/RPA/CSO/ABM categorization, submit an AFROTC Form 22 package to AFROTC/RRFA.

9.2.7.2. Cadets who undergo Corneal Refractive Surgery (CRS) will need to supplement their current physical with a new eye examination provided by their ophthalmologist. The eye examination cannot be given earlier than 3 months after the operation and results must be evaluated/certified by HQ AETC/SG prior to submission. Update the physical (including the supplemental eye examination)
information in the pilot/RPA/CSO screen exam in WINGS to determine if the cadet is qualified for their desired category. Counsel each cadet who meets the rated categorization board that they will be required to pass a IFCI/MFS physical at WPAFB (if selected as a pilot), a FCIIU physical (if selected as an RPA) (also conducted at WPAFB), a FCIA physical (if selected as a CSO), or a FCIII physical (if selected as an ABM) after rated selection, but prior to commissioning.

9.2.7.3. Candidates must meet the AFOQT minimum scores shown in Table 9.1. These scores are not waiverable for rated duty, even if previously waived for enlistment.

9.2.7.4. Pilot and RPA candidates must complete the TBAS so a Pilot Candidate Selection Model (PCSM) score can be computed prior to categorization. TBAS testing requirements are outlined in AFI36-2605, Air Force Military Personnel Testing System. Only two test administrations are authorized per individual. Do not administer a retest (second testing) until at least 180 days have passed from the date of initial testing. The detachment TBAS monitor must inform cadets who only one TBAS retest is authorized. The PCSM office will automatically invalidate third and subsequent TBAS attempts. Similar to the administration of the AFOQT, TBAS data from the most recent test will be used as the score of record for those individuals with more than one set of scores. This is not waiverable.

9.2.7.4.1. The TBAS must be taken by the HQ AFROTC-established cut-off date to ensure a valid PCSM score is available. Ensure cadets take the TBAS early enough to allow for a second test prior to 1 Jan of the categorization year. PCSM scores may be obtained from the HQ AETC/SAS homepage: https://pcsm.aetc.af.mil.

9.2.7.5. Flying hours must be accrued before 1 January and forwarded to HQ AETC/SAS prior to the established cut-off date. Procedures for updating PCSM scores are located on the PCSM homepage. Flying hours obtained after 1 January will not be used to update the PCSM score for the February board.

9.2.7.6. Cadets competing for rated categorization must commission before age 29 to allow AFPC time to schedule training prior to age 30. This is not waiverable.

9.2.8. Rated Categorization Processing.

9.2.8.1. The Detachment/CC will assign each individual a DCR based on the entire FY commissioning class. As with PSP selection, consider the cadet’s potential based on performance as a cadet before assigning the DCR. WINGS will compute the RSS based upon the DCR and class size.

Notes:
1. The formula for calculating RSS and FT is \(10 \times (\frac{1-R}{C} + 0.5)\) where R=DCR and C=Class Size
2. The PCSM is used for categorization processing if applying for pilot and RPA. The AFOQT-Nav is used for categorization processing if applying for CSO. The AFOQT-ABM is used for categorization processing if applying for ABM.
3. AFROTC/CC will determine the weights and the OM factors.

9.2.8.2. Nominate rated candidates to AFROTC/RRFP by entering categorization data into WINGS prior to nomination cut-off. WINGS will compute each candidate’s OM score using the most current information available. Once the OM is calculated and the applicant has met the categorization process, the OM will not be adjusted.

9.2.8.3. Exception: Cadets not completing FT prior to the board will automatically receive FT score of “0.” Once FT is complete, upward adjustment to the OM is recalculated based on FT results only and happens automatically.

9.2.9. Cadets: Must submit preferences via memorandum to the commander prior to the established cut-off date: Cadets are volunteering for any rated duty position for which they are qualified. A cadet that volunteers for Pilot also volunteers for RPA/CSO/ABM. A cadet that volunteers for RPA also volunteers for CSO and ABM. A cadet that volunteers for CSO also volunteers for ABM.

9.2.9.1. Cadets competing for pilot must indicate their Undergraduate Pilot Training (UPT) preference (Attachment 25). Preferences must be updated in WINGS prior to nomination cut-off. NOTE: Cadets volunteering for ENJJPT must understand that ENJJPT is a fighter-oriented program and if eliminated from ENJJPT, they will not be eligible for any other UPT.

9.2.9.2. Submit security clearances upgrade to OPM within 30 days of the cadet’s notification once selected.

9.2.9.3. Notify AFROTC/RR (preferred method of notification via email) when the cadet:

9.2.9.3.1. Does not complete the change page to the contract. Withdraw the rated EA.
9.2.9.3.2. No longer desires the requested category.

9.2.9.3.3. Cadets who decline a rated slot (pilot, RPA, CSO, or ABM) after selection will be ineligible to re-apply for UFT per AFI 36-2205, *Applying for Flying Training, Air Battle Manager, and Astronaut Programs.*

9.2.9.3.4. Medically disqualified for rated duty.

9.2.9.3.4.1. AFROTC/RR will initiate action to revoke rated EA upon receipt of medical disqualification from AETC/SG in order to facilitate efficient/effective rated allocation management and to ensure that rated allocations do not go unfilled. It is detachment responsibility to coordinate with AFPC/DPSIP for reclassification/assignment in new AFSC. Notify AFROTC/RRFA via WINGS trouble ticket if a cadet is later deemed medically qualified for rated duty and cadet will be added to the alternate list commensurate with order of merit.

9.2.9.3.5. Disenrollment.

9.2.10. Rated Categorization Board and Detachment Notification. Detachments will be notified of selection for a rated category through WINGS. When HQ AFROTC/RRFP awards a rated allocation, the CAT-SEL field will change from “Officer” to the new category (“Pilot,” “RPA,” “CSO,” or “ABM”).

9.2.10.1. The SMR is updated nightly and may not reflect categorization decisions until the next day.

9.2.11. Upon receipt of the new production category from AFROTC/RRFP, complete a change page to the AF Form 1056, *Air Force Reserve Officer Training Corps (AFROTC) Contract,* IAW this instruction to reflect the new category within 10 workdays/school days of cadet’s notification. If the cadet does not complete the change page to the contract, contact AFROTC/RRFP to pull the allocation.

9.2.11.1. In addition, submit SSBI security clearance documentation to OPM within 30 days of cadet’s completion of the contract change page.

9.2.12. Counseling Requirements. Counsel, all rated categorized cadets, via AFROTC Form 16, that they will lose this category if they require a change of DOC to a new FY or are medically disqualified by HQ AETC/SG.

9.2.12.1. Cadets who do not receive a certified FCI/FCIU/FCIA/FCIII physical within one year after selection or 30 days prior to commissioning, whichever is earlier, will lose their rated category.

9.2.12.2. Cadets who receive probation as a result of a disenrollment investigation may lose their rated categorization as a stipulation of probation. See paragraph 4.39.
9.2.13. Out-of-Cycle Categorization. Cadets who desire to categorize into pilot, RPA, CSO, or ABM after the board cut-off must meet appropriate AFMSA standards for the desired category. Submit an AFROTC Form 22 package to AFROTC/RRFA with appropriate track preferences (Attachment 25). NOTE: Cadets who require a change of DOC into a new FY will lose their pilot/RPA/CSO/ABM categorization and are subject to reclassification based on the needs of the Air Force. Cadets who previously competed for pilot/RPA/CSO/ABM allocations and were not selected are not eligible for recategorization to pilot/RPA/CSO/ABM in subsequent years. HQ AFROTC/RR will approve these changes only if shortages in rated positions exist.

9.2.13.1. Detachments will submit an AFROTC Form 22 package requesting categorization into pilot/RPA/CSO/ABM. The package MUST include the requested category or categories, DCR, PCSM score (if requesting pilot or RPA categorization), and ENJJPT preferences.

9.2.14. Continuation Board. The purpose of the Continuation Board is to recomplete cadets boarded in February without an FT ranking. Because the OM includes FT performance and some cadets have not yet attended FT, a portion of the rated allocations will not be allocated pending post-FT evaluation.

9.2.14.1. Only cadets who met the February board (but were not selected) will compete during the Continuation Board.

9.2.15. Supplemental Board. After the Continuation Board, all the cadets nominated for rated duty after the February board will be added to the board commensurate with the OM (order of merit) calculated from their qualifying scores. Then, everyone nominated for rated duty, but not yet selected, will remain on the alternate list.

9.2.15.1. Alternate List. The alternate list will be maintained for each category to backfill slots vacated by previously selected cadets.

9.2.15.1.1. The OM will not be changed from the original “snapshot” from the Rated Board or post-Rated Board nomination except for FT rankings and new PCSM generated after a second test. Once the OM has been updated, that OM will determine their placement on the alternate lists.

9.2.15.1.2. As rated slots become available, the top alternate on the applicable alternate list will be offered the slot. The top alternate is defined as the cadet with the highest OM on that alternate list.

9.2.15.1.3. If the top alternate refuses the slot, the cadet will be removed from the alternate lists. The new top alternate is then offered the available slot. This process continues until a cadet accepts the available slot or until the alternate list is exhausted.

9.2.15.1.4. If the top alternate being offered a slot from the alternate list already has a rated slot, the cadet will have the option of remaining in the current category or accepting the new slot. For example, if a cadet has a CSO slot and is
subsequently offered a pilot slot, the cadet may decline the pilot slot and retain the CSO slot or accept the pilot slot, generating a new CSO vacancy.

9.2.15.2. AFROTC rated slots can only be offered to cadets prior to commissioning and not to newly commissioned lieutenants. Thus, when an AFROTC cadet on the alternate list is commissioned, they are removed from alternate list consideration.

9.2.15.3. An alternate list will be maintained for each of the rated categories until the end of the FY.

9.3.1. Cadets selected for a non-line enrollment allocation are ineligible to compete for any rated category and are ineligible to apply for an educational delay.

9.3.2. Pre-Health and Dental Selection Boards. Pre-health and dental selection occurs after the rated selection board and one year prior to commissioning (AS300 year for 4-year program cadets and AS400 year for 5-year program cadets). All pre-health and dental non-line candidates should submit a memorandum to the Detachment/CC requesting nomination for a non-line EA (Attachment 22). Upon receipt of the memorandum, the detachment will verify the applicant’s eligibility for the requested category, update WINGS and file the memorandum in the cadet’s UPRG.

9.3.2.1. The following guideline explains the post-selection actions for cadets awarded a pre-health or Dental EA.

9.3.2.1.1. Cadets should schedule and complete the Medical Category Aptitude Test (MCAT) or Dental Admission Test (DAT) during spring of junior year.

9.3.2.1.2. Gain acceptance into an accredited medical school, USUHS, or dental school.

9.3.2.1.3. Provide the letter to the detachment. Detachment will forward the acceptance letter to HQ AFPC/DPAM.

9.3.2.1.4. HQ AFPC/DPAM mails contract/pay package to detachment.

9.3.2.1.5. Cadet completes documents, returns it to detachment, and detachment forwards completed contract/pay package and copy of commissioning physical to HQ AFPC/DPAM.

9.3.2.1.6. Detachment commissions cadet as a line officer in the Air Force upon graduation and reappoints cadet into the MSC upon notification from HQ AFPC/DPAM.

9.3.2.2. Cadets who are unable to meet their respective non-line categorization board may request consideration via AFROTC Form 22. The decision to allow categorization/recategorization will be based on the needs of the Air Force. Cadets who
want to compete for a non-line category after the board cut-off must meet all eligibility requirements for the desired category. Submit an AFROTC Form 22 package to HQ AFROTC/RRFP. Include the cadet’s preference and DCR. NOTE: Cadets who require a change of DOC to a new FY will lose their non-line category and are subject to reclassification based on the needs of the Air Force.

9.3.2.3. Cadets not selected may apply to participate in Air Force Health Professional Scholarship Program (AFHPSP) or Uniformed Services University of Health Sciences (USUHS) if accepted to an accredited medical or dental school prior to commissioning. If the cadet has a Tech EA with critical major, detachments must contact AFROTC/RR via email for permission to apply and include a scanned copy of the letter of acceptance. If approved, the cadet will be authorized to pursue application for AFHPSP. Selection boards for AFHPSP are generally held monthly from October to April. AFROTC cadets on educational delay to attend medical school may apply for a three-year AFHPSP scholarship.

9.3.3. Pre-Health Professions Program (Pre-HPP) Description.

9.3.3.1. AFROTC currently awards the pre-health EA and provides the selectee names to AFPC/DPAMN which, in turn, manages the AFHPSP and the USUHS allocation. (Reference AFI 41-110, Medical Health Care Professions Scholarship Programs.)

9.3.3.2. Pre-HPP Designation. The Pre-HPP interfaces with the AFHPSP and Financial Assistance Program (AFHPS/FAP). Pre-HPP cadets (Category Selection "Premedical" or “Dental” in WINGS) are guaranteed an AFHPS/FAP graduate medical school scholarship provided they obtain acceptance to an accredited medical school in the United States or Puerto Rico before April 15th of their senior year. Cadets who obtain acceptance to an accredited medical or dental school after April 15th but prior to their commissioning date, will be considered for medical or dental school scholarship award on a case-by-case basis through AFPC/DPAME and DPAMD respectively. Cadets are not guaranteed selection for admission to USUHS. Pre-HPP (pre-medical) cadets can apply simultaneously to USUHS and other medical schools for completion of their studies; however they will be required to make a decision on accepting the USUHS or the HPSP scholarship NLT the beginning of April in the year of their AFROTC graduation date. USUHS will notify HQ AFPC/DPAME of AFROTC cadets selected to attend USUHS. AFPC/DPAME will send the detachment a contract package to be completed by the cadet. The detachment will ensure the contract package is returned to DPAME by the established suspense date. Detachments will commission these individuals into the line of the Air Force upon completion of their undergraduate degree and reappoint them into the Medical Service Corps the next day. HQ AFPC/DPAMF2 will initiate appointment orders to include orders to enter active duty for medical school training.

9.3.3.2.1. Acceptance or declination of a pre-health identifier is required within 7 days of notification. Counsel each cadet receiving a pre-health identifier via AFROTC Form 16 and document their acceptance or declination within the 7 days and file in the cadet UPRG.
9.3.3.2. If the cadet declines the Pre-health designator then the cadet will be awarded an EA allocation consistent with their degree (tech or non-tech).

9.3.3.3. Non-Pre-HPP. Cadets who are not designated Pre-HPP, but who desire an Air Force career as a physician, dentist, or a select Biomedical Sciences Corps (BSC) officer specialty identified in the annual program announcement may apply for these programs. Upon receipt of acceptance to an accredited medical, dental, or applicable allied health graduate or post-graduate school, the cadet, through their Det, must send a copy of the memorandum of acceptance to HQ AFPC/DPAME (medical), DPAMD (dental), or DPAMW (biomedical sciences) to apply for an AFHPSP scholarship. Prospective BSC officer candidates may also apply for an educational delay (at individual expense) for appropriate graduate-level health profession studies. During their final year of the advanced education program, the candidate may then apply to AFPC/DPAMW for the selection to the qualifying AFSC. If selected, he/she will be reappointed into the Air Force Biomedical Sciences Corps (BSC) upon program completion.

9.3.3.4. Pre-Health and Dental Non-line Categorization. Pre-Health and Dental Non-line Categorization Requirements:

9.3.3.4.1. Cadets must be awarded an EA during PSP to be considered for a Pre-Health or Dental EA.

9.3.3.4.2. CGPA and academic major pre-requisites will be specified by AFPC functionals and announced via ARMS message for the board.

9.3.3.4.3. Age Requirements. Pre-HPP cadets must commission before their 35th birthday to be eligible to compete for the AFHPS/FAP program.

9.3.3.4.4. Enlistment Requirements. Procedures for enlisting pre-health and nursing candidates in the ORS are the same as those required by other individuals entering AFROTC.

9.3.3.4.5. Commissioning Requirements. Special commissioning requirements are outlined in Chapter 12 of this instruction.

9.3.4. Detachment Non-line (Pre-health) Categorization Processing.

9.3.4.1. The Detachment/CC or representative should brief cadets on the non-line categorization process in preparation for categorization process.

9.3.4.2. The Detachment/CC will assign each individual a DCR based on the entire FY class, regardless of when the individual is competing for a non-line category. WINGS will compute the RSS based on the DCR and class size.

9.3.4.3. Nominate pre-health candidates as stated in the ARMS message.

9.3.5. Non-Line Categorization Board and Detachment Notification.
9.3.5.1. Cadets who are unqualified for, or do not desire, a non-line category will retain “Officer” in “category selection” and remain “line” officers.

9.3.5.2. Enrollment Allocations. WINGS will reflect the selection results. When AFROTC/RRFP awards a nursing EA the CAT-SEL block in WINGS will reflect “Nurse”. If selected for Pre-health or Dental, the CAT-SEL block of the SMR will change from officer candidate “Officer” to the new category (“Pre-Health” or “Dental”) in WINGS. Upon receipt of the new production category from HQ AFROTC/RRFP, complete a change page to the AF Form 1056 within 10 workdays/school days of cadet’s notification. If the cadet does not complete the change page to the contract, contact HQ AFROTC/RRFP to pull the allocation.

9.3.5.3. The non-line OM is determined by the agency running the selection process/board.

9.4. Biomedical Sciences Corps (BSC) and Medical Service Corps (MSC).

9.4.1. The BSC is a non-line, medically oriented corps that usually has a minimum mandatory education requirement of a master's degree in a specific field such as clinical social work, speech therapy, industrial hygiene, health physics, medical physics, public health, entomology, microbiology, physician assistant studies, etc. In addition, some require doctoral degrees for entry, such as clinical psychology, physical therapy, optometry, podiatry, audiology, veterinary medicine, and pharmacy. The following BSC career fields require a bachelor’s degree; medical technology, architecture, bioenvironmental engineering, dietetics, occupational therapy, and aerospace physiology. Exceptions to the education requirements are made on a case-by-case basis by the respective BSC Associate Corps Chief and HQ AFPC/DPAMW. Since the number required in each field is quite small and most members are granted direct commissions as Air Force officers, the allocations are largely given to the Recruiting Service to fill and not to AFROTC. (Reference the Biomedical Science Corps Webpage on the following AFPC website: https://gum-crm.csd.disa.mil/app/answers/detail/a_id/13765/kw/42x/p/8%2C9/r_id/100169).

9.4.1.1. At the beginning of each fiscal year, HQ AFPC/DPAMW publishes a program announcement identifying those allied health specialties for which HPSP scholarships will be available. HQ AFROTC will ensure that this announcement is sent to all detachments. Detachment/CCs will identify to HQ AFROTC those graduating cadets eligible and interested in applying. If released to compete, cadets should apply for available programs seeking acceptance to the applicable program. Cadets who receive an acceptance letter from an accredited program must take a copy of the letter to their detachment as soon as possible. The detachment will forward a copy of that acceptance letter to HQ AFPC/DPAMW. The cadets may then meet a selection board and if selected for a BSC HPSP scholarship, they will be contacted by HQ AFPC/DPAMW. HQ AFPC/DPAMW will work closely with cadets to complete required contracts and other documents. HQ AFPC/DPAMW will send the detachment a contract package to be completed by the cadet. The detachment will make sure the contract package is completed and returned to HQ AFPC/DPAMW by the suspense date. Detachments will commission these individuals as line officers in
the Air Force upon completion of their undergraduate degree and reappoint them into the MSC the following day. HQ AFPC/DPAMW will cut Appointment orders for the MSC as well as EAD orders on these individuals. The following guideline outlines the general application and acceptance requirements for the cadet and cadre.

9.4.1.1.1. At the beginning of the senior year, check HQ AFPC/DPAMW program announcement for available BSC HPSP scholarship specialties.

9.4.1.1.2. Obtain release from AFROTC/RR (and HQ AFPC/DPSIP if necessary) to apply for BSC HPSP.

9.4.1.1.3. Complete GRE as required by the program for which the cadet will be applying.

9.4.1.1.4. Gain acceptance into accredited institution with the appropriate degree program.

9.4.1.1.5. Take acceptance letter to detachment.

9.4.1.1.6. Detachment forwards letter to HQ AFPC/DPAMW.

9.1.1.7. If cadet is selected, HQ AFPC/DPAMW mails contract package to detachment.

9.4.1.1.8. Cadet completes paperwork and returns it to detachment, detachment sends completed contract/pay package and copy of commissioning physical to HQ AFPC/DPAMW.

9.4.1.1.9. Detachment commissions cadet as a line officer in the Air Force upon graduation and reappoints cadet into the BSC upon approval from AFPC.

9.4.2. The MSC is a non-line officer career field in healthcare administration. Undergraduate qualifying degrees to apply for the MSC have historically included health care administration, hospital administration, health services administration, health administration, public administration, business administration, business management, health management and policy, information systems management, computer science, finance, accounting, statistics, marketing, economics, clinical or health systems engineering, or other closely-related degree as specified in the MSC Applicant Information Guide published annually by HQ AFPC/DPAMS. Cadets interested in applying should contact HQ AFPC/DPAMS at DSN 665-4094 or Comm (210) 565-4094 NLT the spring semester of the AS300 (junior) year for application instructions. (Reference the AFPC Medical Service Corps Officer Webpage at https://kx.afms.mil/mscutilizationandeducation).

9.4.3. Cadets must obtain written approval from HQ AFPC/DPSIP to apply for either of these selection boards. In addition, cadets categorized as a pilot, RPA, CSO, or ABM are ineligible to apply for these programs unless they have a waiver from HQ AFROTC/RRFP.
9.4.4. Application procedures for BSC/MSC. Seniors must have an appropriate academic degree according to AFI 36-2101, *Classifying Military Personnel (Officer and Enlisted)*, and according to the annual program announcements/accession guides published by HQ AFPC/DPAMW (for BSCs) or DPAMS (for MSCs). All other application procedures will be identified via ARMS each year. Approvals are based on applicant’s own merit, but are specifically driven by production goals and Air Force needs.

9.4.5. Qualified cadets may independently apply for an Air Force medical technology internship and other health programs such as the Health Professions Scholarship Program (HPSP) if released by HQ AFPC/DPSIP. The Biomedical Sciences Corps will annually provide HQ AFROTC information on the programs available during that fiscal year.

9.5. **Special Tactics Officer (STO).**

9.5.1. The STO programs offer qualified male officers a unique opportunity for field leadership. Those interested in STO should download the current application from the “Officer Opportunities” section at http://afsoc.af.mil/specialtactics.

9.5.2. Career Field Description. STOs are career special operators that lead Special Tactics (ST) forces in the full spectrum of military operations. Special Tactics Squadrons (STS) consist of combat controllers (CCT), pararescuemen (PJ), special operations weathermen (SOWT), and tactical air control specialists (TACP). ST personnel are designated as combat forces assigned to Air Force Special Operations Command (AFSOC). ST core competencies include assault zone assessment, establishment, and control; combat search and rescue/personnel recovery; battlefield trauma care; terminal attack control (controlling and sequencing air strikes); and tactical weather observations and forecasting. ST forces execute a wide variety of missions such as: Direct Action, Counter-Terrorism, Foreign Internal Defense, Unconventional Warfare, Humanitarian Assistance, Coalition Support, Counter-Drug, Combat Search and Rescue, and Special Reconnaissance missions. STOs routinely operate alongside their joint special operations teammates, including members of the Army’s Special Forces Groups and Ranger Regiment, the Marine Special Operations Battalions, and the Navy SEAL Teams. Operating in all climates, day or night, ST forces maintain the highest standards of physical fitness, proficiency in the use of mission specific equipment, light and heavy weapons, and demolitions.

9.5.3. Training. All candidates are required to complete the STO training pipeline. This includes the Combat Control Selection Course (4 weeks); Combat Control Operator Course (15 weeks); Army Airborne School (3 weeks); Survival, Evasion, Resistance, and Escape (SERE) School (3 weeks); Combat Control Apprentice Course (13 weeks); SCUBA School (4 weeks); Military Freefall School (4 weeks); and an additional year of advanced skills training. Many STOs will also become qualified as Joint Terminal Attack Controllers (JTAC) Instructors and Evaluators, and Static-Line and Freefall Jumpmasters.
9.5.4. Application Procedures. Cadets should apply during their junior year (for a 4-year program cadet) or senior year (for 5 year program cadets). There are two selection cycles per year (fall and spring). This allows the cadet adequate time to prepare for and complete all selection requirements. AFPC will currently allow cadets classified in another career field to apply for STO prior to commissioning. See current STO application on the AFROTC website for specific application requirements.

9.6. Combat Rescue Officer (CRO).

9.6.1. CROs (13DXA) are non-rated aircrew officers that lead and command personnel recovery operations. They perform duties as mission planners and provide personnel recovery (PR) expertise to command and battle staffs on recovery operations, to include survival, evasion, resistance, and escape programs.

9.6.2. Career Field Description. CROs provide advocacy and oversight to the Pararescue and SERE enlisted career fields. The primary mission of a combat rescue team is to provide rescue and recovery capability and emergency medical treatment, in both peacetime and combat situations, while in austere, permissive, and non-permissive environments. Personnel deploy by air-land-sea tactics into forward, non-permissive environments, and participate in a wide variety of PR operations, to include Search and Rescue (SAR), SAR Security Teams and Combat SAR missions. Combat Rescue Officers lead and command combat rescue operations as direct combatants.

9.6.3. Training. All candidates are required to complete the STO training pipeline as described in paragraph 9.5.3.

9.6.4. Application Procedures. Cadets may apply after completion of FT and prior to the awarding of an AFSC. AFPC will allow cadets classified in another career field to apply for CRO prior to commissioning. Therefore, Air Combat Command (ACC) will accept applications from any junior or senior if they can be released from their AFSC. CRO selections are made at HQ ACC/A3J. Applications should be emailed to HQ ACC/A3J at cro.selection@langley.af.mil. The CRO selection process normally has two phases: board selection phase followed by a summer capabilities selection process. Selected applicants will be invited to attend Phase II Selection, normally the last week of March and September, respectively. This will be a TDY for the cadet. See current CRO application on the AFROTC website for specific application requirements.

9.7. Basic Meteorology Program (BMP).

9.7.1. The BMP is an Air Force Institute of Technology (AFIT) program that provides AFROTC cadets the opportunity for an assignment in the 15WX career field. (Refer questions pertaining to BMP to AFIT/ENEL (DSN 785-2259 x3003 or 1-800-543-3577 x3003). NOTE: Cadets categorized as rated are ineligible to apply for these programs unless they have a waiver from AFROTC/RRFP.

9.7.2. BMP is an opportunity for newly accessed officers to pursue a post-baccalaureate program, with follow-on inclusion into the weather officer career field (15W). The program is managed by AFIT Civilian Institutions Programs, averages
approximately 11 months in length, and consists of a minimum of 24 semester hours of upper-level (possibly some graduate) courses in meteorology, with three full semesters of course work in meteorology (normally 45 credit hours). Collateral study in mathematics and computer science may be included as part of the program.

9.7.3. Cadets wishing to be considered for this program should possess a bachelor's degree in a technical field such as mathematics or physics upon commissioning. Students can be accepted with degrees in other areas provided they meet minimum requirement of 6 semester hours in calculus and 6 semester hours in calculus-based physics.

9.7.4. Cadets who wish to apply should list 15W as their first AFSC preference on their AFROTC Form 53. Cadets must indicate on the AFROTC Form 53 that they possess or will complete the necessary coursework required prior to commissioning. Cadets will be selected for BMP through the classification process.

9.8.1. AFOSI sets the requirements and makes the selections for officer agents. The latest parameters will be forwarded to the detachments through an ARMS message.

9.8.2. Cadets categorized as rated are eligible to apply for this program, but they must decline their rated category if selected by AFOSI. Detachments must notify AFROTC/RRFA for withdrawal of rated category.

9.9. AFROTC Law Programs.

9.9.1. Objective. To assist The Judge Advocate General (TJAG) Corps in obtaining adequate numbers of commissioned legal officers. AFROTC cadets are eligible to apply to the Educational Delay Program (Chapter 12). AFROTC is responsible for managing the ROTC portion of the Graduate Law Program (GLP) and the One-Year College Program (OYCP) for law students selected by TJAG IAW AFI 51-101, Judge Advocate Accession Program.

9.9.2. Educational Delay Program. The Educational Delay Program is a three-year program for current AFROTC cadets who want to delay their entry on extended active duty to study law. Cadets must compete for selection both for entry into the program and again for entry into TJAGC upon successful completion of the program. Applicants selected to attend law school under the program are not guaranteed a position as an Air Force judge advocate.

9.9.2.1. Entrance into the Educational Delay Program. Interested applicants should call 1-800-JAGUSAF or visit www.airforce.com/jag.

9.9.3. GLP and the OYCP. The GLP is available to first-year law students attending an ABA-accredited law school. The OYCP is available to second-year law students attending an ABA-accredited law school. Applicants meet a central HQ USAF/JAX board and enroll in AFROTC if selected for GLP or OYCP. Judge advocate duty upon commissioning is guaranteed before actual enlistment into the Professional Officer Course (POC). This
guarantee is contingent upon successful completion of all law school and AFROTC requirements, certification of medical qualification, passing the applicable bar requirements, and admission to the highest court of any state or federal court. For students attending HBCUs or HSIs refer to Chapter 3 of this instruction for scholarship eligibility.

9.9.3.1. GLP/OYCP Eligibility. Applicants must be enrolled as first-year or second-year law students in good academic standing at an ABA-accredited law school that hosts an AFROTC program or is affiliated through a cross-town agreement and have the appropriate time remaining in their law program curriculum.

9.9.3.2. GLP/OYCP Selection Process. HQ USAF/JAX selection board convenes annually in February to evaluate applicants using the “whole person” concept. The board forwards recommendations to TJAG of the Air Force, who makes the final decision on selections.

9.9.3.3. EA and FT Attendance. Once law program participants are selected, AFROTC/RR will announce the results via ARMS message. The detachment must ensure the applicant is entered into WINGS and will submit a WINGS trouble ticket informing AFROTC/RR that the cadet has in-processed. AFROTC/RRF will award the “Legal” EA in WINGS. NOTE: GLP cadets will enroll in AS300 class. OYCP cadets will enroll as AS450s. GLP and OYCP cadets must complete the GMC academics prior to FT attendance.

9.9.3.4. Enlistment for GLP/OYCP Cadets. Procedures for enlistment in the ORS are the same as those required of other individuals entering the POC.

9.10. AFIT-Sponsored Fellowships, Scholarships, and Grants.

9.10.1. The AFIT-sponsored Fellowships, Scholarships, and Grants program allows new commissionees the opportunity to compete to further their education, earning a master’s degree or PhD degree. Boards are held at AFIT which determine participants in this program. A board is conducted semi-annually. The program allows a predetermined number of newly commissioned cadets who have been offered a scholarship, fellowship, or grant to pursue their education as AFIT students and is governed by AFI 36-2302, Professional Development (Advanced Academic Degrees and Professional Continuing Education). Individuals enrolled in the program are on active duty, engaged in full-time study or research, and agree in writing to serve the ADSC specified in AFI 36-2107, Active Duty Service Commitments (ADSC). This program differs from others in that funding for the individual’s education must be from an AFIT-approved source, not from AFIT itself.

9.10.2. Approved sources may include non-foreign tax-exempt corporations, foundations, funds, or educational institutions organized primarily for scientific, literary, or educational purposes. A simple offer of employment (e.g., as a teaching assistant) does not qualify as a fellowship, scholarship, or grant.

9.10.3. Participation in this program involves a series of steps described at the AFIT/ENEL website (https://www.afit.edu/cip/) and with the current AFIT program manager responsible for the fellowship, scholarship, or grant program.
9.10.3.1. Cadets should research the various fellowships, scholarships and/or grants for which they are interested in competing and determine if they fall within the guidance established by AFI 36-2302. Only offers based on academic competition will be considered by AFIT.

9.10.3.2. Once it is determined where the cadet wishes to apply, the cadet must send a memorandum to AFIT/ENEL requesting permission to compete for one or several fellowships, scholarships and/or grants (Attachment 26). Send this and other correspondence to AFIT/ENEL, 2950 Hobson Way, Wright-Patterson AFB, OH 45433-7221. The fax number is (937) 255-5371 or DSN 785-5371.

9.10.3.3. The AFIT program manager will inform the cadet if they may apply, and if not, will provide justification.

9.10.3.4. Once the cadet receives AFIT approval, they may apply to the organizations offering the fellowship, scholarship, or grant. It is the cadets’ responsibility to ensure they meet AFIT’s suspense throughout the application process.

9.10.3.5. Once the cadet receives confirmation that they are accepted to the school and they are awarded the fellowship, scholarship, or grant, the cadet must forward an application package to AFIT/ENEL. The package consists of: Application to Accept Fellowship, Scholarship, or Grant cover letter (Attachment 27); financial statement (Attachment 28); narrative outline of work to be undertaken; school acceptance letter; letter of fellowship, scholarship, or grant offer; official transcripts from all colleges attended; and appropriate letters of recommendation (addressed to the AFIT Scholarship Board).

9.10.3.6. The AFIT Scholarship Board will convene and rank the packages based on many different factors to include the Air Force relevancy of the proposed research, fellowship, scholarship, or grant coverage, GPA, etc. The board results are reviewed and approved or disapproved by the Dean of Civilian Institution Programs. AFPC is the final approval authority to determine if cadets may pursue their requested degree or if AF needs dictate they serve in their AFSC.

9.10.3.7. AFIT/ENEL will notify all applicants of results following the board process.

9.10.4. Contact the AFIT scholarship program manager at (800)-543-3490 for more information.
CHAPTER 10

AWARDS AND DECORATIONS

10.1. General Information.

10.1.1. The OPR for this chapter is AFROTC/DOS. The Cadet Awards and Decorations Program fosters morale, incentive, esprit de corps, and recognizes achievements of AFROTC cadets. See Figure 10.1 for awards order of precedence. Administrative procedures and specific nomination requirements are provided by AFROTC/DOS.

10.1.2. Only those awards and decorations authorized in this instruction are authorized for wear on the cadet uniform. Waiver requests should be sent through the Region to AFROTC/DOS for approval.

10.1.3. Refer to AFROTC Sup to AFI 36-2903 for instructions on wear of awards and decorations on the cadet uniform.

10.1.4. Refer to Figure 10.2 of this instruction for information on proper use of ribbon devices.

10.1.5. AFROTC-sponsored Awards. AFROTC-sponsored awards may be obtained from the detachment uniform custodian.

10.1.6. Organization Sponsored Awards. Award elements (ribbons, medals, certificates, etc.) for awards sponsored by national organizations are donated through their national headquarters or local chapters where available. Additional sets must be purchased by the cadet.

10.1.7. Locally Sponsored Awards. Except as authorized in paragraph 10.1.1 above, locally sponsored awards may not be worn on the uniform.

10.1.8. FT Awards. Refer to the current year’s FT Manual for a list of FT Awards to include eligibility criteria and presentation timelines.

10.1.9. Contact AFROTC/DOSP for more detailed cadet awards information.

10.2. AFROTC Awards Board.

10.2.1. Schedule. The AFROTC Awards Board will meet as required for each award to be considered. Additionally, the AFROTC Awards Board will convene as necessary to consider recommended changes to the AFROTC cadet awards program and wear of awards and decorations on the cadet uniform.

10.2.2. Members. The AFROTC Awards Board will consist of the following personnel:

10.2.2.1. Chair: HQ AFROTC/DO.
10.2.2.2. Scoring members: Minimum of four officers from HQ AFROTC.

10.2.3. Selection. Nomination packages requiring AFROTC Awards Board selection will be reviewed and scored by each board member. Packages are rank ordered by each board member. The package with the lowest average ranking will be the award winner; the second lowest ranking will be the second award winner (if applicable), etc.

10.2.3.1. HQ AFROTC/DO will review the proceedings to ensure fairness and break any ties.

10.2.3.2. AFROTC/CC maintains final selection authority.

10.3. Administration.

10.3.1. Detachments will set up the most effective selection process for their detachment, as applicable. Detachments may impose additional criteria to meet local standards and needs at universities where academic class rank is not calculated. A letter from a university official will document that a cadet’s academic performance warrants consideration for an award.

10.3.2. The Awards Management Table on the Holm Center Restricted Site (OPR: AFROTC/DOS) provides a chronological format for tracking the AFROTC-sponsored and non-AFROTC-sponsored awards.

10.3.3. Use Issue-in-Kind (IIK) funds to purchase ribbons and devices. Do not use appropriated or nonappropriated funds to purchase award elements.

10.3.4. Unless otherwise covered in the nomination package, ensure award eligibility criteria is addressed on the AF Form 1206, Nomination for Award. Use AF Form 1206 for nominating cadets for AFROTC-specific awards. Additional administrative procedures and nomination requirements are provided by HQ AFROTC/DOS.

10.4. Presentation and Publicity.

10.4.1. Present awards at the ceremonies and, if possible, in the presence of institution and local civil officials. Invite sponsor representatives to make award presentations. Detachment/CCs will make appropriate presentation if organization representatives are unavailable. Detachment/CCs will expressly state that there is no Air Force endorsement of any agency’s product or service.

10.4.2. Whenever possible, detachments should send information on the award recipient and presentation to the award sponsoring organization. Send this information to the address listed in the processing section of each award. Include the name of the award; place and date of presentation; name, title, and organization of award presenter; name, age, and hometown of award recipient; and at least one 5-inch by 7-inch photograph of the award presentation, if possible. Identify all individuals in the photograph on a separate sheet of paper.
10.5. AFROTC-Sponsored Cadet Awards. These awards recognize individuals who achieve excellence in valor, meritorious service, marksmanship, academics, recruiting, drill team/honor/color guard or field training to include fitness, warrior spirit, honor flight and warrior flight. The awards consist of ribbons, medals, coins and/or congratulatory letters. A cadet may receive more than one award. Individual awards are established for specific purposes and are presented at various times during the year or as deemed appropriate by the commander. See paragraph 10.10 for specific categories, titles, and selection criteria.

10.6. Organization-Sponsored Cadet Awards and Decorations. These awards recognize cadets for outstanding individual achievement in academics, military performance, leadership, athletics, extracurricular endeavors, or a combination thereof. Award winners are announced each year. The awards consist of medals, ribbons, and/or certificates. Awards are established for specific purposes and are presented at various times during the year or as deemed appropriate by the commander. See paragraph 10.12 for specific titles and selection criteria.

10.7. Organization-Sponsored Scholarship Awards. These awards recognize cadets who have distinguished themselves by outstanding performance and achievement in individual academic disciplines or specialized areas of interest. Specialty awards are established for specific purposes and are presented at various times during the year. These awards are under the general jurisdiction of the Awards Board with the responsible departments or activities providing specific administration. Specialty awards are limited to a monetary value established by each sponsoring organization and normally consist of a scholarship, plaque, or some other form of appropriate recognition. See paragraph 10.13 for titles, selection criteria, and presentation details.

10.8. Valor Awards. (Selection Authority: AFROTC/CC)

10.8.1. Purpose. AFROTC Valor Awards are intended to recognize cadets who have distinguished themselves through voluntary acts of heroism. If awarded a valor award from more than one organization for the same act of heroism, wear only one. If AFROTC is one of those organizations, wear only the AFROTC valor award. Cadets are authorized to wear Valor awards on the AFROTC uniform, if awarded by an organization listed below:

10.8.1.1. Awards for valor while performing active or reserve service in any branch of the United States Armed Forces prior to participating in AFROTC. If approved, wear above all AFROTC awards. These awards may include, but are not necessarily limited to, the Silver Star, Purple Heart, Airman’s Medal (or other Service equivalent), any medal or ribbon with “V” device, and any other valor award.

10.8.1.2. Award for valor in CAP. Cadets are authorized to wear the CAP valor award on the AFROTC uniform. Wear CAP valor awards beneath AFROTC valor awards but above all other awards.

10.8.1.3. Award for valor while a cadet in AFJROTC. Cadets are authorized to continue wear of the valor award on the AFROTC uniform.

10.8.1.4. AROTC and NROTC Valor Awards. AFROTC cadets who have earned an award for valor in AROTC or NROTC are authorized to wear the AROTC or
NROTC valor award on the AFROTC uniform. Wear AROTC and NROTC valor awards beneath AFROTC valor awards but above all other awards.

10.8.2. Eligibility.

10.8.2.2. Silver Valor Award. Awarded for voluntary acts of heroism that do not meet the risk-of-life standard of the Gold Valor Award.

10.8.2.3. Description. Consists of a gold or silver medal and gold or silver (white) ribbon, respectively.

10.9. FT Awards. (Selection Authority: FTU/CC). FT awards are those awards given for individual and flight (team) performance at FT. FT awards are based upon specific FT criteria reflected on the Field Training Performance Report (FTPR) or as determined by an FTU awards board. Refer to Field Training Manual for more information.

10.10. Detachment-Level Cadet Awards.

10.10.1. AFROTC Meritorious Service Award. (Selection Authority: Detachment Officer). Recognizes outstanding performance for single exemplary acts of achievement or academic term service. Examples of duties that may warrant consideration may include, but are not limited to, outstanding performance in cadet staff or leadership positions, project officer duties, training other cadets, or detachment service project leadership. Award each academic term to no more than 5 percent of the cadet corps.

10.10.2. AFROTC Commendation Award. (Selection Authority: Detachment Officer). Recognizes superior performance for single superior acts of achievement or academic term service that does not rise to the level of the Meritorious Service Award. Examples of duties that may warrant consideration may include, but are not limited to, outstanding performance in cadet staff or leadership positions, project officer duties, training other cadets, or detachment service project performance. Award each academic term to no more than 10 percent of the cadet corps.

10.10.3. AFROTC Achievement Award. (Selection Authority: Detachment Officer). Recognizes superior performance for single acts of achievement or academic term service that does not rise to the level of the Commendation Award. Award each academic term to no more than 15 percent of the cadet corps.

10.10.4. Warrior Spirit Award. (Selection Authority: Detachment Officer). Recognizes the cadet in each AS class who best exemplifies the Air Force warrior spirit. Criteria should include appearance, attitude, enthusiasm in duty performance, and physical fitness, as well as teamwork, impact on flight morale, impact on flight performance, motivation, and contribution to team events (such as group projects or team physical activities). Award each academic term to one cadet in each AS class. Extended cadets may not be considered for this award. NOTE: This is the same ribbon as the FT Warrior Spirit Award.
10.10.5. Academic Honors Award. (Selection Authority: Detachment Officer). Recognizes academic excellence as signified by maintenance of academic term grade point average of 3.0 (on a scale of 4.0) or above for one full academic term. The cadet must have an average of 4.0 in AS courses for the duration of this period.

10.10.6. Honor Flight Ribbon. (Selection Authority: Detachment Officer). One flight per detachment each academic term will be designated as the Honor Flight based on criteria approved by the Detachment/CC. All cadets in that flight will be authorized to wear the Honor Flight Ribbon. Once the ribbon has been awarded, cadets can continue to wear it throughout their duration in AFROTC. **NOTE:** This is the same ribbon as the FT Honor Flight Ribbon.

10.10.7. Warrior Flight Ribbon. (Selection Authority: Detachment Officer). One flight per detachment each academic term will be designated as the Warrior Flight based on criteria approved by the Detachment/CC. All cadets in that flight will be authorized to wear the Warrior Flight Ribbon. Designation as the Honor Flight is not a disqualifier for designation as the Warrior Flight. Once the ribbon has been awarded, cadets can continue to wear it throughout their duration in AFROTC. **NOTE:** This is the same ribbon as the FT Warrior Flight Ribbon.

10.10.8. College Scholarship Recipient Ribbon. (Selection Authority: Detachment Officer). Recognizes cadets who have earned and activated an AFROTC scholarship. A bronze oak leaf cluster may be added at the completion of each scholarship year.

10.10.9. Fitness Award. Recognizes cadets who score a minimum of 9 points on the pushup event, 9 points on the sit-up event, 18 point for abdominal circumference and 54 points on the 1.5 mile run of the Physical Fitness Assessment (PFA). This award may be received only once per academic term. **NOTE:** This is the same ribbon as the FT Fitness Award.

10.10.9.1. Silver Star Device. A silver star device will be worn for the first time a cadet receives a perfect 100 points on the PFA, whether at FT or at the detachment. Only one silver star device will be worn and will be worn centered on the ribbon or to the wearer’s right in relation to oak leaf clusters (see Figure 10.2).

10.10.10. Recruiting Award. (Selection Authority: Detachment Officer). Recognizes outstanding effort in support of detachment recruiting activities. Award each academic term based on recommendation of the RFC. Detachments will set up most effective selection process for their detachment, as applicable. Detachments may impose additional criteria based on local standards and needs.

10.10.11. Drill Team Membership Ribbon. (Selection Authority: Detachment Officer). Award this ribbon to cadets after active participation on an AFROTC or joint service-sponsored drill team, rifle team, military musical marching unit, or military band. Cadets must have participated for one calendar year with a minimum of one drill team performance before being awarded the ribbon. No temporary wear of the ribbon is authorized. See AFROTC SUP to AFI 36-2903 for definition of Drill Team.
10.10.12. Color/Honor Guard Membership Ribbon. (Selection Authority: Detachment Officer). Award this ribbon to cadets after active participation in an AFROTC or joint Service-sponsored Color Guard or Honor Guard. Cadets must have participated for one calendar year with a minimum of three Color Guard and/or Honor Guard performances before being awarded the ribbon. No temporary wear of the ribbon is authorized. See AFROTCI supplement 1 to AFI 36-2903 for definition of Color/Honor Guard.

10.11. United States Military Awards and Decorations. Other Military Ribbons. Unless specifically allowed in this chapter, no active or reserve duty ribbons are authorized for wear.

10.13.1. Annual Award Categories (Team): Team will be categorized as Large, Medium, and Small. See Table 10.1. Numbers will be based on the fall Semester’s enrollment of cadets loaded in the Student Management Roster.

10.13.2. HIGH FLIGHT (HF) - Refers to the number one AFROTC detachment within a geographical region.

**Bronze Star Device.** The bronze star device is worn on the AFROTC Expert Marksmanship Ribbon (see Example 7). Additionally, AFA Award winners selected as the region W. Randolph Lovelace Award winner will wear a bronze star device on the AFA Award medal and ribbon (see Example 6).

**Silver Star Device.** The silver star device is worn on the Physical Fitness Ribbon (earned at FT or detachment, see Example 3), the Field Training Distinguished Graduate ribbon (see Example 4), and the national winner of the Outstanding CTA Award (see Example 6). Additionally, the cadet selected as the AFA Outstanding Cadet of the Year will wear a silver star device on the AFA Award medal and ribbon (see Example 7). Star devices are not worn on any other medal or ribbon.

Devices awarded as part of an organizational award (Legion of Valor Bronze Cross for Achievement, American Legion Awards, Reserve Officers Association, Military Order of World Wars, etc.) will be worn centered on the ribbon. No more than one device may be worn, even if the recipient has earned the award more than once. If various levels of the award have been earned denoted by different devices, only the highest level award device will be worn.

CHAPTER 11 – CONTRACT CADET DISENROLLMENT

11.1. Purpose.

11.1.1. Contract cadets are scholarship cadets in the GMC and all cadets in the POC. Contract cadets are subject to disenrollment at any time up until commissioning. The OPR for this chapter is HQ AFROTC/RRFD.

11.1.2. Only contract cadets are disenrolled.

11.1.3. Non-contract cadets who fail to meet standards at any time prior to activation of a scholarship or entry into the POC, and/or fail to demonstrate the aptitude of an officer candidate, may be made Special Students for the duration of the semester in which the infraction occurred. Non-contract cadets are dismissed from the AFROTC program upon cessation of the term in which the infraction occurred, or sooner if desired by the cadet. Detachment personnel must counsel the cadet via AFROTC Form 16 on the reason for the release. Accomplish “Det Drop” in WINGS.

11.1.4. The procedures included in this chapter are designed to provide Detachment/CCs and HQ AFROTC with the best possible information with which to make decisions. These internal procedures are not intended to create any rights for cadets other than those listed in the AFROTC Form 10, Administrative Disenrollment Action Worksheet. The AFROTC Form 10 is used by AFROTC detachments and cadets in obtaining complete and consistent information to include cadet notification of disenrollment, cadet elections during disenrollment, and cadet receipt of Report of Investigation (ROI) during the disenrollment process. NOTE: Utilize the AFROTC Form 11, Administrative Disenrollment Action Worksheet for Active Duty Airmen, for AECP and NECP students.

11.2. Authority. The AFROTC/CC, acting for and in the best interest of the United States Air Force, may disenroll any contract cadet at any time with or without cause. Authority to release, recoup or call the individual to Extended Active Duty (EAD) is outlined in Title 10 USC, Sections 2105, DoDI 1215.08 and AFI 36-2011. A signed contract AF Form 1056, Air Force Reserve Officer Training Corps (AFROTC) Contract, between a cadet and the United States Air Force is not a guarantee that a commission will be offered to the cadet. The AFROTC Registrar, on behalf of the AFROTC/CC, establishes and executes policies and procedures governing all facets of AFROTC disenrollments (see para 1.2.4.1).

11.3. General Disenrollment Guidance.

11.3.1. AFROTC Class Attendance: During the course of the disenrollment, and until final disposition is made by HQ AFROTC, cadets must continue attending all AS classes and LLAB, in addition to maintaining all other contractual obligations. Failure to do so is a breach of the AFROTC contract and could negatively affect the resolution of the disenrollment. This policy protects the cadet’s rights if the disenrollment decision places the cadet on probation or directs retention.

11.3.1.1. There are two circumstances for which HQ AFROTC/RR will consider allowing a cadet to stop attending AS classes and LLAB: financial/personal hardship and
detrimental conduct. The Detachment/CC must submit a request to AFROTC/RR (email is sufficient) to allow the cadet to stop attending AS classes.

11.3.1.1.1. Humanitarian (financial/personal hardship): The request must be accompanied by sufficient documentation to substantiate the financial/personal hardship. It is the cadet’s responsibility to provide proof of how not attending classes will help resolve the financial/personal hardship. Upon approval, place a copy of the approval with the disenrollment package and annotate the last day the cadet attended AFROTC. This request for financial/personal hardship is for the purpose of not attending AFROTC during resolution of the case. It is independent of any financial/personal hardship claimed as a reason for leaving AFROTC. Approval not to attend AFROTC for financial/personal hardship does not guarantee that recoupment or call to EAD will not be the result of the disenrollment. Ceasing to attend AFROTC classes constitutes a No-Pay PNA (period of non-attendance), so stipend should be stopped until the cadet is determined to be retained and returns to classes.

11.3.1.1.2. Detrimental conduct. If the Detachment/CC is convinced that allowing the cadet to continue attending classes would be harmful to the morale and good order of the cadet corps due to the nature of the offense or continued poor behavior of the cadet, the Detachment/CC should advise AFROTC/RR in writing and follow university procedures to exclude them from class.

11.3.2. Termination of Stipend.

11.3.2.1. Detachments must terminate the stipend for cadets who stop attending AFROTC during the disenrollment and state their intentions not to return. All cadet intentions must be documented in writing. From a legal standpoint, every effort should be made to have the cadet sign a statement expressing the cadet’s desire to no longer continue in AFROTC. Email is acceptable documentation if the cadet refuses to sign a letter. This is to prevent possible conflicts regarding termination of stipend.

11.3.2.2. Immediately terminate the stipend for a cadet that is medically disqualified for commission. The effective date is the date of medical disqualification by AETC/SG.

11.3.2.3. In the following situations, detachments may use a Memorandum for Record (MFR) to document the circumstances and cause for discontinuing stipend:

11.3.2.3.1. The cadet makes the intent verbally.

11.3.2.3.2. The disenrollment is in absentia (reference paragraph 11.9).

11.3.3. Scholarship Status. Detachment/CC must temporarily inactivate scholarship upon initiation of the disenrollment process in order to ensure scholarship funds are not improperly expended.

11.3.4. Disenrollment Effective Date. AFROTC/RRFD will determine the effective date as follows:
11.3.4.1. If the cadet stops attending AS classes without notification to the Detachment/CC (withdraws from the university, etc.), use the day following the last date attended.

11.3.4.2. If the cadet does provide written notification, but elects to continue participating in the class (to prevent the potential of failing grades), use the date the disenrollment is finalized. NOTE: Scholarship and stipend are terminated upon cadet disenrollment.

11.3.4.3. Death of cadet. Use the date of death.

11.3.4.4. Transfers to another commissioning program. Use the day prior to enlistment in the other commissioning program.

11.3.4.5. Freshman Self-Initiated Elimination (FSIE). Use the date the written FSIE request is received by the detachment.

11.3.4.6. Good of the Service. Use the date the disenrollment is finalized.

11.3.4.7. Medical Disqualification. Disenrollment effective date is date the cadet is certified medically unqualified.

11.3.5. If cadet’s effective date of disenrollment is before the end of a term, update WINGS as a “Special Student, with no intent.”

11.3.6. Although cadets normally may maintain uniforms until the disenrollment decision is finalized by HQ AFROTC, the final decision as to when cadets should turn in uniforms rests with the Detachment/CC.

11.4. Disenrollment Types.

11.4.1. Non-Investigative Disenrollment. Non-Investigative disenrollments do not require an investigation. A cadet may be disenrolled when there is no possibility that the cadet will be required to fulfill their contractual obligation (i.e., call to involuntary extended active duty (EAD) or recoupment of scholarship benefits).

11.4.1.1. Reasons for Non-Investigative Disenrollment

11.4.1.1.1. Death of a cadet. The detachment must obtain and attach a certified copy of the death certificate to the AFROTC Form 22, Cadet Personnel Action Request.

11.4.1.1.2. Transfer to another military commissioning program.

11.4.1.1.2.1. If the cadet is transferring to the Air Force Academy, the Detachment/CC can approve the conditional release.
11.4.1.1.2.2. Other transfers. AFROTC/RRFA must approve a conditional release prior to the transfer. For cadets requesting transfer to any Service’s commissioning program other than AFROTC, submit the request for conditional release via an AFROTC Form 22 IAW Chapter 4 of this instruction. Once a conditional release has been granted and the cadet has enlisted into the other commissioning program (i.e., orders in hand), submit a disenrollment case file IAW paragraph 11.4.1.2.1 of this instruction. If the cadet fails to meet the terms of the conditional release (i.e., fails to enlist in the other military commissioning program), the conditional release is void and the cadet remains obligated under the AFROTC contract. If the cadet fails to maintain the terms of the AFROTC contract, investigate for disenrollment IAW paragraph 11.4.2 of this instruction. Do not submit a non-investigative disenrollment case file until a conditional release has been granted and the cadet has enlisted into the other commissioning program.

11.4.1.1.3. Freshman Self–Initiated Elimination (FSIE). Except as provided below, AS100 cadets may request FSIE. The request must be submitted in writing to the Detachment/CC or OFC. The detachment will then immediately counsel and document via AFROTC Form 16 to ensure the cadet understands that FSIE may preclude future entry into any commissioning program. AFROTC/RR must still approve the disenrollment and issue the DD Form 785. Attach the written FSIE request and AFROTC Form 16 to the AFROTC Form 22 and forward to AFROTC/RRFD IAW Attachment 33, Column 1.

11.4.1.1.3.1. AS100 cadets conditionally released from active duty to enroll in AFROTC are not disenrolled under this section (see paragraph 11.4.2).

11.4.1.1.3.2. AS100 cadets wishing to FSIE must do so prior to the start date of host institutional AFROTC classes of their AS200 (sophomore) year. They must also indicate whether they intend to continue attending AS classes during the current term.

11.4.1.1.3.3. AS100 scholarship cadets who do intend to pursue a commission after being disenrolled may continue in the AFROTC program, as a non-contract cadet, at the discretion of the Detachment/CC.

11.4.1.1.4. Good of the Service. Upon AFROTC/CC’s determination that it is in the best interest of the Air Force to disenroll a cadet, the detachment may begin a non-investigative disenrollment.

11.4.1.1.5. Medical Disqualification. Cadets must be medically disqualified for commissioning by AETC/SG and the reason for medical disqualification must have been beyond the cadet’s control and knowledge. (See paragraph 11.4.2.3 for medical disqualification to which the cadet contributed.)
11.4.1.5.1. Counsel cadets via AFROTC Form 16 that they are medically disqualified and if they later become medically qualified, they may apply for reentry into the program.

11.4.1.5.2. Immediately terminate stipend upon notification that a cadet is medically disqualified for commission. The effective date is the date of medical disqualification by AETC/SG.

11.4.1.5.3. Cadets medically disqualified for their contracted category, but who remain commission-qualified, will be recategorized vice being disenrolled.

11.4.1.2. Non-Investigative Disenrollment Procedure. Detachment/CCs may initiate a non-investigative disenrollment action for the reasons outlined in paragraph 11.4.1.1. Region Commanders and HQ AFROTC may direct non-investigative disenrollment.

11.4.1.2.1. Complete the AFROTC Form 22 and attach all required documentation (Attachment 33, column 1). AFROTC/RR is the approval authority for these non-investigative disenrollment requests. AFROTC/RRFD will note the disenrollment action on the reverse of the AFROTC Form 22 and return it to the detachment. The detachment then notifies the cadet of the decision via AFROTC Form 16. A copy of the “cadet certified” AFROTC Form 16 must be sent to HQ AFROTC/RRFD immediately upon completion.

11.4.1.3. HQ AFROTC/RR may direct non-investigative disenrollment without a formal request from a detachment or Region Commander. HQ AFROTC/RR directs non-investigative disenrollment via notification memorandum sent to the Detachment/CC. The Detachment/CC notifies the cadet via an AFROTC Form 16 of the non-investigative disenrollment. The Detachment/CC then follows procedures outlined in both paragraph 11.4.1.2.1., and Attachment 33.

11.4.2. Investigative Disenrollment. When a cadet is being considered for disenrollment and faces the possibility of contract fulfillment (i.e., call to involuntary EAD or recoupment of scholarship benefits), the case must be processed as an investigative disenrollment.

11.4.2.1. For AECP/NECP active duty students, refer to Chapter 13, SECTION 13D.

11.4.2.2. Reasons for Investigative Disenrollment

11.4.2.2.1. Failure to Maintain Academic Retention Standards (FTMARS). Refer to Chapter 4 of this instruction, regarding award of CEs for substandard academic performance and when to initiate an investigative disenrollment.

11.4.2.2.1.1. Academic retention standards for scholarship cadets and POC cadets are given in Chapters 3 and 4 of this instruction.

11.4.2.2.1.2. Falling below full-time student status without AFROTC approval. If the investigation is the result of falling below full time student status, include
failure to maintain academic retention standards on the Form 10 (Form 11 for AECP/NECP) as the reason for the disenrollment.

11.4.2.2.1.3. In cases of FTMARS, the AFROTC Form 704, *Academic Performance Inquiry*, may be submitted as part of the investigation for disenrollment.

11.4.2.2.1.4. If the AFROTC Form 704 shows a lack of good faith effort by the cadet, include Breach of Contract as a reason for the disenrollment in the Report of Investigation.

11.4.2.2.1.5. Compromise of academic integrity. If the cadet is being investigated for cheating or plagiarism, also include failure to maintain military retention standards as a reason for investigation since this can be considered an integrity issue.

11.4.2.2.2. Failure to Maintain Officer Accession Standards (FTMOAS). Officer accession standards are those standards required to be eligible for a commission. An example is a cadet who fails to pass the AFOQT after the maximum number of authorized attempts. Disenrolled cadets who do not meet officer accession standards may still qualify to serve in their enlisted grade and be called to EAD.

11.4.2.2.3. Failure to Maintain Military Retention Standards (FTMMRS). Disenrollments resulting from FTMMRS disqualify a cadet from accession into officer and enlisted programs. Cadets disenrolled for FTMMRS will not usually be called to EAD. Examples include, but are not limited to, ethical and moral violations that violate the Air Force Core Values. A Detachment/CC may conduct an investigation for disenrollment based on FTMMRS at any time, even for an initial offense, depending on its severity.

11.4.2.2.4. The investigation must include documentation of the cadet’s failure to maintain these standards and address whether or not the failure was within the cadet’s control. FTMMRS for any reason is a basis for disenrollment and activation of the cadet’s contractual obligation (call to EAD or recoupment of scholarship benefits). FTMMRS may include, but are not limited to:

11.4.2.2.4.1. Fraudulent enlistment.

11.4.2.2.4.2. Illegal drug use.

11.4.2.2.4.3. Alcohol-related incidents. (refer to Chapter 4).

11.4.2.2.4.4. PFA failure.

11.4.2.2.4.5. Failure to complete FT satisfactorily.

11.4.2.2.4.6. Failure to maintain BMI and Body Fat standards (refer to Chapter 4 of this instruction).
11.4.2.4.7. Integrity violation.

11.4.2.4.8. Inadequate family care plan, if required. Allow the cadet the opportunity to correct the deficiency of the plan. If still inadequate or if the cadet is unable to perform military/academic duties, investigate for disenrollment.

11.4.2.4.9. Inability to successfully complete a National Agency Check or otherwise fail to qualify for a security clearance.

11.4.2.4.10. Ineptitude, to include failure to exercise the maturity and/or judgment expected of an officer candidate, or unacceptable adjustment to the military environment.

11.4.2.4.11. Misconduct resulting in adverse civil involvement. (Refer to Chapter 4.)

11.4.2.4.12. Misconduct that would constitute an offense under the Uniform Code of Military Justice (UCMJ).

11.4.2.4.13. Demonstrating undesirable character traits.

11.4.2.4.14. Failure to compete with applicants for an enrollment allocation (EA).

11.4.2.3. Medical Disqualification due to circumstances within the cadet’s control. This occurs when a cadet becomes medically disqualified for commissioning or for a category of commissioning due to circumstances within the cadet’s control. Examples include, but are not limited to:

11.4.2.3.1. Alcohol-related injuries.

11.4.2.3.2. Injuries caused by hazing, fighting, or pranks.

11.4.2.3.3. Injuries or illnesses resulting from a lack of good judgment.

11.4.2.3.4. Failure to report a disqualifying condition.

11.4.2.3.5. Failure to report within 72 hours any change in medical status. (NOTE: First, determine the nature of the change and allow the cadet the opportunity to explain about the failure to report).

11.4.2.3.6. Medical disqualification coupled with an expressed desire to withdraw from the AFROTC program. Examples include, but not limited to, temporary disqualification like pregnancy or partial disqualification like being disqualified for rated duty, but qualified for commissioning.

11.4.2.4. Indifference to Training. (NOTE: The Detachment/CC or designated representative should first use the means necessary to counsel the cadet on the lack of
performance and provide the cadet the opportunity to improve the deficiency within a predetermined period). Examples include, but not limited to:

11.4.2.4.1. Failure to meet uniform, grooming, or appearance standards.

11.4.2.4.2. Failure to wear the appropriate uniform when required.

11.4.2.4.3. Failure to perform assigned corps duties. 11.4.2.4.4. Receipt of a failing grade in LLAB.

11.4.2.4.5. Failure to meet AS class and/or LLAB attendance requirements.

11.4.2.4.6. Breach/Anticipatory Breach of the AFROTC Contract.

11.4.2.4.6.1. Anticipatory Breach occurs when a cadet expresses a clear and convincing intention to breach the contract, but has not yet done so. This does not apply to AS100 contract cadets desiring to exercise the FSIE option. Examples include:

11.4.2.4.6.1.1. Attempting SIE. Only non-prior service AS100 contract cadets may FSIE from AFROTC without obligation (paragraph 11.4.1.1.3).

11.4.2.4.6.1.2. Failing to enroll in required AFROTC courses.

11.4.2.4.6.1.3. Dropping an AS class without AFROTC approval.

11.4.2.4.6.1.4. Changing academic major without AFROTC approval.

11.4.2.4.6.1.5. SIE from FT.

11.4.2.4.6.1.6. Failure to fulfill any term or condition of the AFROTC contract. (NOTE: The detachment should make every effort to remind cadets periodically of requirements of their contract, throughout their membership in the program. If the cadet intentionally fails to fulfill the condition, investigate for disenrollment).

11.4.2.4.6.1.7. Refusal to accept a commission as an Air Force Officer when actually tendered.

11.4.2.4.6.1.8. Failure to put forth a good faith effort to maintain academic retention standards. Lack of good faith academic effort includes a failure to attend classes regularly, failure to complete required assignments in a timely or satisfactory manner, or failure to take exams. Lack of good faith effort can be verified by completion of the AFROTC Form 704.

11.4.2.4.6.1.9. Claiming conscientious objector status.

11.4.2.4.6.1.10. Inability to meet contracted DOC/DOG due to circumstances within the cadet’s control.
11.4.2.5. Humanitarian Release (personal hardship beyond the cadet’s control). Request for humanitarian release must be made in writing by the cadet and submitted to the Detachment/CC. Approving disenrollment for a humanitarian reason is entirely discretionary. The request must be accompanied by sufficient documentation to substantiate the personal hardship. Establishing proof of hardship is the cadet’s responsibility. The following examples are situations that potentially could be considered hardship.

11.4.2.5.1. Financial Hardship. A summary of the cadet’s financial condition must include income statements, statement of living expenses, copies of bills, past due notices (if any), and bank statements (both checking and savings). Additional documentation may include income tax returns, statements from employers and creditors, or statements from the college or university financial aid department. The documentation must substantiate the cadet’s inability to meet financial obligations necessary to continue in school. The documentation must be logically summarized and organized in an order that can be followed and cross-referenced for reviewing officials. If the cadet is not of the legal age of majority according to their state of residence, their parent’s financial condition may also be required. A request for disenrollment because of financial hardship without the necessary documentation will not be approved and should not be submitted.

11.4.2.5.2. Other Personal or Family Hardship. Family separation or the inconveniences usually incident to military service does not necessarily constitute a personal or family hardship. A cadet must provide evidence of the following to substantiate the existence of a personal or family hardship. Evidence may include statements from family members, clergy, physicians, or other persons with personal knowledge of the cadet’s circumstances.

11.4.2.5.2.1. The hardship is not temporary.

11.4.2.5.2.2. Conditions arose or became aggravated after the cadet entered AFROTC.

11.4.2.5.2.3. The cadet made every reasonable effort to alleviate the situation.

11.4.2.5.2.4. Disenrollment will eliminate or materially alleviate the condition.

11.4.2.5.2.5. There are no readily available means to alleviate the situation other than disenrollment.

11.4.3. Investigative Disenrollment Procedure. Detachment/CCs will initiate investigative disenrollment actions when evidence as defined in paragraph 11.4.2 exists (refer to Attachment 34 for a quick-reference list of steps). Region/CCs and HQ AFROTC may direct investigative disenrollment. In a commander’s absence, the senior officer assigned to the detachment may initiate disenrollment action on the commander’s behalf.

11.4.3.1. Initiate investigative disenrollment action using the AFROTC Form 10.
11.4.3.1.1. The initiating commander (or senior officer, in the commander’s absence) completes and signed Part I of the AFROTC Form 10.

11.4.3.1.2. Complete Section I of AFROTC Form 111, \textit{Student Status Statement of Understanding}. The AFROTC Form 111 is used to verify mailing address and the current DOG.

11.4.3.1.3. Serve the AFROTC Form 10 on the cadet along with the AFROTC Form 111.

11.4.3.2. The Detachment/CC should review items 1 through 8 of Part II with the cadet before releasing the paperwork.

11.4.3.3. The cadet has 24 hours to consider available options, complete Part II, and return the AFROTC Form 10 to the Detachment/CC. If the cadet cannot or does not return the AFROTC Form 10 within 24 hours, process the case in absentia in accordance with paragraph 11.9.

11.4.3.4. The cadet completes Part II of the AFROTC Form 10 as follows:

11.4.3.4.1. Acknowledges receipt of the AFROTC Form 10 and understanding of facts relevant to investigative disenrollment by placing their initials next to each statement, 1 through 8.

11.4.3.4.2. Indicates their selections by circling their choices and placing their initials on lines 9, 10, and 11.

11.4.3.4.3. Indicates whether they waive the right to a disenrollment investigation by selecting “DO” or “DO NOT,” as appropriate, and placing their initials on line 12a.

11.4.3.4.3.1. If the cadet selects “DO” waive their right to an investigation:

11.4.3.4.3.1.1. They must select “DO” or “DO NOT” to waiving their right to submit written matters within 10 days in line 12b.

11.4.3.4.3.1.2. Part III is not applicable because there will be no ROI.

11.4.3.4.3.2. If the cadet selects “DO NOT” waive their right to an investigation:

11.4.3.4.3.2.1. Line 12b is not applicable.

11.4.3.4.3.2.2. Part III will be filled out by the cadet after receipt of the ROI.

11.4.3.4.3.2.3. Fill in the date and signature block, and sign at the bottom of Part II and return it to the Detachment CC within 24 hours.

11.4.3.5. Once the AFROTC Form 10 is signed by the cadet, a disenrollment investigation must be completed (unless waived by the cadet) and the case file
reviewed by the Detachment/CC and forwarded to AFROTC/RRFD for review and final action. Once the AFROTC Form 10 is signed by the cadet, the disenrollment investigation process must run through completion. If the Detachment/CC believes disenrollment is no longer warranted, he/she may make that case on the AFROTC Form 22 Comments and request retention.

11.4.3.6. The cadet may change elections made on the AFROTC Form 10 until the case file is forwarded to HQ AFROTC. Changes may be made by pen and ink amendment of the AFROTC Form 10; the cadet will date and initial all changes. Election changes can also be made by accomplishing a new AFROTC Form 10 and attaching the original AFROTC Form 10 to the new one or by attaching a memorandum to the original AFROTC Form 10.

11.4.3.6.1. Anticipatory breach may be rescinded by the cadet prior to completing the Part II of the AFROTC Form 10, Receipt of Notification (RON). However, once the cadet has signed Part II indicating refusal to continue training or accept a commission, the anticipatory breach is complete and may not be rescinded.

11.4.3.6.2. If the desires of the cadet change and they wish to continue in the program after signing Part II of the AFROTC Form 10, the cadet may offer statements to that effect during the disenrollment investigation as evidence on their behalf. If this occurs, HQ AFROTC may consider it in determining disenrollment, probation, or retention of the cadet, whichever is in the best interest of the Air Force.

11.4.3.7. Disenrollment actions where the cadet “WAIVES” the right to a disenrollment investigation (does not wish to be investigated).

11.4.3.7.1. Provide a copy of the AFROTC Form 10 with Parts I and II completed and evidence supporting the disenrollment action to the cadet. Retain the original.

11.4.3.7.2. The initiating commander may direct that a disenrollment investigation be conducted despite the cadet’s waiver. Do so by signing a memorandum to that effect and providing a copy of the AFROTC Form 10 (with the memorandum attached) to the IO. Conduct the disenrollment investigation IAW paragraph 11.5. The completed ROI must be served on the cadet. The cadet will complete Part III of AFROTC Form 10 and indicate whether they waive the 10-calendar-day rebuttal period.

11.4.3.7.3. If the cadet waived the right to a disenrollment investigation and a 10–day response period, and the initiating commander did not direct a disenrollment investigation, then the AFROTC Form 10 is complete. When the AFROTC Form 10 is complete:

11.4.3.7.3.1. The initiating commander prepares the AFROTC Form 22 with his/her recommendations and justifications for final disposition.
11.4.3.7.3.2. Attach the AFROTC Form 10 and evidence supporting the disenrollment action to the AFROTC Form 22 and forward it to AFROTC/RRFD IAW Attachment 33.

11.4.3.8. Disenrollment actions where the cadet “DOES NOT waive” the right to a disenrollment investigation (does wish to be investigated).

11.4.3.8.1. The Detachment CC (or officer serving the Form 10) provides a copy of the AFROTC Form 10 with Parts I and II completed and evidence supporting the initiation of the disenrollment investigation to the cadet and the IO. Retain the original. The IO then conducts the disenrollment investigation IAW this chapter and prepares the ROI (Attachment 29). The IO has 10 calendar days to complete the ROI.

11.5. The Disenrollment Investigation.

11.5.1. The disenrollment investigation is a non–adversarial process to gather all the facts in each cadet’s case so the Detachment/CC can make an informed recommendation to HQ AFROTC for retention, disenrollment, call to EAD, recoupment, probation, or release. The investigation must be conducted so the cadet has the opportunity to present evidence for consideration by the Detachment/CC, and the disenrollment authority at HQ AFROTC. The disenrollment investigation is the cadet’s opportunity to dispute the failure(s) to maintain retention standards which triggered the investigation or to submit mitigating/extenuating circumstances.

11.5.2. The cadet may challenge the IO for cause by submitting a memorandum to the initiating commander stating reasons why the IO is biased or otherwise cannot act in an impartial manner in their case. The initiating commander considers the challenge in consultation with Holm Center/JA. Appoint a new IO if the challenge is justified. If not justified, the Detachment/CC prepares a memorandum explaining why the challenge is not justified, provides a copy to the cadet, and includes a copy in the disenrollment case file.

11.5.3. Upon receipt of the AFROTC Form 10, the IO must contact the cadet and arrange a time for the cadet to make a personal appearance before the IO. The personal appearance should occur within 10 days of the cadet’s receipt of the AFROTC Form 10. The IO may grant an extension beyond 10 days, but should note and explain any such delay beyond 10 days in the ROI.

11.5.4. Personal Appearance.

11.5.4.1. The personal appearance is the cadet’s opportunity to present their case directly to the IO. At the personal appearance, the cadet may make an oral statement to the IO. The cadet may provide for other individuals to offer testimonial evidence in the cadet’s behalf. Any individual offering testimonial evidence at the personal appearance shall be sworn in by the IO using the following oath: “Do you swear (or affirm) that the statements you are about to make in this matter shall be the truth, the whole truth, and nothing but the truth, so help you God?” The IO should prepare a summary of statements given by the cadet and any other witness and include that
summary in the ROI. Do not prepare a verbatim transcript of the cadet’s oral statement or witnesses’ testimony.

11.5.4.2. The cadet may also point out issues the cadet believes are relevant to a full and fair consideration of the disenrollment action without presenting direct evidence. The IO shall note all issues raised by the cadet and investigate them if appropriate. (If the cadet feels the IO’s investigation or discussion of any matter in the ROI is inadequate, the cadet may submit written material in response to the ROI.)

11.5.4.3. A civilian attorney or a member of the cadet’s immediate family may attend the personal appearance, if the cadet desires. However, the IO has the discretion and authority to limit the number of individuals present at the personal appearance at any one time to insure safety, efficiency, and good order and discipline. The personal appearance is not a trial or hearing and the IO is not a judge. Rules of evidence or procedure applicable in courts do not apply. If others in attendance interfere in any way with the hearing, the IO may disallow their attendance.

11.5.4.4. If a representative of the cadet’s college or university requests to be present at the personal appearance, the IO ensures arrangements are made for the school representative to attend.

11.5.5. Documentary Evidence.

11.5.5.1. The IO shall review the cadet’s UPRG and any other relevant documents. Include copies of relevant documents in the ROI.

11.5.5.2. The cadet may submit documentary evidence on their behalf at any time during the disenrollment investigation. While the cadet has the right to make a personal appearance before the IO, any matter the cadet believes will be significant in deciding the case should be presented in written or documentary form to the IO. The IO includes all documentary evidence provided by the cadet as an attachment in the ROI.

11.5.6. Other Investigative Steps.

11.5.6.1. The IO may perform any other investigative steps necessary to document fully the facts of a cadet’s case. This may include locating and interviewing witnesses. Witnesses shall be sworn in using the following oath: “Do you swear (or affirm) that the statements you are about to make in this matter will be the truth, the whole truth, and nothing but the truth, so help you God?”

11.5.6.2. The IO should investigate any issues or allegations made by the cadet during the disenrollment investigation which are not already established or disproved by the evidence (e.g., false or incorrect information, administrative errors, unfair treatment by detachment personnel) on which the disenrollment action is based, or inconsistencies between detachment evidence and evidence submitted by the cadet. The IO will either interview applicable individuals to obtain the information necessary to address the cadet’s issues or explain in the ROI why further investigation was unnecessary.
11.5.6.2.1. If any Equal Opportunity and Treatment (EOT) issues arise during the course of the investigation (e.g., sexual harassment or unlawful discrimination), consult with Holm Center/JA before contacting the detachment’s servicing Military Equal Opportunity office.

11.5.6.2.2. If any other criminal activity arises in the course of the investigation, contact Holm Center/JA, not the servicing base legal office because they are not familiar with the rights and processes for AFROTC cadets.

11.5.7. The Report of Investigation (ROI).

11.5.7.1. The IO will prepare the ROI IAW Attachment 29. The ROI is a factual summary of all evidence compiled by the IO during the investigation. All facts cited in the ROI will be supported by attached documentation. THE IO SHALL NOT INCLUDE ANY OPINIONS, CONCLUSIONS, OR RECOMMENDATIONS IN THE ROI. If a cadet desires EAD, the IO must include a memorandum signed by the cadet stating that desire.

11.5.7.2. When the ROI is complete, and the cadet has made a personal appearance or 10 days have elapsed since the cadet signed Part II of the AFROTC Form 10 if the cadet waived a personal appearance, the IO (or the detachment staff) meets with the cadet and provides a copy of the ROI to the cadet for review. The cadet acknowledges receipt of the ROI by signing Part III of the AFROTC Form 10. The cadet has 10 calendar days from the date they acknowledge receipt of the ROI to submit any further rebuttals or challenges to the ROI for inclusion in the disenrollment case file. The cadet may waive the 10-calendar-day response time in Part III of the AFROTC Form 10. If the cadet submits matters prior to the end of the 10-day period, the IO shall determine if the cadet is waiving the remainder of the response period. If so, the cadet shall document this waiver via a signed memorandum. If a cadet has not submitted a response within 10 days, a signed memorandum statement from the Detachment/CC or investigating officer stating one of the following must accompany the disenrollment case file for processing by AFROTC/RRFD:

11.5.7.2.1. The cadet refused to sign Part III of the AFROTC Form 10,

11.5.7.2.2. The cadet declined the response, or

11.5.7.2.3. The cadet failed to meet the 10-day response period.

11.5.7.3. After the 10-calendar-day response period, or after the cadet waives the 10-calendar-day rebuttal period, the IO (or the detachment staff) submits the final ROI with all evidence and attachments (including the cadet’s rebuttal/response, if any) to the Detachment/CC.

11.6. Final Actions of the Detachment/CC.

11.6.1. The Detachment/CC reviews the case file.
11.6.1.1. If the investigation was not waived, the commander ensures the ROI thoroughly addresses the reason or reasons for the disenrollment actions and all issues or allegations raised by the cadet. The ROI shall not contain any opinions, conclusions, or recommendations by the IO. The commander ensures the cadet has either had 10 calendar days to respond to information in the case file or has waived the 10-day response period in the AFROTC Form 10.

11.6.2. The Detachment/CC completes an AFROTC Form 22 NET 10 days after the cadet receives for the ROI (this can be sooner if the cadet waived the rebuttal period) and makes a specific recommendation concerning the cadet’s disenrollment or continuation in the AFROTC program, and a recommendation for the DD Form 785, Section 4.

11.6.3. All investigative disenrollment actions must be coordinated through the region prior to submission to AFROTC/RRFD.

11.6.4. Forward the disenrollment package to AFROTC/RRFD.

11.7. AFROTC/RRFD Process.

11.7.1. Upon receipt of a package, AFROTC/RRFD enters it into the disenrollments database and then reviews it for completeness and accuracy.

11.7.2. Return Without Action (RWOA). AFROTC/RRFD may RWOA a case file due to legal insufficiency (lack of evidence), regulatory guidance not followed, poor package, missing documents, or need for further investigation. If a case file contains minor errors, AFROTC/RRFD will call the detachment and request additional information or documents. The detachment then has 5 working days to provide the requested information or the package will be returned to the detachment without action.

11.7.3. Review process. At HQ AFROTC, the package is reviewed at multiple levels, including Holm Center/JA for legal sufficiency. The cadet is not permitted or authorized to make personal appearances with HQ AFROTC personnel to discuss their case. Any additional information required by HQ AFROTC will be obtained by working through the Detachment/CC.

11.7.3.1. If EAD is the recommendation from the Registrar, the package must be routed to AFROTC/CC for final decision.

11.8. Detachment Actions after HQ AFROTC Decision.

11.8.1. Once a final decision has been made, there are several more steps that occur depending on the outcome. All packages return to AFROTC/RRFD for distribution and final actions. AFROTC/RRFD updates WINGS to prepare the cadet record for final action by the detachment. Copies are made and a package is prepared for the detachment.

11.8.1.1. For all outcomes, once a decision is final and the detachment has been notified, the detachment must notify the cadet via an AFROTC Form 16 (or MFR if in absentia). The detachment should forward to AFROTC/RRFD a copy of the final
11.8.1.2. The detachment can verify that AFROTC/RRFD has received the final AFROTC Form 16 by reviewing the Disenrollment - Form 16 Report located on the Restricted website under Disenrollment Information – RRFD.

11.8.2. Contracted cadets are enlisted members in ORS. Several options are considered in the disenrollment decision.

11.8.2.1. All non-prior service AS100 cadets are released from their AFROTC contract as long as the scholarship was not obtained through fraudulent means (e.g., failing to disclose a civil involvement, drug use, or medical condition).

11.8.2.2. AS200 normally have their scholarship funds recouped. This includes scholarship monies expended during the AS100 year.

11.8.2.3. All POC cadets are considered for call to active duty unless there is a moral or physical reason that would prevent them from serving in their enlisted grade.

11.8.2.4. EAD. If EAD is the final decision, AFROTC/RRFD prepares and forwards a distribution package to AFPC. AFPC will normally bring a disenrolled cadet on active duty based on the cadet’s contracted graduation date, unless the cadet has stopped attending school.

11.8.2.4.1. Since the disenrolled cadet is no longer a member of AFROTC, HQ AFPC/DPPAES is the approving office for educational delays. The detachment must advise the cadet that AFPC will notify the cadet of the call to EAD. If the cadet has any questions, the cadet may contact HQ AFPC/DPSIPE, 550 C Street West, Suite 10, Randolph AFB TX 78150-4712, commercial (210) 565-3569.

11.8.2.5. The detachment must also have the cadet certify a current and permanent mailing address, present student status, and scheduled graduation date. The detachment must also forward an AFROTC Form 16 counseling record signed by the cadet acknowledging receipt and their understanding of the actions taken to AFROTC/RRFD within 10 workdays of notification.

11.8.2.6. Recoupment. If recoupment of scholarship funds is the final decision, AFROTC/RRFD prepares separate distribution packages and forwards them to HQ ARPC and Holm Center/SDFA.

11.8.2.6.1. The detachment must notify the cadet of the outcome within 10 workdays.

11.8.2.6.2. The cadet must supply a permanent mailing address and a current mailing address for contact. The cadet will be contacted by Defense Finance and Accounting Services (DFAS) regarding repayment of scholarship debt.
11.8.2.7. Release. If release is the final decision, AFROTC/RRFD prepares and forwards a distribution package to HQ ARPC. The detachment must notify the cadet in writing within 10 workdays. HQ ARPC will send a copy of the discharge order to AFROTC/RRFD and the cadet when completed.

11.8.2.8. Retain/Probation. If retain or probation is the final decision, the package will be returned to the detachment with further instructions in Section IV of the AFROTC Form 22. The detachment will counsel the cadet via AFROTC Form 16, including any conditions of retention or probation. Send a copy of the AFROTC Form 16 to AFROTC/RRFD.

11.9. Investigative Disenrollment in Absentia.

11.9.1. Rules of Engagement. An investigative disenrollment action may be processed in absentia when the cadet is not available to participate in person, declines to participate, or fails to respond to notification of the disenrollment action. Additionally, if a cadet becomes physically unavailable or ceases to participate in the disenrollment action, process the case as an in absentia disenrollment from that point forward.

11.9.2. If the detachment is unable to serve the AFROTC Form 10 on the cadet in person, forward the AFROTC Form 10 (with attached evidence supporting the initiation of the disenrollment investigation) under cover of a letter explaining the action, and direct the cadet to complete and return the AFROTC Form 10 within 30 calendar days of receipt. Do not forward original copies of evidence. Send the AFROTC Form 10 to the cadet’s last known address via certified mail, return receipt requested, and restricted delivery. Note: if your university mail does not support any of those requirements, use the United States Postal Service. Keep all receipts to document efforts to contact the cadet. If the cadet does not respond to the AFROTC Form 10 sent by certified mail, the commander should exhaust all reasonable attempts to contact the cadet. Consider leaving messages with known friends, classmates, teachers, roommates, parents, or work locations. Maintain a copy of all documentation and mail receipts, as well as MFRs of efforts to contact the cadet. If the cadet responds to the AFROTC Form 10 within 30 days and waives the right to a disenrollment investigation, the Detachment/CC completes the disenrollment action IAW paragraph 11.6.2.

11.9.3. If the cadet fails to respond within 30 days, or if the cadet responds and does not waive the right to a disenrollment investigation, the Detachment/CC provides a copy of the AFROTC Form 10 (with attachments) to the IO. The IO then conducts an investigation and prepares the ROI. If the cadet is unable or unwilling to make an appearance before the IO, the personal appearance may be conducted by telephone, video teleconference, or similar technology.

11.9.4. Serve a copy of the ROI to the cadet via certified mail, return receipt requested, and restricted delivery. Keep copies of receipts. If the cadet does not respond within 30 days, the initiating commander prepares the AFROTC Form 22 and submits the case file to HQ AFROTC/RRFD.

11.10.1. Further Investigation. The Detachment/CC may determine that a case file needs further information prior to forwarding the case to HQ AFROTC, or AFROTC/RR may reject a case file without action for further investigation. In such cases, the investigation action must be reopened.

11.10.2. To reopen an investigation, notify the cadet, MA, and IO in writing that the investigation is reopened and the cadet has the same rights as before. If new changes must be made, complete a new AFROTC Form 10 for the cadet and IO to review and make changes as necessary. Attach the new AFROTC Form 10 to the old one. DO NOT DISCARD ANY PREVIOUS DOCUMENTS. The Detachment/CC will ensure the cadet is afforded all rights as requested.

11.10.3. The first investigation will be used by the IO and it will be attached to the new investigation for consideration by the Detachment/CC and HQ AFROTC, unless directed otherwise by the AFROTC/RR.

11.10.4. If the original IO is unavailable or has developed a bias in the case, a new IO must be appointed in writing and be granted the opportunity to review the case file.

11.10.5. Ensure the cadet is granted the opportunity to:

   11.10.5.1. Challenge the new IO for cause.
   11.10.5.2. Review all new evidence gathered and to respond to this evidence.
   11.10.5.3. Receive a copy of changes/additions to the ROI
   11.10.5.4. Submit matters in rebuttal to the ROI
   11.10.5.5. The commander prepares a new AFROTC Form 22 and submits the case file to HQ AFROTC/RRFD.

11.11. Suspended Disenrollment with Probation.

11.11.1. Upon review of a disenrollment package, AFROTC/RR may offer the cadet suspended disenrollment and probation in lieu of disenrollment. AFROTC/RR will determine the probation conditions and length. A cadet offered probation is allowed to continue in AFROTC. Failure to meet any term or condition of probation, or failure to meet any other AFROTC retention standard is a basis to revoke probation and execute the suspended disenrollment. The specific terms of the probation will be outlined in the AFROTC/RR response.

11.11.2. Probation Offer. The offer of suspended disenrollment with probation will come from AFROTC/RR. If the cadet does not accept the probation, the cadet will be disenrolled. The cadet acknowledges acceptance of the terms of probation by signing an AFROTC Form 16 with the offer and terms of probation. Failure to meet the terms of the probation will
result in disenrollment. The terms of the probation can include, but are not limited to, a period of time for watching behavior, civil involvement or alcohol restrictions (i.e., any further civil involvements will result in disenrollment from AFROTC), or any other action AFROTC believes will help change or improve cadet behavior.

11.11.2.1. HQ AFROTC may require, as a term of probation, any or combination of the following:

11.11.2.1.1. Award of a CE.

11.11.2.1.2. For alcohol-related incidents, attendance to an alcoholic dependency class at the cadet’s own expense.

11.11.2.1.3. Suspension or termination of scholarship for the duration of the probation.

11.11.2.1.4. Loss of competitive selections.

11.11.2.1.5. Professional counseling at the cadet’s expense.

11.11.2.1.6. Re-enlistment by completing a new AF From 1056 and/or a new DD Form 4, Enlistment/Reenlistment Document Armed Forces of the United States.

11.12.1. If the Detachment/CC believes the cadet has failed to meet a term or condition of probation or has failed to meet an AFROTC retention standard, the commander assembles evidence supporting the failure and notifies the cadet of intent to revoke probation. Advise the cadet that he/she has 10 calendar days to respond to the new evidence. After 10 days, the Detachment/CC will assemble the new evidence with the cadet’s written response (if any), the original disenrollment case file and forward it to AFROTC/RRFD under cover of a new AFROTC Form 22.

11.12.2. AFROTC/RR may direct a new disenrollment investigation in unique or unusual cases. The cadet does not have the right to a new disenrollment investigation since the original disenrollment action afforded the cadet all rights available under applicable law and regulations and was legally sufficient for disenrollment actions.

11.13.1.1. AFROTC will terminate the recoupment of scholarship money for any cadet who obtains a waiver of prior disenrollment, competes for and receives a POC enrollment allocation and then recontracts/reenlists. The cadet must submit a memorandum requesting to terminate scholarship recoupment (Attachment 30). Counsel the cadet via AFROTC Form 16 that termination of the recoupment of scholarship money is contingent upon receipt of an Air Force commission. If the cadet
is commissioned, any principle on AFROTC scholarship money previously recouped by the government will be refunded to the cadet.

11.13.1.2. HQ AFROTC will consider terminating the recoupment debt of disenrolled cadets who complete at least 2 years of continuous enlisted active duty service or who receive an active duty commission (with any branch of the United States Armed Forces). A commission or enlistment in the Guard or Reserves does not apply unless two years of continuous active duty service is completed. Proof of service is the responsibility of the disenrolled cadet. To request termination, contact AFROTC/RRFD for guidance.

11.13.1.3. Cadets disenrolled with recoupment who return to AFROTC, contract into AFROTC, and are subsequently disenrolled with recoupment again will be liable for scholarship funds from their first disenrollment as well as current enrollment.

11.13.2. Rescind Call to EAD. A disenrolled cadet called to EAD who receives a new enrollment allocation, and recontracts/reenlists may request termination of the call to EAD. Detachments must indorse and submit a memorandum requesting rescinding of the EAD to AFROTC/RRFD (using the letter format at Attachment 31). Counsel cadets via AFROTC Form 16 that termination of the call to EAD is contingent upon receipt of an Air Force commission.

11.12.2.1. Do not re-enlist or contract the cadet until the call to EAD has been terminated.

11.14.1. Disenrolled cadets may appeal their disenrollment, call to EAD, or recoupment action once. Suspension and probation cannot be appealed. Requests for reconsideration of the disenrollment decision will always be reviewed; however, changes will only be made based upon new evidence that was not available during the initial investigation. Submit appeals in writing to the AFROTC/CC no later than one (1) year from the individual’s effective date of disenrollment listed on the DD Form 785. Requests received after the one-year cutoff date will not be considered. The cadet is not permitted or authorized to make personal appearances with HQ AFROTC personnel to discuss their case.

11.14.2. Release of Cadet Records. At any time during the disenrollment process, a cadet is permitted to review their UPRG upon request under the supervision of detachment cadre. After disenrollment, a cadet desiring copies of specific records from the UPRG must submit a written request, citing the Privacy Act of 1974, to the detachment records custodian. Remove any Privacy Act information about individuals other than the cadet before releasing copies of the records. Cadets may obtain completed copies of the disenrollment case file by submitting a written request to the Freedom of Information Act (FOIA) and Privacy Act (PA) office, 42 CS/SCOKR, 50 LeMay Plaza South, Maxwell AFB AL 36112, citing the FOIA or PA or online at www.foia.af.mil. The request must list the specific information desired.
11.15. Cadet Identification Card.

11.15.1. During the disenrollment process, the Detachment/CC may authorize the cadet to retain the military identification card. If not retained in the program, the cadet will immediately surrender the ID card to detachment cadre. No action is required if the ID card was issued due to the cadet being a dependent of a military member.

11.15.2. Disposition. The detachment should immediately forward disenrolled cadet ID cards to host MPS. The host MPS will remove the affected individual from DEERS as needed. Once removal has been verified, the DD Form 2, *US Armed Forces ID Card*, will be destroyed and the DD Form 2842 will be filled appropriately for recycling as required in appropriate guidance.

11.15.3. Detachment/CC or a designated individual shall remove any vehicle decals and/or confiscate any extended passes received from a base vehicle registration office. Decals and passes will be returned to the host base vehicle registration office.

11.16. DD Form 785, *Record of Disenrollment from Officer Candidate-Type Training*.

11.16.1. For all disenrollment case files, AFROTC/RRFD will complete the DD Form 785. The only people authorized to sign the DD Form 785 are the AFROTC/CC and the designated representative at HQ AFROTC. Refer to AFI 36-2012, *Record of Disenrollment from Officer Candidate- Type Training – DD Form 785*, for further guidance.

11.16.2. Upon disenrollment, the DD Form 785 is the only permanent record of disenrollment and is filed at the National Personnel Records Center, 9700 Page Avenue, St Louis, MO, 63132-5100. The cadet must submit a memorandum to this organization should they misplace their copy.
CHAPTER 12 – COMMISSIONING

12.1. General Information. This chapter outlines precommissioning, commissioning, and post-commissioning requirements, programs, and actions required for entry onto EAD. Cadet must be fully qualified to commission (Medical, GPA, PFA, Ht/Wt/BMI/Body Fat, etc.) and must commission NLT 30 days after completing their degree and AFROTC, whichever occurs last. Additionally, commissioning must occur within the FY associated with the enrollment allocation. Therefore, it is possible for a cadet to complete both the AFROTC requirements and the degree but not commission until 1 Oct of the next FY. For exceptions, contact AFROTC/RRFA, which is the OPR for this chapter.

12.2. Distinguished Graduate (DG) Program.

12.2.1. Objective. To ensure the best-qualified current fiscal year (FY) commissionees are selected as DG recipients.

12.2.2. DG Program Selection. The Detachment/CC selects cadets from the current FY commissioning class for designation as, or nomination for DG. Cadets must have a minimum cumulative GPA of 2.50 on a 4.00 scale. Commanders must ensure they submit their most deserving cadets. Detachment suspense for submitting earned, carry-over and aggregate DG nominations is determined by the region.

12.2.3. Detachments earn one DG quota for every ten FY commissionees they have in October. For example, if a detachment has 18 commissionees they earn one DG quota. Detachments must ensure all required WINGS information is correct and validated prior to October DOC/DOG. (Reference paragraph 12.2.4 if a detachment has less than 10 commissionees)

12.2.3.1. Detachments earning DGs must notify their region of their DG designees.

12.2.4. Detachments not earning a DG quota may nominate one cadet for an aggregate board. These cadets will compete against others from detachments not earning a DG quota.

12.2.4.1. Those not selected by the aggregate board will automatically compete again at the region carry-over board.

12.2.5. Region Carry-Over Board.

12.2.5.1. Detachments earning DG quotas may also submit additional DG nominations for a region carry-over board. Be sure to rank order the nominees.

12.2.5.2. Detachments not earning a DG quota may submit additional DG nominations for consideration at the region carry-over board

12.2.5.3. The Regions will determine the format for submitting nominations for the carry-over and aggregate DG boards.
12.2.6. Cadets are designated as DGs by memorandum prepared by the Detachment/CC, irrespective of the DG selection method.

12.2.6.1. Present the memorandum and AFROTC Form 402, *AFROTC Distinguished Graduate Certificate*, during the commissioning ceremony.

12.2.6.2. Additionally, the Source of Commissioning (SOC) code must reflect DG selection on the Reserve commissioning order. Reference paragraph 12.11.7 and Attachment 44.

12.2.7. Loss of DG designation. Occasionally, a cadet will lose their right to the DG slot (either by inappropriate behavior or by changing FY after selection.) In such cases, the next highest cadet on the ordered list from the original selection will become DG.

12.2.7.1. If the DG was selected by the detachment, the detachment rolls their next highest cadet into that DG slot. If that cadet had a DG slot from the carry-over board, the Region will backfill that slot from its alternate list.

12.2.7.2. If the DG was selected from the aggregate board, the Region transfers the DG slot to the next highest aggregate board nominee.

12.2.7.3. If the DG was selected from the carry-over board, the Region transfers the DG slot to the next highest aggregate board nominee.

12.3. Pre-Commissioning.

12.3.1. Classification and Accession to EAD. A detachment officer must counsel each cadet that classification and assignments are based primarily on the needs of the Air Force at the time of entry onto EAD (exceptions are non-line categories). AFPC Officer Accessions (HQ AFPC/DPSIP) will provide EAD orders to detachments. (It is imperative that detachment personnel keep the WINGS database and AFPC updated with any changes in DOC/DOG.) Detachments will assist cadets with contacting their gaining unit to request a sponsor and instruct cadets to utilize the MilitaryHOMEFRONT website to obtain PCS information.

12.3.2. AFROTC Form 53, Cadet Assignment Preference Worksheet. Contracted cadets, and Guard and Reserve in pursuing status, must complete a web-based AFROTC Form 53 NLT the date specified by HQ AFPC/DPSIP for each accession classification cycle. The AFROTC Form 53 website will be announced in the ARMS message announcing the Form 53 dates. If the AFROTC Form 53 database suspense cannot be met for valid reasons (e.g., pending DOC/DOG change, disenrollment, natural disaster, etc.), notify AFPC/DPSIP with the cadet’s name, SSN, reason for delay, and anticipated submission date. AFROTC/RRFP establishes accounts for staff members (technician and commander); detachment personnel establish cadet accounts.

12.3.2.1. There are two phases to the AFROTC Form 53 process:

12.3.2.1.1. Phase 1 classifies cadets into an AFSC according to AF requirements established by higher headquarters. HQ AFPC/DPSIP will publish a
“target list” of higher need AFSCs for the subject calendar year. Cadets use the target list to decide which AFSCs for which they may be qualified and for which they are interested in volunteering. It is imperative cadets fill in a choice for their top six preferences. Cadets with technical majors should request appropriate technical AFSCs. Cadets who do not complete an AFROTC Form 53 will be classified to the needs of the Air Force.

12.3.2.1.2. After AFSCs have been assigned in Phase 1, Phase 2 assigns cadets to AF units based on their AFSC, needs of the AF and cadet preference. They will be presented with current available assignments from which to volunteer for in the drop-down windows of the AFROTC Form 53.

12.3.3. Specific instructions for completing the AFROTC Form 53 are contained on the website.

12.3.4. Changes to AFROTC Form 53.

12.3.4.1. If the AFROTC Form 53 database is still on-line, the cadet or the detachment cadre can still make changes until the database closes.

12.3.4.2. If the AFROTC Form 53 database has been closed out, coordinate directly with AFPC/DSIP. That office may take small changes or have the detachment fill out a new hard-copy AFROTC Form 53 with the new information.

12.4. Educational Delays.

12.4.1. Educational delays are delays between commissioning and reporting for EAD. AFPC/DSIP is the OPR for educational delays. Detachment officer must brief all cadets on applying for an educational delay 8 to 12 months prior to commissioning.

12.4.2. Ensure all application packages are submitted to AFIT/ENEL, 2950 Hobson Way, Wright-Patterson AFB, OH 45433-7221, NET 240 days, but NLT 90 days prior to commissioning. If the delay results in the cadet’s EAD date changing to a new fiscal year, the cadet will recompete for AFSC selection by AFPC/DPSIP. This may result in a change in training date or the cadet being classified into a new AFSC. (Reference AFI 36-2009, Delay in Active Duty for AFROTC Graduates, for application procedures.)

12.5. Administrative Delays.

12.5.1. An administrative delay is merely an agreement by AFPC that a cadet is not called to EAD during the delay; however, this is not guaranteed. Under normal EAD circumstances, delays can be up to 365 days. If a cadet has an earlier EAD date and wants to delay it, they must submit a request for an administrative delay. The maximum length of approval is 12 months from the DOC.

12.5.2. A Cadet submits the request for administrative delay by memorandum to the Detachment/CC, who endorses the request and forwards it to AFPC/DPSIP for consideration.
12.5.3. Submit the request 60-120 days prior to commissioning. Include, as a minimum, the cadet’s name, SSN, DOC, reason for, and length of delay.

12.7. Application for Appointment. Each commissioning cadet must complete an AF Form 24, Application for Appointment as Reserve of the Air Force or USAF without Component. Prepare one original AF Form 24 and distribute the AF Form 24 and the associated commissioning documents as prescribed in Attachment 35.

12.8.1. During the weeks prior to commissioning, ensure the cadet meets the prerequisites for appointment. If the cadet does not meet all commissioning prerequisites, take appropriate actions to change the DOC, qualify the cadet, obtain waivers, or investigate for disenrollment, as applicable. Detachments will use the AFROTC Form 64, AFROTC Commissioning Checklist, and the guidance contained within this chapter to ensure the cadet is qualified to commission.

12.8.2. Medical. Each cadet must have a current medical examination for their AFSC certified by HQ AETC/SGPS or MEPS for cadets requiring only a commission-qualified physical). Do not commission a cadet in medical recheck status or without a current physical certified for their AFSC as this constitutes an erroneous commissioning.

12.8.2.1. Physicals for cadets classified into AFSC 13M1 (Airfield Operator) must include successful completion of a Read Aloud Test and have an Adaptability Rating For Air Traffic Controllers (ARATC).

12.8.2.2. Cadets categorized in AFSC 92T0 (Pilot) must have an FCI physical.

12.8.2.3. Those who are categorized in AFSC 92T1 (CSO) must have an FCIA physical.

12.8.2.4. Cadets categorized in AFSC 92T3 (RPA) must have an FCIIU physical.

12.8.2.5. Cadets classified into 13B1 (Air Battle Management) must have a FCIII physical.

12.8.3. Cadets classified into 13N1 (Missile Operations) must have a MOD certified physical and be PRP qualified. Dual Citizenship. Cadets who hold dual citizenship with a foreign country could be ineligible for a security clearance. It may be necessary for them to renounce their citizenship with the foreign country through the state consulate.

12.8.4. Security Clearances. All contract cadets must have an open security clearance IAW their Personnel Processing Codes (PPC) for their AFSC before they can be commissioned. See Attachment 39 for a complete list of AFSCs requiring mandatory SSBI clearance. If a previously adjudicated security clearance or an open security
clearance is placed on “Hold” status, do NOT commission until the security clearance has been re-instatement.

12.8.4.1. Responsibilities:

12.8.4.1.1. Cadets: Complete the necessary information on the SF 86, Questionnaire for National Security Positions. The SF 86 is contained in the Electronic Questionnaire for Investigations Processing (e-QIP) program

12.8.4.1.2. Detachment Security Manager: Responsible for the management of Joint Personnel Adjudication System (JPAS), to include submitting cadet security clearance applications from e-QIP to the Office of Personnel Management (OPM) and for maintaining information in WINGS from initiation to granting of clearance on all applicable cadets. Detachments should coordinate with AFROTC/RRFP in establishing a JPAS account.

12.8.4.1.3. ROTC Security Manager: Acts as the liaison between the detachment Security Manager and outside agencies. Responsible for unlocking accounts and resetting passwords in e-QIP and JPAS. (The AFROTC Security Manager is assigned to RRFP)

12.8.4.1.4. AETC IP: Assists ROTC Security Manager and assists in unlocking OPM accounts or resetting passwords.

12.8.4.2. Submission Timeline.

12.8.4.2.1. Detachments will submit cadets for a security clearance NLT 30 days after cadet is notified of their AFSC. Similarly, cadets requiring a secret security clearance will be submitted directly for the NACLC. Cadets requiring a top secret security clearance will be submitted directly for an SSBI clearance.

12.8.4.2.2. Cadets receiving rated slots should be submitted for Top Secret clearance.

12.8.4.2.3. Non-rated cadets should be submitted for security clearance after non-rated classification, as indicated in the PPC (Personnel Processing Code.)

12.8.4.2.4. Cadets must be on contract prior to submission. Non-contract cadet data is not in JPAS, therefore security clearance applications for these cadets will be rejected.

12.8.4.3. For information regarding upgrades on security clearances, refer to Chapter 13. Forward the request as follows:

12.8.4.3.1. Complete the SF 86. Ensure e-QIP is used for final validation, printing and submission.

12.8.4.3.2. Mail to U.S. Office of Personnel Management (OPM) one original FD-258, FBI Applicant Fingerprint Card. For initial Secret and Top Secret
clearances, the address is: e-QIP Rapid Response Team, FIPC – OPM, 1137 Branchton Road, Boyers PA 16020. Detachments must maintain one copy of the completed/signed e-QIP SF 86 package until the clearance is granted. If you receive a receipt from OPM, file it with the SF 86.

12.8.4.4. Tracking. All detachments must track the status of a pending security clearance in e-QIP and JPAS weekly until a clearance is granted, cadet is commissioned, or the clearance is denied/withdrawn.

12.8.4.4.1. For disenrolled cadets, coordinate with AFROTC/RRFP.

12.8.4.5. Inquiries. All clearance status requests can be made using JPAS under research/eligibility or by contacting the AFROTC Security Manager.

12.8.4.6. Prior Investigations. Clearance eligibility for prior-service cadets is based on three factors: what type of clearance is required for commissioning, date of current investigation and whether there is any break in service. If a cadet does not meet any of the criteria outlined below, submit clearance as stated in paragraph 12.8.4.2.

12.8.4.6.1. Secret clearances that meet both of the following conditions are acceptable for commissioning: 1) The date of the investigation (ENTNAC, NACLC or Periodic Re-investigation) must be less than 9 years, 6 months old at time of commission; AND 2) Any break in service between the date of separation from active duty and the date enlisted into the Inactive Reserve/ORS is less than 24 months.

12.8.4.6.2. Top Secret clearances that meet both of the following conditions are acceptable for commissioning when only a Secret clearance is required: 1) The date of the investigation must be less than 9 years, 6 months old at time of commission; AND 2) Any break in service between the date of separation from active duty and the date enlisted into the Inactive Reserve/ORS is less than 24 months.

12.8.4.6.3. Top Secret clearances that meet both of the following conditions are acceptable for commissioning when a Top Secret clearance is required: 1) The date of the clearance investigation must be less than 4 years, 6 months old at time of commission; AND 2) Any break in service between the date of separation from active duty and the date enlisted into the Inactive Reserve/ORS is less than 24 months.

12.8.4.7. Security Clearance. If a cadet’s secret clearance investigation has been opened in JPAS by OPM, but the clearance has not been granted, the cadet must sign the Statement of Understanding (Attachment 38) no earlier than 3 duty days prior to commissioning. Detachments will track the open investigation until it is granted by Central Adjudication Facility (CAF). Detachments must maintain the original, signed copy of the statement separate from the cadet records due to the disposition of cadet records. Each detachment is responsible for tracking the pending clearance until granted by the adjudication agency.
12.8.4.8. Cadets requiring a TS clearance must hand-carry a hard copy of their completed SF 86 or e-QIP package to their initial duty station if TS eligibility has not been granted prior to commissioning. If the Secret clearance has been opened but not closed by OPM and TS is required, inform AFROTC/RRFP that there is a TS requirement due to AFSC reclassification.

12.8.5. Personnel Reliability Program (PRP). PRP is required for members working in the nuclear enterprise.

12.8.5.1. Personnel Reliability Program (PRP) Pre-screening Process. Cadets classified into 13N1, 21M1 “I” and “N” Shreds and 31P1 will receive the PRP pre-screening by the detachment and HQ AFROTC. AFROTC will ensure all cadets classified into 13N1, 21M1I/N and 31P1 are properly pre-screened prior to commissioning and departure to the training location or first duty assignment. Documents necessary to complete PRP prescreening are located on the Registrar Section of the Holm Center restricted website and the PRP pre-screening process is outlined at Attachment 40.

12.8.5.2. Counsel the cadet via AFROTC Form 16 that any civil involvements after commissioning have to be reported to AFROTC/RRFP to determine PRP status.

12.8.5.3. Once a cadet has been classified, the detachment PRP monitor will notify cadet of AFSC selection and have the cadet complete Section I of the PRP Prescreening Questionnaire, provide nuclear surety briefing and PRP pamphlet. Both cadet and Detachment PRP monitor will initial pre-screening portion on the questionnaire.

12.8.5.4. The Commanders PRP Risk Assessment Tool “CRAT” will be utilized as a guideline for standards. The AFROTC PRP monitor will make a recommendation on the classification memorandum and sign the PRP Prescreening portion on the PRP Questionnaire. Upon completion of the review of cadet(s) personnel records, if every numbered section on the CRAT screens to green, the Detachment/CC will make a recommendation on the classification memorandum. The detachment PRP monitor will forward the classification memorandum, the PRP Questionnaire, and the cadet’s physical to the MTF Competent Medical Authority (CMA).

12.8.5.5. If the cadet has been identified as a 13N1 and is qualified upon review of their personnel records, send the cadet to the MTF CMA to initiate Missile Operations Duty physical (MOD).

12.8.5.5.1. Detachment PRP monitor must ensure the MTF CMA has made a recommendation on the classification memorandum and signed the PRP Prescreening portion on the PRP Questionnaire Note: Section III of the PRP Questionnaire will only be signed during the administrative qualification process.

12.8.5.5.2. Detachment PRP monitor must ensure any cadet(s) classified as a 13N1 will have an adjudicated TS clearance prior to EAD.
12.8.5.6. Detachment PRP monitor will forward the completed classification memorandum to AFROTC PRP monitor by uploading the PRP documents to the AFROTC/PRP org box.

12.8.5.7. The AFROTC PRP monitor will review cadets’ personnel records to assess their reliability and ability to perform PRP-related duties and will be forward them to AFPC/DPSIP, Line Officer Accessions, for classification and completion of EAD orders.

12.8.5.7.1. For cadets classified into 13N1, the AFROTC PRP monitor will forward the PRP Questionnaires and the MTF CMA memorandum completed during the PRP pre-screening to the technical training school house. The technical training school house will use it to complete the administrative qualification process at the school.

12.8.5.8.1. Detachments must complete administrative qualification on all cadets classifying 21M1 “I and N” Shred and all cadets classifying into 31P with the PPC requiring PRP administrative qualification. Ensure you are using the most recent PRP Questionnaire, AF Form 286, Personnel Reliability Program (PRP) Qualification/Certification Action, and the “How to Checklist.”

12.8.5.8.2. PRP Questionnaire. The PRP Questionnaire already contains information from the PRP pre-screening process. Ensure there have been no changes in the cadet’s status for questions in section I and III. Complete section II of the PRP questionnaire and provide cadet the nuclear surety briefing, as provided by the AFROTC PRP Monitor. Ensure the cadet dates and initials in section II, question six stating they have received the nuclear surety briefing.

12.8.5.8.3. AF Form 286, Initiate the AF Form 286. All AF Forms 286 will be completed with “wet” signatures since cadets do not have common access cards (CAC) with digital signature capability.

12.8.5.8.3.1. Upon completion of section I and verifying a recommendation was made from the security manager in section II, forward the AF Form 286, a copy of the cadet’s physical and the PRP Questionnaire to the MTF CMA.

12.8.5.8.3.2. The MTF CMA will make a recommendation in section II of the AF Form 286 and sign section III of the PRP Questionnaire. Note: If there have been no changes since the cadet(s) was PRP pre-screened (e.g.; new medical potentially disqualifying information (PDI)), other methods may be utilized to have the MTF CMA review/sign the AF Form 286 and section III of the PRP Questionnaire (e.g., email documents to CMA). Ensure a recommendation is made after review of the cadet’s personnel files.

12.8.5.8.3.3. The Detachment/CC will then conduct a personal interview and make a recommendation in section II of the AF Form 286 and sign section IV of the PRP Questionnaire.
12.8.5.8.3.3.1. If there is no PDI, the Detachment/CC will complete the administrative qualification by using the following steps:

12.8.5.8.3.3.1.1. Give the Spirit of Intent briefing, located on the Holm Center website, Registrar section.

12.8.5.8.3.3.1.2. The cadet will discuss any issues he/she may have with the “spirit and intent.”

12.8.5.8.3.3.1.3. Both the commander and the cadet will sign (wet signature) in Section 6 of the AF 286.

12.8.5.8.3.4. The detachment PRP monitor will forward the completed AF Form 286 and PRP Questionnaire to the AFROTC PRP monitor.

12.8.5.8.3.5. The AFROTC PRP monitor will forward the AF Form 286 to the gaining installation PRP monitor for use in certification.

12.8.5.8.3.6. The AFROTC PRP monitor will also forward the AF Form 286 to AFPC/DPIS for use in generating EAD orders.

12.8.5.8.4. If PDI is found after records screening, the commander will forward the PDI to the AFROTC PRP Monitor, who will forward it to the appropriate gaining unit PRP monitor. The gaining unit commander then contacts the Detachment to review and consider acceptance. The detachment commander and the gaining commander must discuss the PDI.

12.8.5.8.4.1. If gaining unit commander accepts, the detachment commander completes administrative qualification. Once the individual is administratively qualified, continuous monitoring procedures as outlined in DoD 5210.42/AFMAN 13-501, Nuclear Weapons Personnel Reliability Program (PRP), paragraph 3.2.7.4, will apply.

12.8.5.8.4.2. If not accepted, gaining unit commander will provide rationale relevant to PRP standards and the detachment commander will annotate disqualification.

12.8.5.9. Continuous monitoring. Once administrative qualification is complete, continuous monitoring is required. Continuous monitoring is the process for ensuring the individual maintains PRP assignment eligibility while in training and enroute for assignment. The Detachment/CC will continue to pass to the AFROTC PRP Monitor any PDI or situation that may affect the individual’s PRP assignment eligibility.

12.8.5.9.1. Detachments are responsible for continuous monitoring for 13N1, 21M1 I/N shred, or 31P1 2d Lts. It is the detachments responsibility to inform the cadet of the importance of continuous monitoring and self-reporting. For example, the cadet will inform the losing detachment of any misdemeanors or PDI (e.g., traffic tickets, arrests, medical situations, etc.) after commissioning and prior to
arrival at their gaining unit. Detachments will notify the AFROTC PRP Monitor ASAP of any new PDI.

12.8.5.10. The Air Force PRP informational website for training, sample documents, PSD Administrative Qualification and end-user tools is located at: https://www.my.af.mil/gcss-af/USAF/ep/globalTab.do?channelPageId=sf575FC8E23D21F6E0123FD054D26070B.

12.8.6. Character. Do not commission individuals who have criminal charges pending against them or are pending waiver of any involvement with civil, military, or school authorities. Cadets who have received a Detachment/CC or HQ AFROTC waiver for a civil involvement but were subsequently placed on supervised probation by the court cannot be commissioned until the end of their probation. If this probationary period pushes the cadet to the next FY, investigate for disenrollment. If the cadet is placed on unsupervised probation, the cadet can commission, review AFROTC Form 35, Certification of Involvement with Civil, Military, School Authorities/Law Enforcement Officials, and supporting documents of each cadet to ensure all actions specified in Chapter 4 are accomplished. If criminal charges are pending against the cadet, forward an AFROTC Form 22 package to AFROTC/RRFA.

12.8.7. Program Completion. Cadets must successfully complete the entire AFROTC program.

12.8.8. Graduation. A cadet is eligible for commissioning only after the detachment receives an official transcript indicating degree awarded or written certification from the Registrar or other institutional official authorized confirming the cadet has completed all degree requirements (Attachment 36). Do not proceed with commissioning if the university official indicates any pending requirements for degree completion.

12.8.9. DOC/DOG. Ensure the DOC/DOG is correct in WINGS. Do not commission the cadet in an FY other than that associated with the DOC, unless AFROTC/RR approves an enrollment allocation for the new FY.

12.8.10. A BMI measurement will be administered to all cadets NET 30 calendar days and NLT the day prior to commissioning. Conduct the commissioning BMI check. Cadets must be within BMI standards and satisfactorily pass the PFA. Cadets not within BMI standards are commission qualified if they meet body fat standards IAW DODI 1308.3.

12.8.10.1. All AECP and NECP students are required to meet height, weight, BMI outlined in AFI 36-2013, paragraph 3.9.2.6 and AFI 36-2905 for accessions into OTS. This additional requirement will be administered prior to departure for OTS and during all annual PFAs while in the program. Failure to meet this requirement could result in a CE and/or non-attendance at OTS and therefore trigger an investigation for disenrollment from the AECP/NECP program. (See Chapter 13)

12.8.11. Commissioning Qualifying Fitness Review (QFR). The QFR is an AF PFA performed prior to commissioning. The commissioning QFR is administered to cadets scheduled to be commissioned in the United States Air Force. It is accomplished IAW AFI
36-2905. Cadets must meet AF standards for the PFA. Commissioning QFRs must be accomplished NET 30 days prior to commissioning date. For example, a cadet who is graduating and commissioning on 15 May can be tested as early as 15 April. Score sheets should be provided to the cadet upon commissioning.

12.8.11.1. Cadets are authorized two attempts at the QFR. Cadets who fail their first QFR will be counseled via AFROTC Form 16 and receive a CE. They will also be automatically placed on HQ AFROTC-DIRECTED PROBATION PENDING A QFR RETEST. They will be retested no earlier than 72 hours after the failure. If the first QFR failure is their third CE as a POC or fourth CE overall, detachments will delay initiating a disenrollment investigation until after the QFR retake. All cadets who fail the retest will be issued another CE and be immediately investigated for disenrollment, regardless of the total number of CEs. If they pass the retake, NO disenrollment investigation is required based on the QFR CE, regardless of the total number of CEs, provided they meet all other commissioning requirements. In the event a second QFR is required, a cadre member will monitor or administer the QFR to be sure repetitions are completed correctly.

12.8.11.2. The QFR can be administered during any term, commensurate with the cadet’s commissioning date. This QFR should be administered separately from the term PFAs.

12.8.12. Non-line Commissioning Requirements. The following procedures apply for commissioning Pre-HPP (Health Professions Program) and non-Pre-HPP cadets who desire a career as an Air Force physician.

12.8.12.1. Pre-HPP cadets who:

12.8.12.1.1. Complete AFROTC and receive a baccalaureate degree before beginning medical school cannot commission until designated entry into the Medical Service Corps, per HQ AFPC/DPAME (Department of Preventive Medicine and Biometrics). Copies of the appointment letter and appointment orders, as well as a copy of AF Form 133, Oath of Office (Military Personnel), for the Medical Service Corps, will be sent to HQ AFPC/DPAME. Cadets in this situation incur an ADSC associated with AFHPS (Air Force Health Professions Scholarship) scholarships, to be served consecutively with the ADSC incurred through AFROTC participation. NOTE: The oath of office must be re-administered. (Reference AFI 36-2107, Active Duty Service Commitments (ADSC).)

12.8.12.1.2. Are not accepted to medical school prior to completing their undergraduate degree. Detachments must request a change of category via AFROTC Form 22, Cadet Personnel Action Request. Cadets in this situation will be commissioned as line officers (if there are available EAs) and incur a 4-year ADSC.

12.8.12.1.3. Are accepted to medical school, but decline the AFHPS monies, will require recategorization. Detachments must request a change of category via AFROTC Form 22, Cadet Personnel Action Request. If re-categorized, cadets will be
commissioned as line officers and incur a 4-year ADSC. Submit an AFROTC Form 22 requesting recategorization. Such cadets would need to request an education delay from AFPC.

12.8.12.2. Prior to commissioning, Non-Pre-HPP cadets who:

12.8.12.2.1. Apply independently and are selected for USUHS, are commissioned as line officers and incur a 4-year ADSC, plus the specified ADSC cited in the current USUHS contract.

12.8.12.2.2. Are accepted to a medical school and approved for an educational delay, are commissioned as line officers, incur a 4-year ADSC, and retain the line commission through medical school. Current HQ AFPC/DPAME policy is not to grant an extension to cadets who fail to meet this contractual requirement, even if they are subsequently admitted to medical school. NOTE: Only Pre-HPP ("Pre-Medical" designation) cadets are guaranteed the AFHPS/FAP (Financial Assistance Program) if accepted into a medical school before undergraduate graduation and commissioning as stated on AF Form 1056, *Air Force Reserve Officer Training Corps (AFROTC) Contract*.

12.8.13. Nurse Commissioning Requirements. The following procedures apply for commissioning nurse cadets.

12.8.13.1. Licensing. Nursing student cadets will not be commissioned until verification of passing the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The cost of the licensure exam is paid by the individual and is at no expense to the government.

12.8.13.1.1. The graduate needs to register for, and take, the NCLEX-RN at the earliest possible date post-graduation.

12.8.13.1.2. Nurses failing the NCLEX-RN will schedule a second exam as soon as possible. A second failure will result in recategorization as a line officer or disenrollment, based on Air Force needs. There will be no waivers or exceptions to policy granted after a second NCLEX failure.

12.8.13.2. Assignment and Accession to EAD. Each nurse cadet will complete an AFROTC Form 53 during the classification process. HQ AFPC/DPAMN will make the Nurse Transition Program (NTP) and follow-on assignment post-graduation based on staffing requirements. Assignments will be made during the assignments cycle in which the member will graduate. Upon validation of successful completion of the NCLEX licensing exam and receipt of completed requested forms to HQ DPAMN (see Attachment 41), HQ AFPC/DPAMN will process the EAD orders. Contact HQ AFPC/DPAMN for Join Spouse or special needs of the Air Force assignments.

12.8.13.3. Nurse Transition Program (NTP). All registered nurses with less than one year full-time (minimum 24 hours per week) experience in inpatient (acute care)
clinical nursing will attend the NTP as their first duty assignment. The NTP is a 9-11-week transition program at one of four medical centers.

12.8.14. Commissioning. Upon meeting all baccalaureate nurse degree requirements and obtaining passing scores on the NCLEX-RN and receipt of completed requested forms (see Attachments 42 and 43) by HQ AFPC/DPAMN, nurse cadets will be commissioned into the United States Air Force Nurse Corps.

12.8.14.1. Commissioning for GLP/OYCP Students. GLP and OYCP cadets are commissioned as line officers in the grade of second lieutenant upon completion of AFROTC and their law degree. Upon successful completion of all GLP/OYCP requirements, including successfully passing a state Bar Exam, candidates are called to EAD in the judge advocate career field in the grade of first lieutenant and are typically promoted to the grade of captain after six months. The minimum ADSC is four years. **NOTE:** Do not enter the Judge Advocate Category on the AF Form 133.

12.8.14.2. In the event of licensing failure (failure to pass a state Bar Exam), GLP/OYCP commissionees are not discharged, but must serve on EAD in a non-JAG line AFSC in the initial grade of second lieutenant.

12.9. Failure to Meet Commissioning Requirements.

12.9.1. If a cadet is not commissioned on the date scheduled, but will meet commissioning requirements within the fiscal year, the commander may change the DOC according to Chapter 4. Notify HQ AFPC/DPSIP and AFROTC/RRFA, then update WINGS. Also, ensure the certified medical examination is valid for the new DOC.

12.9.2. If a cadet is not commissioned on the date scheduled, and will not meet commissioning requirements within the fiscal year, initiate a disenrollment investigation IAW Chapter 11 of this instruction.

12.10. Declination of Appointment. If for any reason, a cadet declines appointment as a commissioned officer, initiate disenrollment action. Change the DOC in WINGS to the end of the contracted FY. Immediately notify AFPC/DPSIP of pending disenrollment action.

12.11. Commissioning Actions.

12.11.1. Brief cadets on the provisions of AFROTC Form 500, Restrictions on Personal Conduct in the Armed Forces; AFROTC Form 35, Certification of Involvements with Civil, Military, or School Authorities/Law Enforcement Officials; AF Form 3010, USAF Statement of Understanding for Dependent Care Responsibility; and the AF Form 2030, USAF Drug and Alcohol Abuse Certificate. Recertify these forms on the day of, but prior to, commissioning.

12.11.1.1. Recertification of AF Form 2030 is accomplished by completing page 2 of a new AF Form 2030. The AFROTC representative must sign the form. Once completed, attach the recertified form to the original AF Form 2030.
12.11.1.2. Similarly, recertification of the AF Form 3010 is accomplished by signing the “Applicant Final Certification” section of a new form. The AFROTC representative must sign the form. Once completed, attach the recertified form to the original AF Form 3010.

12.11.2. Completion of AF Form 133. In accordance with AFI 36-2006, complete the AF Form 133 the Oath of Office (Military Personnel) and Certificate of Commission, and the Certificate of Commissioning and the instructions contained on the AF Form 133.

12.11.2.1. The grade entered is "Second Lieutenant, USAF."

12.11.2.2. The type of commission for AFROTC cadets will be “Reserve of the Air Force”.

12.11.2.3. Pharmacy and Physical Therapy cadets are commissioned as non-line in their appropriate category.

12.11.2.4. The individual commissioning and the officer administering the oath do not sign the AF Form 133 until after the oath has been administered. The date the AF Form 133 is signed is the effective date of appointment. (Reference paragraphs 12.8.14 for GLP, 12.8.13.1 for nurses, and 12.8.12.1.1 for Pre-HPP commissioning.)

12.11.3. Memorandum of Appointment. Prepare a memorandum of appointment according to Attachment 42 for all commissionees. Present the original to the cadet at the commissioning ceremony and forward one copy with the commissioning documents (Reference paragraph 12.12.1.).

12.11.4. DD Form 1AF, Certificate of Commission. Prepare the DD Form 1AF according to AFI 36-2006 for each commissionee and present the certificate to the cadet at time of commissioning.

12.11.5. Presentation of Detachment/CC's DG memorandum and AFROTC Form 402. The Detachment/CC prepares the memorandum, as appropriate. Forward a copy of the memorandum with commissioning documents.

12.11.6. Memorandum of Instruction. Provide each commissionee an information memorandum, maintain one in the cadet’s UPRG.

12.11.7. Reserve Appointment Order (Attachment 43.) Ensure each cadet’s Source of Commission (SOC) code is correct on this order. The SOC codes are listed in Attachment 44. Maintain the original appointment order in detachment files and issue copies according to Attachment 35 (AF Form 24 package).

12.11.8. Health Insurance Statement. IAW FY04 and FY06 National Defense Authorization Acts, Reserve officers awaiting EAD are entitled to active duty health care benefits. New Second Lieutenants are eligible for TRICARE coverage after commissioning and before EAD. Benefits are only extended to members without Other Health Insurance (OHI) provided through a civilian company. Dependents are not entitled to medical benefits until
the officer enters EAD. To be “eligible” for benefits, newly commissioned Lieutenants must be updated in DEERS. Detachments are required to update their graduates “other health insurance” certification in WINGS within 3 days of commissioning. HQ AFROTC will provide a weekly OHI roster to HQ USAF/REPX for DEERS eligibility updating. The following are possible scenarios and corresponding action:

12.11.8.1. WINGS prevents updating commissioning data without the detachment personnel verifying the “Cadet Has Personal Medical Insurance” block. Detachment personnel must update WINGS with the date the commissionee signed the Health Insurance Statement (Attachment 46) prior to the commissioning date. The following are possible scenarios and corresponding action:

12.11.8.1.1. Commissionees with Personal Medical Coverage until EAD: Check the block and update the date the statement was signed.

12.11.8.1.2. Commissionees with Personal Medical Coverage that expires after commissioning but prior to EAD: Check the block and update the date the statement was signed. After inputting the date, uncheck the block. Instruct the commissionee that TRICARE eligibility will begin after expiration of the personal medical coverage.

12.11.8.1.3. Commissionees without any Personal Medical Coverage: Check the block and provide the date the statement was signed. After inputting the date, uncheck the block.

12.11.9. Ensure cadets complete the AFROTC Form 48, Block 6 or equivalent to certify degree completion.

12.11.10. Airman’s Coin. The Detachment/CC presents this coin to each commissionee during the commissioning ceremony.

12.11.11. Annotate termination of extended entitlements by completing the AFROTC Form 88, Section III. NOTE: Applicable only for SAF-Approved 5-Yr scholarship cadets who receive more than 4 years of tuition payments.

12.12.1. Transmittal of AF Form 24 Package (Commissioning Package). Within five workdays after appointment, forward the AF Form 24 package (with attachments) to AFPC/DPSIPV with a memorandum of transmittal letter (USAF/JAX for GLP; AFPC/DPAME for Pre-HPP). (Reference Attachment 35)

12.12.2. Memorandum of Transmittal. This letter must include the following: name, category, SSN, DOC, SOC, College Scholarship Program (CSP) status, CSP terms completed, and CSP termination date.

12.12.3. Finalize all updates to commission a cadet in WINGS NLT three workdays after appointment. Reference WINGS user guide.
12.12.4. Submission of Transcripts to AFIT. AFIT is required to establish an academic file for all newly commissioned officers. The detachment must forward an official transcript indicating the degree awarded with appropriate seals, embossments, or authentication, to AFIT Academic Coding Branch NLT 90 days after commissioning.

12.12.5. Retention of Records. File and maintain copies of all documents in the cadet’s UPRG for one year. Final disposition instructions for AFROTC cadet records are contained in the Records Disposition Schedule (RDS) in AFRIMS. Do not retire any cadet records to the staging area.

12.13. Commissioning at Location other than Detachment.

12.13.1. Cadets requesting to commission at a location other than their assigned detachment must first obtain written permission from the Detachment/CC and from the agency performing the commissioning. Cadets who will commission at a location other than their detachment must provide the date they will commission. Use these dates when completing forms requiring date of commission. Responsibilities are as follows:

12.13.1.1.1. Include in the AF Form 24 package (Attachment 35) a letter addressed to the commissioning agency, signed by the Detachment/CC, certifying the cadet is commission eligible.

12.13.1.1.2. The AF Form 24 package will be prepared as follows:

12.13.1.1.2.1. Provide the original AFROTC Form 500 to the commissioning agency. Maintain a copy in the cadet’s UPRG. Provide instructions for the proper completion of this form, to include returning the completed form to the detachment with the completed, original AF Form 133.

12.13.1.1.2.2. Provide the original AF Form 2030 to the commissioning agency. Refer to paragraph 12.11.1.1 for recertification instructions. **NOTE:** Recertification of AF Form 2030 is accomplished by completing only page 2 of a new AF Form 2030. Once completed, attach to the original form in the cadet’s UPRG, Section 4.

12.13.1.1.2.3. DD Form 1AF. Prepare the DD Form 1AF IAW paragraph 12.12.5 with the following exception: do not complete Rule 6 of Table 1 in AFI 36-2006. The commissioning agency will complete this rule. Place the DD Form 1AF in the appropriate presentation binder.

12.13.1.1.2.4. Airman’s Coin. Include an Airman’s Coin, in a sealed envelope labeled “Airman Coin.”

12.13.1.2.1. The commissioning agency will certify receipt of the commissioning paperwork according to postal / carrier procedures.

12.13.1.2.2. Document Certification. The commissioning agency will have the commissionee recertify AFROTC Form 500, AF Form 2030, AFROTC Form 35, and the AF Form 3010 IAW paragraph 12.11.1, the day of, but prior to, commissioning. If the cadet refuses to certify either document, do not administer the oath and contact the cadet’s detachment immediately.

12.13.1.2.3. The commissioning agency will enter the location the oath was administered, the administering official’s information, the date of administration, and obtain the signatures of the commissionee and the administering official in the appropriate locations on the AF Form 133.

12.13.1.2.4. Present the DD Form 1AF to the commissionee after the oath has been administered.

12.13.1.2.5. Present the Airman’s Coin to the commissionee.

12.13.1.2.6. Within one duty day after commissioning, mail the completed, original AF Form 133, completed AFROTC Form 500, completed AF Form 2030, and the completed AF Form 3010 back to the commissionee’s detachment in the postage-paid, pre-addressed envelope provided.

12.14.1. Detachment Commanders are the authority for mock commissioning.

12.14.2. The prerequisites for mock commissioning are:

12.14.2.1. Cadet has completed degree requirements but not commissioning requirements. For example, ABM or CSO selects who have a physical approved for commissioning but are awaiting flying-class physicals for their AFSC, or a nurse awaiting the NCLEX exam.

12.14.2.2. Cadet requests mock commission via official memorandum and certifies that he/she, family, friends and guests all understand that this mock commissioning is ceremonious only and he/she will not be commissioned until a future date when official paperwork would be signed. Detachment Commander approved memorandum must be filed in UPRG.

12.14.3. Commissioning documents cannot be "mock" signed or actually signed under any circumstances.

12.15. Commissioning Discrepancies. If an individual is commissioned and is later discovered ineligible for a commission, notify AFROTC/RRFP immediately.
12.16. Erroneous/Fraudulent Commissions and Administrative Errors.

12.16.1. Definitions:

12.16.1.1. Erroneous Commissions are those the Air Force should not have accepted but do not involve fraud. Errors occur in the commissioning process when the Air Force does not have the true facts or does not take the correct actions.

12.16.1.2. Fraudulent Commissions are those involving deliberate material misrepresentation, omission, or concealment that, if known at any time in the commissioning process, might have resulted in rejection.

12.16.1.3. Administrative Errors are made on the part of the Air Force.

12.16.2. Required actions prior to EAD:

12.16.2.1. Erroneous commissions require immediate AFROTC/RRFP notification and possible, subsequent AF actions.

12.16.2.2. Fraudulent commissions, which are discovered prior to EAD, will normally result in the investigation of the causes and possible, subsequent AF actions. Process all requests through AFROTC/RRFP.

12.16.2.3. Administrative Errors can be corrected by the detachment.

12.17. Post-Commissioning Responsibilities. Following commissioning but prior to reporting for active duty, cadets awaiting their call to EAD are on inactive reserve status and belong to ARPC. Detachments should maintain contact with these cadets and serve as the cadet’s first line of support. If the Detachment/CC becomes aware of misconduct on the part of a newly commissioned 2d Lt waiting for EAD, they should contact the Holm Center/JA. The Holm Center/JA will coordinate details and work with ARPC/JA on the course of action.

12.18.1. An ROTC graduate of another Service may request consideration for appointment as a commissioned officer in the Air Force, provided the individual meets the eligibility requirements listed below and is granted a conditional release from the current commissioning service. Approved applicants are ordered to active military service with the Air Force as an Air Force officer and are required to serve at least four years of active service before becoming eligible for separation or release from active duty. Applicants for flying training incur 6 years (RPA, CSO and Air Battle Manager) or 10 years (pilot) ADSCs after award of aeronautical rating.

12.18.2. Eligibility. An applicant must meet minimum AFROTC eligibility requirements as outlined in Chapter 4 of this instruction.
12.18.3. Application Procedures. A cadet who desires appointment in the Air Force must apply under the instructions of the current commissioning service. Before commissioning and entry on active duty however, the Air Force requires:

12.18.3.1. An AF Form 24, Application for Appointment as Reserve of the Air Force or USAF Without Component.

12.18.3.2. SF 88, Medical Record – Report of Medical Examination/DD Form 2808, Report of Medical Examination; and SF 93, Report of Medical History/DD Form 2807-1, Report of Medical History, in duplicate. NOTE: Flying training applicants must be administered a flight physical by an Air Force flight surgeon or flight medical officer for the appropriated rated category.

12.18.3.3. Results of the AFOQT.

12.18.3.4. Results of PFA.

12.18.3.5. Transcripts of college work as evidence of the applicant’s degree completion.

12.18.3.6. AF Form 56, Application & Evaluation for Training Leading to a Commission in the United States Air Force, completed by the applicant and the Detachment/CC. The form can be obtained from the Air Force electronic publications website (http://www.e-publishing.af.mil).

12.18.3.7. Conditional Release granted by the PMS or PNS (Attachment 47).

12.18.3.8. A statement of reasons for requesting transfer, dated and signed by the applicant.

12.18.4. Processing Procedures. Forward applications to AFROTC/RRFP via AFROTC Form 22. Include the documents listed in paragraph 12.18.3 above as attachments. If approved, AFROTC/RRFP will award an EA. The detachment must then contract the individual into the ORS and contact AFROTC/DOT for a FT assignment. Provide a copy of the completed DD Form 4, Enlistment/Reenlistment Document – Armed Forces of the United States, and the Reserve Order to the releasing service to secure the individual’s release. Ensure the individual is gained to WINGS according to proper procedures.

12.18.4.1. Contact HQ AFPC/DPSIP for guidance on submitting an AFROTC Form 53.

12.18.4.2. Ensure the application process is initiated early enough to allow sufficient processing time for Field Training attendance. If an application is not received in time for Field Training attendance, the individual will be required to meet AFROTC enrollment requirements for an additional year to allow Field Training attendance the following summer or must commission with their original commissioning service.
CHAPTER 13 – AECP/NECP STUDENT MANAGEMENT

13.1. General Information. This chapter outlines detachment requirements for management of AECP and NECP students once enrolled at host or cross-town schools. For exceptions, contact AFROTC/RRUE. Requirements regarding NECP students will be coordinated by AFROTC/RRUE through AFPC/DPAMN. Detachments should contact AFROTC/RRUE with any issues regarding NECP students. The OPR for this chapter is AFROTC/RRU.

13.2. Detachment Commander Responsibilities.

13.2.1. The Detachment Commander acts as the personal representative of the AFROTC Commander in all matters pertaining to active duty students assigned to the institution. He/she:

13.2.1.1. May delegate any portion of this instruction that indicates Detachment Commander responsibilities to another cadre officer.

13.2.1.2. Maintain oversight of student progress.

13.2.1.3. Maintain liaison with students.

13.2.1.4. Help the AECP/NECP student prepare an AFROTC Form 48 or equivalent and provide AFROTC/RRUE with a program completion date via memorandum, once the academic plan is completed (see paragraph 13.25).

13.2.1.5. Ascertain student’s academic performance by conducting term counseling to include reviewing the academic plan for changes in program completion dates. Academic and personal counseling sessions will be documented each term

13.2.1.5.1. Ensure any changes to the AFROTC Form 48 are forwarded to AFROTC/RRUE (which will then forward to AFPC/DPAMN for NECP students).

13.2.2. Ensure a PFA is conducted annually or semiannually, as required by AFI 36-2905, Fitness Program.

13.2.2.1. Ensure AECP line officer candidates receive BMI and PFA within 30 days of attending Basic Officer Training (BOT.)

13.2.2.2. Ensure NECP students and AECP nurses are administered PFA NET 30 calendar days and NLT the day prior to commissioning IAW Chapter 12.

13.2.2.3. AECP and NECP students may participate in the cadet-led PT sessions but cannot complete their PFA with the AFROTC cadets. Counsel the AECP/NECP student via AFROTC Form 16, that failure to maintain standards will result in the issuance of CEs (see paragraph 13.35) possibly leading to disenrollment from AECP/NECP.

13.2.3. Report the following to AFROTC/RRUE (AFPC/DPMAN for NECP students):
13.2.3.1. Academic probation of AECP/NECP student (see paragraph 13.31.).

13.2.3.2. Any alleged violation of the UCMJ involving AECP/NECP students. In addition, report any alleged UCMJ violations to Holm Center/JA.

13.2.3.3. Any adverse civil involvements including driving while intoxicated (DWI) and driving under the influence (DUI). Report any adverse civil involvements to Holm Center/JA. NOTE: Civil involvements prior to entry into AECP were waived by HQ AFROTC. AFPC/DPMAN waived involvements for NECP students prior to entry.

13.2.3.3.1. Civil Involvement Guidance for AECP, and NECP students. AECP/NECP students are not cadets, but are active duty enlisted troops whose duty is to progress towards their educational degree. They are active duty members and fall under UCMJ authority. Under Article 31, UCMJ, compulsory self-incrimination is prohibited. No military member may interrogate, or request any statement from a person suspected of an offense unless the suspect is advised of their Article 31 rights and waives those rights. They may not be asked to report civil involvements on an AFROTC Form 35 and AFROTC Form 4 because such reporting requirements violate Article 31, UCMJ. Investigative actions for AECP/NECP students will mirror those for any other active duty member. AECP/NECP students can be dismissed from the AECP/NECP program utilizing the AFROTC Form 11.

13.2.3.4. Any changes in the student’s graduation date (see paragraph 13.26.).

13.2.3.5. Any other significant incidents or situations not specifically covered in this instruction.

13.2.3.6. Issuance of 2d CE and/or 3d CE for retention consideration.

13.2.4. Brief all new arrivals on local policies and procedures applicable to all active duty members assigned (see paragraph 13.7).

13.2.5. Confirm AECP student’s security clearance level with their servicing MPS upon initial assignment.

13.2.6. Ensure each arrival receives initial and annual ancillary training (Anti-terrorism, Law of Armed Conflict, Information Assurance, etc.) and safety briefings as required.

13.2.7. Monitor use of Isolated Unit Funds (IUF). As active duty members, AECP/NECP students must be invited/included in events where IUF are expended.

13.2.8. Continuously evaluate AECP/NECP students for officer potential by using the "whole person" concept. Although academic ability is one factor considered in the evaluation process, it is not the sole determinant of officer potential. Evaluations of an individual's moral and physical attributes are combined with an assessment of their mental alertness. AECP/NECP students are active duty Airmen and must abide by Air Force directives. Failure to meet Air Force standards may result in disenrollment. It is very important each AECP and
NECP student understands this continuous evaluation process and its importance in the successful pursuit of an Air Force commission.

13.2.9. Establish a sponsorship program for arriving AECP/NECP students as appropriate.

13.2.10. Prepare AECP/NECP students for program conclusion (see paragraph 13.37 to 13.48).

13.3. Detachment Staff Personnel Responsibilities.

13.3.1. Load student data into WINGS on inbound AECP/NECP students upon receipt of new student package from AFROTC/RRUE NLT 15 Jul of each year. NECP new student package will come from AFPC/DPAMN. Complete and accurate tuition estimates will be loaded upon receipt of package. Be sure to include the summer courses, as AECP and NECP students attend school year-round. These scholarship estimates are crucial for HQ AFROTC fiscal year budgeting.

13.3.2. Notify AFROTC/RRUE of student’s arrival.

13.3.3. Provide administrative support of students (LeaveWeb, TDY processing, PFAs, etc.).

13.3.4. Maintain AECP/NECP student records in their personnel information file (PIF) as required by Air Force instructions.

13.3.4.1. Place a copy of the student’s AF Form 899, Request and Authorization for Permanent Change of Station – Military, in student’s PIF.

13.3.4.2. Ensure AF Form 899, block 3 reflects 9T100 as the AFSC. NOTE: If AFSC reflected is not 9T100, notify AFROTC/RRUE for correction of AFSC.

13.3.4.3. Ensure the student completes or updates the following forms:

13.3.4.3.1. Electronic DD Form 93, Record of Emergency Data (vRED) (print copy to file in PIF).

13.3.4.3.2. AF Form 357, Family Care Certification (if applicable).

13.3.4.4. AECP/NECP students are active duty members. Do not have AECP/NECP students complete DD Form 4, Enlistment/Reenlistment Document – Armed Forces of the United States, or AF Form 1056, Air Force Reserve Officer Training Corps (AFROTC) Contract.

13.3.4.5. Ensure the student completes a SF 1199A, Direct Deposit Sign-up Form, for textbook allowance.
13.4. AECP/NECP Student Responsibilities.

13.4.1. AECP/NECP students are active duty members and will conduct themselves accordingly. Their actions reflect directly on the image of the Air Force. Failure by military personnel to comply with Dress and Appearance standards and to maintain the Electronic DD Form 93 (vRED) is a violation of Article 92, UCMJ, and may result in disciplinary action.

13.4.2. Dress and Appearance. Violation of provisions set forth in this paragraph may result in disciplinary action under Article 92 of the UCMJ. Students will comply with the dress and grooming provisions of AFI 36-2903, Dress and Personal Appearance of Air Force Personnel, while assigned to the detachment to include adhering to grooming standards when they are attending classes. The appropriate uniform will be worn when conducting official business at a military installation or when required by current directives. Commanders will set policy to have students wear uniform at the detachment at least once a month to ensure students are in compliance with AFI 36-2903 and detachment policy.

13.4.3. Uniform Items. Do not issue uniform items to AECP/NECP students since they receive an annual clothing allowance. When required to wear a uniform, AECP/NECP students will wear the uniform IAW AFI 36-2903. They are not authorized to purchase uniform items from the detachment at any time. They are authorized to wear the Airman Battle Uniform (ABU) when mandated by the Detachment Commander.

13.4.4. Academic Integrity. All students are expected to adhere to the highest standards of academic integrity. Students are to pursue their academic programs without unauthorized assistance and are to give credit to others' words and ideas so as to avoid committing plagiarism. Confirmed plagiarism is cause for removal from AECP or NECP.

13.4.5. Mobilization and Emergency Instructions. The campus is considered the duty station and therefore AECP/NECP students must be included on the detachment recall roster. AECP/NECP students will report to the AFROTC detachment in the event of mobilization and follow instructions issued by the Detachment Commander.

13.4.6. Off-Duty Employment. AECP/NECP students are full-time students whose task is to complete their degree programs in the minimum time practical and are expected to devote full-time to their academic programs.

13.4.6.1. Per AFPC/DPMAN, NECP are not authorized off-duty employment (no waivers considered). Off-duty employment includes any arrangement by which a student receives payment for their services.

13.4.6.2. Off-duty employment for AECP cadets is normally not authorized. To request approval for off-duty employment, an AECP student must complete an AF Form 3902, Application and Approval for Off-Duty Employment, in accordance with DoD 5500.07-R, Joint Ethics Regulation (JER), and Holm Center policy.
13.5. **Post-Selection/Pre-Arrival of AECP Student.** Violation of provision set forth in this paragraph by AECP/NECP students may result in disciplinary action under Article 92 of the UCMJ.

13.5.1. Once the student is selected for participation in AECP, they prepare for entry and arrival to their projected AFROTC detachment. This is a two-phase process to ensure proper entry into the program.

13.5.2. First, the student must complete the post-selection requirements of AECP. The student must submit the following documents to AFROTC/RRUE NET 90 days and NLT 14 days prior to their projected class start date:

13.5.2.2. Submit the PFA and BMI letters stating the latest results. Selectee must take and pass the PFA IAW AFI 36-2905 and meet BMI standards IAW DODI 1308.3, Table E2.T1 and Enclosure 3. These must be taken NET 90 days prior to their projected class start date. The letters must be signed by their first sergeant, section commander, or Detachment Commander.

13.5.3. Once the student has provided the above documents, AFROTC/RRUE will request through HQ AFPC Assignments reassignment to attend school in the AFSC of 9T100. AFROTC/RRUE then prepares arrival preparation documents to be forwarded to the student’s gaining AFROTC detachment. The following documents will be forwarded to the detachment to initiate in-processing.

13.5.3.1. AF Form 56.

13.5.3.2. Transcripts.

13.5.3.3. Records Review Listing.

13.5.3.4. Letter of Admission.

13.5.3.5. PFA & BMI Results.

13.5.3.6. AF Form 422.

13.5.3.7. AFROTC Form 48 or equivalent.

13.6. **Reporting.** AECP/NECP students will report to the detachments NET 14 days and NLT 5 days prior to their class start date. Once the student arrives at the detachment, the detachment will notify AFROTC/RRUE via telecom or email. Detachments will enter the student in WINGS.
13.7. Arrival on Campus.

13.7.1. Immediately after arrival on campus, the student must report to the Detachment Commander in uniform. At that time, the Detachment Commander will provide, at a minimum, guidance on the following matters:

13.7.1.1. Scheduling in-processing appointments for assignment to the Detachment.

13.7.1.2. Location of the servicing Financial Support Office (FSO) and Military Personnel Section (MPS).

13.7.1.3. Availability of the local military installations for medical, exchange, and commissary facilities.

13.7.1.4. Housing information.

13.7.1.5. Accountability and leave procedures.

13.7.1.6. Academic responsibilities and procedures.

13.7.1.7. Official duty, medical, and vicinity travel policy.

13.7.1.8. Government Travel Card.

13.8. Active Duty Requirements. All AECP/NECP students are required to complete all ancillary training requirements, to participate in the Demand Reduction Program, and any other programs deemed appropriate by AFROTC/RRUE and detachment personnel.

13.9. Enrollment Allocations. AECP/NECP students are guaranteed to receive an EA. EAs will be requested by the detachment through WINGS upon confirmation of the student’s arrival. AFROTC/RRUE will update the EA in WINGS.

13.10. Medical Records. In accordance with AFI 41-210, Tricare Operations and Patient Administration Functions, paragraph 4.7, personnel and their family members may maintain their own medical records when the nearest MTF is not accessible. However, if they are enrolled at an MTF near their location, the records must be maintained at the MTF of enrollment.

13.11. Electronic DD Form 93, Record of Emergency Data (vRED). The vRED located in the vMPF is the only document used by the Air Force to notify next of kin in cases of serious illness, injury, or death, and to determine beneficiaries of pay and allowances. The electronic form fulfills the requirement. Changes in emergency data must be updated immediately via vMPF. A copy of the vRED printout will be maintained by the detachment in the student’s PIF. Failure to maintain ones vRED is punishable under Article 92 of the UCMJ.

13.12. Enlisted Performance Reports. AECP/NECP students will not receive EPRs.
13.13. Promotion. In accordance with AFI 36-2502, *Airman Promotion/Demotion Programs*, chapter 4, Airmen are ineligible for promotion consideration when entering Air Force commissioning programs on or before the Promotion Eligibility Cutoff Date (PECD). Airmen in the grades of SrA and below will be promoted to SSgt effective 1 day prior to departure from losing base, but NET the 11th day before their RNLTD. MPSs will remove the projected promotions of SSgt selects from PDS when the Promotion Selection Number (PSN) is after program entry and place letters in their records indicating grade, cycle and PSN. IAW AFI 36-2013, *Officer Training School (OTS) and Enlisted Commissioning Programs (ECPS)*, Table 2.6, Rule 9, qualified Airmen selected for promotion to the grade of TSgt or above, will be promoted on the normal effective date. Counsel students who were promoted to SSgt for the purpose of entry into AECP/NECP via AFROTC Form 16 of demotion if disenrolled from AECP or NECP.

13.14. Basic Allowance for Housing and Basic Allowance for Subsistence. NECP/AECP students are authorized basic allowance for housing at the local rate and for subsistence effective upon arrival/in-processing at their AFROTC detachment.

13.15. Required Examinations and Immunizations. Violation of provisions set forth in this paragraph by AECP/NECP students may result in punishment under Article 92 of the UCMJ. Students should be notified by their servicing MTF through their AFROTC detachment of required annual dental appointments, physical health assessments (PHA), or immunizations. Personal involvement by the member may be necessary to ensure routine exams are scheduled with minimum interruption of classes.

13.16. Billing Procedures for Routine and Emergency Medical Treatment to Include Travel. Students will follow the billing and travel procedures established by the Detachment Commander and the local medical facility. Students and their dependents must check with their regional TRICARE service center to ensure compliance with procedures and entitlements available under their selected TRICARE option.

13.17. Travel Reimbursement (excluding routine and emergency medical treatment).

13.17.1. AECP/NECP students are authorized to drive vehicles assigned to the AFROTC detachment. Each AECP/NECP student is required to perform official travel based on the availability of such transportation. If however, the AECP/NECP student is only able to schedule appointments when transportation is not available, they may be eligible to receive reimbursement for official travel. In order to receive reimbursement, the following criteria will be met.

13.17.2. Any travel performed that will take less than 10 hours and costs under $25.00 must be submitted through DTS and must be approved by the Detachment Commander prior to the travel being performed. **NOTE:** Nursing students are not authorized TDY travel for clinicals.

13.17.3. Any travel performed that will take less than 10 hours and costs over $25.00 must be approved by AFROTC/RRUE prior to the travel being performed. This can be accomplished via email. Forward a completed SF 1164, *Claim for Reimbursement for*
Expenditures on Official Business to AFROTC/RRUE after travel has been accomplished for fund certification. SF 1164 must be signed by the Detachment Commander as verification of travel.

13.17.4. Any travel performed that will take over 10 hours must be approved by AFROTC/RRUE prior to travel being performed. The travel request must be forwarded to AFROTC/RRUE using a DD Form 1610, Request and Authorization for TDY Travel of DOD Personnel, five working days prior to the projected departure date. The DD Form 1610 must include all estimated costs.

13.18. AECP/NECP Program Lengths.

13.18.1. Air Force personnel are enrolled in AECP/NECP programs to meet established Air Force educational requirements. AECP/NECP students will follow HQ AFROTC guidance and will arrange their programs accordingly. Maximum allowable program lengths have been established by the Air Force; however, individual program lengths will vary according to the nature of the program, degree level, and academic background of the student.

13.18.1.1. AECP students are allowed a maximum of 36 months to complete their academic program, but must graduate in as short a time as possible. Those who do not make satisfactory academic progress or who cannot complete their degree within the maximum time allotted will be disenrolled.

13.18.1.1.1. AECP students will make every effort to complete their academic programs in minimum time. Therefore, they should arrange with their academic advisors to receive academic credit for basic courses in which they have expertise. This may be accomplished through the College Level Examination Program (CLEP), by completing advanced standing examinations, or by receiving credit for Air Force training programs, and other military experience. The Community College of the Air Force (CCAF) offers another means of validating and crediting such experience (for enlisted-friendly schools).

13.18.2. NECP students are allowed a maximum of 24 months to complete their academic program.

13.19. Completion/Termination Date.

13.19.1. Completion date, also referred to as termination date, graduation date, or availability date, is the exact date of program completion. During the course of the student's program, the official completion, which governs reassignment action, will be determined from the academic plan as approved by the Detachment Commander.

13.19.2. The student’s program completion date determines when they will be forecasted for reassignment and departure from campus. Therefore, students must keep the Detachment Commander informed of the accuracy of the date which is in the WINGS and of any factors which affect this date. The completion date is normally the date the detachment receives
confirmation via letter from the school that the student has completed all degree requirements and will graduate.

13.20.1. Although the Detachment Commander may occasionally direct certain academic options, course sequences, and major or minor fields, it is the student's academic advisor at the university who assists the student in planning the academic program. The Detachment Commander then approves it. Students should inform their advisor of applicable Air Force policies such as program length and the nature of their most likely follow-on assignment. In addition, the student and advisor should be aware of the following restrictions and guidelines:

13.20.2. Required and core courses should be scheduled as early as possible.

13.20.3. Electives and minor course requirements should be scheduled later or as needed to fill term loads to an acceptable level.

13.20.4. Upon the recommendation of the academic advisor and with the approval of the Detachment Commander, the student may audit courses or retake courses for which credit has previously been granted. However, such courses will usually be carried in addition to the minimum course load noted in paragraph 13.21. **NOTE:** Students will be financially responsible for any such audits or courses retaken if additional cost is incurred.

13.20.5. All students will schedule, at a minimum, a full-time academic load unless a specific exception has been granted by the Detachment Commander. Overloads are not recommended.

13.20.5.1. Exceptions will be granted for students at institutions with course load restrictions which prevent compliance with this instruction providing the exception is requested by the student via a letter to the Detachment Commander.

13.20.5.2. Students who have been granted an exception to full-time status must perform duty equivalent to a 40-hour work week at the AFROTC detachment or by special project. Duty performed is at the discretion of the Detachment Commander. Full-time status (12 semester hours or 18 quarter hours) is equivalent to a 40-hour work week.

13.20.6. Elective courses will be selected on the basis of benefit to the student's Air Force career. Courses such as insurance, real estate, investments, typing, music, art, and photography will not be scheduled. Exceptions will be considered by AFROTC/RRUE when a course fulfills a degree requirement and there is not a more suitable alternative to fulfill the same requirement. Preferable free electives outside an academic major are those which enhance general skills desired of all Air Force members (e.g., foreign language courses, area studies, history) or those which are compatible with a student's academic major.

13.20.7. AECP students will participate in cooperative (Co-ops) education (Internship) programs only if required by their academic curriculum. AECP students must have approved
off-duty employment forms on file prior to performing Co-ops. Co-ops should be accomplished in the local area or state. For academic curricula with no local Co-ops but offering distant Co-ops, the AECP student must attend the Co-op nearest the school they attend, or provide strong justification for not attending a Co-op nearest the school. Submit requests for Co-ops outside the local area or state to AFROTC/RRUE as early as possible, but NLT 60 days prior to the Co-op.

13.20.7.1. For approved Co-ops outside the local area, AECP students are authorized TDY and receive TDY funding.

13.20.7.2. During Co-ops, AECP students will be considered in full-time student status. Normal tuition and fees will be paid for participation in the Co-op term.

13.20.7.3. AECP students with required Co-op requirements must still complete their degree requirements within 36 months from entry into the AECP program.

13.20.8. Advanced standing examinations are encouraged if they will expedite fulfillment of degree requirements, especially when the school will not transfer credits for courses completed elsewhere.

13.21. **Regular Terms.** Full-time for undergraduate is the hours specified by the university. If the university does not specify, use 12 hours per term.

13.22. **Summer Terms.**

13.22.1. The definition of a "normal" summer academic load varies from institution to institution. Students are required to use the summer terms to the maximum extent possible in order to keep their program length to a minimum. DETACHMENT COMMANDERS may reduce loads depending on the student's ability or the difficulty of the scheduled courses; however, students should not register for, or plan, a reduced load, without their Detachment Commander's prior approval. The intent is to allow students full utilization of the summer term to complete degree requirements in the minimum time and/or enhance their value to the Air Force by taking career-oriented enrichment courses. During the summer term, as well as other term breaks, AECP students must be in class, on leave, or working at the detachment; the combining of these will be at the commander’s discretion.

13.22.2. **NECP Students.** During the summer term, NECP students must be in class. If electives are scheduled during the summer term and will not impact graduation, NECP students must request approval from AFPC/DPAMN either to work at the detachment or to be on leave.

13.23. **Pre- and Post-Summer Sessions.** At institutions with pre- or post-summer sessions, 2 to 3 hours will be taken each session in addition to the normal summer term loads.

13.24.1. When school is not in session, AECP/NECP students are required to perform duty at the AFROTC detachment or equivalent as determined by the Detachment Commander. They will wear the duty uniform.

13.24.2. If not performing duty, the student must be on leave or pass as defined in AFI 36-3003, Military Leave Program.

13.25. Preparation of the Academic Plan. Process the academic plan in accordance with Chapter 3 of this instruction. The detachment must update WINGS with the projected graduation date once the academic plan is complete. Notify AFROTC/RRUE of any changes in courses that may negatively impact program completion by planned date of graduation.

13.26. Changes in Academic Plans. All changes in academic plans must be approved by the Detachment Commander in advance. Whenever any program change is anticipated, students must submit a revised academic plan for Detachment Commander approval. All students must adhere to their current academic plans without deviation. Students who drop, add, or change a course without prior approval of the Detachment Commander will be required to pay for the course. By deviating from an approved course of study, students are subject to disciplinary action. AFROTC/RRUE (AFPC/DPAMN for NECP students) must approve all DOG changes. Any changes that will require the student to exceed 36 months (24 months for NECP) of total program time require AFROTC/RRUE approval. See paragraph 13.33 or curtailment and extension request details.

13.27. Grade Reports. Each student is responsible for forwarding grade reports to the Detachment Commander immediately after the close of each term. Grade reports must include clarification notes whenever incomplete, deferred, or substandard grades are reported. The clarification must specifically identify any impact the grades have upon the student's program and the approach (including a time line) that will be taken to correct deficiencies that may prevent or delay graduation. See paragraph 13.32 for academic standards.

13.28. Attendance of Scheduled Classes. AECP/NECP students will attend all scheduled classes, regardless of university policy, unless excused by the Detachment Commander. Students must coordinate class absences with their academic instructors/counselors prior to contacting the Detachment Commander to be excused from attendance. The Detachment Commander will ensure that each student is briefed on local procedures of accountability. Failure to attend scheduled classes or failure to comply with local personnel accountability procedures will result in administrative action, disciplinary action, and/or removal from the AECP/NECP program. Absences due to illness require documentation from their Primary Care Manager (PCM) or equivalent (e.g., quarters slips, convalescent leave). If seen by non-MTF physician, paperwork will need to be coordinated through the servicing MTF.

13.29. Change of Academic Status due to University Action. All students will notify their Detachment Commander of any university action which changes their status (for example, probation, advancement to candidacy or full graduate standing, suspension, reinstatement, etc.) The notification must provide complete details including the reason for action, effect
on academic program, date the situation is expected to change (if applicable), and required student action. Students notified of any adverse action by the university will advise their Detachment Commander within one duty day of their receipt of notification. The Detachment Commander will provide instructions concerning duty requirements and will notify AFROTC/RRUE.

13.30 Academic Recognition. Students receiving recognition for outstanding academic achievement or election to membership in honorary fraternities or societies must notify their Detachment Commander. If the recognition includes compensation of monetary value then the student must request permission to accept the compensation via letter to the Detachment Commander. This request must include copies of documents which clearly describe the intent and value of the compensation and a statement from the student indicating how the compensation will be used. In no case will the student accept and use compensation without approval. Students are encouraged to participate in such activities when academic programs permit.

13.31.1. Students failing to meet minimum academic standards will be placed on probation by the Detachment Commander. Use AFROTC Form 16 to document and counsel the student concerning minimum academic standards. This action constitutes a warning that failure to improve may result in withdrawal from the AECP/NECP program. At no time will the AECP/NECP student’s scholarship be suspended or terminated. The student on probation is given extra attention by the Detachment Commander to ensure that every effort is being made to correct the problem. Students are expected to take positive actions to correct the deficiencies and to inform the Detachment Commander regularly of their progress. Students will be removed from probation after deficiencies are corrected.

13.31.2. Students not meeting minimum academic standards should be encouraged to voluntarily submit a letter of explanation to their Detachment Commander detailing the reasons and any extenuating circumstances underlying their failure to meet academic standards.

13.31.3. Students on probation will provide their mid-term grades to the detachment commander. Final grades will be provided as soon as they are known, to be followed by appropriate grade report.

13.31.4. If a student doesn't make satisfactory progress warranting removal from probationary status after the probationary term, or, when appropriate, following a second non-consecutive deficient term, the Detachment Commander will notify the student of their intent to recommend the student for disenrollment from the program. The student must forward justification for retention to the commander within 10 calendar days of notification of intent to initiate disenrollment actions.
13.31.5. The Detachment Commander will provide AFROTC/RRUE with a recommendation concerning removal or retention of the AECP student (see paragraph 13.33).

13.32. Minimum Academic Standards.

13.32.1. The Detachment Commander will place an AECP/NECP student on academic probation when:

13.32.1.1. CGPA falls below 2.50 on a 4.0 scale.

13.32.1.2. TGPA falls below 2.50 on a 4.0 scale.

13.32.1.3. Placed on academic probation by the institution.

13.32.1.4. Receives an “F”, “I”, or institution equivalent in any course, to include summer school or mini-sessions. Two “Ds” in one semester warrant probation.

13.32.1.4.1. Any grade which requires the course to be repeated for degree credit is treated as an “F.” For example, in many programs, a “D” in a core class must be repeated for degree credit.

13.32.1.4.2. If the institution awards “WF” (withdrawal, failing), “N” (no pass), “U” (unsatisfactory), or “NP” (no pass) grades, the grades are considered the equivalent of an “F”.

13.32.1.4.3. All “I” grades require a determination as to their cause. If the “I” grade is determined to be a result of a student’s failure to complete academic responsibilities and not a result of extenuating or unplanned circumstances, the detachment will treat the ‘I’ grade as an “F” and give the student a CE (see paragraph 13.34) and place them on academic probation. If not the case, document the decision and monitor the situation until the final grade is awarded. Place documentation in the student’s PIF.

13.32.2. Academic performance, as determined by the Detachment Commander, is substandard, such as deteriorating grades or low grades in core courses.

13.33. AFROTC Form 22, Cadet Personnel Action Request, Package Requests.

13.33.1. Submit all requests to include, but not limited to, curtailment, extension, and academic major change to AFROTC/RRUE.

13.33.2. Curtailment. Since reassignment action and campus departure depend on a student's official completion date, the student must immediately notify the Detachment Commander, by memorandum, to include a revised academic plan, if early program completion is anticipated. Otherwise, reassignment notification and orders publication may be delayed. Place documentation in student’s PIF and forward copies to AFROTC/RRUE. AFROTC/RRUE will coordinate with AFPC and OTS.
13.33.3. Extension. Requests for extensions beyond scheduled completion dates must be discussed with the Detachment Commander as early as possible. Extensions are approved at HQ AFROTC and approval is far less likely when requested late in the program (e.g., during the last term). AFPC initiates reassignment actions as early as 8 months prior to program completion. Late extension requests will most likely be denied. A formal request via memorandum must be forwarded to AFROTC/RRUE to include:

13.33.3.1. A memorandum from the student justifying the need for the extension.

13.33.3.2. A revised academic plan, signed by the student, advisor, and detachment, showing all courses taken and the courses to be taken during the period of extension.

13.33.3.3. The Detachment Commander’s recommendation for approval or disapproval detailed on an AFROTC Form 22.

13.33.4. Academic Major Change. Since the student is in school to fulfill a specific Air Force educational requirement, program changes from one academic major to another are normally not allowed. However, students with exceptional justification for major change must provide their Detachment Commander with written requests, supported by full documentation, to include a revised academic plan signed by the student and advisor, and detachment. Major changes are approved at HQ AFROTC. The request must be submitted to AFROTC/RRUE to include:

13.33.4.1. The Detachment Commander’s recommendation for approval or disapproval detailed on an AFROTC Form 22.

13.33.4.2. A memorandum from the student justifying the need for major change.

13.33.4.3. A revised academic plan signed by the student, advisor, and detachment, showing all courses taken and courses to be taken towards completion of requested major. Include original academic plan, as well.

13.34. General on Conditional Events and Disenrollments of AECP/NECP Students.

13.34.1. AFI 36-2011, Air Force Reserves Officer Training Corps (AFROTC) Program, as supplemented, is the governing directive for any disenrollment action. A student can be disenrolled from AECP/NECP for a variety of reasons such as failure to meet institutional and/or detachment academic or administrative standards, dismissal or suspension by the institution attended, self-initiated elimination (SIE), lack of officer potential, or by direction of HQ USAF or HQ AFPC. No student will be disenrolled by AFROTC for any reason, including SIE, without the approval of the AFROTC/CC, who has final authority concerning disenrollments.

13.34.2. For NECP students, the final approval for disenrollment is AFPC/DPAMN. HQ AFROTC/RR will complete the disenrollment review process and forward a recommendation to AFPC/DPAMN. AFPC/DPAMN will finalize the disenrollment decision and complete the DD Form 785 and notify AFPC of re-assignment requirements.
13.34.3. Disenrollments fall into two categories:

13.34.3.1. Voluntary. Any student wishing to disenroll voluntarily (SIE) from AECP/NECP should immediately contact their Detachment Commander, who will counsel the student and advise on the required procedure to initiate a disenrollment request. Voluntary disenrollment action, depending on the circumstances, can be prejudicial to future entry into a commissioning program and to career progression in the Air Force.

13.34.3.2. Involuntary. The Detachment Commander will make recommendations to the AFROTC/CC concerning involuntary removal of AECP or NECP students from the program via an AFROTC Form 22. The AECP/NECP student will be notified of a pending disenrollment and afforded the opportunity to respond to such action.

13.35. Conditional Events (CE).

13.35.1. For AECP/NECP students, the issuance of CEs is different than for AFROTC students. AECP/NECP students are not subject to suspension or termination of scholarships normally associated with CEs. For AECP/NECP students, CEs are used to document failure(s) to maintain academic and military standards which may lead to disenrollment. Document all counseling and CEs using the AFROTC Form 16. Additionally, failures to meet military standards will be handled IAW established Air Force disciplinary processes. Initiate disenrollment investigation upon the student’s receipt of their second CE. The following constitutes a schedule based on CEs accumulated by a student’s failure to meet military and or academic standard(s).

13.35.2. First CE – Document using AFROTC Form 16, no action.

13.35.3. Second CE (AECP/NECP) – Document using AFROTC Form 16, initiate disenrollment investigation (see Figure 13.1).

13.35.3.1. NECP Student: Initiate disenrollment investigation (NECP students only). Reference Memorandum of Agreement dated 13 Aug 07 between the United States AF Assistant Surgeon General for Force Development (SGI) and Headquarters AF Officer Accession and Training Schools (AFOATS).

13.35.4. The Detachment Commander may issue letters of admonishment, counseling, and reprimand when they feel it is appropriate. Consult with Holm Center/JA for legal questions.

13.36. Disenrollment Package. Students removed from AECP/NECP for any reason require disenrollment investigation and are issued a DD Form 785, Record of Disenrollment from Officer Candidate-Type Training. Submit disenrollment packages to AFROTC/RRFD IAW Chapter 11 of this instruction.

13.37.1. AECP/NECP students who are withdrawn from school are considered "surplus Airmen" and will be forecasted for reassignment within the AFSC held prior to entry into the program in accordance with AFI 36-2110, Assignments, immediately after disenrollment.

13.37.2. AECP/NECP Disenrollment Appeals.

13.37.2.1. Since the AFROTC/CC is the decision authority on AECP disenrollments, appeals must be made to the Holm Center/CC within 30 days of the date on the DD Form 785. The reason for this timeline is to quickly accommodate a decision since AECP students are active duty members. Appeals will only be considered based on new evidence which was not available at the time of disenrollment, not because the airman did not like the disenrollment decision.

13.37.2.2. For NECP students, the decision of AFPC/DPMAN is final; no appeals are authorized and will not be entertained.

13.38. Graduation Ceremony Policy. The student's official completion governs campus departure date. While attending university graduation ceremonies are encouraged, the student normally will not be allowed to remain on campus for the ceremony if there are more than 7 days between the completion of final examinations and the ceremony unless the student takes leave (delay enroute to their next assignment). Students will, therefore, ensure that their attendance at the graduation ceremony is not a mandatory requirement for award of a degree. If attendance at the graduation ceremony is a mandatory requirement, the departure date will be adjusted and the student will work at the detachment or be on leave.

13.39. Security Clearance Procedures. AECP/NECP students must have at least a SECRET security clearance based on an Entrance National Agency Check (ENTNAC) prior to their commissioning. They may use their ENTNAC from their enlisted active duty service according to AFI 36-2005, Appointment in Commissioned Grades and Designation and
Assignment in Professional Categories – Reserve of the Air Force and United States Air Force. The detachment must confirm each AECP/NECP student’s security clearance level with their servicing MPS upon initial assignment. Contact the servicing security forces organization if the detachment determines that the AECP/NECP student does not have the appropriate security clearance. Ensure that a security clearance is requested as required by Air Force instructions.

13.40. Assignment/OTS Processing for AECP Students (Other than Nurses).

13.40.1. The AFROTC Form 53 must be completed during the classification and assignment processing cycle for their FY of commissioning. The first line in the remarks section of the AFROTC Form 53 must state that the member is an AECP student. Submit the AFROTC Form 53 to HQ AFPC/DPPAO via both the AFROTC Form 53 database and fax as requested by HQ AFPC. Upon selection of AFSC and assignment, AFPC will load the student’s assignment. AECP students must work all PCS actions (out-processing, household goods shipments, housing, etc.) in advance of their actual departure for Basic Officer Training (BOT), which they will be required to complete end route to their assignment. To accomplish these tasks, the AECP student must have valid PCS orders from AFPC.

13.40.2. AFROTC/RRUE will coordinate BOT attendance upon publication of OTS schedule and will project training requirement in the Military Personnel Data System (MILPDS).

13.40.3. HQ AFPC/DPSIP will forward training requirement to the student’s servicing MPS for orders processing.

13.40.4. Detachments will ensure that the following actions occur prior to departure for BOT:

13.40.4.1. All out-processing through detachment and servicing MPS accomplished to include Traffic Management Office requirements.

13.40.4.2. AECP students report to BOT with copies of PCS orders, original college transcripts, DD Form 4, copies of all EPRs and decorations, and an updated vRED printout.

13.40.5. Additional requirements for OTS and BOT can be found at the following website: http://www.afoats.af.mil/OTS/BOT/index.asp.

13.40.6. OTS will commission AECP students upon successful completion of training.

13.41. Commissioning AECP Nursing Students and NECP Students.

13.41.1. Upon receiving proof of their Bachelor of Science in Nursing (BSN) and successful completion of the NCLEX the detachment will then commission, but will not separate, the student. Reference Attachment 41 for commissioning procedures.
13.41.2. Nursing students must take the NCLEX as soon as possible after graduation, but NLT three months post-graduation. If student fails first NCLEX exam, they must retake exam as soon as possible. No more than six months will pass from graduation to passing the NCLEX if a second test is required. A second failure will result in disenrollment and return of student to their previous enlisted AFSC. There will be no waivers or exceptions to policy granted.

13.41.3. Once HQ AFPC/DPAMN receives all of the required documents IAW Attachment 41 they will schedule and prepare the order for the student to attend Commissioned Officer Training (COT), Nursing Transition Program (NTP), and their next duty assignment. NOTE: The member will hold dual status as a Reserve Officer and be on active duty as an enlisted member (See AFI 36-3208, Administrative Separation of Airmen, Section 6, Section G). The member will continue to wear the enlisted rank and receive enlisted pay until they depart for COT. HQ AFPC/DPAMN will coordinate the separation of the AECP student.

13.42. Commissioning Physical. AECP students must be medically certified for commissioning. Use the guidelines IAW AFI 48-123, Medical Examinations and Standards, Attachment 2, Retention. NOTE: If the student is medically disqualified, notify HQ AFROTC/RRUE immediately.

13.43. Qualifying Fitness Assessment (QFA). All AECP and NECP students are required to meet physical fitness, height/weight/BMI and body fat standards (if exceeding BMI) as outlined in AFI 36-2013, para. 3.9.2.6., AFRSI 36-2001, and AFI 36-2905 for accessions into OTS. This BMI and body fat assessment administered during all annual PFAs while in the program and prior to departure for OTS. Failure to meet this requirement could result in a CE and/or non-attendance at OTS and subsequent investigation for disenrollment from the AECP/NECP programs.

13.44. Transcripts. Detachments will obtain a completed transcript with confirmation of degree. Forward original transcript to AFIT/RRE and maintain a copy in the student’s PIF.

13.45. Flying Training. AECP students are not eligible to apply for any rated program until after commissioning and arrival at their first duty station.

13.46. Assignments. Students will receive detailed processing instructions from their servicing MPS.

13.47. Departure Dates. All students departing will comply with the reporting dates specified in their orders. Emergency situations requiring a change in reporting dates must be referred to the servicing MPS through the Detachment Commander. Students desiring to remain on station prior to the projected reporting date will be utilized by the AFROTC detachment as directed by the commander.

13.48. Movement of Dependents and Household Goods. Students proceeding TDY end route to their next duty station are not authorized transportation of dependents or household goods to the TDY station at government expense. However, students assigned in overseas areas where travel of dependents is prohibited or delayed for 20 weeks or more may move dependents and household goods to a designated location.
13.49. **Unused Leave Balance.** All positive leave balances for AECP/NECP students will be transferred to their new leave accounts after commissioning. Students cannot sell back unused leave at the time of commissioning.

13.50. **Tuition and Fees Estimates.** AECP/NECP students are on scholarships capped at $15,000 and receive a textbook allowance. They are not authorized to attend schools costing over $15,000 per year in tuition and fees. AECP/NECP students are not authorized stipend since they receive full military pay and benefits. Detachments must input estimates or actual cost into WINGS for tuition and fees for each term in the AY NLT 1 Sep of the year. The AY is determined by actual class start date, no later than 30 September of each year. For new AECP/NECP appointments, estimates must be loaded into WINGS within 5 workdays of notification of the terms to be paid remaining in the AY. NOTE: Unlike AFROTC scholarships which are paid after day 45 of the fall term, AECP/NECP tuition and fees are paid at the beginning of the fall term.

13.51. **Authorized Tuition and Fee Entitlements.**

13.51.1 These are limited to tuition and fees associated with required and elective courses. A required course is a prerequisite for further advancement towards the student’s selected major. An elective course is one required to meet graduation requirements, but where the student has latitude in actual course selection. AFROTC will pay fees billed to all students for all required and elective courses. For a required course, AFROTC will also pay mandatory institutional fees that are incurred by all students incident to course registration (e.g., laboratory fees for a chemistry course, computer user fees for a computer course, etc.). AFROTC will only pay these fees for an elective course when the elective course is clearly academic in origin (physics, chemistry, speech, foreign language, etc.) and it is not in paragraph 13.52. and the Detachment Commander determines the course directly contributes to officer development and it is in the best interest of the Air Force to do so. The Detachment Commander’s signature on the invoice indicates these conditions have been met and no other documentation is required. Reimbursement is authorized for tuition and the following fees:

13.51.1.1. Registration and matriculation fees.

13.51.1.2. Laboratory fees and nonrefundable deposits.

13.51.1.3. Costs of special fees, computer time and services.

13.51.1.4. The cost of a CLEP test that replaces a required course if the test is passed and accepted for credit toward degree requirements by the institution. Students must be active in the AECP program at the time of the testing.

13.51.2. Costs for course overloads are authorized, but are limited to:

13.51.2.1. Those required for smooth progress toward degree completion.

13.51.2.2. Those which result from prerequisite requirements.
13.51.2.3. Those required as a result of changes in curriculum made by the institution.

13.51.2.4. Courses missed due to an injury or illness. The absence must be approved by the institutional authorities and the Detachment Commander.

13.51.3. Fees for health service, student activity, athletic, library, student union, student publication costs, and similar fees required on all students enrolled in the institution. NOTE: Since AECP/NECP students are covered under TRICARE, university health insurance fees are not reimbursable. Payment of university health service fees are authorized if it is mandatory for all students.

13.51.4. Authorized classes that AFROTC has not paid for previously.

13.51.5. Costs for up to 3 distance learning/correspondence courses per academic year (not more than 1 per term). A distance learning course (defined as any non-traditional academic class that includes a method of direct interaction among students and instructor) must be accepted and/or offered by the student’s host institution, must begin and end within the normal academic term, plus meet all other requirements set forth in paragraph 13.50.

13.51.6. Costs of transportation required of all students.

13.52. Tuition and Fees not Authorized.

13.52.1. Reimbursement is not authorized to defray costs of the following programs or services:

13.52.1.1. Payment for any type of cost associated with flying training.
13.52.1.2. Special expenses associated with field trips.

13.52.1.3. Expenses for optional projects, personal equipment and supplies.
13.52.1.4. Special fees for social activities.

13.52.1.5. Courses not required by the catalog as a degree requirement or those electives not approved by AFROTC/RRUE.

13.52.1.6. Costs of course overloads resulting from:

13.52.1.7. Courses not required for a degree.

13.52.1.8. Failures, incompletes, withdrawals, etc.

13.52.1.9. Changes in academic major.

13.52.2. Costs of repeat or remedial courses previously attempted as an AECP/NECP student.

13.52.2.1. If the institution bills by the course or course unit, the student pays for all remedial or repeat courses.
13.52.2.2. If the institution has a fixed fee for full-time students, the student must take enough new classes to equal the minimum load required to attain full-time student status or must pay on a prorated basis for remedial or repeated classes. For example, if at least 12 hours are required to attain full-time student status at a fixed cost of $2,500 per term, the Air Force will pay the full costs for the student who takes 12 hours of new courses and 3 hours of remedial or repeated classes for a total of 15 hours. On the other hand, a student who takes 9 hours of new classes and 6 hours of remedial or repeated classes will receive only 9/12 of the $2,500 fee. The student must pay the difference.

13.52.3. Costs of parking fees.

13.52.4. Costs incurred obtaining a professional license.

13.52.5. Costs of immunizations and malpractice insurance, even if required of all nursing and physical therapy students.

13.52.6. Additional fees associated with a recreational-type elective course (e.g., equipment rental fee for a scuba course, equipment rental fees/lift tickets for a skiing course), even if they are directly billed by the institution.

13.52.7. Penalties or fines for late registration or makeup examinations over and above which would have been incurred through normal enrollment at the students host institution.

13.52.8. Equipment, equipment rental and material costs.

13.52.9. Yearbooks.

13.52.10. Gym lockers and laundry fees.

13.52.11. If uncertain about any fee, the student should consult the Detachment Commander.

13.53. Graduate Record Examination (GRE). AFROTC will not reimburse AECP students who complete the GRE or other graduate school admissions exams.

13.54. Resident Status. Many schools grant reduced or in-state tuition rates to active duty members permanently assigned to an organization within the state. Each AFROTC detachment and student should check with the school’s registrar to determine resident status. Students who qualify as residents should ensure the bursar is aware of their status and AFROTC is billed accordingly. Students with spouses employed full-time at their schools should also investigate the possibility of being granted resident status or even free tuition, as some universities grant such status to full-time employees and immediate family members.

13.55.1. VA regulations specifically prohibit the paying of educational benefits to active duty personnel if the course or courses are paid for, in whole or in part, by the Armed
Forces. All active duty students in programs where AFROTC pays tuition and fees are, therefore, not eligible for either VA benefits or other Air Force tuition assistance.

13.55.2. Exceptions to this general rule may exist for certain programs, (e.g., Scholarship and Fellowship students and Educational Delay). However, students are to check with their Detachment Commander prior to accepting any outside tuition assistance while enrolled in AECP or NECP. In general, no AECP/NECP student is eligible for Air Force tuition assistance because they are full-time students and, therefore, do not qualify under the terms of this formal program. NOTE: The MGIB may be used since it pays the member for education-related expenses and the payment is not made directly to the university.

13.56. Other Benefits. Undergraduate students may be eligible for federal Basic Educational Opportunity Grants (BEOG) or similar state-funded programs. Students are encouraged to check with appropriate university financial aid offices to see whether they might be eligible for such supplemental assistance; however, AECP students must inform their university that the Air Force is paying all tuition and fees for their programs and providing a book allowance. If offered any assistance, be certain that it is not credited to the student’s tuition account at the university resulting in overpayment and refund.

13.57. Reimbursement of Application Fees. Students are authorized reimbursement of one school application fee. Reimbursement will only be made for the school attended; other application fees for schools students applied to, but did not attend, cannot be reimbursed. Ensure this is included on the school’s scholarship invoice for reimbursement.

13.58. Processing Tuition Invoices for Reimbursement.

13.58.1. The Detachment Commander is responsible for establishing procedures for verifying and approving institutional invoices for AECP/NECP scholarship reimbursement before submitting to Holm Center/SDF for payment. The Detachment Commander is responsible for contacting the appropriate institution officials when invoices are not received for processing within 30 days after the beginning of each term. The Detachment Commander ensures invoices arrive at Holm Center/SDF no later than 45 days after the beginning of each term. The following procedures apply:

13.58.2. Ensure students are covered by valid written authorization such as PCS orders.

13.58.3. Ensure no portion of the billing has been previously submitted for payment.

13.58.4. Ensure charges do not include unauthorized expenses.

13.58.5. Check to ensure invoice prices agree with rates contained in applicable university publications or correspondence. Verify each line item to ensure proper pricing. Before authorizing payment for out-of-state tuition, verify the student does not qualify for in-state tuition.

13.58.6. Ensure the invoice is from the institution where payment is to be made. The invoice cannot be from one school with payment to another. All invoices must be on letterhead from the university that is billing for the tuition and fees. Invoices from cross-town
schools without an ESA must be forwarded to the host institution and the host institution will bill for expenses.

13.58.7. Ensure a staff member reviews all invoices for AECP/NECP students and compares the curriculum or number of credit hours specified on the invoice with the students’ planned academic program. In cases where curriculum and credit hour information is not provided, control tuition entitlements by maintaining an updated academic plan and conducting personal interviews with the student. Use this management control to ensure:

13.58.7.1. AECP/NECP students are maintaining full-time student status.

13.58.7.2. AECP/NECP students are following the planned academic program from their academic plan.

13.58.7.3. Payments are not made for courses unauthorized for tuition entitlements.

13.58.7.4. The correct ESA number appears on all invoices.

13.58.7.5. The invoice is certified for payment by the Detachment Commander by signing the statement at Figure 13.2., annotated on the invoices or separate sheet of bond paper, as required by DOD 7000.14-R, Volume 10, *Contract Payment Policy*. Date stamp the invoice when received by detachment (i.e. Detachment XXX received on YYYYMMDD). Invoices received by Holm Center/SDFA without this statement will be returned to the detachment. A stamp with the certification statement may be used. Signatures cannot be by a stamp.

13.58.7.5.1. Detachments have 5 calendar days to process an invoice. Holm Center/SDFA has 5 calendar days to process an invoice and DFAS has 14 calendar days to make payment.

13.58.7.5.2. When putting date received in the commander’s statement, calculate from the current date to figure when the payment can be made. If the expected pay date is during the term, the received date is the date received at the detachment. The accepted date may be the same date as the received date or may be a later date, but no more than 7 days after the received date. (If detachment received invoice prior to Holm Center/SDFA, then the received date would be the date the detachment received it.)

13.58.7.5.3. If the expected pay date is after the term will end, the received date must be the last day of the term. The accepted date may be the same date as the received date or may be no more than 7 days after the received date.

13.58.7.5.4. Ensure invoice number assigned in WINGS is listed on each page of the invoice as “Payee Number” (must read “Payee Number XXXXXXXXXXX”).

13.58.7.5.5. Ensure term start and stop dates are listed on each page of the invoice.
13.58.8. When the ESA was provided to the university, an example of an invoice was attached. If a school has not adopted the format of the sample invoice, request they do so. This will save processing time for detachments and speed payments to schools. Tuition payments will be made by EFT.

13.58.9. Submit the invoice and the SF 1034, Public Voucher for Purchases and Services Other Than Personal, to Holm Center/SDF via tuition email box. Payee’s name and address must appear exactly as indicated on the invoice. The university name must be on the first line.

13.58.10. Distribute approved invoice and SF 1034 as follows:

13.58.10.1. Scan and email to tuition.vouchers@us.af.mil the SF 1034 and invoice to Holm Center/SDF. Do not send to the Accounting Office at Maxwell AFB or Defense Finance and Accounting Service (DFAS).

13.58.10.2. Maintain copies for one calendar year after member’s participation in AECP/NECP.

13.58.10.3. Provide copy of the “Build Invoice” screen to university’s bursar office for payment. This ensures that the university knows where to apply the payment.

13.58.11. Establish and maintain an accounting record file. Use files as a reference source to verify the billing, or portions of it, that have not previously been paid. Maintain accounting records for 1 calendar year after member’s participation in AECP/NECP ends. Final disposition instructions for AFROTC accounting records are contained in the Records Disposition Schedule (RDS) in AFRIMS.

13.58.12. Allow 4 weeks after invoice is sent to Holm Center/SDFA, then check WINGS database for a paid date and voucher number.

13.58.13. Detachment personnel must run a “Not Billed” report at least once every two weeks starting the 60th day after classes start in the fall term and 30 days after classes start for all other terms until every student is completely paid for all terms.
13.58.13.1. Contact institution to request invoice for any student listed on the Not Billed report that should be paid.

13.58.14. Follow the AECP student database procedures for amounts listed for a student that will not be paid. (Select the “Billed in Full” box in the AECP student database.)

13.59. **Textbook Allowance.** AECP/NECP students will receive an annual textbook allowance. Payments are made within 3 months after entering the program for the quarters remaining in the current fiscal year and NLT December for those already active. Students must be enrolled at least 60 days of their first FY quarter in order to receive a textbook payment. Textbook allowance for subsequent quarters will be paid if the student is enrolled in the quarter at least 30 days. Students must submit a SF 1199A, *Direct Deposit Sign-Up Form*, via their detachment, to Holm Center/SDF by 30 Oct of each year to ensure funds are transferred into the proper account. Payment will be made via EFT into the student’s specified account. NOTE: This is an allowance and is intended to defray book costs; it is not intended to completely reimburse students for these expenses.

Adjusted Terms of Entitlements. Additional scholarship entitlements authorized in a SAF approved 5-year major for cadets who received scholarships of less than 4-years in length.

Admissions Liaison Officer (ALO). An Air Force active duty, Air Force Reserve, Air National Guard, or retired officer who provides counseling information and guidance to high school students, civilian educators, and other civilians concerning the USAFA admissions, AFROTC programs and other Air Force enlistment and commissioning programs. The ALO program is administered and managed by the USAFA Director of Admissions in coordination with AFROTC. All Regional Directors of Admissions (RDA) are trained as ALOs and recruit for the USAFA and AFROTC.

Mr. John Doe

Anytown IN 47808-0000

Dear Mr. Doe

Congratulations on becoming an eligible applicant in the Air Force ROTC High School Scholarship Program. This letter is to confirm your appointment for a scholarship interview, the final step before you meet one of our scholarship selection boards. We have scheduled your interview for (day of week), (date) at (time). Your interview will take place at (Air Force ROTC Detachment XXX, located in ...). Attached is a map and directions to help you find us. If you know right now that you can’t make the appointment as scheduled, please give me a call at the number noted below and we will schedule a new appointment.

The interview itself will last about an hour and will be conducted by an Air Force officer. Friends or family members may accompany you to the Detachment. They may find out more about the AFROTC scholarship process, but will not be allowed to be with you during the personal interview session. Because the scholarship interview is one of the most important aspects of our scholarship selection process, here are some tips to help you prepare for it:

1. Arrive a few minutes early.

2. Dress appropriately—no need for a suit and tie/dress; neat casual clothing is acceptable.

3. **We recommend you bring a résumé or extracurricular activities sheet.** We are most interested in your specific accomplishments that demonstrate leadership and officer potential rather than merely listing achievements or activities you’ve participated in. We want to know how your leadership has affected the organization, teams and projects you worked on. No pictures.
4. Be prepared to discuss your high school career and your accomplishments—don’t make the interviewer pull information out of you. Remember that he/she knows nothing about you and only has one hour to gather enough information to make a scholarship recommendation.

5. Don’t be nervous—there are no “trick questions.” The purpose of the interview is to evaluate you for a scholarship, not to test you, to put you on the spot, or to quiz you.

6. Ask questions if you have them—the interview is the perfect opportunity for you to learn more about the Air Force and about ROTC so you can determine if it is something you want to pursue.

After we complete your interview, we will send the results to the College Scholarship Section at Headquarters Air Force ROTC. Your application will then meet the next available selection board.

We look forward to meeting you. If you have any questions, please call me anytime at 999-111-1111.

Sincerely,

JAMES B. SMITH, Capt, USAF
DSO

## SCHOLARSHIP PROGRAM STATEMENT OF UNDERSTANDING

**Figure A6.1. Scholarship Program Statement of Understanding.**

| FOUR-YEAR SCHOLARSHIP SELECTEES (4YR HSSP). | I understand I must be enrolled as a full-time student each term and be enrolled and participating in AFROTC courses and Leadership Laboratory each term. I understand that I must pass the PFA prior to 31 December of my freshman year or my scholarship will be terminated and I will be disenrolled from AFROTC. I understand I must achieve a Term Grade Point Average (TGPA) of 2.5 or higher during all terms while I am contracted. If I do not, my scholarship eligibility may be impacted. If I am disenrolled from AFROTC as an AS100 cadet, I will not be subject to recoupment of scholarship funding or call to active duty. I have been counseled by an AFROTC representative on the scholarship activation and retention standards prescribed in AFROTC instructions and I understand the activation and retention standards. Even if I achieve GPA standards and my Detachment/CC does not feel my performance warrants scholarship retention, I understand my scholarship can be terminated immediately. In such case, I may, at the discretion of my Detachment/CC, continue in AFROTC on a non-scholarship basis. |
|-------------------------------------------|
| THREE-YEAR SELECTEES (3YR HSSP). | I understand that I must be enrolled as a full-time student through the entire freshman year at the school where I will activate my scholarship and that I must be enrolled in and attending AFROTC classes and Leadership Laboratory each term. I understand that I must have a TGPA of 2.5 during my spring term of my freshman year and have a Cumulative Grade Point Average (CGPA) of 2.5 or higher by the end of spring term of my freshman year to activate my scholarship in the fall of my sophomore year. I understand I must achieve a TGPA of 2.5 or higher during all terms while I am contracted. I have been counseled by an AFROTC representative on the scholarship activation and fitness and retention standards prescribed in AFROTC instructions. I understand the activation and retention standards and that I must pass the PFA during the spring term of my freshman year. If I fail to meet any of these standards, my scholarship offer will be withdrawn. In such case, even if I achieve these standards and my Detachment/CC does not feel my performance warrants scholarship retention, I understand my scholarship offer can be withdrawn immediately. |
| ALL SCHOLARSHIP SELECTEES (EXCEPT NURSES). | I understand that I must complete a minimum of 24 semester/36 quarter hours of Math/Physics/Chemistry or four semesters/six quarters of the same foreign language before I commission. I understand that if I fail to complete this requirement, or appear to not be on-track to complete this requirement, then I will lose my scholarship and may be disenrolled from the program. In such situations, I understand that I may be required to repay the scholarship funds or be called to serve on active duty for a period of 2 years. I understand that being a scholarship cadet does not guarantee me a POC enrollment allocation. I understand that failure to compete favorably for an enrollment allocation will result in loss of scholarship, disenrollment from AFROTC, and could result in recoupment of scholarship funds. |

ACADEMIC PLAN FOR FOREIGN LANGUAGE OR TECHNICAL REQUIREMENT
FOR SCHOLARSHIP CADETS

Scholarship Cadets.

I understand that as a scholarship recipient I am required to take and pass a minimum of 12
semester/18 quarter hours of the same foreign language or 24 semester/36 quarter hours of
Math/Physics/Chemistry. I understand that I must maintain at least a “C-” or the institutional equivalent
in each course. I also understand that failure to accomplish this requirement prior to commissioning
could result in loss of my scholarship and/or disenrollment from the AFROTC program. If disenrolled, I
may have to repay my scholarship or be called to serve on active duty in my enlisted grade for a period of
two years. In order to fulfill this requirement, I plan to take the following courses:

**NOTE:** Academic majors *not* listed *do not* qualify for additional terms of entitlements.

** To qualify for additional terms of entitlements, cadets in these majors must have also completed the following courses: Calculus I & II (or a math minor), Statistics I, and Operations Research/Management Science. The Calculus and Statistics courses must come from the school’s Mathematics (or equivalent) Department (not Business, Social Sciences, etc.). These courses are required by SAF and are non-waiverable.

**NOTE:** Degrees must be Bachelor of Science degrees. (Example: Switching from a B.S. in Mathematics to a B.A. in Mathematics will lead to a loss of scholarship.)

By direction of the Secretary of the Air Force, I understand as an Air Force ROTC cadet participating in a SROTC program, I will be subject to random urinalysis drug testing. I understand that if I am randomly selected, I must provide the requested sample within the specified time limits. I understand failure to report for a mandatory urinalysis test will be considered an Unauthorized Absence (UA) and will result in individual command-directed screening. I understand that any individual refusing to submit a urinalysis sample or testing positive on a urinalysis test will be processed for disenrollment or dismissal from Air Force ROTC or specific officer commissioning program.

MORAL AND CIVIL INVOLVEMENTS

Table A13.1. Moral and Civil Involvements.

When considering waivers for the offenses listed below, Detachment/CCs must look at the details of the event to be certain that a detachment-level waiver is appropriate.

AFI 36-2002, Attachment 3 outlines all civil involvements into five categories that the AF must consider for waiver. Listed here are the civil involvements the Detachment/CC can waive. ALL other involvements not listed must be waived by HQ AFROTC. Use AFI 36-2002, Attachment 3 to help determine if an involvement is similar if it is not listed here.

If violation appears severe (e.g., excessive alcohol level, arrest or confinement, etc.), contact HQ AFROTC/RRFP for consideration.

Alcohol-related incidents: Refer to paragraph 4.6 to determine if detachment-level waiver can be granted or if HQ AFROTC will consider a waiver request.

Parking Tickets: Cadets are NOT required to report parking tickets, including tickets written for parking in prohibited zones or overtime parking (expired meters).

AIR FORCE DEPENDENCY POLICY STATEMENT OF UNDERSTANDING

Figure A14.1. Air Force Dependency Policy Statement of Understanding.

I (Cadet’s Name) have been briefed on the Air Force policies concerning family care responsibility and family care responsibility as an AFROTC retention standard. (A family member is any person over whom I have legal or physical custody or control, or who relies primarily upon me for their care, maintenance, or support regardless of age). In particular, I understand the following:

a. **(Non-contract Cadet)** If I am/become unmarried or marry (to include a common-law spouse) a military member (including another AFROTC cadet), and become responsible for any family member incapable of self-care I must acquire and maintain an approved Family Care Plan IAW AFI 36-2908, *Family Care Plans*, that will adequately cover my time in AFROTC. If I am unable or unwilling to create or maintain such a family care plan, I will no longer meet AFROTC retention standards. In such a case, I would then be subject to disenrollment from AFROTC for failure to maintain military retention standards. If I am disenrolled, I will also be subject to recoupment of my scholarship benefits.

b. **(Contract Cadet)** If I am disenrolled from AFROTC after becoming a contract cadet I am subject to call to EAD in my enlisted grade, recoupment of scholarship benefits or release. If I have more than two (three with an approved waiver) dependents incapable of self-care I do not meet enlisted accession standards and cannot be subject to EAD in my enlisted grade. I can only be subject to recoupment or release.

AFROTC FORM 48 PREPARATION

The AFROTC Form 48 is prepared by the cadet and reflects a tentative schedule of all courses (including summer sessions) from program entry until commissioning. Prepare the AFROTC Form 48 in pen or pencil; signatures must be in blue or black ink. If the course titles of electives are not known, list "Elective" and enter the number of proposed credit hours. Add actual course titles when they become known. Use the following instructions if completing the AFROTC Form 48:

Instructions for Completing AFROTC Form 48.

Section I – Administrative Data.

Block 1 (Name). Self-explanatory.

Block 2 (Academic Institution). Enter the institution from which the applicant or cadet will receive their degree and the AFROTC detachment they are attending. If they are both the same, only one entry is required.

Block 3 (Academic Major). Enter one major field of study.

Cadets pursuing an initial baccalaureate degree must satisfy the commissioning requirement of completing an established baccalaureate academic program. These cadets must indicate a major and schedule courses that will satisfy program requirements in a realistic manner, while maintaining two full years in the POC. Since the cadet does not have a baccalaureate degree now, this major must be reflected on the AF Form 1056.

Cadets who have completed a baccalaureate degree must be working towards (taking at least one “core” course from their selected major every term) a desired degree program, pursuing a second bachelor’s degree program or a graduate degree program. These cadets must indicate the current pursuing major and schedule courses in a manner that will satisfy any full-time student requirement in the most realistic but expeditious time, while maintaining two years in the POC. Annotate the AF Form 1056 with the “pursuing” major ONLY if the cadet will complete necessary requirements to obtain a degree in the pursuing major. If by the time AFROTC training is completed the cadet will NOT successfully complete the necessary requirements associated with the pursuing major, annotate the AF Form 1056 with the baccalaureate degree previously granted.

Minors and double majors cannot be reflected on the academic plan if doing so will hinder satisfying program objectives (receiving a baccalaureate degree). Cadets are authorized to pursue a double major or obtain a minor only upon the detachment’s receipt of an academic plan signed by an academic advisor establishing a valid date of commission for one major. Once this is complete, the cadet may add additional hours to already existing certified academic plan to meet the requirements of a minor or a second major. Adding additional hours must not place the cadet at risk of taking too
many hours per term, require additional terms, or change the already established commissioning date. If the cadet’s academic plan satisfies this requirement, annotate the AFROTC Form 1056 with only the major in which the cadet wishes to be accessed in the Air Force.

Block 4 (Institutional Official Review). Accomplished by the institution academic advisor. If the advisor refuses to review the plan, a detachment officer must determine whether the individual can meet degree and commissioning requirements using the institutional catalog to ensure the courses listed for the applicable academic major are reflected on the AFROTC Form 48. If the detachment officer concurs with the planned academic program, he/she must sign and date the AFROTC Form 48 in the space marked "Institutional Official's Signature/Date." Attach a memorandum stating the reason an academic advisor did not review the academic plan.

Block 5 (Initial Review). Enter the specific degree (BA, BS, etc.) and the month and year (include fiscal year) the contracted degree is scheduled for completion. Ensure the determined date of graduation (DOG) and DOC are realistic; many technical majors take 4.5 to 5 years to complete. A cadet in an academic program that is traditionally 4.5 or 5 years in length should have a DOG and DOC reflecting that reality. Schedule such cadets for extended status. The cadet will then sign the appropriate block. A detachment officer will review all information on the form, sign and date block 5.

Block 6. Cadet must sign and date after all degree requirements have been successfully completed and graduation will occur as stated in Block 5.

Section II – Academic Plan. Annotate all courses planned for each term. Include summer terms, PNA, extended status, co-op, field training, and terms abroad. NOTE: If using the AFROTC Form 48, the shaded areas are for detachment personnel use only and will be accomplished during term reviews.

Term. Enter the term designation such as fall, winter, spring, summer, and year for each academic term scheduled; e.g., spring ‘05.

Course Number. Enter the appropriate information as listed in the school catalog.

Course Title. Provide short, abbreviated course titles when possible. For example: "History and Principles of the Interpretation of the Bible" could be "Bible;" "General Psychology" could be "Gen Psy;" or "Inorganic Medical Chemistry" could be "Inorg Med Chem".

Credit Hours Attempted. Enter the number of credit hours for the specific term as specified for the course in the college catalog, regardless of whether the credit hours directly apply to the major. Once the credit hours for each course are annotated, add all hours under the column “Credit Hours Attempted” and place the sum value in the “Total Credit Hours Attempted” block.

**NOTE: (applies to all rules above):**

1. If using AF Form 1056, *Air Force Reserve Officer Training Corps (AFROTC) Contract*, dated 1 Aug 06, and need to make any change, re-accomplish the AF Form 1056 using the most recent version of the form. After the personal data area and below the first paragraph under the heading “IMPORTANT,” include the statement: “This contract supersedes AF Form 1056 signed date”.

2. Counsel cadet via AFROTC Form 16 when activating or terminating a scholarship.

3. Successively number and attach all AF Form 1056 “Changes Pages” to the AF Form 1056.

4. Attach a copy of the previous versions AF Form 1056 to the new AF Form 1056 (including addendums) if the form is re-accomplished on a newer version form.

5. Changes Page: Refusal to sign “Changes Page” does not relieve the cadet from the terms of the contract. If the cadet refuses to sign the “Changes Page,” the Detachment/CC makes the change, (and contacts HQ AFROTC/RRFP or Holm Center/JA) and attaches an appropriate explanation as to why the changes were required and an indication that the cadet refused to sign the changes.

6. Category Changes: The contract must be changed to reflect awarded category within 10 workdays/schooldays of cadet’s notification. Individuals failing to sign appropriate change may lose awarded category and automatically revert to previous category, if still qualified. Counsel cadet via AFROTC Form 16 and notify HQ AFROTC/RRFP immediately.

PRE-ENLISTMENT AND SEPARATION POLICY BRIEFING

NOTE: If the detachment has the cadet sign the pre-enlistment briefing statement at the end of this briefing then a separate AFROTC Form 16 documenting completion of the pre-enlistment briefing is not required. The detachment must obtain written documentation from the cadet that they have been briefed on these policies and this must be filed in the UPRG. See paragraph 6.10.

Figure A18.1. Pre-Enlistment and Separation Policy Briefing.

PART I. GENERAL INFORMATION AND STEP-BY-STEP BRIEFING:

1) Report to this detachment any changes in personal data that occur after completion of enlistment forms or during membership. (For example, change of name, address, telephone number, marital status, number of dependents, etc.)

2) Report any changes in medical status. (For example, pregnancy, change in eyesight, any serious illness or injury, unconsciousness, any operation, use of prescription drugs other than birth control, formal counseling sessions with mental health provider or psychologist, etc.)

3) I understand dress, appearance and grooming standards must be maintained. Weight or BMI must be maintained within prescribed limits for continued membership. In addition, I must pass the physical fitness assessment each term.

4) I am expected to attend classroom and Leadership Lab sessions; unexcused absences may result in disenrollment.

5) Detachment policies, procedures, and cadet responsibilities are outlined. These are available to me upon request.

6) Professional Officer Course (POC)/College Scholarship Program (CSP) membership does not confer military status upon cadets. Although I am enlisted in the Obligated Reserve Section (ORS) of the USAF Reserve, I am regarded as a civilian under the military justice system, so long as I retain my cadet status, and as such, am not subject to the provisions of the Uniform Code of Military Justice (UCMJ). NOTE: if I am involuntarily called to extended active duty (EAD) in my enlisted grade for breach of contract, no new oath will be given. HQ Air Force Personnel Center (AFPC) will publish orders calling me to EAD. At that point, I am subject to the UCMJ based on the original oath of enlistment into the ORS.

7) There is no guarantee of approval of an educational or administrative delay following commissioning to permit an AFROTC graduate to pursue graduate study.

8) No guarantee can be made as to my active duty career field unless I am a nurse, pre-health, or Graduate Law Program (GLP) selectee. Pilots and Combat Systems Officers will attend flying school. In all other assignments, the needs of the service and my academic discipline will determine my utilization. My academic discipline is considered in making assignments, but does not guarantee a career field that will specifically utilize the degree.
9) If I possess a graduate degree when commissioned, with the exception of the GLP, I am not guaranteed an assignment in, or related to, my academic discipline.

10) If I will study law following commissioning on an educational delay, I must complete a statement indicating I understand that completion of licensing requirements in no way constitutes a guarantee of assignment to judge advocate duties.

11) Should it be discovered that I was not qualified for membership or was erroneously enlisted, I will be disenrolled from AFROTC and discharged from the AF Reserve unless the condition has been corrected or a waiver can be obtained.

12) If it is discovered that I willfully falsified or concealed information that may have disqualified me from membership and it is determined that I fraudulently enlisted, I could be subject to civil legal action resulting in a fine of $10,000 or imprisonment of not more than five years, or both, under Title 18, U.S.C. Amended, Section 1001.

13) While participating in Field Training (FT), enroute to and returning from FT, or while engaged in a flight or receiving flight instruction as a part of the AFROTC program, I may be covered by programs that provide medical treatment and disability and death benefits. The circumstances of each individual case will determine the type and extent of coverage.

14) My future AF duties may involve worldwide assignment, combat duty, remote tours, or association with nuclear weapon systems regardless of dependency status (e.g., married to civilian, unmarried with children, etc.). I am aware and clearly understand this commitment.

15) My total performance as a cadet and student will be evaluated in determining consideration for AFROTC Distinguished Graduate.

PART II. ACCESSION STANDARDS

1) If I fail to maintain the standards prescribed for AFROTC membership (academic standing, character, discipline, medical, etc.) I am subject to the following, unless a waiver of the deficiency is approved by the appropriate authority:

   (a) Conditional Event: This is provided to a student on contract when a deficiency prevents them from meeting prescribed eligibility or retention standards. Cadets who receive 3 conditional events as a GMC or POC will be investigated for disenrollment. A deficiency requiring a fourth conditional event overall (for example, 2 GMC CEs and 2 POC CEs) will result in disenrollment investigation.

   (b) Scholarship cadets who fail to maintain accession standards may have their scholarship terminated, suspended (not paid) for a term or more, or may be given a conditional event depending upon the severity of their deficiency. If the scholarship of a POC cadet is terminated, the cadet may be retained on contract provided the cadet maintains retention standards required for POC membership.

   (c) If I am disenrolled, I sever membership in AFROTC and may be discharged from the ORS. However, if disenrolled for reasons stated in Part I, paragraph 10, of the AF Form 1056, I
am subject to involuntary call to active duty in my enlisted grade or subject to recoupment of CSP funds. For each cadet disenrolled, a DD Form 785, Record of Disenrollment from Officer Candidate – Type Training, will be prepared containing a recommendation for or against future officer training. Once prepared, the DD Form 785 becomes a permanent record retained by the Air Force.

2) Enlisted Commissioning Program cadets. If I am selected for an AFROTC scholarship under the provisions of AFI 36-2013, Officer Training Schools (OTS) and Enlisted Commissioning Programs, and I am separated early from active duty to accept an AFROTC scholarship and if my scholarship is terminated for any reason, I will not be relieved of my Air Force or AFROTC obligations. Upon scholarship termination, program continuation is at the discretion of HQ AFROTC. If disenrolled as a freshman, my service commitment will be equivalent to the time not served on original enlistment contract when separated to accept an AFROTC scholarship or two years, whichever is more. If my service commitment is less than one (1) year at the time of release to enter AFROTC, I will be discharged and will not be called to EAD unless requested by me through HQ AFROTC. If I am disenrolled after my freshman year I may either return to active duty in an enlisted status or two years, whichever is more. If I am disenrolled after my freshman year I may either return to active duty in an enlisted status for a period of two (2) years or may be subject to recoupment of scholarship monies expended. If selected for an EA into the POC under the provisions of AFI 36-2013 and am separated early from active duty to accept an allocation, and then later disenrolled, I may be returned to active duty in an enlisted status for a period of two (2) years.

PART III. ACADEMIC REQUIREMENTS

I understand I am expected to maintain the following academic standards: (Failure to do so could result in a conditional event, scholarship suspension, scholarship termination, or disenrollment.)

1) I must be enrolled and maintain full-time student status.

2) I must meet AFROTC’s prescribed standard for good standing (e.g., 2.5 term Grade Point Average (GPA) progress toward meeting graduation requirements).

3) I must not receive one or more final grades of “F” or its equivalent during a term or have to retake a course for degree credit.

4) I must complete each aerospace studies course with a grade of “C-” or better and receive a passing grade in all LLAB courses.

PART IV. RECERTIFICATION REQUIREMENTS

1) AFROTC Form 48, Planned Academic Program or equivalent. At the beginning of each fall term, I must have my academic advisor review my academic program and progress toward my degree. In addition, each term I must have my AFROTC instructor review my academic progress using my AFROTC Form 48. I will sign this form and be primarily responsible for its accuracy.

2) AFROTC Form 35, Certification of Involvements. I am required to report each involvement regardless of seeming insignificance to my AFROTC detachment. Unless an exception is prescribed, the involvement is recorded on my AFROTC Form 35 and I am evaluated for continued membership. Excessive or serious involvements can result in disenrollment. If a National Agency Check or other source reveals an involvement was not reported, I am subject to
disenrollment. Involvements must be reported within 72 hours of the occurrence when school is in session or within 72 hours after return to school from a vacation period, FT, or other absence from campus.

PART V. SCHOLARSHIP RESTRICTIONS

1) Monetary. Scholarship money may not be used to defray the costs of the programs/services listed below:

   (a) Secretarial and legal training (The Defense Appropriations Act restricts payments of tuition and fees for this type of training).

   (b) Course overloads resulting from courses not required for a degree or those resulting from failures, incompletes, withdrawals, etc., or changes in academic majors and inter-institutional transfers made at the discretion of the individual. Exceptions to this policy are:

      (b1) Overloads required as a result of changes in curriculum made by the institution subsequent to the approval of a degree plan.

      (b2) Institutional transfers for the purpose of initial scholarship activation. (b3) Scholarship continuation resulting from detachment inactivation.

      (b4) Those courses required to be completed because of injury or illnesses, which prevent a cadet from completing scheduled courses, provided the reason for the absence was approved by institutional authorities and the Detachment/CC.

   (c) Flying courses, even if completion of these courses is a specified degree requirement

   (d) Remedial courses or repeated courses taken to make up a deficiency.

   (e) Correspondence or other nonresident courses unless approved by HQ AFROTC/RRFP.

   (f) Penalties or fines for late registration or make up exams over and above would have been incurred through normal enrollment at member’s host institution.

2) General: Scholarship selection was based upon my status at the time of nomination and subsequent changes may jeopardize my scholarship and or continuance in AFROTC.

   (a) As a scholarship holder, I must receive permission from Detachment/CC to transfer to another school.

   (b) As a scholarship holder, my scholarship benefits do not apply to summer terms. HQ AFROTC/RRFP must approve the use of scholarship entitlements to summer terms PRIOR to the start of the term and only in special circumstances.

   (c) I understand I must consult with the AFROTC detachment staff and receive appropriate permission before changing academic majors. Failure to receive permission to change major constitutes a breach of contract.
(d) As a scholarship holder I understand I am not granted approval to compress my undergraduate studies in order to extend scholarship benefits into graduate school.

(e) If I am a scholarship recipient, I must be accepted by the appropriate department in my scholarship academic major as soon as my college allows me to declare an academic major and or be accepted by my department.

(f) Even though I have been awarded an AFROTC scholarship, I am not guaranteed an EA in the POC and will compete along with other applicants for each EA. Failure to compete favorably for an enrollment allocation will result in scholarship withdrawal, disenrollment from AFROTC, and recoupment of tuition/textbook monies paid.

PART VI. AF FORM 1056, AIR FORCE RESERVE OFFICER TRAINING CORPS (AFROTC) CONTRACT

1) I understand the AF Form 1056 is the basic document governing membership in the AFROTC program. It becomes effective the date of my enlistment in the ORS. It prescribes the terms of the membership and the obligations contracted by both the Air Force and me. A signed contract AF Form 1056, Air Force Reserve Officer Training Corps (AFROTC) Contract, between a cadet and the United States Air Force is not a guarantee that a commission will be offered to the cadet.

2) I will enlist in the ORS. The time spent in the ORS is not creditable towards my active duty pay, active duty military retirement, longevity, etc., once commissioned. All AFROTC graduates are appointed as Reserve officers and must receive a baccalaureate (or higher) degree. In addition, distinct AFROTC commissioning requirements can be imposed in addition to normal host academic institution degree requirements.

3) Freshman scholarship recipients incur an active duty service commitment effective the first day of attendance at AS classes or Leadership Lab in their sophomore year.

PART VII. ENLISTMENT CONTRACT:

1) Enlistment in the ORS for 8 years is a prerequisite for POC membership and/or scholarship activation. The DD Form 4 is used for this purpose. This enlistment contract is canceled when a cadet is commissioned or disenrolled from AFROTC without call to active duty as an Airman. If I violate the AF Form 1056, I may be involuntarily called to active duty in my enlisted grade for a period of time as specified on the AF Form 1056, or in the case of ASCP, SOAR, and POC-ERP cadets, for the period of time specified on my enlistment contract when I was separated from active duty:

(a) Two years as a POC non-scholarship member or POC HSSP member who has not completed the entire AFROTC course of instruction.

(b) Four years, if a POC or HSSP member who has completed the entire AFROTC course of instruction, but declined to accept a commission when offered.

2) If I am called to active duty in my enlisted grade as explained above, the time spent in the ORS as a member of AFROTC counts towards fulfilling the requirements of the 8-year military service obligation (MSO) enlistment.
PART VIII. SERVICE COMMITMENTS:

All officers commissioned through the AFROTC program incur at least a 4-year active duty service commitment (reference AF Form 1056 for exceptions such as rated officers).

PART IX. FEDERAL MILITARY DRAFT REQUIREMENTS:

1) Federal Military Draft Requirements. (MALE ONLY) Draft-eligible applicants must register with the Selective Service within 6 months after turning 18 to remain eligible for ORS. My enlistment constitutes registering for Selective Service.

2) Selective Service Act (50 USC App 453) states that “any person who has been or may hereafter be selected for enrollment or continuance in the senior division, Air Force Reserve Officer Training Corps...shall not be exempt from registration.”

(a) I understand that failure to register could lead to criminal prosecution and subsequently to disenrollment from AFROTC.

PART X. COUNSELING ON DEPENDENT CARE RESPONSIBILITIES

1) Reference AFI 36-2908, Family Care Plans. All present and potential members must know/learn the Air Force policy on the relationship between dependent care responsibilities and the accomplishment of military duties and obligations. I will acknowledge this requirement by signing the AF Form 3010 and statement of understanding prescribed in this instruction.

PART XI. VETERANS' EDUCATIONAL ASSISTANCE ACT OF 1984-MONTGOMERY GI BILL (MGIB):

1) For those individuals coming on active duty 1 July 1985 or later, entry in the MGIB program is automatic. Accounting and Finance will initiate a $100 a month allotment for 12 months unless the individual formally declines the MGIB. Once the allotment has started, it cannot be stopped. The declination must occur within 14 days of the individual’s active duty date. AFROTC scholarship graduates are INELIGIBLE for the MGIB. The Office of the Secretary of Defense (OSD) directs that any AFROTC commissionee who graduates or completes AS400 while on scholarship, or has used all scholarship entitlements at the time of graduation, is an “AFROTC scholarship graduate” and is, therefore, ineligible for the MGIB. This includes any length of scholarship and not just 4-year recipients. Cadets remain eligible for the MGIB if they receive $3,400 or less in scholarship benefits in any one year on scholarship. Prior active duty service cadets are not eligible regardless of the above conditions since they already had their one-time opportunity to contribute when they initially enlisted.

PART XII. REQUIREMENT TO PARTICIPATE IN THE DIRECT DEPOSIT OF PAY PROGRAM

1) I understand that IAW DoD policy, I am required to receive my pay through direct deposit/electronic fund transfer.
PART XIII. APPLICANT BRIEFING ITEM ON SEPARATION POLICY

1) Military members occupy a unique position in society. They represent the military establishment. This special status brings with it the responsibility to uphold and maintain the dignity and high standards of the U.S. Armed Forces at all times and in all places. The Armed Forces must also be ready at all times for worldwide deployment. This fact carries with it the requirement for military units and their members to possess high standards of morale, good order and discipline, and cohesion. As a result, military laws, rules, customs and traditions include restrictions on your personal behavior that may be different from civilian life. Members of the Armed Forces may be involuntarily separated before their enlistment or term of service ends for various reasons established by law and military regulations. Some unacceptable conduct may be grounds for involuntary separation, such as:

(a) Establishing a pattern of disciplinary infractions, discreditable involvement with civil or military authorities or causing dissent, disrupt or degrade the mission of your detachment. This may also include conduct of any nature that would bring discredit on the Armed Forces in the view of the civilian community.

(b) The inability to perform military duties satisfactorily or failure to remain available for worldwide assignment/deployment due to parental responsibilities.

(c) Failure to maintain weight and fitness standards.

2) I also agree to and understand that I may be directed to provide a random urinalysis sample for drug screening purposes. Failure to consent to testing or positive test findings will result in disenrollment from AFROTC and recoupment of all scholarship monies received.

PREENLISTMENT BRIEFING CERTIFICATION

1) I certify that I have received a thorough pre-enlistment briefing I have been given the opportunity to ask questions during the course of the briefing and also prior to my actual enlistment. I have been provided an opportunity to review forms pertaining to my enlistment in the AFROTC program and understand I will be provided copies of contracts upon enlistment.

NOTE: Once completed, ensure the cadet signs the following statement:

“I certify that I have received a thorough Pre-Enlistment briefing and have been given an opportunity to ask questions prior to my enlistment. I have been provided an opportunity to review forms pertaining to my enlistment in the AFROTC program and understand I will be provided copies of contracts upon enlistment. I certify and acknowledge understanding all of the items contained with this briefing.”

MEMORANDUM FOR AFROTC DETACHMENT [Number of Detachment]

FROM: Cadet [Name]

SUBJECT: Non-Line Position Consideration

1. I wish to compete for non-line in the [type] category. [Enter Pre-Health or Dental; enter only one category.]

2. I understand that receiving a non-line enrollment allocation does not guarantee that I will be selected to medical or dental school. If I am not selected for medical or dental school, there is no guarantee that I will be continued in the AFROTC program and allowed to commission. My ability to remain in the program and commission will be contingent upon the needs of the Air Force and the availability of a new enrollment allocation based on my academic major.

3. I understand that if I am selected for any of these programs, I am ineligible to apply for an educational delay.

MEDICAL SCHOOL SCHOLARSHIPS

A24.1. General. The Air Force offers individuals the opportunity to attend medical school under two medical school scholarship programs: the Uniformed Services University of the Health Sciences (USUHS) and Armed Forces Health Professions Scholarship Program (AFHPSP).

A24.2. Uniformed Services University of the Health Sciences (USUHS).

A24.2.1. USUHS is located in Bethesda, Maryland. USUHS is a DoD-run medical school where members of the Air Force, Army and Navy all attend medical school together. It is highly competitive, receiving over 1,700 applications for the 164 available scholarships that are divided between services. The Air Force sponsors approximately 50 students to attend USUHS each year. Individuals selected to participate as an Air Force member of the program are commissioned in the rank of Second Lieutenant in the Medical Service Corps (MSC) and are considered to be on active duty while attending USUHS. These individuals are given all pay and benefits commensurate with their rank.

A24.2.2. USUHS accepts applications from civilian, ROTC, Service Academies, Active Duty and Reserve personnel. For further information, call USUHS at (800) 381-0660.

A24.3. Armed Forces Health Professions Scholarship Program (AFHPSP).

A24.3.1. AFHPSP allows individuals to attend a civilian medical school of their choice with Air Force sponsorship. To be eligible to apply for the program, all applicants for the program must have an acceptance letter from an accredited medical school inside the United States or Puerto Rico. All applicants must be at least 18 years of age but less than 35 years of age at the time of commissioning. Three- and four-year scholarships are available.

A24.3.2. AFHPSP participants are commissioned as Second Lieutenants, MSC, Inactive Obligated Air Force Reserves. Students enrolled in the AFHPSP will attend an accredited civilian medical school inside the United States or Puerto Rico. The Air Force pays all tuition, required books and fees and gives participants a monthly stipend. Currently, HPSP participants are allowed to apply for both active duty and civilian residency programs through the Joint Services GME Board.

A24.3.3. Air Force ROTC cadets should contact HQ AFPC/DPAME at DSN 665-2638 or (800) 531-5800 for more information about this program.

A24.4. Pre-Health Cadets. Each year, HQ AFROTC identifies members to enter the Pre-Health program. These cadets are guaranteed an Air Force scholarship if they are accepted into a medical school or USUHS prior to graduating from their undergraduate commissioning program. Cadets selected for the pre-health program should apply for civilian medical schools at the end of their junior year. Cadets who receive an acceptance letter from an accredited medical school must take a copy of the letter to their detachment as soon as possible. The detachment will forward a copy of that acceptance letter to HQ AFPC/DPAME. When HQ AFPC/DPAME
receives confirmation of selection, they will mail a contract and pay package to the appropriate AFROTC detachment. Cadets going into the AFHPSP program will be commissioned as a line officer upon completion of their undergraduate degree and will be reappointed into the MSC the following day. These cadets are ineligible for educational delay.

A24.4.1. USUHS will notify HQ AFPC/DPAME of Pre-Health cadets selected to attend USUHS. HQ AFPC/DPAME will send the appropriate detachment a contract package to be completed by the cadet. The cadet will make sure the contract package is completed and returned to HQ AFPC/DPAME by the suspense date. Detachments will commission these individuals as line officers in the Air Force upon completion of their undergraduate degree and reappoint them into the MSC the following day. HQ AFPC/DPAME will cut Appointment orders for the MSC as well as EAD orders on these individuals.

A24.4.2. Steps to be completed by ROTC Pre-Health Cadets:

A24.4.2.1. Get acceptance into the pre-health program during the POC Selection Process for a pre-health enrollment allocation.

A24.4.2.2. Schedule and complete the Medical Category Aptitude Test (MCAT) during spring of junior year.

A24.4.2.3. Get acceptance into an accredited medical school or USUHS.

A24.4.2.4. Take acceptance letter to detachment.

A24.4.2.5. Detachment forwards letter to HQ AFPC/DPAME.

A24.4.2.6. HQ AFPC/DPAME mails contract / pay package to detachment.

A24.4.2.7. Cadet completes paperwork and returns it to detachment.

A24.4.2.8. Detachment sends completed contract/pay package and copy of commissioning physical to HQ AFPC/DPAME.

A24.4.2.9. Detachment commissions cadet as a line officer in the Air Force upon graduation.

A24.4.2.10. Detachment reappoints cadet into the MSC.

A24.5. Cadets Not Selected During PSP. Cadets not selected during PSP may apply to participate in AFHPSP or USUHS if accepted to an accredited medical school prior to commissioning. Detachments must contact HQ AFROTC/RRFP via email for permission to apply and include a scanned copy of the letter of acceptance. If approved, the cadet will be provided application guidance regarding AFHPSP. Selection boards for AFHPSP are generally held monthly from October to April. AFROTC cadets on educational delay to attend medical school may apply for a three-year AFHPSP scholarship. For more information on these programs, contact HQ AFPC/DPAME at 800-531-5800.

I understand that 10 U.S.C. 2603, DoD Instruction 1322.06, and AFI 36-2302 limit the benefits I may accept under a fellowship, scholarship, grant, or stipend to an amount not exceeding the cost of sending me to the same school at government expense. I further understand that if the total value of the benefits (in cash or in kind) exceeds the cost of sending me to the same school at government expense, I may not accept the excess.

5. If funds listed in paragraph 3a do not cover the full cost of tuition and fees, AFIT will pay the difference.

6. I understand that if I receive funds from the fellowship, scholarship, grant, or stipend for items listed in paragraph 3b, I may not receive reimbursement from the Air Force for the same expenses. For example, if I accept a travel allowance from the scholarship, my Air Force travel allowance will be withheld.

DISENROLLMENT INVESTIGATION CHECKLIST

NOTE: The following is intended to be a guide; it is not all-inclusive. This guide identifies the action and the action officer.

**Figure A34.1. Disenrollment Investigation Checklist.**

1. Detachment/CC appoints the Investigating Officer (IO) and military advisor (MA). Use the AFROTC Form 10 as the appointment notification. **NOTE:** Utilize the AFROTC Form 11, *Administrative Disenrollment Action Worksheet for Active Duty Airman* for AECP/NECP students. The IO and the MA may not be the same person, and neither of those roles can be held by the Detachment/CC.

3. Detachment/CC meets with the cadet and presents the AFROTC Form 10.

4. The cadet has 24 hours to complete and return the AFROTC Form 111 and Part II of the AFROTC Form 10 to the Detachment/CC.

5. If the cadet does not return the AFROTC Form 10 within 24 hours, process the case in absentia (IAW Chapter 11).

6. IO will provide a copy of the AFROTC Form 10 with Parts I and II completed and a copy of evidence supporting the initiation of the disenrollment investigation to the cadet. IO will also provide a copy to MA if one is appointed. IO will maintain all originals.

7. IO will then conduct a disenrollment investigation. IO shall meet with cadet within 10 days of cadet receiving the AFROTC Form 10.

8. IO prepares a report of investigation (ROI) and serves a copy with all attachments to the cadet.

9. The cadet acknowledges receipt by completing part III of the AFROTC Form 10.

10. The cadet has 10 days from the date the cadet acknowledges receipt of the ROI to submit matters in response to the ROI. Cadet may waive the 10-day period by circling the appropriate option in Part III of the ROI.

11. When 10-day response period has elapsed (or been waived), the IO will submit the ROI with all evidence and attachments to the Detachment/CC.

12. Detachment/CC prepares the AFROTC Form 22, attaches all required documentation (as Noted in Attachment 37), makes a copy and forwards original package to HQ AFROTC/RRFD.

13. Once decision is final and detachment has been notified, Detachment/CC will notify cadet via an AFROTC Form 16 and provide a copy to HQ AFROTC/RRFD.

SOURCE OF COMMISSIONING CODES

A44.1. Eligibility. Currently, under Title 38, United States Code, Section 3011(c)(3)(B), Air Force ROTC cadets who commission and enter active duty after 1 Oct 96 are eligible to participate in the MGIB if they received $3,400 or less in tuition, fees, and books during any year of eligibility. The eligibility window for MGIB starts the day the cadet contracts and ends upon commissioning. For the purpose of administering this program, a “year of eligibility” is defined as an academic year (fall semester/term through the following fall semester/term), in which the cadet received or was supposed to have received scholarship funding.

Figure A44.1. MGIB Eligibility Decision.

**Question 1:** Did the cadet receive any AFROTC scholarship monies (scholarship or incentive)?
   - If no, STOP HERE…cadet is eligible for the MGIB.
   - If yes, go to Question 2.

**Question 2:** Did the cadet receive more than $3,400 in scholarship funds (including tuition, fees, and books) during EVERY academic year the cadet was on scholarship?
   - If yes, STOP HERE…cadet is NOT ELIGIBLE for the MGIB.
   - If no, STOP HERE…cadet is ELIGIBLE for the MGIB.

NOTE 1: In accordance with VA Manual, 22-4, Part V, paragraph 1.17g(1), an individual who declines the scholarship during the last semester in AFROTC and receives $3,400 or less in total scholarship assistance during the final year of eligibility in AFROTC remains eligible for MGIB. In addition, for cadets whose tuition, fees, and books exceed $3,400 in a year of eligibility, AFROTC can pay (tuition, fees, and books) a maximum of $3,400 during any year of eligibility and the cadet must pay the difference above $3,400 to remain eligible for the MGIB. Cadets whose scholarships are suspended or terminated (e.g., poor grades, etc.) and receive $3,400 or less during that academic year are eligible for the MGIB.

NOTE 2: Prior service members who previously established an MGIB entitlement (i.e., accepted the program and served 30 months on active duty prior to entering AFROTC) retain their MGIB even if they are receiving an Air Force ROTC scholarship.

COMMISSIONING MEMORANDUM OF INSTRUCTION

MEMORANDUM FOR 2D LIEUTENANT  (Cadet’s full name)

FROM: AFROTC Detachment 999/CC
       Getsmart University
       123 4th Street
       Mytown NY 01010-000

SUBJECT: Memorandum of Instruction

1. On behalf of the detachment staff, I want to take this opportunity to congratulate you on your appointment as a second lieutenant in the United States Air Force and wish you success in your career.

2. Although you are assigned to Headquarters Air Reserve Personnel Center (HQ ARPC) in Denver, Colorado, Headquarters Air Force Personnel Center (HQ AFPC) maintains your records. If you have questions concerning your assignment or if any changes occur in your status (for example, serious civil involvements [e.g., felony charge], or a potentially disqualifying physical condition), you must contact HQ AFPC immediately at:

   HQ AFPC/DPSIP
   550 C Street West, Suite 10
   Randolph AFB TX 78150-4712
   Toll Free 1-800-531-5507

   Nurse, Pre-HPP, Physical Therapy, Pharmacy and all other BSC/MSC commissionees contact:

   HQ AFPC/DPAMN (Nurse, Toll Free (800) 531-5811) opt 1 ext 565-2637
   /DPAMS (Pre-HPP, Toll Free (800) 531-5811) opt 1 ext 565-4094
   /DPAMW (For all others, Commercial (800) 531-5811) opt 1 ext 565-2775
   550 C Street West Suite 27 Randolph AFB TX 78150-4729

3. Pending actual receipt of your extended active duty (EAD) orders, we advise that you not make any major personal decisions such as terminating employment or canceling a lease. Do not report to your assigned duty location until the dates specified in your orders. You are also cautioned not to begin travel until the effective travel date specified in your orders. To do so will subject you to forfeiture of travel pay. Use the sponsorship program to resolve relocation problems and to preclude early reporting for personal reasons. Until you begin your official EAD travel, you are a commissioned member of the Inactive Reserve, and therefore, not eligible for commissary privileges for yourself or your dependents.

4. To bridge the gap between commissioning and entry into active duty, you are entitled to active duty medical benefits (only if you do not have other medical coverage). This benefit only applies to
you—not your dependents. Additionally, you will forfeit the benefit if you subsequently acquire medical insurance (through parent, spouse or self-purchase.) Benefits will not start again until you begin extended active duty. If you require medical care, seek care at the nearest Military Treatment Facility (MTF). If you are not near an MTF, contact either the TRICARE office at the nearest MTF or the Defense Health Agency (DHA). Additional instructions may also be found on the DHA website at http://tricare.mil/tma/default.aspx. If you need emergency (threat to life, limb, or eyesight) care, you should maintain receipts for any medical care costs incurred outside the direct care system for eventual reimbursement. Be aware that since TRICARE authorized costs for each procedure are almost certainly less than the current "market value," reimbursement may not cover the entire bill. It may also take a while to process the claim.

(Note: Only include paragraph 5 if the commissionee is actually in receipt of an educational delay.)

5. Since you have received an educational delay, you will remain a commissioned member of the Inactive Reserve until completion of your academic program and call to EAD. Until then, the Air Force Institute of Technology (AFIT) manages your educational program. The mailing address is:

    AFIT/ENEL (Educational Delay Program)  
    2275 D Street, Bldg 16 Rm 120  
    Wright-Patterson AFB OH 45433-7765  
    DSN 785-2259 x3039/3033 Comm: (937) 255-2259 x3039/3033

AFIT will correspond with you periodically to verify your academic progress and personal status. It is imperative that you reply promptly to these inquiries to preclude possible termination of your educational delay and call to early EAD. When your educational delay nears completion, AFIT will refer you to HQ AFPC for assignment processing as prescribed in paragraph 2. Be aware that the TRICARE benefits mentioned in paragraph 4 do not apply to educational delay participants until you are on EAD orders. You will be responsible for your own healthcare.

6. Your EAD orders indicate your first in-processing stop. Normally, your initial processing includes reporting to the customer service and special actions office at the Military Personnel Section (MPS), followed by a visit to the military pay section at the accounting and finance office. These stops should minimize initial payroll problems. You should nonetheless be prepared for a 4-week delay in getting your first paycheck. In addition, take an official copy of your school transcript for presentation to the base education office. You should also have copies of all important papers; for example, EAD orders, birth certificate, marriage license, Social Security card, car registration, driver's license, auto insurance policy, etc.

7. You are reminded that complete compliance with AFI 36-2903, Dress and Personal Appearance of Air Force Personnel, and AFI 36-2905, Fitness Program, is required of all commissionees. Specifically, you must report for initial active duty in proper uniform and have available all uniform items necessary for the performance of your duties. Take them with you instead of shipping them. You are required to continue to meet Air Force physical fitness standards while awaiting call to EAD. Reporting to active duty unfit will subject you to administrative actions that may prove detrimental to your career.

8. Veteran’s Educational Assistance Act of 1984-Montgomery GI Bill (MGIB) Information: For those individuals coming on active duty 1 Jul 1985 or later, enrollment in the MGIB program is
automatic. Accounting and Finance will initiate a $100 per month allotment for 12 months unless an individual formally declines the MGIB. Once the allotment has started, it cannot be stopped. The declination must occur within 14 days of the individual’s active duty date. Individuals not eligible for the MGIB must notify their servicing Accounting and Finance office of their ineligibility within 14 days of their active duty date. Failure to do so will result in the initiation of the 12-month allotment. Individuals commissioned after 27 Dec 01 are eligible if they received $3,400 or less in scholarship benefits (tuition, fees, and textbooks) in any one academic year on contract. Prior active duty service cadets are not eligible regardless of the above conditions since they already had their one-time opportunity to contribute when they initially enlisted. Please ensure your Source of Commission (SOC) code is correct prior to departing the detachment. This code is used to verify MGIB eligibility upon entry on active duty.

9. One final reminder. Although your initial active duty service commitment is normally between 4 and 10 years, depending on your category, all candidates who do not successfully complete their initial Air Force training requirements are liable for release from EAD depending on Air Force requirements at that time. This may also result in prorated recoupment of any scholarship funds. Therefore, it is imperative that you do your best in any training situation to preclude jeopardizing your continuation on active duty.

10. While your affiliation with the detachment has technically ended, we must maintain accurate contact information for you (home phone/cell phone/non-university email address) to contact you in the event there are changes to training, your gaining base, TRICARE updates etc. Finally, we remain available to assist you in any way possible and are anxious to hear about your impressions of active duty.

Attachment 48

EXCEPTION TO POLICY (ETP) REQUESTS FOR MEDICAL DISQUALIFICATION

A48.1. ETPs are requested ONLY after all waivers have been considered and only if justification supports such request. An ETP is a unique CSAF-directed provision to allow accession and training opportunities for AFROTC cadets despite a valid medical disqualification. While the provision to request an ETP exists, they are intended only for rare and truly exceptional candidates who are backed by the full chain of command endorsement. ETPs are primarily for cadets who have been initially medically qualified for contract status, but are not qualified on their commissioning and/or flying class physical. They are not approved for cadets initially trying to contract (enlist) through a scholarship program or entry into the POC.

A48.2. ETPs originate at the detachment level. The ETP must be researched and compiled in accordance with this guidance. All ETPs should contain a transmittal cover letter signed by the Detachment/CC, an AF Form 1786, *Staff Summary Sheet* (SSS), and associated documentation for Holm Center/CC signature. The ETP package (hardcopy and disk with as many relevant documents as possible) should be routed through the appropriate Region CC, HQ AFROTC/RR, AFROTC/CC, and appropriate Holm Center Staff to the Holm Center/CC for signature and routing to HQ AU/CC, HQ AETC/CC and the CSAF.

A48.3. ETP packages should not offer evidence or information that has not been independently verified by official channels or medical authorities. The SSS should contain the following five sections: *Purpose, AFROTC Background, Medical Condition, Discussion and Recommendation*. The *Purpose* is short and to the point—obtain a ruling on an ETP request. The *AFROTC Background* should address why the cadet needs an ETP and why they feel it should be granted. It should then provide an assessment and or overview of the cadet’s academic and military performance and must clearly place the cadet in the top tier of his or her peer group in academic, physical and military performance. Include cadet’s major, copy of cadet’s most recent academic transcript, type and length of scholarship if applicable, and number of years in AFROTC. The *Medical Condition* clearly defines the medical condition that caused the disqualification, the disqualification standard, and any other relevant medical information. The *Discussion* is a catchall that may contain any other non-medical information relevant to the cadet’s situation such as an examination of the condition as it affects or does not affect performance. Extracurricular activities or external support such as Members of Congress, general officers, or supporting comments, etc., may also be added. The *Recommendation* simply asks CSAF to approve the request or AETC/CC to disapprove the request.

A48.3.1. Finally, four tabs are used to attach information to further explain the SSS, although more tabs can be used if necessary. Tab 1 is the cadet’s request for an ETP. Tab 2 contains the Detachment/CC’s recommendation. Tab 3 is a thorough explanation of the medical condition and prognosis, copy of cadet’s physical, medical records, DoDMERB ruling, etc. Tab 4 contains any other detachment documentation, letters of recommendation, transcripts, or any other information not contained in the other 3 tabs.
A48.4. The Holm Center/CAG is the POC to monitor ETP progress beyond AU. Processing time for ETPs will vary (up to 6 months). The detachment and appropriate Region should request updates through the AFROTC/CCE (do not call Holm Center/CAG directly). The cadet will receive a response directly from the CSAF, and a copy of the ETP package will be sent through the chain of command to the detachment. Once received, the response will then be filed in the cadet’s UPRG.
